## GENERAL INFORMATION

### ORDERING INFORMATION

#### SERVICES

Refer to the Ordering Procedures for Services section covering executive, administrative and/or professional services. Ancillary (product-related) services priced at hourly rates or other types of fixed pricing should be purchased using the ordering guidelines of FAR 8.404.

#### PRODUCTS

##### Orders under \$2500

Place order directly with contractor for the item that best meets your needs or through authorized Government PPV program.

##### Orders over \$2500

To ensure a "Best Value" determination is made, as required by FAR 8.404:

Review 3 schedule price lists.

##### Orders over the Maximum Order Threshold:

Each schedule contract has a maximum order threshold. In addition to following the ordering procedures for orders above \$2500, customers shall —

- ☐ Request price reductions from schedule contractor(s) appearing to provide a best value.
- ☐ Place the order with the schedule contractor providing the best value.

You can search the E-Library by SIN, Contractor, Contract Number, Schedule Number or by a key word.

When you get to the Schedule you want, you'll see the list of SIN's and the Contractors listed below each SIN.

When the Contractor's Internet address is available, it will be shown and you can use it to link to their website.

The E-mail address, if available, will enable you to E-mail the Contractor for price lists or any other contract information.

If you don't have access to the Internet, you can get a list of the current contractors by completing the form at the back of this publication and faxing it to:

(703) 308-4168

or by contacting the FSS Information Center at:

(703) 305-6477

In the future, a faxback service will be available for obtaining this information.

Consult the contractor's catalog/price list for more detailed ordering information, such as:

- ☐ Contract items awarded.
- ☐ Maximum order provisions.
- ☐ Geographic coverage (delivery area).
- ☐ Contract price or discount.
- ☐ Quantity discounts.
- ☐ Prompt payment terms.
- ☐ Government purchase card terms.
- ☐ Commercial delivery terms.
- ☐ Expedited Delivery.
- ☐ Ordering address(es).
- ☐ Payment address(es).
- ☐ Pharmaceutical Prime Vendor (PPV) Participation

When determining what is a "best value," you may consider the following:

- ☐ Special features of the product/services that are being offered but not provided by a comparable product/service
- ☐ Probable life of the item selected compared to that of a comparable item
- ☐ Past performance

#### DOCUMENTATION

Minimum documentation is generally all that is required (e.g., contractor's name, item purchased and price paid). Additional documentation is necessary when the requirement is defined to a particular brand name and only for orders exceeding the micro purchase threshold (see FAR 8.404(b)(7)).

## GENERAL INFORMATION

### PUBLICIZING CONTRACT OPTIONS

The Federal Supply Schedules have been synopsisized in the Commerce Business Daily and satisfy the requirements of the Competition in Contracting Act (Pub. Law 98-369) and FAR Part 5, Publicizing Contract Action.

### SMALL BUSINESS PARTICIPATION

The General Services Administration and the Small Business Administration strongly support the participation of small business concerns in the Federal Supply Schedules Program. To enhance small business participation, SBA policy requires agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals. See the following address for guidance on goal setting and goal submittal via the Internet:

[www.sba.gov/gc/goaling/](http://www.sba.gov/gc/goaling/)

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/price lists of at least three schedule contractors or to consider reasonably available information by using the GSAAdvantage™ online shopping service at

[www.fss.gsa.gov](http://www.fss.gsa.gov)

The catalogs/price lists, GSAAdvantage™ and the Federal Supply Service Home Page listed above contain information on a broad array of products and services offered by small business contractors.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

### JWOD (NIB/NISH) PRODUCTS

The Javits-Wagner-O'Day (JWOD) Program (NIB/NISH) provides many products to Federal customers under its mandatory source authority. Before making any open market purchase from a schedule contractor, ordering agencies should determine if there is a comparable JWOD (NIB/NISH) product.

Please call or e-mail a JWOD representative at the following numbers to check if there is an appropriate product manufactured by people who are blind or have other severe disabilities.

(703) 603-7743 (ext. 112) or

(703) 603-7750 (ext. 118)

[info@jwod.gov](mailto:info@jwod.gov)

### UNICOR PRODUCTS

UNICOR (Federal Prison Industries, Inc.) provides items that may be similar to some of the items in this schedule. Prior to making a purchase from the schedule, ordering agencies should check with UNICOR to see if UNICOR's product meets their specific need. For your convenience, this check can be made quickly by calling the UNICOR Customer Service Group at the following number:

(800) 827-3168.

### CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer's requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules.

**REFER TO THE CONTRACTOR TEAM ARRANGEMENT INFORMATION PROVIDED IN THIS DOCUMENT, FOR MORE DETAILS.**

### MAXIMUM ORDER

The maximum order limitation for this Schedule is \$250,000 per item or \$1,000,000 per order.

### PRICE REDUCTIONS

There may be circumstances when a customer finds it advantageous to request a price reduction, such as where the quantity of an individual order clearly indicates the potential for obtaining a reduced price. Customers that obtain a further price reduction may still place these orders against the Schedule contract. MAS contractors will not be required to pass on to all schedule users a price reduction extended only to an individual customer for a specific order.

### BLANKET PURCHASE AGREEMENTS (BPA)

Federal Supply Schedule contracts contain BPA provisions to maximize your purchasing and administrative savings. This feature permits schedule customers and contractors to set up "accounts" to fill a "recurring requirement". These accounts establish a period for the BPA and generally address issues, such as frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times.

Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under the BPA.

## GENERAL INFORMATION

Finally, contractors may be open to a progressive type discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be especially useful with the new Maximum Order feature. A suggested format for customers is included in this document to consider when using this purchasing tool.

Under this Schedule, many contractors have negotiated BPA programs onto their FSS contracts. For a listing of current BPA programs available, please view:

[www.va.gov/oa&mm/nac](http://www.va.gov/oa&mm/nac)

### INCIDENTAL ITEMS

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule BPA or the individual task/delivery order if the items are clearly labeled as such on the order, all applicable acquisition regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market items.

### AUTHORIZED USERS

The agencies and activities named below may use contracts established under this Federal Supply Schedule.

- ☐ All federal agencies and activities in the executive, legislative and judicial branches.
- ☐ Government contractors authorized in writing by a federal agency pursuant to 48 CFR 51.1.
- ☐ Mixed-ownership Government corporations (as defined in the Government Corporation Control Act).
- ☐ The Government of the District of Columbia.
- ☐ Other activities and organizations authorized by statute or regulation to use GSA as a source of supply.
- ☐ State Veteran Homes that have a current sharing Agreement. See NAC homepage under Pharmaceutical Products for a listing at:

[www.va.gov/oa&mm/nac](http://www.va.gov/oa&mm/nac)

Questions regarding activities authorized to use this schedule should be directed to Customer/Vendor Relations contact point identified in this document.

### GEOGRAPHIC COVERAGE

All Federal Supply Schedules provide contractors the opportunity to offer worldwide coverage. Schedule contractors have three categories of geographic coverage to offer:

- 1) **Domestic:** covers delivery to the 48 contiguous states; Washington, DC; Alaska; Hawaii and Puerto Rico.
- 2) **Worldwide:** covers delivery domestically AND overseas
- 3) **Overseas Only:** covers delivery to overseas destinations other than Alaska, Hawaii and Puerto Rico

### PURCHASE CARD

Agencies may make payments for oral or written delivery orders by using the Government purchase card.

Payments made using the Government SmartPay purchase card ARE NOT eligible for any negotiated prompt payment discount.

“Government purchase card” means a uniquely numbered GSA SmartPay credit card issued to named individual Government employees or entities, to pay for official Government purchases.

Information about the GSA Fleet, Travel and Purchase Payment System is available within your agency's written internal operating procedures and on the internet at the address listed below.

<http://pub.fss.gsa.gov/services/gsa-smartpay/>

The contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item in accordance with other contract requirements, the contractor shall immediately credit a cardholder's account for items returned as defective or faulty.

### CONTRACTOR TEAM ARRANGEMENTS AND FEDERAL SUPPLY SCHEDULES

In the spirit of the acquisition reform, all Federal agencies have been encouraged to facilitate innovative contracting/acquisition approaches. FAR Part 1.102 provides Guiding Principles on the Federal Acquisition System, outlining what the System will achieve as follows:

- ☐ Satisfy the customer (cost, quality and timeliness of delivery)
- ☐ Maximize use of commercial products and services
- ☐ Consider contractor's past performance
- ☐ Promoting competition
- ☐ Minimize administrative costs
- ☐ Conduct business with integrity, fairness and openness
- ☐ Fulfill public policy objectives

The Federal Supply Schedule program is a source customers may use to achieve what the System has outlined for acquisition teams to follow.

Each member of the "acquisition team" is to exercise personal initiative and sound business judgment and is responsible for making acquisition decisions that deliver the best value product or service to meet the customers needs. FAR 1.102-4 further empowers Government team members to make acquisition decisions within their areas of responsibility including selection, negotiation and administration. The contracting officer has the authority to the maximum extent practical, to determine the application of rules, regulations, and policies.

In light of these changes, Federal Supply Schedule customers may refer to FAR 9.6 – Contractors Team Arrangements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules. Customers are encouraged to review this section and should note this is permissible after contract award.

**TEAM ARRANGEMENTS COMBINED WITH THE FEDERAL SUPPLY SCHEDULE PROGRAM  
PROVIDE FEDERAL CUSTOMERS A POWERFUL COMMERCIAL ACQUISITION STRATEGY**
