## 1B. LABOR CATEGORY JOB DESCRIPTIONS

---

### SIN 54151S

### SUBJECT MATTER EXPERT

Education: BA/BS degree and a minimum of 10 years of experience.

Duties: Provides expert-level guidance and direction in specialized areas of information technology. Supports complex IT initiatives by applying deep knowledge of systems, applications, infrastructure, cybersecurity, or other domain-specific areas. Advises senior leadership, contributes to strategic planning, and ensures technical solutions align with mission and business objectives.

### SENIOR SYSTEMS ENGINEER

Education: BA/BS degree and a minimum of 6 years of experience.

Duties: Possesses demonstrated knowledge and experience applying senior-level IT project management and systems analysis methodologies to address client and mission needs. Applies IT governance, data management, and information systems lifecycle practices to evaluate technical objectives and support the implementation of enterprise technology strategies.

Performs functions including advanced digital records and data management, technical documentation for IT systems, data analytics and modeling, systems and requirements engineering, performance monitoring of IT services, and financial analysis for IT program and portfolio management to ensure successful delivery of technology-driven project outcomes.
