Pre-hung, Pre-Assembled, Quick Mount Steel Doors & Frames

Quick Mount Steel Doors and Frames

- Ready-To-Install into pre-existing door openings.
- Quickly replace an old door.
- Change the handing /swinging of an opening.
- Pre-installed hardware.

Quick Mount Doors and Sub-Frames by Securall® are ready-to-install into pre-existing steel frames. The Quick Mount door and sub-frame can be used to quickly replace an old door or to change the handing/swinging of an opening. Quick Mount Doors come with all hardware pre-installed. We use high quality Grade 2 hardware, and the door is available in a variety of configurations. Quick Mount Doors and Sub-Frames are designed to be the ideal product for the replacement door market and can be used to quickly secure any pre-existing opening. Quick Mount doors come in two thicknesses of steel, 18 gauge or 16 gauge, while, all sub-frames are 12 gauge steel.

Fire Rating: Quick Mount Doors can be fired rated for 45 minutes or 1 ½ hours, providing that the sub-frame and door are mounted into an existing fire rated steel frame and depending on the amount of glass required.
