# Information for Ordering Activities Applicable to All Special Item Numbers

**SPECIAL NOTICE TO AGENCIES: Small Business Participation**

SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage! on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage!□ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

Third parties do not include prime Contractors, subcontractors and agents of the ordering activity who have the

This provision does not limit the right of the ordering activity to use software, documentation, or information therein, which the ordering activity may already have or obtains without restrictions.

4) The ordering activity shall have the right to use the computer software and documentation with the computer for which it is acquired at any other facility to which that computer may be transferred, or in cases of disaster recovery, the ordering activity has the right to transfer the software to another site if the ordering activity site for which it is acquired is deemed to be unsafe for ordering activity personnel; to use the computer software and documentation with a backup computer when the primary computer is inoperative; to copy computer programs for safekeeping (archives) or backup purposes; to transfer a copy of the software to another site for purposes of benchmarking new hardware and/or software; and to modify the software and documentation or combine it with other software, provided that the unmodified portions shall remain subject to these restrictions.

5) "Commercial Computer Software" may be marked with the Contractor's standard commercial restricted rights legend, but the schedule contract and schedule pricelist, including this clause, "Utilization Limitations" are the only governing terms and conditions and shall take precedence and supersede any different or additional terms and conditions included in the standard commercial legend.

LICENSEE must request and obtain a base license in accordance with EIQ's price list by providing the SystemIdentifier file of the system on which the Software is installed. This license permits LICENSEE to use the Software only for Authorized Uses to collect, analyze and report on log, event, configuration, asset, performance, flow and vulnerability activity data from a limited number of nodes for which the LICENSEE purchased licenses. New, updated or additional licenses are required for supporting additional nodes and functions, and additional licenses are required for additional Software modules or components (including but not limited to policies, regulations and best practices) in accordance with EIQ's price list in effect at the time orders are placed. For purposes of this license (a) a "node" is defined as any EIQ-supported device, application, server or workstation, and (b) a Product is in "use" on a computer when it is loaded into the temporary memory (RAM) or installed into the permanent memory (HARD DISK/CD ROM, or other storage device) of any computer within LICENSEE's networks. - List of actions taken by LICENSEE to verify the incident.
- List of actions taken by LICENSEE in attempts to resolve the incident.

Upon receipt of an incident report from the LICENSEE, EIQ will (i) verify the reported issue if the incident can be recreated with an unmodified version of the Product, and (ii) determine the severity of the incident, its Priority, and whether the incident was caused by an Error.

| 4.2 Priority Definition Table. Incident Priority | Description |
|---|---|
| Tier 1 (Critical) | LICENSEE is experiencing a significant business impact. Restoration of service and data gathering are paramount. No valid workaround is yet available. |
| Tier 2 (Moderate) | LICENSEE is experiencing a moderate business impact and/or requires important information. Restoration may require small amount of user intervention. A valid workaround may be available, but is not optimal. |
| Tier 3 (Low) | LICENSEE is experiencing no business impact. Problem is minor or cosmetic in nature, or customer simply requires some information. If there is a problem, a tolerable workaround is readily available. |

**4.3 Target Acknowledgement and Resolution times.** EIQ will use commercially reasonable efforts to resolve problems reported by LICENSEE and verified by EIQ in accordance with the priority level assigned to such incident by EIQ. The following guidelines set forth the target acknowledgement and resolution timelines for each priority level. Times are measured from time of EIQ receipt of an incident

report during the stated support hours, and are estimates only. Escalation to higher levels of EIQ management and Engineering will occur if response times or resolution targets are not met.

| Priority Level | Target Acknowledgement Times | Target Resolution and Times |
|---|---|---|
| Tier 1 | 1 Hour | Temporary workaround or permanent fix within forty-eight (48) hours of receipt of incident report. Periodic reports on the status of corrections every business day. |
| Tier 2 | 8 Hours | Temporary workaround or permanent fix within seven (7) business days following receipt of incident report. Periodic reports on the status of corrections every two (2) business days. |
| Tier 3 | 2 Business Days | Fix or workaround by the release of the next Major Release. Periodic reports on the status of corrections every five (5) business days. |

**4.4 Exclusions.** The following are excluded from EIQ's maintenance and support obligations: (i) Products that are used on or in conjunction with hardware or software other than as specified in the Documentation, (ii) altered or modified Products, unless altered or modified by EIQ, (iii) defects in Products due to accident, abuse or improper use, (iv) any version of the Products for which maintenance and support services have been discontinued by EIQ, (v) Evaluation Products or other Products provided at no charge, and (vi) Third Party Software. EIQ reserves the right to discontinue providing maintenance and support Services for any Product upon not less than ninety (90) days prior written notice.

**4.5 Services Outside Scope.** If EIQ believes that an incident reported by LICENSEE may not be caused by an Error, EIQ will so notify LICENSEE. At that time, LICENSEE may (i) instruct EIQ to proceed with problem determination at LICENSEE's potential expense, or (ii) instruct EIQ not to proceed with problem determination, in which case EIQ shall have no further obligation related to that incident report. If LICENSEE requests that EIQ proceed with problem determination at LICENSEE's potential expense and EIQ determines that the incident was not due to an Error, LICENSEE shall amend the Order to pay EIQ, at EIQ's then current and standard consulting rates, for all work performed in connection with such determination, plus reasonable related expenses so incurred by EIQ. LICENSEE shall not be liable for (a) problem determination or repair to the extent problems are due to Errors, (b) work performed under this Section in excess of its instructions, or (c) work performed after LICENSEE has notified EIQ that it no longer wishes work on the problem determination to be continued at its potential expense.

**5. TERM.**

EIQ shall provide maintenance and support Services on an annual basis commencing on the Effective Date of this Agreement. If LICENSEE has elected not to renew support and maintenance for successive terms, LICENSEE may reenroll only upon payment to EIQ of the then-applicable annual fee plus EIQ's then-applicable renewal charge.

You certify that you are not a person or entity with whom Kaprica is prohibited from transacting business under applicable law.

11. Miscellaneous

No delay or omission by either party in exercising any right under this Agreement shall operate as a waiver of that, or any other, right. A waiver or consent given by either party on any one occasion shall be effective only in that instance and shall not be construed as a bar or waiver of any right herein contained on any other occasion.

**12. Limited Warranty; Disclaimer.**

**Software Warranty.** For a period of ninety (90) days from the date of initial delivery of the Software to Customer, MobileIron warrants that the Software materially conforms to its published specifications described in the relevant end user Documentation supplied by MobileIron. This limited warranty extends only to the Customer who is the original licensee. Customer's sole and exclusive remedy and the entire liability of MobileIron and its suppliers and licensors under this limited warranty will be, at MobileIron's option, repair or replacement of the Software, or if repair or replacement is not possible, to refund the license and any associated support and maintenance fees paid for the non-conforming Software upon the return and removal of all relevant Software from servers and devices.

**Malicious Code.** MobileIron will use standard industry practices to test the Software delivered or transmitted to Customer hereunder prior to its delivery or transmission for "Malicious Code" and remove any "Malicious Code" it discovers prior to delivery of Software to Customer. Customer will use standard industry practices to test any data or materials (including code) provided or transmitted to MobileIron hereunder (in connection with Support and Maintenance Services or otherwise) and remove any "Malicious Code" it discovers prior to delivery or transmission of such data or materials to MobileIron. "Malicious Code" as used herein shall mean any code which is designed to harm, or otherwise disrupt in any unauthorized manner, the operation of Customer's computer programs or computer systems or destroy or damage Customer data in an unauthorized manner. For clarity, Malicious Code shall not include standard routines in Software which are intended to delete data and are implicit in the standard functionality of the Software, or any standard software bugs or errors handled through support and maintenance, or any license key or other equivalent code which may limit the functionality or scope of the use of the Software to the scope of the license purchased by Customer hereunder.

**Hardware Limited Warranty**. Customer is aware that Software may only be used on equipment containing and meeting the specifications specified by MobileIron in its Documentation and that Customer may purchase such hardware separately through third parties. If Customer has ordered and received MobileIron Hardware from MobileIron or an Authorized Reseller of MobileIron Hardware, then the warranty and remedies described in Exhibit B shall apply.

**Service Warranty**. For a period of ninety (90) days from the date of delivery of any service by MobileIron to Customer, MobileIron represents and warrants to Customer that such services provided shall be professional, workman like and performed in a manner conforming to generally accepted industry standards and practices for similar services. MobileIron's entire liability and Customer's sole and exclusive remedy for any breach of the preceding warranty will be for MobileIron to re-perform the nonconforming services, provided that MobileIron must have received written notice of the nonconformity from Customer no later than ninety (90) days after the original performance of the services by MobileIron.

**Restrictions.** The express warranties specified above do not apply if the applicable Software, MobileIron Hardware, or any portion thereof: (i) has been altered, except by MobileIron or its' authorized representatives or its contractors; (ii) has not been used, installed, operated, repaired, or maintained in accordance with this Agreement and/or Documentation ; (iii) has been subjected to abnormal physical or electrical stress, misuse, negligence, or accident; or (iv) is licensed, for beta, evaluation, or testing purposes. **DISCLAIMERS**. EXCEPT FOR THE WARRANTIES EXPRESSLY DESCRIBED HEREIN, THE SOFTWARE, MOBILEIRON SERVICES, AND/OR MOBILEIRON HARDWARE ARE PROVIDED "AS IS", AND MOBILEIRON AND ITS LICENSORS PROVIDE NO OTHER WARRANTIES OF ANY KIND, EXPRESS OR IMPLIED WITH REGARD TO THE SAME. EXCEPT AS EXPRESSLY SPECIFIED IN THIS AGREEMENT, ALL EXPRESS OR

IMPLIED CONDITIONS, REPRESENTATIONS, AND WARRANTIES INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OR CONDITION OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, SATISFACTORY QUALITY, NON-INTERFERENCE, OR ACCURACY OF INFORMATIONAL CONTENT, OR ARISING FROM A COURSE OF DEALING, LAW, USAGE, OR TRADE PRACTICE, ARE HEREBY EXCLUDED TO THE EXTENT ALLOWED BY APPLICABLE LAW AND ARE EXPRESSLY DISCLAIMED BY MOBILEIRON, ITS SUPPLIERS AND LICENSORS. TO THE EXTENT AN IMPLIED WARRANTY CANNOT BE EXCLUDED, SUCH WARRANTY IS LIMITED IN DURATION TO THE EXPRESS WARRANTY PERIOD. FURTHER, MOBILEIRON AND ITS LICENSORS DO NOT WARRANT THE RESULTS OF USE OF THE SOFTWARE OR THAT THE SOFTWARE IS BUG/ERROR FREE OR THAT ITS USE WILL BE UNINTERRUPTED. THIS DISCLAIMER OF WARRANTY CONSTITUTES AN ESSENTIAL PART OF THIS AGREEMENT. IN ADDITION, DUE TO CONTINUAL DEVELOPMENT OF NEW TECHNIQUES FOR INTRUDING UPON/ATTACKING MOBILE DEVICES AND SOFTWARE, MOBILEIRON DOES NOT WARRANT THAT THE SOFTWARE OR ANY EQUIPMENT, SYSTEM, OR NETWORK ON WHICH THE SOFTWARE IS USED WILL BE FREE OF VULNERABILITY TO INTRUSION OR ATTACK. MOBILEIRON DOES NOT WARRANT THAT ANY SERVICES CONNECTING TO THE SOFTWARE PROVIDED BY THIRD PARTIES OR ANY DATA PROVIDED BY SUCH THIRD PARTIES WILL BE FREE FROM ERRORS OR INTERRUPTIONS OF SERVICE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, THE ABOVE LIMITATION MAY NOT APPLY. THIS WARRANTY GIVES CUSTOMER SPECIFIC LEGAL RIGHTS, AND CUSTOMER MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM JURISDICTION TO JURISDICTION.

**13. Limitation of Liabilities.** EXCEPT FOR ANY LIABILITY ARISING UNDER SECTION 2 (LICENSE), SECTION 4 (RESTRICTIONS), SECTION 7 (INDEMNITY), OR SECTION 11 (CONFIDENTIALITY): (a) IN NO EVENT WILL CUSTOMER OR CUSTOMER REPRESENTATIVES OR MOBILEIRON OR MOBILEIRON'S LICENSORS OR SUPPLIERS BE LIABLE TO THE OTHER PARTY FOR ANY LOST REVENUE, PROFIT, OR LOST OR DAMAGED DATA, BUSINESS INTERRUPTION, LOSS OF CAPITAL, OR FOR SPECIAL, INDIRECT, CONSEQUENTIAL, INCIDENTAL, OR PUNITIVE DAMAGES HOWEVER CAUSED AND REGARDLESS OF THE THEORY OF LIABILITY OR WHETHER ARISING OUT OF THE USE OF OR INABILITY TO USE SOFTWARE OR OTHERWISE AND EVEN IF SUCH PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES; AND (b) IN NO EVENT WILL THE AGGREGATE LIABILITY OF EITHER PARTY OR MOBILEIRON'S LICENSORS OR SUPPLIERS UNDER THIS AGREEMENT (UNDER ANY THEORY OF LIABILITY, WHETHER IN CONTRACT, TORT OR OTHERWISE) EXCEED THE FEES RECEIVED BY MOBILEIRON FROM CUSTOMER FOR THE RELEVANT PRODUCT OR SERVICE (AND IN THE CASE OF CUSTOMER'S LIABILITY EXCEED THE FEES PAID AND DUE TO MOBILEIRON OR ITS AUTHORIZED RESELLER), WHETHER ANY REMEDY SET FORTH HEREIN FAILS OF ITS ESSENTIAL PURPOSE OR OTHERWISE. BECAUSE SOME STATES OR JURISDICTIONS DO NOT ALLOW LIMITATION OR EXCLUSION OF CONSEQUENTIAL OR INCIDENTAL DAMAGES, THE ABOVE LIMITATION MAY NOT APPLY TO CUSTOMER. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Agreement under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733.

**14. General**

c. **Export.** Software and Documentation, including technical data, may be subject to U.S. export control laws, including the U.S. Export Administration Act and its associated regulations, and may be subject to export or import regulations in other countries. Customer agrees to comply with all such regulations.

d. **U.S. Government End User Purchasers.** The Software and Documentation qualify as "commercial items," as that term is defined at Federal Acquisition Regulation ("FAR") (48 C.F.R.) 2.101, consisting of "commercial computer software" and "commercial computer software documentation" as such terms are used in FAR 12.212. Consistent with FAR 12.212 and DoD FAR Supp. 227.7202-1 through 227.7202-4, and notwithstanding any other FAR or other contractual clause to the contrary in any agreement into which this Agreement may be incorporated, Customer may provide to Government end user or, if this Agreement is direct, Government end user will acquire, the Software and Documentation with only those rights set forth in this Agreement. Use of either the Software or Documentation or both constitutes agreement by the Government that the Software and Documentation are "commercial computer software" and "commercial computer software documentation," and constitutes acceptance of the rights and restrictions herein.

e. **Choice of Law; Venue.** This Agreement shall be governed by and construed in accordance with the Federal laws of United States, without reference to or application of choice of law rules or principles. Notwithstanding any choice of law provision or otherwise, the Uniform Computer Information Transactions Act (UCITA) and the United Nations Convention on the International Sale of Goods

shall not apply. If any portion hereof is found to be invalid, void or unenforceable, such portion shall be enforceable to the maximum extent permissible, and the remaining provisions of the Agreement shall remain in full force and effect.

f. **Data Communications; Aggregated Anonymous Statistical Data.** To the extent any personally identifiable data relevant to Customer or Customer Representatives is obtained by MobileIron or communicated to MobileIron by Customer in connection with this Agreement, MobileIron agrees that it (and/or its contractors) will use or disclose any such personally identifiable data received (if any is ever received) only to implement and deliver the features and services associated with the normal use of the Software and to perform its obligations hereunder. MobileIron (and/or its contractors) may collect aggregated, anonymous, statistical data and information about devices and usage activity provided such data and information does **NOT** contain any information which is identifiable to any individual or Customer ("**Aggregated Anonymous Data**"), and MobileIron (and/or its contractors) may use, store, analyze, and disclose such Aggregate Anonymous Data. For clarity, Aggregate Anonymous Data shall only include aggregated data or information which is specifically NOT identifiable to any individual or to Customer. Customer understands and agrees that such Aggregate Anonymous Data shall be owned by MobileIron.

g. **Entire Agreement; Modifications.** This Agreement includes the terms herein and the attached exhibits and any terms incorporated herein by reference and any related Product Schedule ("Agreement") and constitutes the entire agreement between the parties with respect to the license of the Software and delivery of support and maintenance services (where relevant) and delivery of MobileIron Hardware (where relevant). Except as expressly provided herein, this Agreement supersedes and cancels all previous written and previous or contemporaneous oral communications, proposals, representations, and agreements relating the subject matter contained herein. This Agreement prevails over any pre-printed terms or other conflicting or additional terms of any purchase order, ordering document, acknowledgement or confirmation or other document issued by Customer, even if signed and returned. Additionally, with respect to any Software licensed hereunder, this Agreement supersedes and cancels any "click wrap" or "click accept" agreement incorporated into such Software. Except as expressly provided herein, this Agreement may be amended, or any term or condition set forth herein waived, only by a writing executed by both parties.

h. **Illegality.** Should any term of this Agreement be declared void or unenforceable by any court of competent jurisdiction, that provision shall be modified, limited or eliminated to the minimum extent necessary and such declaration shall have no effect on the remaining terms hereof, which shall continue in full force and effect.

i. **Waiver.** The failure of either party to enforce any rights granted hereunder or to take action against the other party in the event of any breach hereunder shall not be deemed a waiver by that party as to subsequent enforcement of rights or subsequent actions in the event of future breaches.

i. **Assignment.** This Agreement may not be assigned or transferred without the other party's prior written consent, provided each party expressly reserves the right to assign this Agreement to a successor in interest of all or substantially all of its business or assets. Any action or conduct in violation of the foregoing shall be void and without effect. MobileIron may delegate any of its obligations hereunder, provided it shall remain fully liable and responsible for its delegates' actions or inactions in violation of this Agreement. All validly assigned rights and obligations of the parties hereunder shall be binding upon and inure to the benefit of and be enforceable by and against the successors and permitted assigns.

k. **Legal Fees.** The party prevailing in any dispute under this Agreement shall be entitled to its costs and legal fees.

l. **Notice.** Any and all notices or other information to be given by one of the parties to the other shall be deemed sufficiently given when sent by certified mail (receipt requested), or by courier, or by hand delivery to the other party to the address set forth in the signature lines of this Agreement or other such address provided by the parties from time to time. Such notices shall be deemed to have been effective on the first business day following the day of such delivery.

m**.**

n. **Basis of the Bargain.** Customer acknowledges and agrees that MobileIron has set its prices and entered into this Agreement in reliance upon the disclaimers of warranty and the limitations of liability set forth herein, that the same reflect an allocation of risk between the parties (including the risk that a contract remedy may fail of its essential purpose and cause consequential loss), and that the same form an essential basis of the bargain between the parties.

**All capitalized terms used herein shall have the meaning set forth in the Agreement, except as otherwise defined herein.**
**MAINTENANCE TERM AND TERMINATION.**
"**Maintenance Term**" shall be defined as follows: (a) if Customer has purchased a subscription license to Software, then the Maintenance Term for such Software shall be for the duration of the subscription license purchased; or (b) if Customer has purchased Support and Maintenance Services in connection with a perpetual license to Software, then the Maintenance Term for the support of such Software will be twelve (12) months from the delivery of the Software, unless an extended Maintenance Term is purchased, in which case the Maintenance Term will include the extended term identified in the Product Schedule. The Maintenance Term may be renewed by mutual agreement of the parties for additional twelve (12) month periods or any other period mutually agreed to in a Product Schedule (as relevant) (each an additional Maintenance Term), beginning upon the day immediately following the end of the then-current Maintenance Term, provided MobileIron receives payment of the then-current Support and Maintenance Fees required for the renewal term. This SMA shall also terminate: (a) immediately upon termination of the **Agreement** and (b), in accordance with FAR 52.212-4 (l) and (m), upon thirty (30) days written notice, if Customer materially breaches any provision of this Agreement and such breach remains uncured after such thirty (30) day notice period expiresCustomer may also terminate this SMA at any time for convenience, provided that if Customer terminates this SMA for convenience, the Support and Maintenance Fee paid is not refundable.
**PAYMENT.** Unless a "Subscription" license is purchased (where the support and maintenance fee is included in the license fee charged), as clearly indicated on the relevant Product Schedule, then payment for the services and rights specified herein ("**Support and Maintenance Fee**") shall be payable in U.S. dollars and are due within thirty (30) days of Customer's receipt of MobileIron's invoice (if purchased directly from MobileIron). The Support and Maintenance Fee is net of all taxes and duties. Customer agrees to pay all applicable taxes and duties due in connection with the Support and Maintenance Services, other than taxes on MobileIron's net income.
**REINSTATEMENT AFTER TERMINATION.** If there is a lapse in the Maintenance Term, and Customer does not renew this SMA for a period of time, Customer may renew support and maintenance services based on MobileIron's then-current support and maintenance terms on the GSA Pricelist, subject to payment of then-current Support and Maintenance Fee plus an amount equal to the Support and Maintenance Fees that would have been payable during the period of lapse (as pro-rated for any partial year).
**SUPPORT AND MAINTENANCE SERVICES FOR SOFTWARE.** Subject to the terms of this SMA, during the Maintenance Term, and provided Customer is current on its obligations to pay the Support and Maintenance Fees due, MobileIron will use commercially reasonable efforts to provide Customer the following "**Support and Maintenance Services**":

MobileIron will provide Customer with a trouble ticket number that Customer will use to track the status of any confirmed error or malfunction in the Software (i.e. any confirmed failure for the Software to meet the MobileIron specifications for the Software) ("**Confirmed Error**"). MobileIron may close the trouble ticket without further responsibility if Customer does not provide requested feedback to MobileIron within thirty (30) days of receiving a patch or workaround, or if Customer fails to respond to a request for additional information.

MobileIron shall be responsible for a Confirmed Error in Software, however, MobileIron shall not be responsible for any errors in Software that cannot be reproduced by MobileIron on unmodified Software, or for software, firmware, hardware not supplied by MobileIron, or for information or memory data contained in, stored on or integrated with any Product returned to MobileIron pursuant to this SMA. Services described herein do not include any support of

any failure or defect in the Product due to Customer, Customer Representatives or any damage caused by Customer or Customer Representatives from improper storage, accident, abuse or misuse of Product (or any component thereof), or if Product (or any component thereof) has been used or maintained in a manner not conforming to the requirements or suggestions in Documentation or in the Agreement, or if Product (or any component thereof) is used by Customer or Customer Representatives on unsupported platform or hardware or has been altered or modified by Customer or Customer Representative, or has had any serial number removed or defaced. Service or repair of the Product by anyone other than MobileIron (or an authorized representative of MobileIron) will void MobileIron's obligations herein. MobileIron's obligations stated herein shall apply only to the most current release of the Product and the prior release. If MobileIron agrees to remedy any errors or problems not covered by the terms of this SMA, MobileIron may perform such work after receiving Customer's instruction to proceed at MobileIron's then-current standard time and material rates.

Customer may not share login passwords or other benefits of this SMA with any other persons nor use any software updates or software upgrades or other Services furnished to Customer under this SMA for any product for which Customer has not purchased Services.

**THIRD PARTY SERVICES.** Product accesses certain third party services ("**Third Party Services**"). Customer may only access and use such Third Party Services for so long as Customer has a current SMA in place with MobileIron for Software and is current on payment of the Support and Maintenance Fees for such Software. Customer's use and/or access to Third Party Services shall be limited to those uses and access rights permitted by the third party service providers. If during the Maintenance Term a third party provider terminates access to the Third Party Services, then MobileIron will notify Customer of the same, and access to such services will terminate as of the effective date specified by such third party provider. Within thirty (30) days of the notification by MobileIron of the termination of Third Party Services, the Customer may terminate this SMA for convenience (effective no earlier than the date the service access rights are terminated). Upon such termination, Customer shall be entitled to receive a pro-rata refund on any Support and Maintenance Fees paid (if any) for the relevant period remaining in the then-current Maintenance Term. MobileIron shall have no liability to Customer in connection with any termination of such services or the Customer's use of the Third Party Services. All warranties associated with such services are only those directly provided by the third party service provider to Customer.

**GENERAL.** This SMA is subject to the term and conditions of the Agreement attached hereto (including the disclaimer and limitations on liability described therein). WITHOUT LIMITING THE FOREGOING, CUSTOMER UNDERSTANDS AND AGREES THAT THE AGGREGATE LIABILITY OF MOBILEIRON AND ITS SUPPLIERS AND LICENSORS IN CONNECTION WITH THIS SMA, INCLUDING FOR ANY SERVICES, THIRD PARTY SERVICES, SOFTWARE AND/OR PRODUCTS PROVIDED HEREUNDER, REGARDLESS OF THE FORM OF THE ACTION GIVING RISE TO SUCH LIABILITY (WHETHER IN CONTRACT, TORT INCLUDING NEGLIGENCE OR OTHERWISE), SHALL NOT EXCEED THE SUPPORT AND MAINTENANCE FEE PAID BY CUSTOMER FOR THE RELEVANT MAINTENANCE TERM. MobileIron may revise the terms of this SMA with sixty (60) days written notice, provided such revision is in connection with a standard change made to its then-current standard support and maintenance terms and such revision only applies to future renewal Maintenance Term (if any).

Licensee's Virtual Environments on which all versions of the Software is installed may not exceed the Permitted Number. If the Software is an Update to a previous version of the Software, Licensee must possess a valid license to such previous version in order to Use the Update. Licensee may continue to Use the previous version of the Software on Licensee's Virtual Environment after Licensee receives the Update solely to assist Licensee in the transition to the Update and provided that (i) the Update and the previous version are installed on the same Virtual Environment; (ii) the previous version or copies thereof are not transferred to another Virtual Environment unless all copies of the Update are also transferred to such Virtual Environment; and (iii) Licensee acknowledges that any obligation Townsend may have to support the previous version of the Software ends upon availability of the Update.

7. Evaluation Product Additional Terms. If the product Licensee receives with this license has been identified as "Evaluation" Software or "Beta" Software, then the provisions of this section apply. To the extent that any provision in this section is in conflict with any other term or condition in this Agreement, this section shall supersede such other term(s) and condition(s) with respect to the Evaluation or Beta Software (hereafter collectively referred to as "Beta Software"), but only to the extent necessary to resolve the conflict. Licensee acknowledges that the Beta Software may contain bugs, errors and other problems that could cause system or other failures and data loss. Consequently, Beta Software is provided to Licensee "AS-IS", and Townsend disclaims any warranty or liability or obligations to Licensee of any kind. WHERE LEGAL LIABILITY CANNOT BE EXCLUDED, BUT MAY BE LIMITED, TOWNSEND'S LIABILITY AND THAT OF ITS SUPPLIERS AND AUTHORIZED PARTNERS SHALL BE LIMITED TO THE SUM OF FIFTY DOLLARS (U.S. $50) IN TOTAL. Licensee acknowledges that Townsend has not promised or guaranteed to Licensee that Beta Software will be announced or made available to anyone in the future that Townsend has no express or implied obligation to Licensee to announce or introduce Beta Software, and that Townsend may not introduce a product similar to or compatible with any Beta Software. Accordingly, Licensee acknowledges that any research or development that Licensee performs regarding the Beta Software or any product associated with the Beta Software is done entirely at Licensee's own risk. During the term of this Agreement, if requested by Townsend, Licensee will provide feedback to Townsend regarding testing and use of the Beta Software, including error or bug reports; Licensee agrees to grant Townsend a perpetual, non-exclusive, royalty-free, worldwide license to use, copy, distribute, make derivative works and incorporate the feedback into any Townsend product at Townsend's sole discretion. If Licensee has been provided Beta Software pursuant to a separate written agreement, Licensee's use of the Beta Software is also governed by such agreement. Upon receipt of a later unreleased version of the Beta Software or release by Townsend of a publicly released commercial version of the Beta Software, whether as a stand-alone product or as part of a larger product, Licensee agrees to return or destroy all earlier Beta Software received from Townsend and to abide by the terms of the End User License Agreement for any such later versions of the Beta Software. Licensee's Use of the Beta Software is limited to 30 days unless otherwise agreed to in writing by Townsend.

8. Restrictions. Licensee may not sell, lease, license, rent, loan, resell or otherwise transfer, with or without consideration, the Software. If Licensee enters into a contract with a third party in which the third party manages Licensee's information technology resources ("Managing Party"), Licensee may transfer all of Licensee's rights to Use the Software to such Managing Party, provided that (a) the Managing Party only Uses the Software for Licensee's internal operations and not for the benefit of another third party; (b) the Managing Party agrees to comply with the terms and conditions of this Agreement, and (c) Licensee provides Townsend with advance written notice identifying the Managing Party that will be Using the Software on Licensee's behalf. Licensee may not permit third parties to benefit from the use or functionality of the Software via a timesharing, service bureau or other arrangement. Licensee may not reverse engineer, decompile, or disassemble the Software, except to the extent the foregoing restriction is expressly prohibited by applicable law. Licensee may not modify, or create derivative works based upon, the Software in whole or in part. Licensee may not copy the Software or Documentation except as expressly permitted in this Agreement. Licensee may not remove any proprietary notices or labels on the Software. All rights not expressly set forth hereunder are reserved by Townsend.

9. Warranty and Disclaimer.

a. Limited Warranty. Townsend warrants that for sixty (60) days from the date of original purchase the media (e.g., CD ROM), if any, on which the Software is contained and provided to Licensee will be free from defects in materials and workmanship. Townsend warrants that the Hardware shall be free from defects in material and workmanship under normal use and service and substantially conform to the written documentation accompanying the Hardware for a period of three hundred sixty-five (365) days from the date of purchase of the Hardware.
   Upon discovery of any failure of the Hardware, or component thereof, to conform to the applicable warranty during the applicable warranty period, Licensee is required to contact us within ten (10) days after such failure and seek a return material authorization ("RMA") number. Townsend will promptly issue the requested RMA if Licensee meets the conditions for warranty

service. The allegedly defective Hardware, or component thereof, shall be returned to Townsend, securely and properly packaged with the RMA number prominently displayed on the exterior of the shipment packaging and with the Hardware. Townsend will have no obligation to accept any Hardware which is returned without an RMA number.

Upon completion of repair or if Townsend decides, in accordance with the warranty, to replace a defective Hardware, Townsend will return such repaired or replacement Hardware to Licensee, freight and insurance prepaid. In the event that Townsend, in its sole discretion, determines that it is unable to replace or repair the Hardware, Townsend will refund to Licensee the F.O.B. price paid to Townsend for the defective Hardware. Defective Hardware returned to Townsend will become the property of Townsend.

The warranties contained in this agreement will not apply to any Software or Hardware which:

A. has been altered, supplemented, upgraded or modified in any way; or

B. has been repaired except by Townsend or its designee; or

C. has been used in a manner inconsistent with the terms of this Agreement or the Documentation.

Additionally, the warranties contained in this Agreement do not apply to repair or replacement caused or necessitated by: (i) events occurring after risk of loss passes to Licensee such as loss or damage during shipment; (ii) acts of God including without limitation natural acts such as fire, flood, wind, earthquake, lightning or similar disaster; (iii) improper use, environment, installation or electrical supply, improper maintenance, or any other misuse, abuse or mishandling; (iv) governmental actions or inactions; (v) strikes or work stoppages; (vi) Licensee's failure to follow applicable use or operations instructions or manuals; (vii) Licensee's failure to implement, or to allow Townsend or its designee to implement, any corrections or modifications made available to Licensee by Townsend; or (viii) other events outside Townsend's reasonable control.

Townsend does not warrant that the Hardware or the Software will meet Licensee's requirements or that operation of the Hardware or the Software will be uninterrupted or error-free. In order to exercise any of the warranty rights contained in this Agreement, Licensee must have available an original sales receipt or bill of sale demonstrating proof of purchase with its warranty claim. Hardware may carry additional warranty from the manufacturer, and Townsend will exercise commercially reasonable efforts to provide Licensee the benefit of any such warranty.

b. Customer Remedies. Townsend's and its suppliers' entire liability and Licensee's exclusive remedy for any breach of the foregoing warranties shall be, at Townsend's option, either (i) return of the price Townsend received for the license , or (ii) replacement of the defective Software media or Hardware. Licensee must return the defective Software media or Hardware to Townsend at Licensee's expense within the warranty period, with an RMA as applicable, and with a copy of Licensee's receipt. This limited warranty is void if the defect has resulted from accident, abuse, or misapplication. Any replacement Software or Hardware will be warranted for the remainder of the original warranty period. Outside the United States, this remedy is not available to the extent Townsend is subject to restrictions under United States export control laws and regulations.

c. Warranty Disclaimer. Except for the limited warranty set forth herein, THE SOFTWARE AND HARDWARE ARE PROVIDED "AS IS" AND TOWNSEND MAKES NO WARRANTY AS TO THEIR USE OR PERFORMANCE. EXCEPT FOR ANY WARRANTY, CONDITION, REPRESENTATION OR TERM THE EXTENT TO WHICH CANNOT BE EXCLUDED OR LIMITED BY APPLICABLE LAW, TOWNSEND, ITS SUPPLIERS AND AUTHORIZED PARTNERS MAKE NO WARRANTY, CONDITION, REPRESENTATION, OR TERM (EXPRESS OR IMPLIED, WHETHER BY STATUTE, COMMON LAW, CUSTOM, USAGE OR OTHERWISE) AS TO ANY MATTER INCLUDING, WITHOUT LIMITATION, MERCHANTABILITY, SATISFACTORY QUALITY, INTEGRATION, OR FITNESS FOR A PARTICULAR PURPOSE. LICENSEE ASSUMES RESPONSIBILITY FOR SELECTING THE SOFTWARE TO ACHIEVE LICENSEE'S INTENDED RESULTS, AND FOR THE INSTALLATION OF, USE OF, AND RESULTS OBTAINED FROM THE SOFTWARE. WITHOUT LIMITING THE FOREGOING PROVISIONS, TOWNSEND MAKES NO WARRANTY THAT THE SOFTWARE WILL BE ERROR-FREE OR FREE FROM INTERRUPTIONS OR OTHER FAILURES OR THAT THE SOFTWARE WILL MEET LICENSEE'S REQUIREMENTS.

10. Limitation of Liability. UNDER NO CIRCUMSTANCES AND UNDER NO LEGAL THEORY, WHETHER IN TORT, CONTRACT, OR OTHERWISE, SHALL TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE TO LICENSEE OR TO ANY OTHER PERSON FOR LOSS OF PROFITS, LOSS OF GOODWILL OR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES INCLUDING, WITHOUT LIMITATION, DAMAGES FOR LOSS OF GOODWILL, WORK STOPPAGE, COMPUTER FAILURE OR MALFUNCTION, OR FOR ANY OTHER DAMAGE OR LOSS. IN NO EVENT SHALL TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS BE LIABLE FOR ANY DAMAGE IN EXCESS OF THE PRICE PAID FOR THE SOFTWARE, IF ANY, EVEN IF TOWNSEND OR ITS AUTHORIZED PARTNERS OR SUPPLIERS SHALL HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. This limitation shall not apply to liability for death or personal injury to the extent that applicable law prohibits such limitation. Furthermore, some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so this limitation and exclusion may not apply to Licensee. Townsend is acting on behalf of its suppliers and Authorized Partners for the purpose of disclaiming, excluding and/or limiting obligations, warranties and liability as provided in this Agreement, but in no other respects and for no other purpose. This clause shall not impair

the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31 U.S.C. §§ 3729-3733. The foregoing provisions shall be enforceable to the maximum extent permitted by applicable law.

11. Notice to United States Government End Users. The Software and accompanying Documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR Section 12.212, as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and accompanying Documentation by the United States Government shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement. Manufacturer is Townsend.

12. High Risk Activities. The Software is not fault-tolerant and is not designed or intended for use in hazardous environments requiring fail-safe performance, including without limitation, in the operation of nuclear facilities, aircraft navigation or communication systems, air traffic control, weapons systems, direct life-support machines, or any other application in which the failure of the Software could lead directly to death, personal injury, or severe physical or property damage (collectively, "High Risk Activities"). TOWNSEND EXPRESSLY DISCLAIMS ANY EXPRESS OR IMPLIED WARRANTY OF FITNESS FOR HIGH RISK ACTIVITIES.

13. Free Software. This product includes or may include some software programs that are licensed (or sublicensed) to the user under the GNU General Public License (GPL) or other similar software licenses which, among other rights, permit the user to copy, modify and redistribute certain programs, or portions thereof, and have access to the source code. The GPL requires that the source code be made available to users of any software covered under the GPL . For any such software, the source code is made available in a designated directory created by installation of the Software, or designated internet page, or at the Townsend address below. If the GPL requires that Townsend provide rights to use, copy or modify a software program that are broader than the rights granted in this Agreement, then such rights shall take precedence over the rights and restrictions herein. Such software included in this product includes SQLite (www.sqlite.org), The Crystal Project (www.everaldo.com/crystal), Webmin (www.webmin.com), Perl (www.perl.org), OpenSSL (www.openssl.com), and certain code from RFC4634 (www.ietf.org).

14. Audit for Volume Licenses. Townsend reserves the right to periodically audit Licensee, but no more than once during a 12-month period to ensure that Licensee is not using any Software in violation of this Agreement. During standard business hours and upon prior written notice, Townsend may visit Licensee and Licensee will make available to Townsend or its representatives any records pertaining to the Software. Townsend shall comply with all security requirements of Licensee's facility. Any such audit shall not interfere with Licensee's normal business operations.

15. Intellectual Property Indemnification. Townsend shall defend any legal claim instituted against Licensee alleging that Townsend software licensed to Licensee directly infringes any U.S. patent, trade secret, trade mark or copyright existing or issued as of the Effective Date, provided that Licensee promptly notifies Townsend in writing of such claim and provides all assistance, information and authority required for the defense and settlement of the claim to the extent allowed by 28 U.S.C. 516. Townsend's obligations under this Section will not apply with respect to any Townsend software that is: (i) modified by any person other than Townsend where such alleged infringement relates to such modification; (ii) combined with other software or hardware not provided by Townsend where the alleged infringement relates to such combination; (iii) used other than in accordance with this Agreement; (iv) used in any manner incident to an infringement not resulting primarily from the Townsend product; or (v) created by Townsend in accordance with designs, plans or specifications requested by Licensee where the requested designs, plans or specifications gave rise to the alleged infringement. In addition, Townsend's obligations hereunder will not apply to any alleged infringement occurring after Licensee has received notice of such suit or proceeding unless Townsend has given written permission for such continuing infringement.
If the Software is held to infringe any intellectual property right and its use or sale enjoined, or if in the opinion of Townsend such Software is likely to become the subject of such a claim of infringement, Townsend may, in its sole discretion and at its own expense and as Licensee's sole and exclusive remedy, either procure a license that will protect Licensee against such claim without cost to Licensee, or replace such Software with non-infringing Software, or require return of such Software and refund an equitable portion of the price paid to Townsend for such Software.

16. Miscellaneous. This Agreement sets forth all rights for the user of the Software and is the entire Agreement between the parties as it relates to the licensing of the software. This Agreement supersedes any other communications, representations or advertising relating to the Software, Hardware and Documentation. This Agreement may not be modified except in a writing signed by the

parties. No provision hereof shall be deemed waived unless such waiver shall be in writing and signed by Townsend. If any provision of this Agreement is held invalid, the remainder of this Agreement shall continue in full force and effect. This Agreement is written in English. Any translation of this Agreement is for Licensee's convenience, and is not binding on Townsend. The original English version of this Agreement shall control in case of any conflict with a translated version.

17. Townsend can be reached as follows: (360) 359-4400, FAX to (360) 357-9047, or write: Townsend Security, Inc., Attention: Customer Service, 724 Columbia Street NW, Suite 400, Olympia, WA 98501. **11. Indemnification.** In the event of a third-party claim, suit or proceeding against Subscriber asserting that use of the Product as permitted in this Agreement infringes a third-party's patent, copyright, or trademark right recognized in any jurisdiction where the Product is used, Websense at its expense will defend Subscriber and indemnify Subscriber against costs, expenses (including reasonable attorneys' fees), and damages payable to any third party in any such suit or cause of action that are directly related to that claim. Websense's obligation under this Section is contingent upon Subscriber providing Websense with: (a) prompt written notice of the suit or claim; (b) the right to solely control and direct the defense of the claim; and (c) reasonable cooperation with Websense. Websense will have no liability for any claim of infringement resulting from: (i) modification of the Products by anyone other than Websense; (ii) a combination of the Products with other hardware or software not provided by Websense; or (iii) failure by Subscriber to implement Software Upgrades and Database Updates. Either party may change its contact person for notices and/or its address for notice by means of notice to the other party given in accordance with this paragraph. Any dispute arising out of or relating to this Agreement or the breach thereof shall be governed by the federal laws of the United States. Pursuant to FAR 52.212-4(f), neither party will be liable for any delay or failure in performance to the extent the delay or failure is caused by events beyond the party's reasonable control, including acts of God, or the public enemy, acts of Government in its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather and delays of common carriers. This Agreement, the underlying GSA Schedule Contract GS-35F-0296R, the Schedule Price List and any applicable GSA Customer Purchase Order constitute the entire agreement between the parties regarding the subject matter herein and the parties have not relied on any promise, representation, or warranty, express or implied, that is not stated therein. This Agreement, however shall take precedence, to the maximum extent allowed by law, over the terms of the underlying GSA Schedule Contract or any specific, negotiated terms on the GSA Customer's Purchase Order with Websense. Any waiver or modification of this Agreement is only effective if it is in writing and signed by both parties. Subscriber agrees that its purchases hereunder are neither contingent on the delivery of any future functionality or features nor dependent on any oral or written comments made by Websense regarding future functionality or features. If any part of this Agreement is found invalid or unenforceable by a court of competent jurisdiction, the remainder of this Agreement shall not be affected thereby. Websense is not obligated under any other agreements unless they are in writing and signed by an authorized representative of both parties.

  - o Target response time for inbound telephone calls made during business hours is based on the Severity of the issue (Please see chart); resolution time for 30% of the issues is generally within one business day.
  - o Business hours are Monday through Friday, during the hours set forth in the region where Subscriber resides as set forth at: http://www.websense.com/SupportPortal/Contact.aspx ("Business Hours")
  - o For calls to the 24x7 Support Line that occur after hours, the target response time for inbound telephone calls is within one hour for entitled Subscribers.

*Escalation response levels:* If it is determined that the Websense Technical Support team cannot resolve the support case, the issue will be escalated to the Websense Engineering team. The technical support engineer updates Subscriber on the plan of action and provides timely status updates. Such an action plan may include, but shall not be limited to, a call disposition or issue resolution.
*Support for hardware*: Response times for hardware parts replacement applies after phone-based troubleshooting has concluded and will vary by country. Service availability and response times are available at: http://mywebsense.com/

7. **Subscriber Responsibilities:** In order to efficiently resolve problems, it is important that there be clear and effective communications between Subscriber and Websense. The first step of the process requires an accurate reporting of the problem by Subscriber. Subscriber will need to provide Websense Technical Support with at least the following information to initiate the process outlined in this document:

- Subscriber name
- Subscription Key information
- Support PIN of the day for Subscriber's Cloud security account
- Technical contact information including: name, telephone number and email address
- Preliminary assessment of the scope and severity of the problem, including the number of affected users/Seats
- Additional details and files as requested by Websense needed to resolve the issue

A case number will be assigned and provided to you. Subscriber should retain and use this case number in order to facilitate future communications regarding the matter.
In order to receive on-site parts replacement for a hardware Severity One problem, Subscriber must keep a current record with Websense of the business location on record for the physical location of the hardware.[5] Failure to keep current the business location on record will result in service interruption until Websense and its OEM receive and process the information for the updated location.

- Subscriber must notify Websense of hardware transferred to alternate business locations, 10 days prior to the transfer, within or outside the country of purchase to ensure response time coverage and country registration6
- Updates to a physical location must be completed prior to dispatching of authorized technicians
- Subscriber or Subscriber's authorized representative must be available when the service technical arrives, or the service technician will not be able to service the hardware7
- Missed service calls due to Subscriber's unavailability may result in additional charges for the follow-up service call

Hardware support will not be provided where:

- Hardware is repurposed or modified from its original configuration, either hardware or software
- Hardware has missing or altered serial numbers or Service Tags
- Hardware has been serviced by someone other than a Websense-authorized service provider
- Premium or Mission Critical Support subscription has expired

8. **Technical Support Channels:** There are two ways for Subscriber to make support requests to Websense:

- Open a case via online portal at: http://ask.websense.com
- Open a case via telephone: http://www.websense.com/content/ContactSupport.aspx8

9. **Support Escalation Channels:** If after following the procedures for creation of a technical support case Subscriber desires to escalate a support issue, the following escalation path to a Technical Support Manager in Subscriber's region is available using the numbers listed below:

**Note:** Please ask for a support delivery manager when calling during supported business hours for immediate attention to your concerns.
