GENERAL INFORMATION

ORDERING INFORMATION

SERVICES

Refer to the Ordering Procedures for Services section covering executive, administrative and/or professional services. Ancillary (product-related) services priced at hourly rates or other types of fixed pricing should be purchased using the ordering guidelines of FAR 8.404.

PRODUCTS

Orders under \$2500

Place order directly with contractor for the item that best meets your needs.

Orders over \$2500

To ensure a “Best Value” determination is made, as required by FAR 8.404:

Review 3 schedule price lists.

Orders over the Maximum Order Threshold:

Each schedule contract has a maximum order threshold. In addition to following the ordering procedures for orders above \$2500, customers shall —

- Review additional schedule contractors’ price lists.
- Request price reductions from schedule contractor(s) appearing to provide a best value.
- Place the order with the schedule contractor providing the best value.

When determining what is a “best value,” you may consider the following:

- Special features of the product/services that are being offered but not provided by a comparable product/service
- Trade-in considerations
- Probable life of the item selected compared to that of a comparable item
- Warranty considerations
- Maintenance availability
- Past performance
- Environmental and energy efficiency considerations

DOCUMENTATION

Minimum documentation is generally all that is required (e.g., contractor’s name, item purchased and price paid). Additional documentation is necessary when the requirement is defined to a particular brand name and only for orders exceeding the micro purchase threshold (see FAR 8.404(b)(7)).

SIGNIFICANT CHANGES

This publication represents the initial printing of the newly formed 65 II A Federal Supply Schedule. This Schedule consolidates the following publications:

- 65 II B Medical Supplies
- 65 II D Medical Equipment & Supplies
- 65 II E Pacemakers and Ancillary Items

GENERAL INFORMATION

CONTRACTOR AWARD INFORMATION

 pub.fss.gsa.gov/sched

For a listing of the very latest contract award information you can click on the above website and then click on "Schedules E-Library".

You can search the E-Library by SIN, Contractor, Contract Number, Schedule Number or by a key word.

When you get to the Schedule you want, you'll see the list of SIN's and the Contractors listed below each SIN.

When the Contractor's Internet address is available, it will be shown and you can use it to link to their website.

The E-mail address, if available, will enable you to E-mail the Contractor for price lists or any other contract information. The Internet address and E-mail address will only be available if those contractors are on *GSAAdvantage™*.

If you don't have access to the Internet, you can get a list of the current contractors by completing the form at the back of this publication and faxing it to:

 (703) 308-4168

or by contacting the FSS Information Center at:

 (703) 305-6477

In the future, a faxback service will be available for obtaining this information.

Consult the contractor's catalog/price list for more detailed ordering information, such as:

- Contract items awarded.
- Maximum order provisions.
- Geographic coverage (delivery area).
- Contract price or discount.
- Quantity discounts.
- Prompt payment terms.
- Government purchase card terms.
- Commercial delivery terms.
- Expedited Delivery.
- Ordering address(es).
- Payment address(es).
- Warranty provision.
- Export packing charges.
- Applicable terms and conditions of rental, maintenance, installation and repair.
- Environmental and energy efficiency

SMALL BUSINESS PARTICIPATION

The General Services Administration and the Small Business Administration strongly support the participation of small business concerns in the Federal Supply Schedules Program. To enhance small business participation, SBA policy requires agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals. See the following address for guidance on goal setting and goal submittal via the Internet:

 www.sba.gov/gc/goaling/

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/price lists of at least three schedule contractors or to consider reasonably available information by using the *GSAAdvantage™* online shopping service at

 www.fss.gsa.gov

The catalogs/price lists, *GSAAdvantage™* and the Federal Supply Service Home Page listed above contain information on a broad array of products and services offered by small business contractors.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting price lists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

JWOD (NIB/NISH) PRODUCTS

The Javits-Wagner-O'Day (JWOD) Program (NIB/NISH) provides many products to Federal customers under its mandatory source authority. Before making any open market purchase from a schedule contractor, ordering agencies should determine if there is a comparable JWOD (NIB/NISH) product.

Please call or e-mail a JWOD representative at the following numbers to check if there is an appropriate product manufactured by people who are blind or have other severe disabilities.

 (703) 603-7743 (ext. 112) or

 (703) 603-7750 (ext. 118)

 info@jwod.gov

GENERAL INFORMATION

UNICOR PRODUCTS

Unicor (Federal Prison Industries, Inc.) provides items that may be similar to some of the items in this schedule. Prior to making a purchase from the schedule, ordering agencies should check with Unicor to see if Unicor's product meets their specific need. For your convenience, this check can be made quickly by calling the Unicor Customer Service Group at the following number:

 (800) 827-3168.

CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule contractors may use "Contractor Team Arrangements" (see FAR 9.6) to provide solutions when responding to a customer's requirements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules.

REFER TO THE CONTRACTOR TEAM ARRANGEMENT INFORMATION PROVIDED IN THIS DOCUMENT, FOR MORE DETAILS.

MAXIMUM ORDER

If the "best value" selection places your order over the Maximum Order identified in the contractor's catalog or price list, you have an opportunity to obtain a better schedule contract price. Before placing your order, contact the contractor to ask for a better discount price.

The contractor may:

- 1) offer a new lower price for this requirement
- 2) offer the lowest price available under the contract
- 3) decline the order

A delivery order that exceeds the maximum order may be placed with the contractor selected in accordance with FAR 8.404. The order may be placed under the Schedule contract.

PRICE REDUCTIONS

There may be circumstances when a customer finds it advantageous to request a price reduction, such as where the quantity of an individual order clearly indicates the potential for obtaining a reduced price. Customers that obtain a further price reduction may still place these orders against the Schedule contract. MAS contractors will not be required to pass on to all schedule users a price reduction extended only to an individual customer for a specific order.

BLANKET PURCHASE AGREEMENTS (BPA)

Federal Supply Schedule contracts contain BPA provisions to maximize your purchasing and administrative savings. This feature permits schedule customers and contractors to set up "accounts" to fill a "recurring requirement". These accounts establish a period for the BPA and generally address issues, such as frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times.

Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under the BPA.

Finally, contractors may be open to a progressive type discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be especially useful with the new Maximum Order feature. A suggested format for customers is included in this document to consider when using this purchasing tool.

INCIDENTAL ITEMS

For administrative convenience, open market (non-contract) items may be added to a Federal Supply Schedule BPA or the individual task/delivery order if the items are clearly labeled as such on the order, all applicable acquisition regulations have been followed, and price reasonableness has been determined by the ordering activity for the open market items.

GENERAL INFORMATION

ENVIRONMENTAL PRODUCTS

In order to assist our customers who have determined that their acquisition needs can best be met by purchasing an EPA designated item (considering price, availability and performance requirements), our Schedule contractors have been requested to identify such products on their individual catalogs and or price lists. Schedule contractors have been requested (where possible and/or feasible) to identify items that:

- Have recycled content
(meet EPA designated item criteria)
- Are energy and/or water conserving
(e.g., Energy Star)
- Have reduced pollutants
(e.g., low volatile organic compounds (VOCs) and chromate-free)

Customers should review contractor literature and contact the contractor directly to obtain complete information regarding environmental claims. Please visit our Environmental Website at the address listed below.

 <http://pub.fss.gsa.gov/environ/index.html>

VARIABLE CONTRACT PERIODS

Generally, Federal Supply Schedules will no longer have a prescribed beginning and ending date. The schedule periods will be continuous, and will contain contracts with contract periods that commence on the Date of Award (DOA) and expire in 5 years (exclusive of any options) from the DOA.

AUTHORIZED USERS

The agencies and activities named below may use contracts established under this Federal Supply Schedule.

- All federal agencies and activities in the executive, legislative and judicial branches.
- Government contractors authorized in writing by a federal agency pursuant to 48 CFR 51.1.
- Mixed-ownership Government corporations (as defined in the Government Corporation Control Act).
- The Government of the District of Columbia.
- Other activities and organizations authorized by statute or regulation to use GSA as a source of supply.

Questions regarding activities authorized to use this schedule should be directed to Customer/Vendor Relations contact point identified in this document.

GEOGRAPHIC COVERAGE

All Federal Supply Schedules provide contractors the opportunity to offer worldwide coverage. Schedule contractors have three categories of geographic coverage to offer:

- 1) **Domestic:** covers delivery to the 48 contiguous states; Washington, DC; Alaska; Hawaii and Puerto Rico.
- 2) **Worldwide:** covers delivery domestically AND overseas
- 3) **Overseas Only:** covers delivery to overseas destinations other than Alaska, Hawaii and Puerto Rico

PURCHASE CARD

Agencies may make payments for oral or written delivery orders by using the Government purchase card.

Payments made using the Government SmartPay purchase card ARE NOT eligible for any negotiated prompt payment discount.

“Government purchase card” means a uniquely numbered GSA SmartPay credit card issued to named individual Government employees or entities, to pay for official Government purchases.

Information about the GSA Fleet, Travel and Purchase Payment System is available within your agency's written internal operating procedures and on the internet at the address listed below.

 <http://pub.fss.gsa.gov/services/gsa-smartpay/>

The contractor shall not process a transaction for payment through the credit card clearinghouse until the purchased supplies have been shipped or services performed. Unless the cardholder requests correction or replacement of a defective or faulty item in accordance with other contract requirements, the contractor shall immediately credit a cardholder's account for items returned as defective or faulty.

TRADE-INS

Trade-ins will be considered against the purchase of new equipment and will be used in determining that your purchase represents the “best value” and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) (see FAR 8.404). If equipment was traded in as part of the purchase arrangement, the file should show the type, brand and value of the equipment exchanged. Trade-ins should comply with provisions of the Federal Property Management Regulations (FPMR) 101-46.

CONTRACTOR TEAM ARRANGEMENTS AND FEDERAL SUPPLY SCHEDULES

In the spirit of the acquisition reform, all Federal agencies have been encouraged to facilitate innovative contracting/acquisition approaches. FAR Part 1.102 provides Guiding Principles on the Federal Acquisition System, outlining what the System will achieve as follows:

- Satisfy the customer (cost, quality and timeliness of delivery)
- Maximize use of commercial products and services
- Consider contractor's past performance
- Promoting competition
- Minimize administrative costs
- Conduct business with integrity, fairness and openness
- Fulfill public policy objectives

The Federal Supply Schedule program is a source customers may use to achieve what the System has outlined for acquisition teams to follow.

Each member of the "acquisition team" is to exercise personal initiative and sound business judgment and is responsible for making acquisition decisions that deliver the best value product or service to meet the customers needs. FAR 1.102-4 further empowers Government team members to make acquisition decisions within their areas of responsibility including selection, negotiation and administration. The contracting officer has the authority to the maximum extent practical, to determine the application of rules, regulations, and policies.

In light of these changes, Federal Supply Schedule customers may refer to FAR 9.6 – Contractors Team Arrangements. The policy and procedures outlined in this part will provide more flexibility and allow innovative acquisition methods when using the Federal Supply Schedules. Customers are encouraged to review this section and should note this is permissible after contract award.

**TEAM ARRANGEMENTS COMBINED WITH THE FEDERAL SUPPLY SCHEDULE PROGRAM
PROVIDE FEDERAL CUSTOMERS A POWERFUL COMMERCIAL ACQUISITION STRATEGY**

SAMPLE FORMS

BASIC GUIDELINES FOR USING CONTRACTOR TEAM ARRANGEMENTS

Federal Supply Schedule contractors may use “Contractor Team Arrangements” (see FAR 9.6) to provide solutions when responding to a customer agency requirements.

These team arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a team arrangement are subject to terms and conditions of the Federal Supply Schedule contract.

Participation in a team arrangement is limited to Federal Supply Schedule contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

- The customer identifies their requirements.
- Federal Supply Schedule contractors may individually meet the customers needs, or
- Federal Supply Schedule contractors may submit a Schedules “Team Solution” to meet the customer’s requirement.
- Customers make a best value selection.

SUGGESTED FORMAT

BEST VALUE BLANKET PURCHASE AGREEMENT FEDERAL SUPPLY SCHEDULE

(Insert Customer Name)

In the spirit of the acquisition reform ___(Agency)___ and ___(Contractor)___ enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Service Administration (GSA) Federal Supply Schedule Contract(s) _____.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of bids and offers. Teaming Arrangements are permitted with Federal Supply Schedule contractors in accordance with Federal Acquisition Regulation (FAR) Part 9.6.

This BPA will further decrease costs, reduce paperwork and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for a **Government that works better and costs less.**

BPA NUMBER

(CUSTOMER NAME)

BLANKET PURCHASE AGREEMENT

Pursuant to GSA Federal Supply contract number(s) _____, Blanket Purchase Agreements, the contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

- (1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

MODEL NUMBER/PART NUMBER	SPECIAL BPA DISCOUNT/PRICE
_____	_____
_____	_____

- (2) Delivery:

DESTINATION	DELIVERY SCHEDULE/DATES
_____	_____
_____	_____

- (3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be _____.

- (4) This BPA does not obligate any funds.

- (5) This BPA expires on _____ or at the end of the contract period, whichever is earlier.

- (6) The following office(s) is hereby authorized to place orders under this BPA:

OFFICE	POINT OF CONTACT
_____	_____

- (7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX or paper.

- (8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:

- (a) Name of contractor;
- (b) Contract number;
- (c) BPA number;
- (d) Model number or National Stock Number (NSN);
- (e) Purchase order number;
- (f) Date of purchase;
- (g) Quantity, unit price, and extension of each item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and
- (h) Date of shipment.

- (9) The requirements of a proper invoice are as specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

- (10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the contractor's invoice, the provisions of this BPA will take precedence.

***IMPORTANT**

A new feature to the Federal Supply Schedules Program permits contractors to offer price reductions in accordance with commercial practice. Teaming Arrangements are permitted with Federal Supply contractors in accordance with FAR Part 9.6.
