Warranty Policy

As of September 1, 2023

First Nation Group honors the warranties of our manufacturing partners. First Nation Group will help coordinate valid warranty claims with the manufacturer through our customer service representatives during normal business hours.

First Nation Group's Warranty Policy supplements the Government's Warranty and Limitation of Liability requirements of clause 52.212-4 paragraphs (o) and (p) as follows:

Warranty: The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract. In the event that the terms of the contractor's standard commercial warranty conflict with the warranty terms contained in this clause, the terms of this clause will govern this contract, unless some other resolution is specified in the award document.

Limitation of liability: Except as otherwise provided by an express warranty, the contractor will not be liable to the Government in a breach of warranty action for consequential damages resulting from any defect or deficiencies in accepted items. In the event that the terms of the contractor's standard commercial warranty/limitation of liability clause(s) place greater limits on the contractor's liability than do the terms contained in this clause, the terms of this clause will govern the contract.

For further information or questions on specific manufacturer warranty requests, please contact the Customer Operations Department at 855-221-5332 Monday-Thursday 8:00am to 7:00pm EST and Friday 8:00am to 5:00pm EST.
