15. Warranty provision:

   LIMITED WARRANTY
   Warranties that may be imposed under law are limited to the duration of the warranty period as set forth in this Limited Warranty.

   This Limited Warranty applies to the eSight Eyewear sold by eSight Corporation, and its worldwide authorized affiliates or resellers (collectively described as "eSight") in this Limited Warranty. This Limited Warranty covers all hardware components provided with the eSight Eyewear at the time of purchase for a period of three years from date of
delivery, with the exception of any prescription lenses that are incorporated into the unit. This Limited Warranty is enforced in all countries where eSight offers warranty service.

The terms and conditions in this Limited Warranty comprise the complete warranty agreement between you and eSight for the eSight Eyewear you have purchased, and supersede any expressed or implied warranties, guarantees, agreements or other representations made by any party in connection with your purchase.

eSight warrants that the eSight Eyewear product purchased from eSight is free from defects in materials or workmanship under normal use during the Limited Warranty Period. The Limited Warranty Period starts on the date of purchase. You may be required to provide dated proof of purchase as a condition of receiving warranty service within the Limited Warranty Period. This Limited Warranty is not transferable to any person who subsequently acquires the eSight Eyewear from the original owner.

During the Limited Warranty Period, eSight will replace or repair defective eSight Eyewear units. eSight reserves the right to retain component parts that are replaced. Products repaired under warranty are warranted to be free from defects in material and workmanship for the remainder of the original Warranty Period and not longer. eSight reserves the right to replace your entire eSight Eyewear unit with one that is equivalent or better. eSight reserves the right to fully refund the purchase price of your eSight Eyewear rather than repairing or replacing it. This is the extent of your remedy for defective or failed eSight Eyewear units.

eSight is not responsible for the damage or loss of any data or programs stored on other computers or electronics systems to which eSight Eyewear is connected. Any eSight Eyewear unit or any components provided with the eSight Eyewear at the time of purchase, that are damaged, tampered with, or defective as a result of accident, misuse or unauthorized repair or modification, are not covered under this Limited Warranty.

LIMITED LIABILITY
If your eSight Eyewear fails to work as warranted above, your sole and exclusive remedy shall be repair or replacement of the eSight Eyewear. Specifically, eSight's maximum liability under this Limited Warranty is limited to the purchase price, or the cost of repair or replacement of the eSight Eyewear, whichever is less.

INITIATING WARRANTY SERVICE
If your eSight Eyewear product requires service, please contact the Customer Support representative for your region. Consult your user documentation for details. A Technical Support Specialist will be pleased to help you diagnose the problem and, if required, determine the necessary service options. Should you relocate to a country in which eSight is not currently available and you require warranty service, shipment back to eSight, and return shipment of your repaired unit, will be at your own risk and expense.
eSight accepts the government warranty clauses 52.212-4 (o) (TAILORED), and 52.212-4 (p) (TAILORED):

2. Limitation of liability: Except as otherwise provided by an express warranty, the contractor will not be liable to the Government in a breach of warranty action for consequential damages resulting from any defect or deficiencies in accepted items.
