ABIOMED STANDARD WARRANTY POLICY - GOVERNMENT

Abiomed, Inc (the "Seller")'s Standard Warranty Policy – Government ("Warranty Policy") does not replace Federal Acquisition Regulation (FAR) clause 52.212-4 (o) and (p) ("Government Warranty"). In addition to such Government Warranty provision, the Seller offers the following supplements effective as of March 20, 2019:

All products sold by Seller are warranted to be free from defects in material and workmanship. Seller warrants that, under normal use and service, all purchased non-disposable products will remain free from defects for a period of one (1) year, all other non-disposable products will remain free from defects for a period of ninety (90) days and all disposable products will remain defect free up to the time of their expiration. Such periods of warranty commence upon delivery. All maintenance will be the responsibility of Buyer. Defective/non-conforming products under warranty will be repaired or replaced at no cost to the Buyer. In the event a non-conforming product cannot be repaired or replaced, the Seller shall refund the Buyer the full purchase price. Any replaced components will become property of the Seller. In the event of a Buyer breach of warranty, the warranty will be considered void and the Seller shall not be liable for incidental or consequential losses, damages, or expenses, directly or indirectly arising from the sale, handling, or use of the goods. Any replaced components or products will become property of the Seller. This warranty shall not apply to any products that shall have been: (a) repaired or altered other than by Seller or its authorized or approved service personnel; (b) subjected to physical or electrical abuse or misuse; or (c) operated in any manner inconsistent with the applicable Seller instructions for use. If Seller determines that a repair or replacement claim was not caused by Seller or Seller's authorized service personnel, then Buyer shall pay Seller for all related costs incurred by Seller. This warranty is not transferable to a subsequent purchaser outside the U.S. government without the express written consent of Seller. Extended warranty and service may, at Sellers option, be offered for an additional charge, in which event separate or additional terms and conditions may apply. In no event shall Seller be liable for any claims unless written notice of the claim is received by Seller within the following timeframes: for shortages in weight and count, 15 days after delivery; and for all other claims, 15 days after discovery of defect. Buyer shall afford Seller prompt and reasonable opportunity to inspect all products for which a claim is made. ABIOMED RETURN POLICY - GOVERNMENT

The Seller’s product return policy is limited to defective products (subject to the Warranty Policy) or Seller’s shipment error under the guidelines detailed below effective as of March 20, 2019:

1. Returns involving defective products under warranty require written permission to be obtained from Seller, in advance, and a return authorization letter will be issued to the Buyer.

2. The return of any product shipped in error by the Seller will require that a return authorization letter be issued in advance and accompany the product. All shipping arrangements and costs will be borne by the Seller for these returns. Any notifications of this error need to be communicated to the Seller within 15 days upon receipt of such product in accordance with the notice provision in the Warranty Policy above.

3. Product returns, which are not approved, do not include the return authorization letter, are damaged due to improper packaging, or are not prepaid, will not be accepted by the Seller. Please send any inquiries to Customer Service at CustomerServiceDanvers@abimed.com or to the address below:
