BUSINESS SIZE: Small business, Veteran Owned (VOSB)
(ii) CUSTOMER INFORMATION:

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

333120 - Street Repair Equipment and Attachments

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. 333120 - $198,618.89 - Renova 4000MG Asphalt Pavement Recycler

The RENOVa 4000MG (Military Grade) Mobile Asphalt Recycler is a robust, asphalt recycler with military modifications that converts large chunks of asphalt or ground millings into high quality hot mix asphalt. The machine is upgraded with (4) four 15,000 Lb lifting/tie downs, an airlift spreader-bar, high-spec military grade paint (Seabee green for the US Navy), mud flaps and brackets, tire and tool rack, and 90-day spare parts package. The RENOVA 4000MG recycler combines highest heat transfer method with whole-batch mixing and proprietary rejuvenators to produce a hot asphalt mix with high-level elasticity, adhesion and compact-ability. This machine also convert reclaimed asphalt pavement (RAP) into cold patch to facilitate expeditious patching. The drum is loaded hydraulically by hopper at ground level or head height. Batch processing permits flexibility to travel to repair site loaded with 2 tons of mix which may be reheated when needed and discharged directly into a front-end loader or directly into the waiting application. The temperature of the mix may be monitored, additives may be adjusted and wet millings may be dried out. Time length of 2-ton batches varies by conditions and millings, can be 12-20 minutes with capability of 8 to 10 tons/hour production.

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. Not Applicable
