</tbody>
</table>
1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Pricing Page 5.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. See Labor Category Descriptions Page 6.

2. Maximum Order: $1,000,000.00

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Worldwide

5. Point(s) of production (city, county, and state or foreign country): Same as company address

7. Quantity discounts: None Offered

8. Prompt payment terms: Net 30 days

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: will accept over $3,000

10. Foreign items (list items by country of origin): None

11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

11b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor
11d. **Urgent Requirements.** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor

12. **F.O.B Points(s):** Destination

13a. **Ordering Address(es):** Same as Contractor

13b. **Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), and a sample BPA can be found at the GSA/FSS Schedule homepage (fss.gsa.gov/schedules).

14. **Payment address (is):** Same as Contractor

15. **Warranty provision:** Contractor’s standard commercial warranty.

16. **Export Packing Charges (if applicable):** N/A

17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor

18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A

19. **Terms and conditions of installation (if applicable):** N/A

20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A

20a. **Terms and conditions for any other services (if applicable):** N/A

21. **List of service and distribution points (if applicable):** N/A

22. **List of participating dealers (if applicable):** N/A

23. **Preventive maintenance (if applicable):** N/A

24a. **Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A

24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor’s website or other location.) The EIT standards can be found at:** www.Section508.gov/

25. **Data Universal Numbering System (DUNS) number:** 787911945

26. **Notification regarding registration in System for Award Management (SAM) database:** Registered.
GSA Awarded Pricing
The rates are inclusive of the Industrial Funding Fee (IFF) of 0.75%.

**Service Contract Act:** The Service Contract Act (SCA) is applicable to this contract as it applies to the entire PSS Schedule and all services provided. While no specific labor categories have been identified as being subject to SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and/or when the contractor adds SCA labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
Labor Category Descriptions

Program Manager III

**Functional Responsibility:** Direct supervision of technical personnel in one or more Engineering discipline. Must be capable of leading projects that involve team(s) composed of engineers, scientists and management professionals who have been/are involved in designing, developing, integrating, analyzing, training, testing, documenting, implementing, and maintaining complex systems. Must have written and oral communication skills. Responsible for contractual and technical performance of Project.

**Minimum Experience:** 10 years managing complex engineering or technical efforts involving multiple areas of Engineering disciplines.

**Minimum Education:** Master’s Degree

Senior Technical Member I

**Functional Responsibility:** Performs the functions of a technical expert in the relevant engineering or scientific field in support of major programs or system development. Applies expertise in defining and resolving system issues, performing analysis, and developing plans and requirements in the relevant area for complex systems. Coordinates and manages the preparation of analysis, evaluations and recommendations for proper implementation of programs and systems.

**Minimum Experience:** 5 years of experience in a specific field of engineering or science.

**Minimum Education:** Master’s Degree

Subject Matter Expert II

**Functional Responsibility:** A senior specialist that is a renowned expert in either functional domains or technical disciplines with many years of experience. The Subject Matter Expert (SME) assures the proper use of current or advanced programming, testing, and documentation techniques while producing substantive or complex documentation reflecting detailed knowledge in technical areas as identified in the statement of work.

**Minimum Experience:** 15 years in functional domain or technical discipline.

**Minimum Education:** PhD
**Subject Matter Expert I**

**Functional Responsibility:** A senior specialist that is a renowned expert in either functional domains or technical disciplines with many years of experience. The Subject Matter Expert (SME) assures the proper use of current or advanced programming, testing, and documentation techniques while producing substantive or complex documentation reflecting detailed knowledge in technical areas as identified in the statement of work.

**Minimum Experience:** 10 years in functional domain or technical discipline.

**Minimum Education:** PhD

**Analyst V**

**Functional Responsibility:** Serves as lead analyst and possibly manager on client tasks. Provides supervision to analysts and performs analyses while applying appropriate scientific and engineering processes and modeling techniques to the life-cycle development of systems. Performs analyses and trade-off studies related to operational issues and reviews test plans to ensure support of operational requirements. Reviews plans for system integration, operation, and maintenance and assists in the development of training for operational personnel. Applies operations research methodology to defining and formulating economic analyses and related cost benefits and risk studies.

**Minimum Experience:** 20 years’ experience in performing analysis in the operations or research areas.

**Minimum Education:** Master’s Degree

**Analyst IV**

**Functional Responsibility:** Serves as a senior analyst. Provides supervision to analysts and performs analyses while applying appropriate scientific and engineering processes and modeling techniques to the life-cycle development of systems. Performs analyses and trade-off studies related to operational issues and reviews test plans to ensure support of operational requirements. Reviews plans for system integration, operation, and maintenance and assists in the development of training for operational personnel. Applies operations research methodology to defining and formulating economic analyses and related cost benefits and risk studies.

**Minimum Experience:** 15 years’ experience in performing analysis in the operations or research areas.

**Minimum Education:** Master’s Degree
Analyst III

**Functional Responsibility:** Conducts within the Customer’s time frame, cost, and mission parameters. Performs analyses while applying appropriate scientific and engineering processes and modeling techniques to the life-cycle development of systems. Performs analyses and trade-off studies related to operational issues and reviews test plans to ensure support of operational requirements. Reviews plans for system integration, operation, and maintenance and assists in the development of training for operational personnel. Applies operations research methodology to defining and formulating economic analyses and related cost benefits and risk studies.

**Minimum Experience:** 15 years’ experience in performing analysis in the operations or research areas.

**Minimum Education:** Bachelor’s Degree

Analyst II

**Functional Responsibility:** Performs analyses while applying appropriate scientific and engineering processes and modeling techniques to the life-cycle development of systems. Performs analyses and trade-off studies related to operational issues and reviews test plans to ensure support of operational requirements. Reviews plans for system integration, operation, and maintenance and assists in the development of training for operational personnel. Applies operations research methodology to defining and formulating economic analyses and related cost benefits and risk studies. Ensures that products meet quality standards.

**Minimum Experience:** 10 years’ experience in performing analysis in the operations or research areas.

**Minimum Education:** Bachelor’s Degree

Analyst I

**Functional Responsibility:** Supports team members by developing multiple complex project deliverables. Performs analyses while applying appropriate scientific and engineering processes and modeling techniques to the life-cycle development of systems. Performs analyses and trade-off studies related to operational issues and reviews test plans to ensure support of operational requirements. Reviews plans for system integration, operation, and maintenance and assists in the development of training for operational personnel. Applies operations research methodology to defining and formulating economic analyses and related cost benefits and risk studies. Works as part of the project team; technical and managerial guidance is provided.

**Minimum Experience:** 2 years of experience in performing analysis in the operations or research areas.

**Minimum Education:** Bachelor’s Degree
**Acquisition Specialist II**

**Functional Responsibility:** Provides support to the development of contract and technical requirements of Government contracts. The procurement process requires an in-depth understanding and experience in the hardware, software, and data requirements to ensure a successful procurement of the Government and program. The process requires the use of modeling and simulation tools and technical requirements techniques that will provide the services required. Also employs process improvement and reengineering methodologies and principles to conduct process modernization projects. Provides group facilitation and forms of knowledge transfer that ensure integration of all sections of the generation of Request for Proposals (RFQ’s).

**Minimum Experience:** 5 years of experience in one (1) or more areas of the procurement process.

**Minimum Education:** Bachelor’s Degree
