Schedule Statement

541380: Test and Evaluation
541330ENG: Engineering Services
541715: Research and Development in the Physical, Engineering Life Sciences

Services required under this SIN involve the application of various techniques demonstrating that a system (subsystem, program, project or activity) performs in accordance with the objectives outlined in the original design. Typical associated tasks include, but are not limited to testing of a prototype, first article(s) testing, environmental testing, performing inspections and witnessing acceptance testing of fire protection and life safety systems as they relate to professional services schedule, independent verification and validation, reverse engineering, simulation and modeling (to test the feasibility of a concept), system, quality assurance, physical testing of the product system, training, consulting, receptions and inspection of Government Furnished Equipment / Satellite, conduct testing and safety audits.

Example: The navigation satellite-working model will be subjected to a series of tests, which may simulate and ultimately duplicate its operational environment. Professional engineering solutions do not include architect-engineer services as defined in the Brooks Act and FAR Part 2 or construction services as defined in the Federal Acquisition Regulation Part 36 and Part 2.

OLM: Order-Level Materials (OLMs)

Order-Level Materials (OLMs) are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA. OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN) and are subject to a Not To Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs (separate from those under ODC SINs), and indirect costs. OLMs are purchased under the authority of the FSS Program and are not "open market items."

Items awarded under ancillary supplies/services or other direct cost (ODC) SINs are not OLMs. These items are defined, priced, and awarded at the FSS contract level, whereas OLMs are unknown before an order is placed. Ancillary supplies/services and ODC SINs are for use under all order type CLINs (Fixed-Price (FP), T&M, and LH), whereas the Order-Level Materials SIN is only authorized for use under T&M and LH order CLINs.

The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN. Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs. OLMs are defined and priced at the ordering activity level in accordance with GSAR clause
552.238-82 Special Ordering Procedures for the Acquisition of Order-Level Materials. Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF). The cumulative value of OLMs in an individual task or delivery order cannot exceed 33.33% of the total value of the order.

**Underwriters Laboratories Inc. Area of Expertise**

The Underwriters Laboratories Inc. premier Institute is the Fire Safety Research Institute. The scientists and engineers of this institute are industry recognized subject matter experts in fire safety with sub specialties in firefighter research, fire investigation research, fire dynamics research, fire protection engineering research, education and outreach.

**Labor Category Descriptions**

**Research Vice President**

- Provides the expertise of a recognized national or international authority in one or more technical areas.
- Provides direction for innovation through unique inventive and multi-disciplinary approaches to client’s business issues.
- Serves as a corporate leader for Underwriters Laboratories Inc.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: Ph.D. with at least 15 years of relevant experience.
  - Option 2: MA/MS with at least 20 years of relevant experience.

**Research Director**

- Provides the expertise of a recognized national or international authority in one or more technical areas.
- Provides direction for innovation through unique inventive and multi-disciplinary approaches to client’s business issues.
- Provides leadership as a Principal Investigator on significant research projects.
- Serves as a technical expert, testifier and/or advisor.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: MA/MS with at least 10 years of relevant experience
  - Option 2: Ph.D. with at least 8 years of relevant experience.
  - Option 3: Extraordinary knowledge, ability and expertise in the sciences
and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

**Research Manager**

- Provides the services as a recognized national authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership as a Principal Investigator on significant research projects.
- Serves as a technical expert, testifier and/or advisor.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 12 years of relevant experience.
  - Option 2: MA/MS with at least 8 years of relevant experience.
  - Option 3: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

**Research Engineer 1**

- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership as a Principal Investigator on significant research projects.
- Serves as a technical expert, testifier and/or advisor.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 12 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

**Research Engineer 2**

- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership as a Principal Investigator on significant research projects.
- Serves as a technical expert, testifier and/or advisor.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 8 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.
Research Engineer 3
- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership on significant research projects.
- Serves as a technical expert, testifier and/or advisor.
- Recognized for exceptional achievements and significant contributions to the industry or field by peers, government agencies and professional organizations.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 4 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.

Research Associate
- Provides the services in one or more technical areas.
- Provides technical support on significant research projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 2 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.

Instructional Designer
- Provides the services in the area of instructional design for adult education.
- Provides leadership in coordinating subject matter experts on research projects.
- Provides technical support on significant research projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 5 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.

Marketing Content Specialist
- Provides the services in the area of photography, videography and short documentary film making.
- Provides technical support to the Instructional Designer projects.
- Provides technical support on significant research projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 2 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.
Communications Specialist I
- Provides communication services supporting one or more technical areas.
- Provides support services in the area of technical writing and photography to the standards writing teams.
- Provides technical support on significant projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 6 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.

Communications Specialist II
- Provides communication services supporting one or more technical areas.
- Provides support services in the area of technical writing and photography to the standards writing teams.
- Provides technical support on significant projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 4 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.

Communications Specialist III
- Provides communication services supporting one or more technical areas.
- Provides support services in the area of technical writing and photography to the standards writing teams.
- Provides technical support on significant projects.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 2 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business in their fields of expertise.
Program/Project Manager I

- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership on significant projects.
- Serves as a technical expert, testifier and/or advisor.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 12 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

Program/Project Manager II

- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership on significant projects.
- Serves as a technical expert, testifier and/or advisor.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 8 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

Program/Project Manager III

- Provides the services as a recognized authority in one or more technical areas.
- Provides direction for innovation through unique, inventive or multi-disciplinary approaches to client’s business issues.
- Provides leadership on significant projects.
- Serves as a technical expert, testifier and/or advisor.
- Meets or exceeds one of the following Options:
  - Option 1: BA/BS with at least 4 years of relevant experience.
  - Option 2: Extraordinary knowledge, ability and expertise in the sciences and business evidenced in sustained regional, national or international acclaim and recognition in their fields of expertise.

Services Contract Act Statement

Service Contract Act: The Service Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
