# INNOVATIVE TECHNOLOGY PARTNERSHIPS, LLC.

An innovative approach to enhancing your business success into the 21st century.

## Company Overview

Innovative Technology Partnerships, LLC (ITP) was formed as a New Mexico company in November of 1997 to assist business, education, healthcare, and government organizations to prepare for the uncertainties of the 21st century. ITP is a small business registered under several NAICS categories. ITP provides consulting, management, engineering, and technical support services in national security missions to the Department of Energy (DOE), National Nuclear Security Administration (NNSA), and the National Laboratories and Management and Operating (M&O) contractors associated with the nation's Nuclear Security Enterprise, as well as to other federal agencies and public/private sector organizations.

### Results, Value, Innovation

ITP provides world-class performance improvement and organizational learning processes that will assist an organization in today's rapidly changing environment and global economy. Our integrated solutions focus on results, promote innovation, and maximize the value of helping people do their jobs.

ITP's experienced professionals provide superior customer service and incorporate a commitment to excel that is in ITP's operating philosophy. Whether the project calls for innovative design, operational best practices, program level assessments, sophisticated technology programs, or ongoing support, you can expect a result distinguished by its quality and innovation.

ITP provides solutions to assist organizations while they navigate organizational change and the resulting performance and learning needs of individuals. Solutions are offered through our many services that we tailor to meet the specific needs of your organization.

ITP's 95 employees and more than 20 team members, additional part-time and adjunct personnel, and numerous business partners offer hundreds of years of management and technical experience in a wide range of government business operations that can be drawn upon to assist during periods of stress and significant change.

# **INNOVATIVE TECHNOLOGY PARTNERSHIPS, LLC.**

An innovative approach to enhancing your business success into the 21st century.

## **Contract Overview**

Our GSA MAS Schedule Contract is a streamlined procurement vehicle available to federal agencies and other government organizations for obtaining services from pre-qualified vendors. GSA has already completed the federally mandated contracting requirements normally required by federal regulations prior to obtaining services — including competition, pricing, and small business verification.

# INNOVATIVE TECHNOLOGY PARTNERSHIPS, LLC.

An innovative approach to enhancing your business success into the 21st century.

## Scope of the Contract

Under our GSA Multiple Award Schedule contract, Innovative Technology Partnerships (ITP) can provide a wide range of information technology support services for federal agencies. In addition, states and municipalities can use this contract for disaster recovery services. Our contract includes the following scope of work items, called “Special Item Numbers” (SINs).

### **SIN 541611, Management and Financial Consulting, Acquisition and Grants Management Support and Business Program and Management Services**

*Federal agencies can order services from ITP under SIN 541611. State and local agencies can procure Disaster Recovery services under SIN 541611RC.*

Provide operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency's portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.

### **SIN 611430, Professional and Management Development Training**

*Federal agencies can order services from ITP under SIN 611430. State and local agencies can procure Disaster Recovery services under SIN 611430RC.*

Services include offering an array of short duration courses and seminars for management and professional development. Training for career development may be provided directly to individuals or through employers' training programs, and courses may be customized or modified to meet the special needs of customers. Instruction may be provided in diverse settings, such as the establishment's or agency's training facilities, and through diverse means, such as correspondence, television, the Internet, or other electronic and distance-learning methods. The training provided may include the use of simulators and simulation methods. Proposed professional services shall be in support of planning, creating, and/or executing testing and test administration, learning management, internship, or development of new courses or subject matter delivered via an instructor-led (i.e., traditional classroom setting or conference/seminar) and/or web-based (i.e., Internet/Intranet, software packages and computer applications) system.

Examples include Training Services that are instructor led Training or Web Based Training of Education Courses, Course Development and Test Administration, Learning Management, and Internships; Environmental Training Services in order to meet Federal mandates and Executive Orders; training of agency personnel to deal with media and media responses; Logistics Training Services related to system operations, automated tools for supply and value chain management, property and inventory management, distribution and transportation management, and maintenance of equipment and facilities; Audit & Financial training services

## **INNOVATIVE TECHNOLOGY PARTNERSHIPS, LLC.**

An innovative approach to enhancing your business success into the 21st century.

related to course development and instruction required to support audit, review, financial assessment and financial management activities.

Any firm offering Defense Acquisition Workforce Improvement Act (DAWIA) and Federal Acquisition Certification in Contracting (FAC-C) Training for Acquisition Workforce Personnel will include an identify only DAWIA and FAC-C courses that have been deemed DAU equivalent or approved by the Federal Acquisition Institute (FAI).

NOTE: In accordance with OMB Policy Letter 05-01, civilian agencies must follow the course equivalency determinations accepted by the Defense Acquisition University (DAU) to ensure that core training is comparable across the workforce and qualifies for certification. When procuring FAC-C and DAWIA training for the audience identified below, the task order level Contracting Officer shall confirm that the courses being acquired are listed on one of the following websites: <https://www.fai.gov/drupal/certification/verified-contracting-course-vendor-listing> OR <http://icatalog.dau.mil/appg.aspx> (click on commercial vendors). Training Audience-Acquisition professionals interested in completing FAC-C or DAWIA.

### **SIN 541614, Deployment, Distribution and Transportation Logistics Services**

*Federal agencies can order services from ITP under SIN 541614. State and local agencies can procure Disaster Recovery services under SIN 541614RC.*

Services include the following: Deployment Logistics such as contingency planning, identifying/utilizing regional or global resources, integrating public/private sector resources, inventory/property planning, movement, storage, end-to-end industrial relocation/expansion services, and deploying communications and logistics systems to permit rapid deployment and management of supplies and equipment; Distribution and Transportation Logistics Services such as Planning and designing, implementing, or operating systems or facilities for the movement of supplies, equipment or people by road, air, water, rail, or pipeline.

### **SIN 541614SVC, Deployment, Distribution and Transportation Logistics Services**

*Federal agencies can order services from ITP under SIN 541614SVC. State and local agencies can procure Disaster Recovery services under SIN 541614SVCRC.*

Includes supply and value chain management, which involves all phases of the planning, acquisition, and management of logistics systems.

### **SIN 611512, Aviation and Flight Training**

*Federal agencies can order services from ITP under SIN 611512. State and local agencies can procure Disaster Recovery services under SIN 611512RC.*

This SIN is for companies primarily engaged in offering aviation and flight training. These establishments may offer vocational training, recreational training, or both.

## INNOVATIVE TECHNOLOGY PARTNERSHIPS, LLC.

An innovative approach to enhancing your business success into the 21st century.

### **SIN OLM, Order-Level Materials**

*If any OLMs become part of a task order, they are placed under SIN OLM (for task orders for Federal government agencies and departments) or SIN OLMRC (for Disaster Recovery services for state or local agencies).*

Order-Level Materials (OLMs) are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Federal Supply Schedule (FSS) contract or FSS blanket purchase agreement (BPA). OLMs are not defined, priced, or awarded at the FSS contract level. They are unknown before a task or delivery order is placed against the FSS contract or FSS BPA. OLMs are only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line-Item Number (CLIN) and are subject to a Not to Exceed (NTE) ceiling price. OLMs include direct materials, subcontracts for supplies and incidental services for which there is not a labor category specified in the FSS contract, other direct costs, and indirect costs. OLMs are purchased under the authority of the FSS Program and are not "open market items."

Items awarded under ancillary supplies/services or other direct cost (ODC) SINs are not OLMs. These items are defined, priced, and awarded at the FSS contract level, whereas OLMs are unknown before an order is placed. Ancillary supplies/services and ODC SINs are for use under all order type CLINs (Fixed-Price (FP), T&M, and LH), whereas the Order-Level Materials SIN is only authorized for use under T&M and LH order CLINs.

The Order-Level Materials SIN is only authorized for use in direct support of another awarded SIN. Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs. OLMs are defined and priced at the ordering activity level in accordance with GSAR clause 552.238-82 Special Ordering Procedures for the Acquisition of Order-Level Materials. Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF). The cumulative value of OLMs in an individual task or delivery order cannot exceed 33.33% of the total value of the order.
