CEI Corporate Overview

Comprehensive Environmental Inc. (CEI) is a nationally recognized environmental engineering and consulting firm providing comprehensive services to federal, state and municipal clients throughout the country. Founded in 1987, CEI is employee owned by scientists and engineers who have grown the company into an award-winning multi-disciplinary environmental services and civil engineering firm. Headquartered in Bolton, Massachusetts with offices in Maryland, Connecticut and New Hampshire, CEI is composed of Professional Engineers (civil, environmental, geotechnical, transportation and chemical), environmental scientists, Licensed Site Professionals (LSPs), Licensed Environmental Professionals (LEPs), Professional Geologists (PGs) and various other technical staff. Our staff utilize the latest computer technology with state-of-the-art field equipment. CEI has GIS, GPS, MicroStation, AutoCAD, drone, multi-media sample collection, in-situ monitoring and select survey capabilities.

This respect for our clients is reflected throughout the firm's people and projects and has helped make CEI an award-winning firm. In 2018 CEI earned top honors and was nationally recognized in the areas of environmental services, civil engineering and geotechnical engineering services.

CEI Office Locations:

**Northern New England**
- 21 Depot Street, Merrimack, New Hampshire 03054, 603.424.8444
- 170 Commerce Way, Suite 200, Portsmouth, New Hampshire 03801, 800.725.2550

**Southern New England**
- 41 Main Street, Bolton, Massachusetts 01740, 508-281-5160
- 100 Independence Drive, Suite 7 #414, Hyannis, Massachusetts 02601, 800.725.2550
- One Hartford Square-East, New Britain, Connecticut 06052, 860.224.0442

**Mid-Atlantic**
- 100 International Drive, 23rd Floor, Baltimore, Maryland 21202, 800.725.2550

CEI has a unique focus on our clients. We identify ourselves by what we provide to our clients and take pride in our key attributes including:

- Client Focused, Responsive, Quality Service
- Highly Experienced and Knowledgeable Technical Staff
- Innovative and Cost-Effective Approaches

CEI is proud to be a U.S. EPA Green Power Partner. The Green Power Partnership recognizes leading organizations across the country that purchase green power generated from environmentally preferable resources such as solar, wind, geothermal, low-impact biomass and low-impact hydro resources.
541620 Environmental Consulting Services

CEI provides comprehensive environmental consulting services focused on implementable and cost-effective solutions. Led by a highly qualified staff of engineers, scientists and technical specialists, we are known for our breadth of services, client responsiveness and ability to exceed the tightest of schedules.

The following is a brief summary of services CEI offers under 541620.

- HTRW Services including hazardous waste site investigations and remediation design
- NEPA related services including EA/EIS documentation
- Phase I and II Site Assessments, EBS, ESA, ECOPs, FOST, FOSL and FOSET
- FUDS investigations, RI/FS with uQAPP, eQAPP, HASP, PIP, and FUDSChem
- RCRA/CERCLA site investigations
- Environmental program and project management
- Spill Prevention, Control and Countermeasure Plans (SPCC)
- Vulnerability assessment & emergency response planning
- Climate change resiliency assessment and planning
- Environmental compliance and permitting
- Hydrologic modeling and TMDL assessment
- Wetlands and watershed planning & management
- Stormwater BMP Design/NPDES compliance
- Flooding, culvert and geomorphic assessment
- Environmental/regulatory guidance document development
- Sustainable design and solutions
- Restoration design and implementation
- Multi-media field sampling and monitoring
541370 Geographic Information System (GIS) Services

CEI provides comprehensive Geographic Information System (GIS) services to our clients in support of environmental programs. Services include field data collection including projects with CEI’s licensed drone pilot engineers (small Unmanned Aerial Systems - sUAS). CEI can create a unique GeoDatabase for clients to maintain data into the future.

The following is a summary of GIS services that CEI can provide under 541370.

- GIS mapping and data interpretation
- Geodatabase development and maintenance
- Repeatable, high-resolution 3D sUAS surveys
- Water quality data analysis and TMDL analysis
- Watershed characterization and vegetation mapping
- Natural resource planning and environmental data management
- Groundwater monitoring
- Natural hazard mitigation planning
- Mapping, cartography and mashups with 2D and 3D data
- Climate trend mapping and climate resilience planning
- Wildlife habitat assessment and modeling
- Invasive species identification and management
- Mapping and preservation of historical sites
