Approach

Our team of designers, programmers and engineers will listen to your staff to understand your specific needs in order to develop a website that meets or exceeds all of your expectations.

We have more than twenty years experience helping small to large businesses and government agencies communicate clearly and powerfully with their constituents.

Our aggregate knowledge and experience will make your project extremely successful.

COMPATIBILITY
Your website will be fully compatible with desktop computers, smartphones (Android & iOS), tablets, and laptops.

SECURITY
A dedicated, ultra-secure, TLS 2.0 LAMP server will be provided. Two-Factor Authentication will optionally provide extra security. GDPR Compliance will be built-in.

INTEGRATION
Your new website will have the ability to integrate with third-party systems in real time.

FLEXIBILITY
Need changes? We will meet regularly with your team and continue to customize the website to adapt to your evolving needs.

PROPERTY
Your website code and database files always remain your property, and we will train your staff to manage them.

As we listen to your staff in regular meetings, we will make recommendations for enhancements and improvements that will work best for your needs.
