Service Contract Labor Standards: The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in the cancellation of the contract.

Labor Category Descriptions:

Classification (Labor Category Title)	Responsibilities (3 + Sentences)	Minimum Education	Minimum Years of Experience
Technical Implementation Specialist, Level I	Oversees survey implementation field teams, including training enumerators on survey tool and sample maintenance. Responsible for team performance, timeline and targets. Provides data back checks and quality assurance of all data collected. Responsible for all relevant logistics to fielding the survey including transportation and lodging where required.	Masters Degree	12

Technical Implementation Specialist, Level II	Overall responsible for quality of survey, including staff and data collection firms or personnel. Oversees all aspects of sample design, survey tool design and field implementation of survey. Leads analysis and all required report writing.	Bachelors Degree	10
Technical Implementation Specialist, Level III	Provide technical oversight of monitoring, evaluation and learning (MEL) activities to ensure quality, timeliness, and efficiency of data collection, analysis, and reporting; Identify appropriate performance indicators for tracking results and monitoring critical assumptions and/or preparing comprehensive performance monitoring plans; Provide technical inputs to the technical team to assist in developing program goals and objectives as well as MEL tools and strategies and provide monitoring data to strategically inform the decisions on project performance and future direction to the project	<Bachelors Degree	15
Operations Specialist, Level I	Provides operational and administrative leadership and management on complex projects. Supports the creation and implementation of innovative methodologies, practices and evaluation criteria to deliver quality products/services, operational support, and client satisfaction. Oversees work plan and achievements, contract management including subcontractors, procurement, schedule, availability of project team and other resource allocations to ensure effective and efficient delivery of all project components on time and within budget. Expert within their field and possesses extensive experience in related areas.	Masters Degree	12

Operations Specialist, Level II	Provides day-to-day operational and administrative management expertise. Well-rounded operational management experience in relevant field. Proven experience may include and not limited to contract administration practices and procedures involving subcontractors, change management, impacts of scope changes, etc. Manages project budget, resource allocation, operations, oversees execution of all project activities including client relations, quality, and timely submission of deliverables. Possesses advanced level knowledge within their field with a moderate level of experience.	Bachelors Degree	10
Operations Specialist, Level III	Provides project management and administrative support. Familiar with standard contract administration concepts, and practices. Contributes technical experience in a particular field. Manages project budget, resource allocation, operations, and supports project planning, implementation, quality, and subcontractor activities to include scope management, timely deliverables and services delivery. Indicates proficiency within their field with a limited level of experience.	<Bachelors Degree	15
