1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Pricing Page 5.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See Labor Category Descriptions Page 6.

2. Maximum Order: For SINs 541330ENG, 541620, 562910REM, and 611420 - $1,000,000.00
For SIN OLM - $250,000.00

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic and Overseas

5. Point(s) of production (city, county, and state or foreign country): Same as company address

7. Quantity discounts: None Offered

8. Prompt payment terms: Net 30 days. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: Will not accept

10. Foreign items (list items by country of origin): None
11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

11b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor

11d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor's representative to effect a faster delivery: Contact Contractor

**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Awards Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
Labor Category Descriptions

SIN 541330ENG

**Engineering Building Envelope Principal**

**Functional Responsibility:** The Engineering Building Envelope Principal performs as a technical specialist in the field of Building Envelope Consulting. This position requires professional registration or advanced certification in area of expertise, such as RCC, REWC, RWC, and RBEC (by RCI, Inc.). Responsibilities include overseeing projects; quality management; performing final technical review of cost estimates and proposals; reports; project documents and deliverables; and overseeing Quality Control (QC) and overall project management. Responsibilities may also include providing project-specific, specialized technical training.

**Minimum Experience:** 8 years

**Minimum Education:** Bachelor’s

**Engineering Principal**

**Functional Responsibility:** The Engineering Principal serves as a technical specialist and is a Subject Matter Expert (SME) in their field(s) of practice. Responsible for senior-level management and project execution, including quality management; final review of technical documents and analyses; and providing consulting for advanced technical conditions.

**Minimum Experience:** 14 years

**Minimum Education:** Bachelor’s

**Engineering Principal Engineer / Architect**

**Functional Responsibility:** The Engineering Principal Engineer/Architect’s responsibilities include overseeing projects; performing final technical review of cost estimates and proposals; reports; project documents and deliverables and overseeing QC and overall project management. Responsibilities may also include providing project-specific, specialized technical training. This position requires professional registration (AIA, RA, PE, PG, or similar license) in area of expertise (where such registration is available).

**Minimum Experience:** 8 years

**Minimum Education:** Bachelor’s

**Engineering Project Manager**

**Functional Responsibility:** The Engineering Project Manager (PM) involves daily management of all phases of projects to include proposal preparation and review; budgeting daily and ongoing activities; preparation and review of reports; daily, on-going client interaction; and invoicing. Responsibilities also
include management of subordinate staff members on various projects and supervision of field activities.

**Minimum Experience:** 3 years

**Minimum Education:** Associate’s

---

**Engineering Sr. Project Manager**

**Functional Responsibility:** The Engineering Sr. PM is responsible for project management including monitoring project progress and budgetary performance. Also responsible for preparing proposals, project budgets, reports, project deliverables, and client interaction and presentation of deliverables. This position also requires professional registration, or advanced certification, and also may require technical review of reports and supporting calculations/documentation, and drawings and details prepared by others.

**Minimum Experience:** 6 years

**Minimum Education:** Associate’s

---

**Engineering Staff Project Manager**

**Functional Responsibility:** The Engineering Staff PM undertakes daily management of all phases of projects to include proposal preparation and review; monitoring the progress of projects; scheduling field activities and personnel; budgeting daily and ongoing activities; preparation and review of reports and project deliverables; daily, on-going client interaction; and project invoicing. Responsibilities also include supervision of field activities and may include performing field work.

**Minimum Experience:** 1 year

**Minimum Education:** Associate’s
SINs 541620, 562910REM, 611430

**Certified Industrial Hygienist**

**Functional Responsibility:** The Certified Industrial Hygienist serves as a technical specialist in the field of Industrial Hygiene. Responsible for work standards, assigning schedules, supervising personnel, and communicating policies. Provides expert knowledge of industrial hygiene related subject matter. Develops and implements external training programs.

**Minimum Experience:** 10 years

**Minimum Education:** Bachelor’s

**Environmental Field Geologist**

**Functional Responsibility:** The Environmental Field Geologist serves as a scientific resource in the field of geology, while performing, and in certain instances, managing the field operation of a specific project. Provides guidance to technicians as well as completing daily site operations. Is generally responsible for monitoring field activities of a particular project.

**Minimum Experience:** 2 years

**Minimum Education:** Associate’s

**Environmental Principal Geologist**

**Functional Responsibility:** The Environmental Principal Geologist serves as the technical specialist in the field of Geology/Hydrogeology for the company, as it relates to specific projects. Also acts in the supervisor role on specific projects, as needed, and provides expert knowledge in the field of geology. Additional certification or registration (PG), as needed.

**Minimum Experience:** 12 years

**Minimum Education:** Bachelor’s

**Environmental Project Manager**

**Functional Responsibility:** The Environmental PM position involves daily management of all phases of projects to include proposal preparation and review; budgeting daily and ongoing activities; preparation and review of reports; daily, on-going client interaction; and invoicing. Responsibilities also include management of subordinate staff members on various environmental projects and supervision of field activities. Implements external training programs.

**Minimum Experience:** 3 years

**Minimum Education:** Associate’s
**Environmental Senior Project Manager**

**Functional Responsibility:** The Environmental Senior PM is responsible for project management including monitoring project progress and budgetary performance. Also responsible for preparing proposals, project budgets, reports, and project deliverables, as well as client interaction and presentation of deliverables. This position also requires professional registration, or advanced certification and also may require technical review of reports and supporting calculations / documentation, and drawings and details prepared by others. Develops and implements external training programs.

**Minimum Experience:** 4 years

**Minimum Education:** Bachelor’s

**Experience & Degree Substitution Equivalencies**
Experience exceeding the minimum shown may be substituted for education. Likewise, education exceeding the minimum shown may be substituted for experience.
