

GENERAL SERVICES ADMINISTRATION

Federal Supply Service *Authorized Federal Supply Schedule Price List*

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through **GSA Advantage!**[™], a menu-driven database system. The INTERNET address for **GSA Advantage!**[™] is: <http://www.GSAAdvantage.gov>.

Schedule for - Multiple Award Schedule

Federal Supply Group: Professional Services

Contract Number: 47QRAA20D003L

**For more information on ordering from Federal Supply Schedules
click on the FSS Schedules button at <http://www.gsa.gov/schedules-ordering>**

Contract Period: December 23, 2019 - December 22, 2024

Contractor: INFLOWLOGISTICS, LLC
110 Broadway Suite 444
San Antonio, TX 78205 1929

Business Size: Small, Woman Owned, HUBZone Business

Telephone: 866-916-6484

Extension:

FAX Number:

Web Site: <https://inflow-ns.com>

E-mail: proposals@inflow-ns.com

Contract Administration: Nancy Jeter

Price list current as of Modification #PS-A812 effective April 13, 2020

CUSTOMER INFORMATION:

1a. Table of Awarded Special Item Number(s) with appropriate cross-reference to page numbers:

SIN	Recovery	SIN Description
541330ENG	541330ENGRC	Engineering Services
541420	541420RC	Engineering System Design and Integration Services
541380	541380RC	Testing Laboratories
541611	541611RC	Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services
54151S	54151SRC	Information Technology Professional Services
541715	541715RC	Engineering Research and Development and Strategic Planning
OLM	OLMRC	Order Level Materials

- 1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.**

All SINs \$45.97

- 1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item.**

See below

- 2. Maximum Order:** SIN 541380, OLM: \$250,000
SIN 541420, 541611, 541715, 541330ENG: \$1,000,000.00
SIN 54151S: \$500,000
- 3. Minimum Order:** \$100.00
- 4. Geographic Coverage (delivery Area):** Domestic Only
- 5. Point(s) of production (city, county, and state or foreign country):** Same as company address
- 6. Discount from list prices or statement of net price:** Government net prices (discounts already deducted).
- 7. Quantity discounts:** None
- 8. Prompt payment terms:** Net 30 Days. "Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions."
- 9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Yes
- 10. Foreign items (list items by country of origin):** None
- 11a. Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. Expedited Delivery.** The Contractor will insert the sentence "Items available for expedited delivery are noted in this price list." under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor
- 11c. Overnight and 2-day delivery.** The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor

- 11d. Urgent Requirements.** The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery: Contact Contractor
- 12. F.O.B Points(s):** Destination
- 13a. Ordering Address(es):** Same as Contractor
- 13b. Ordering procedures:** For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.
- 14. Payment address(es):** Same as company address
- 15. Warranty provision.:** Contractor’s standard commercial warranty.
- 16. Export Packing Charges (if applicable):** N/A
- 17. Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
- 18. Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
- 19. Terms and conditions of installation (if applicable):** N/A
- 20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. Terms and conditions for any other services (if applicable):** N/A
- 21. List of service and distribution points (if applicable):** N/A
- 22. List of participating dealers (if applicable):** N/A
- 23. Preventive maintenance (if applicable):** N/A
- 24a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants).** N/A
- 24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor’s website or other location.) The EIT standards can be found at:**
www.Section508.gov/. N/A
- 25. Data Universal Numbering System (DUNS) number:** 079566858
- 26. Notification regarding registration in System for Award Management (SAM) database:**
Registered
- 27. Final Pricing:**
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

Labor Category	Functional Responsibilities	Minimum Education	Minimum Experience (Years)
Program Support Specialist	Maintains and/or provides assistance with documentation and administrative tracking systems and tools. Tasks may include desktop publishing, copy editing, electronic records management, administration of document repositories, project tracking and scheduling, topical research, and/or meetings support.	HS	2
Digital Media Specialist	Uses design skills and technology to produce content for websites and other digital media. May employ a number of skills including photography, illustration, videography, animation, and print/layout techniques.	HS	2
Jr. Analyst	Works with large amounts of data to research and analyze a range of topics. Presents and/or translates data into easily understood formats and able to draw conclusions based on findings. Skilled at written and verbal communication when presenting information or working with clients and teammates. Applies diligence and critical thinking skills to daily tasks.	HS	2
Software Developer	Designs, develops, and maintains software applications and related databases. Applies knowledge of operating environments, development frameworks, and coding to deliver software. Performs work in accordance with the software development lifecycle: requirements gathering, development, testing, deployment, bug tracking, and reporting.	HS	4
Database Administrator	Uses specialized software to store and organize data. May perform some or all of related functions including capacity planning, installations, configuration, database design, migration, performance monitoring, security, troubleshooting, and backup and data recovery.	HS	4
IT Engineer	Develops, tests, installs, configures, and troubleshoots computer hardware and software and creates supporting documentation. Applies technical knowledge to solve organizational technology challenges. May also create new technologies, including the development of networking and software solutions.	Bachelors	4
Systems Analyst	Identifies organizational improvements, designs systems to implement those changes, and trains and motivates others to use the systems. Typically responsible for implementing and/or improving systems to include planning, development, testing, and deployment activities. Applies highly specialized skills to perform work.	Bachelors	6
Jr. Systems Analyst	Assists in identifying organizational improvements, helps design systems to implement those changes, and trains and motivates others to use the systems. Uses analysis and design techniques to solve business problems using information technology.	HS	4
Chemist	Analyzes organic and/or non-organic compounds to determine chemical and physical properties, composition, structure, relationships, and reactions. Compiles and analyzes test information. Collaborates with team members to conduct analyses of research projects, interpret test results, improve procedures, and/or develop nonstandard tests. Writes technical papers and reports.	Bachelors	1
Jr. Forensics Specialist	With direction from a supervisor, collects and preserves the integrity of evidence at crime scenes (e.g., hair, fiber and blood samples, lift fingerprints and footprints). Uses laboratory equipment and chemical solutions to classify materials and identify unique characteristics, which may include DNA analysis. Documents findings and creates detailed reports.	HS	4

Labor Category	Functional Responsibilities	Minimum Education	Minimum Experience (Years)
Technical Consultant	Works to improve the design and efficiency of Engineering systems. Combines technical knowledge with analytical, innovative, and interpersonal skills to solve technical problems. Highly knowledgeable about organizational objectives and systems so that they can assist users and technical staff with issues. Works in partnership with clients, advising them how to use technology to meet business objectives.	Bachelors	6
Systems Engineer	Identifies technology improvements that meet organizational needs and designs systems to implement those changes. Responsible for the implementation of new/improved systems, to include planning, development, testing, and deployment activities. Applies specialized skills to perform work. Trains and motivates others to use the systems.	Bachelors	4
Engineer	Designs and executes engineering projects to create workable solutions for organizations. Prepares plans prior to commencing work that typically require detailed drawings, diagrams, project specifications, calculations, and/or cost estimates. Completes required technical and regulatory documents and ensures projects are completed on-time and within the specified budget. Communicates frequently with technical teams, clients, and other stakeholders to ensure goals are met.	Bachelors	4
Training Specialist	Plans, conducts, and administers training programs to improve the skills and knowledge of their audience. Develops content and creates training materials that improve the learning experience for students. May use a variety of delivery methods and tools, including classroom, virtual, hands-on, and/or learning management systems (LMS).	HS	4
Project Manager	Coordinates the completion of projects on time, within budget, and within scope. Uses experience and judgement to develop plans and accomplish goals. Responsible for the management of resources, including assigning responsibilities, tracking progress, and reporting results. Works closely with clients and other key stakeholders to resolve issues.	Bachelors	6
Sr. Data Analyst	Collects and interprets data from various sources, applies domain knowledge, and reports results to an organization to support decision-making. Identifies patterns and trends in data sets. May also define new data collection and analysis processes and/or tools.	Bachelors	6
Sr. IT Engineer	Develops, tests, installs, configures, and troubleshoots computer hardware and software and creates supporting documentation. Applies advanced domain knowledge to solve organizational technology challenges. May also create new technologies, including the development of networking and software solutions.	Bachelors	6
Security Specialist	Seeks to build in security during the development of systems, software, networks, and their support processes. Looks for vulnerabilities and risks and continuously monitors for attacks and intrusions. Upon identification of a potential threat or attempted breach, works to secure the vulnerability.	Bachelors	2
Forensics Specialist	Responsible for collecting and preserving the integrity of evidence at crime scenes (e.g., hair, fiber and blood samples, lift fingerprints and footprints). Uses laboratory equipment and chemical solutions to classify materials and identify unique characteristics. Documents findings and creates detailed reports. May supervise other team members.	Bachelors	2
Technician	Work with complex systems or perform highly technical mechanical or diagnostic tests. Follows protocols to perform tasks and may collect data and produce reports. Works under supervision.	HS	4

Service Contract Labor Standards : The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCLA), is applicable to this contract as it applies to the entire Professional Services Schedule (PSS) Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCLS labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
