On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!™, a menu-driven database system. The INTERNET address for GSA Advantage!™ is: http://www.GSAAdvantage.gov.

Schedule for: Multiple Award Schedule (MAS)  
Category: Federal Supply Group: MAS  
Contract Number: 47QRAA20D004T

For more information on ordering from Federal Supply Schedules, click on the FSS Schedules button at http://www.gsa.gov/schedules-ordering  
Contract Period: 20 Feb 2020 to 19 Feb 2025

Contractor: JOVIAN SOFTWARE CONSULTING LLC  
625 Kenmoor Ave SE Ste 104,  
Grand Rapids, MI 49546

Business Size: Small, Woman Owned Business  
Telephone: (616) 920 0458

DUNS: 080950886  
CAGE code: 7ZVH8  
Web Site: https://www.joviansc.com/  
E-mail: sales@joviansc.com

Contract Administration: Ashwini Kelkar

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. Not Applicable.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See Labor Category Descriptions in Appendix.

2. Maximum Order: $1,000,000.00

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic Only

5. Point(s) of production (city, county, and state or foreign country): Same as company address

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted) See Quantity discounts below.

7. Quantity discounts: 1.0% for task orders above $600K

8. Prompt payment terms: Net 30 days. Note: Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold: Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold: Yes

10. Foreign items (list items by country of origin): None

11a. Time of Delivery (Contractor insert number of days): Specified on the Task Order

11b. Expedited Delivery: Please Contact Contractor

11c. Overnight and 2-day delivery: Please Contact Contractor
11d. **Urgent Requirements**: Please Contact Contractor

12. **F.O.B Points(s)**: Destination

13a. **Ordering Address(es)**: Same as above

13b. **Ordering procedures**: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s) are found in Federal Acquisition Regulation (FAR) 8.405-3.

14. **Payment address(es)**: Same as above

15. **Warranty provision.**: N/A

16. **Export Packing Charges (if applicable)**: N/A

17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level)**: Please Contact Contractor

18. **Terms and conditions of rental, maintenance, and repair (if applicable)**: N/A

19. **Terms and conditions of installation (if applicable)**: N/A

20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable)**: N/A

20a. **Terms and conditions for any other services (if applicable)**: N/A

21. **List of service and distribution points (if applicable)**: N/A

22. **List of participating dealers (if applicable)**: N/A

23. **Preventive maintenance (if applicable)**: N/A

24a. **Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants)**: N/A

24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor’s website or other location.)** The EIT standards can be found at: www.Section508.gov/.: N/A

25. **Data Universal Numbering System (DUNS) number**: 080950886

26. **Notification regarding registration in System for Award Management (SAM) database**: Registered
**27. Final Pricing:**
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and/or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
Labor Category Descriptions

This section contains the descriptions for the labor categories for the SIN’s. The job description, functional responsibility and qualifications for each of the labor categories are below. The education requirements and substitutions are included at the end of this section under “Education Requirements and Substitutions”

**Subject Matter Expert**

Description

- A Subject Matter Expert is a highly skilled individual who is a recognized expert in an engineering field, discipline, or technology. A Subject Matter Expert is a critical resource supporting project planning and execution and is expected to independently perform a broad range of engineering tasks supporting full lifecycle development including planning, requirements, architecture, design, implementation, analysis, integration, and test. A Subject Matter Expert interfaces with key stakeholders from the Government, Industry, and Academia in order to resolve highly complex problems.

Functional Responsibilities

- Requirement Analysis and Strategic Planning
- Application of Requirements and Goals to Technology Solution
- Special and State-of-the-art Studies and Analysis
- Prepares Technical Briefings and Technical Papers
- Working Group and Consortium Participation and Leadership
- Provides Training and Mentorship
- Guides Development and Integration of Systems
- Technology Roadmap Development and Planning
- Technology Concept Development and Proposals
- System, Software, Hardware Architecture Development and Analysis
- Applies Expert Skill or Knowledge to Engineering of Systems
- Performs Specialized and Highly Complex Technical and Engineering Tasks
- Principal Research Investigation
- Regulatory Compliance Support
- Government, Industry and Academia Interface

Qualifications

- Subject Matter Expert 2 – Master’s Degree and 24 years of experience including 18 years of engineering experience
- Subject Matter Expert 1 – Master’s Degree and 20 years of experience including 16 years of engineering experience
Senior Engineer

Description

- A Senior Engineer provides mentorship and leadership to engineering teams and is responsible for the overall success of engineering projects. A Senior Engineer is expected to excel at a broad range of engineering tasks supporting full lifecycle development including planning, requirements, architecture, design, implementation, analysis, integration, and test. A Senior Engineer interfaces with key stakeholders from the Government, Industry, and Academia in order to execute engineering projects.

Functional Responsibilities

- Project Planning and Management
- Technical Leadership
- Engineering Process Development
- Responsible for Project Quality
- Requirement Management and Analysis
- Use Case Analysis
- System, Software, Hardware Architecture Development and Analysis
- System, Software, Hardware Design, Implementation, Integration, and Verification
- Support Program Planning and Execution
- Regulatory Compliance Support
- Provides Training and Mentorship
- Approval and Review of Engineering and Technical Data

Qualifications

- Senior Engineer 4 – Master’s Degree and 18 years of experience including 14 years of engineering experience
- Senior Engineer 3 – Master’s Degree and 16 years of experience including 12 years of engineering experience
- Senior Engineer 2 – Master’s Degree and 14 years of experience including 10 years of engineering experience
- Senior Engineer 1 – Master’s Degree and 12 years of experience including 8 years of engineering experience

Engineer

Description

- An Engineer performs engineering duties within focused engineering disciplines such as systems, software, hardware, and aerospace. An Engineer is expected to perform a broad range of engineering tasks supporting full lifecycle development including planning, requirements, architecture, design, implementation, analysis, integration, and test as part of an integrated team.
Functional Responsibilities

- System, Software, Hardware Requirement Analysis
- System, Software, Hardware Design
- System, Software, Hardware Implementation
- System, Software, Hardware Integration
- System, Software, Hardware Verification
- System, Software, Hardware Validation
- System, Software, Hardware Analysis
- Model-Based System Engineering and Analysis
- Automation and Process Improvement
- Functional, Interface, and Technical Specification Development

Qualifications

- Engineer 4 – Master’s Degree and 10 years of engineering experience
- Engineer 3 – Master’s Degree and 6 years of engineering experience
- Engineer 2 – Bachelor’s Degree and 4 years of engineering experience
- Engineer 1 – Bachelor’s Degree and 0 years of engineering experience

Program Manager

Description

- A Program Manager is responsible for the budgeting, planning, and execution of multiple projects in alignment with organizational goals and objectives. A Program Manager is expected to be significantly skilled in project management, risk management, resource management, and lifecycle management. A Program Manager interfaces with key Government stakeholders in order to meet organizational objectives.

Functional Responsibilities

- Develop Budgets and Operating Plans
- Stakeholder Management
- Program Planning, Execution, Monitoring and Reporting
- Risk Management
- Lifecycle Management
- Resource Prioritization and Management
- Execute Change Management and Version Control
- Contract Support and Negotiation
- Trade-off Analysis
- Regulatory Compliance Support

Qualifications

- Program Manager 2 – Bachelor’s Degree and 16 years of experience
- Program Manager 1 – Bachelor’s Degree and 10 years of experience
Education Requirements and Substitution

Degrees are relevant to the role including degrees in Engineering, Computer Science, Information Technology, Business, Mathematics, Physics or other related scientific or technical discipline.

A master's degree and 4 years of experience can be substituted for a PhD.
A bachelor's degree and 2 years of experience can be substituted for a master’s degree.
An associate degree and 2 years of experience can be substituted for a bachelor’s degree.
High School (or GED) and 4 years of experience can be substituted for a bachelor’s degree.
