Business Size:
Small Business

North Line GIS is a full service GIS firm which was founded in 2006. We are a designated small business located in Breckenridge, CO and provide services to clients across the US. We are committed to providing the best GIS solutions to our clients which are tailored to their needs. North Line GIS is an Esri Business Partner and has earned the ArcGIS for Local Government, ArcGIS Release Ready, and ArcGIS Online Specialty designations. We are also a retailer for Eos GPS units and solutions.

We employ industry “best practices” in all of our solutions and seek to develop strong relationships with our customers to truly understand their needs. Our team brings a well-rounded approach to develop tailored solutions which will meet the needs of today and expandable to accommodate future desires of a GIS.

## Labor Category Descriptions

<table>
<thead>
<tr>
<th>Service</th>
<th>Description</th>
<th>Minimum Education</th>
<th>Minimum Years of Experience</th>
</tr>
</thead>
<tbody>
<tr>
<td>GIS Consultant</td>
<td>The GIS Consultant provides Strategic Planning services, ArcGIS Architecture planning, Enterprise ArcGIS deployments, Solution Engineering using the ArcGIS Platform, GIS Needs Assessments, Project Management, data assessments, integration assessments, and general GIS consulting services.</td>
<td>Bachelors degree in GIS, Geography or a related field</td>
<td>3</td>
</tr>
<tr>
<td>GIS Data Developer</td>
<td>The GIS Data Developer is responsible for the data developments and analysis using a myriad of data inputs. The Data Developer is also responsible for researching and collecting spatial data from other agencies, digitizing maps and conversions from other formats to GIS, editing and maintaining spatial data, generating feature services and ArcGIS Online solutions, performing analysis and datasets using remotely sensed data. The GIS Data Developer is also responsible for scripting and script development for analysis and completion of repetitive tasks.</td>
<td>Bachelors degree in GIS, Geography or a related field</td>
<td>1</td>
</tr>
<tr>
<td>Application Developer</td>
<td>The Application Developer is responsible for creating spatial applications for web based, desktop and mobile use. These are built on the Esri platform using templates and API's from Esri. The position requires the development of spatial and map-based tools for use in data development, management and analysis that utilizes map algebra. The position requires the development of web-based applications on the Portal for ArcGIS and ArcGIS Online platforms which may require the development of custom tools or widgets that employ data from ArcGIS Enterprise databases and services.</td>
<td>Bachelors degree in GIS or Computer Science</td>
<td>2</td>
</tr>
<tr>
<td>Subject Matter Expert (UAS)</td>
<td>The SME in aerial imagery and photogrammetry is responsible for mission planning, permitting, and flights of UAS vehicles for data acquisition. The SME is responsible for the development of control points and extractions of data from the aerial collections.</td>
<td>Bachelors</td>
<td>1</td>
</tr>
<tr>
<td>GPS Analyst</td>
<td>GPS Analysts provide field collection services using high accuracy GPS units capable of centimeter accuracy. The analyst is responsible for project and data layer preparation for use in the mobile software. They are required to download the data and import it into the appropriate data layers at the completion of the project along with developing the accuracy report for the project.</td>
<td>Bachelors</td>
<td>3</td>
</tr>
<tr>
<td>Senior GIS Specialist</td>
<td>The Specialist is responsible for developing cartographic products in paper, digital and web-based formats along with performing data analysis. The data must be clearly presented and easy to understand while being visually appealing to the user base. The Specialist must be familiar with industry standard symbology, layouts and commercial printing requirements along with web based development standards.</td>
<td>Bachelors degree in GIS, Geography or a related field</td>
<td>5</td>
</tr>
