

**GSA  
Federal Supply Schedule  
Price List**

**For  
Multiple Award Schedule**

**Contract No.  
47QRAA20D0079**

**Price List Current as of**

**PS-A824**

**Federal Supply Service  
Authorized Federal Supply Schedule Price List**

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through GSA *Advantage!*<sup>™</sup>, a menu-driven database system. The INTERNET address for GSA *Advantage!*<sup>™</sup> is: <http://www.GSAAdvantage.gov>.

**Schedule for:  
Professional Services Category  
Technical and Engineering Services (Non IT) Subcategory**

**Federal Supply Group: MAS      Class: R425  
Contract Number: 47QRAAD0079**

**For more information on ordering from Federal Supply Schedules click on the FSS Schedules button at <http://www.gsa.gov/schedules-ordering>  
Contract Period: June 25, 2020 – June 24, 2025**

**Contractor:** Boeing Aerospace Operations, Inc.  
6200 JS McDonnell Blvd.  
St. Louis, MO 63134-1939

**Business Size:** Large Business

In accordance with 13 C.F.R. 121.404, the Contractor is ineligible to participate in any RFQ that is set aside for small business where the subject contract's awarded size status for the preponderance NAICS designated in the RFQ is "other than small".

**Boeing Aerospace Operations, Inc.**

**Contract Administration:** Connor Lotz  
**Telephone:** (314) 563-7049  
**E-mail:** [connor.j.lotz@boeing.com](mailto:connor.j.lotz@boeing.com)

## **CUSTOMER INFORMATION:**

**1a. Table of Awarded Special Item Number(s) under the H09 Technical and Engineering Services (Non IT) Subcategory:**

SIN	SIN Description	
541330ENG	Engineering Services	<small>DISAST PURCH</small>
541380	Testing Laboratories	<small>DISAST PURCH</small>
541420	Engineering System Design and Integration Services	<small>DISAST PURCH</small>
541715	Engineering Research and Development and Strategic Planning	<small>DISAST PURCH</small>
OLM	Order Level Materials	<small>DISAST PURCH</small> <small>COOP PURCH</small>

**1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.**

**1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item.**

- 2. Maximum Order: \$1,000,000.00**
- 3. Minimum Order: \$100.00**
- 4. Geographic Coverage (delivery Area): World Wide**
- 5. Point(s) of production (city, county, and state or foreign country): Same as company address**

*Boeing Aerospace Operations, Inc.*

- 6. Discount from list prices or statement of net price:** Government net prices (discounts already deducted). See Attachment.
- 7. Quantity discounts:** None Offered
- 8. Prompt payment terms:** Net 30 days\*  
\*Information for Ordering Offices: Prompt Payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.
- 9a. Notification that Government purchase cards are accepted up to the micro-purchase threshold:** Yes
- 9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:** Will Accept.
- 10. Foreign items (list items by country of origin):** None
- 11a. Time of Delivery (Contractor insert number of days):** Specified on the Task Order
- 11b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery:** Contact Contractor
- 11c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery are available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery:** Contact Contractor
- 11d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to effect a faster delivery:** Contact Contractor
- 12. F.O.B Points(s):** Destination
- 13a. Ordering Address(es):** Same as Contractor
- 13b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), and a sample BPA are found Federal Acquisition Regulation (FAR) 8.405-3.**
- 14. Payment address(es):** POC address: 6200 JS McDonnell Blvd.  
St. Louis, MO 63134-1939

*Boeing Aerospace Operations, Inc.*

15. **Warranty provision:** Contractor's standard commercial warranty.
16. **Export Packing Charges (if applicable):** N/A
17. **Terms and conditions of Government purchase card acceptance (any thresholds above the micro-purchase level):** Contact Contractor
18. **Terms and conditions of rental, maintenance, and repair (if applicable):** N/A
19. **Terms and conditions of installation (if applicable):** N/A
20. **Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable):** N/A
- 20a. **Terms and conditions for any other services (if applicable):** N/A
21. **List of service and distribution points (if applicable):** N/A
22. **List of participating dealers (if applicable):** N/A
23. **Preventive maintenance (if applicable):** N/A
- 24a. **Environmental attributes, e.g., recycled content, energy efficiency, and/or reduced pollutants:** N/A
- 24b. **If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor's website or other location.) The EIT standards can be found at:** [www.Section508.gov/](http://www.Section508.gov/).
25. **Data Universal Numbering System (DUNS) number:** 175304687
26. **Notification regarding registration in System for Award Management (SAM) database:** Registered in System for Award Management (SAM) database
27. **Final Pricing:**  
The rates shown below include the Industrial Funding Fee (IFF) of 0.75%.

### BOEING GSA Multiple Award Schedule

#### Labor Categories and Prices – Effective June 2020

Applicable to:

- **Category:** Professional Services
- **Subcategory:** H09, Technical and Engineering Services (Non IT)
- **SINs:** 541330ENG, 541380, 541420, and 541715

**Service Contract Act:** The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire GSA Consolidated Federal Supply Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and / or when the contractor adds SCLS labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

***Boeing Aerospace Operations, Inc.***

## Labor Category Descriptions

### GSA Schedule Labor Category Descriptions

#### 1. Program Manager

Functional Description: Provides management over all aspects of a business area, including employees performing activities within multiple engineering disciplines. Directs and manages internal/external communications and all functional program activities to meet contract cost, schedule and technical/engineering performance objectives. Provides oversight and approval of engineering and technical approaches, products and processes. Makes final decisions on administrative or operational matters affecting more than one segment or functional activity of the program.

Minimum Experience: This position typically requires twenty years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent related experience.

#### 11. Consulting Engineer

Functional Description: Possesses unique experience, skills, and expert knowledge in highly specialized technical, functional, and/or process areas within the engineering discipline or across engineering disciplines. Provides leadership for engineering of systems, system elements, interfacing systems, components, devices and/or processes. Applies best industry practices and standards, leading-edge technology, and innovative solutions to intractable problems. Works directly with customer management to apply advanced principles, theories, and concepts and develops comprehensive solutions to complex problems. Defines key concepts for planning, deployment, integration, operation and/or enhancement of state-of-the-art and/or legacy systems. Employs methodologies for guiding others in problem resolution. Develops insightful solutions to meet fiscal, technological and schedule constraints.

Minimum Experience: This position typically requires twenty years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

#### 12. Principal Engineer

Functional Description: Provides leadership and direction for engineering of systems, system elements, interfacing systems, components, devices and/or processes. Possesses extensive managerial, technical and/or business knowledge. Provides engineering leadership in solving complex problems. Develops strategic and implementation plans. Develops system architecture and design including software, hardware, communications and interface requirements. Leads in definition, trade-off and design activities. Prepares, reviews, and evaluates documentation, specifications, test plans and procedures. Conducts analysis to define, analyze and allocate requirements. Oversees test programs. Leads analysis of requirements to ensure intended functionality, operation and performance requirements are achieved. May provide daily supervision and direction to staff.

Minimum Experience: This position typically requires eighteen years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

**Boeing Aerospace Operations, Inc.**

### 13. Senior Engineer

Functional Description: Provides discipline-specific or system-specific engineering support on systems, system elements, interfacing systems, components, devices and/or processes. Possesses in-depth technical and theoretical knowledge in specific discipline. Works independently or on a team and solves engineering-related problems. Supports entire system life cycle. Develops system architecture and design including software, hardware, communications and interface requirements. Leads definition, trade-off and design activities. Prepares, reviews, and evaluates system documentation, specifications, test plans and procedures. Conducts analysis to define, analyze and allocate requirements. Supports test programs and analyzes testing. Conducts analysis of requirements and components and performs audits to ensure functionality, operations and performance requirements are achieved. May provide daily supervision and direction to staff.

Minimum Experience: This position typically requires thirteen years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

### 14. Intermediate Engineer/Field Service Engineer

Functional Description: Provides engineering support on systems, system elements, interfacing systems, components, devices and/or processes. Possesses broad knowledge of industry practices, standards and technology areas. Works as a member of a team and assists with solving complex problems in an engineering discipline. Develops strategic and implementation plans. Contributes to system architecture and design including software, hardware, communications and interface requirements. Provides definition, trade-off and design support. Reviews, evaluates, and analyzes designs. Prepares, reviews, and evaluates documentation, specifications, test plans and procedures. Performs analysis to define, analyze and allocate requirements. Supports test programs and analyzes testing. Performs analysis of requirements and components and performs audits to ensure intended functionality and performance is achieved. Conducts installation and maintenance of systems/equipment, and provides associated training

**Boeing Aerospace Operations, Inc.**

to customer personnel. Diagnoses, isolates, and corrects problems to component level to restore system's functions.

Minimum Experience: This position typically requires eight years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

#### **15. Engineer/Field Service Engineer**

Functional Description: Provides engineering support on systems, system elements, and/or interfacing systems, components, devices and/or processes. Possesses general working knowledge of industry practices, standards and technology areas. Works under general supervision, follows established procedures, and solves routine problems in the engineering discipline. Applies engineering disciplines to support design, development, implementation and operation activities. Assists in definition, trade-off and design activity. Reviews, evaluates, and analyzes designs. Prepares, reviews, and evaluates documentation, specifications, test plans and procedures. Assists in definition, analysis and allocation of requirements. Supports test programs and analyzes testing. Conducts analysis of requirements and components and supports audits conducted to ensure intended functionality and performance is achieved. Conducts installation and maintenance of systems/equipment, and provides associated training to customer personnel. Diagnoses, isolates, and corrects problems to component level to restore system's functions.

Minimum Experience: This position typically requires four years of experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

#### **16. Assistant Engineer/Field Service Engineer**

Functional Description: Provides engineering support on systems, system elements, and/or interfacing systems, components, devices and/or processes. Possesses basic knowledge of industry practices, standards and technology areas. Works under close supervision and assists with solving routine problems in an engineering discipline. Assists in definition, trade-off and design activity. Reviews, evaluates, and analyzes design interfaces. Prepares, reviews, and evaluates interface documentation, specifications, test plans and procedures. Assists in definition, analysis and allocation of requirements. Supports test programs and analyzes testing. Conducts installation and maintenance of systems/equipment, and provides associated training to customer personnel. Diagnoses, isolates, and corrects problems to component level to restore system's functions.

Minimum Experience: This position typically requires some related experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in Engineering, Science, or other related field. See Note, Page 10.

#### **51. Subject Matter Expert III**

Functional Description: Recognized at the industry level in a technical field or specialized engineering or technology area and is proficient in relevant engineering principles and practices. Applies experience, skills, and expert knowledge within an engineering discipline to complex assignments. Generates unique concepts as evidenced by synthesis of new products or processes. Creates or uses engineering/scientific tools to solve technical problems. Utilizes and develops tools, techniques, processes and/or facilities such as state-of-the-art simulation environments, laboratories, and test facilities. Provides leadership for engineering activities in a specialized engineering or technology subject area. Serves as a major contributor to technical planning process and for providing technical management and guidance.

Minimum Experience: This position typically requires eleven years of experience in functional areas such those described above. See Note, Page 10.

Minimum Education: Masters or equivalent in Engineering, Science, or other related field. See Note,

Page 10.

**Business Operations:****61. Business Manager**

Functional Description: Organizes, directs, and controls the business activities associated with execution of an engineering task order, including preparation, negotiation, administration, and pricing of engineering contracts and subcontracts; engineering program cost and schedule performance reporting, budgeting, and asset management.

Minimum Experience: This position typically requires six years of related experience. See Note, Page 10.

Minimum Education: Bachelor's degree or equivalent in business or other related field. See Note, Page 10.

**Note** - The following footnote applies to all labor categories: Due to variations in the education and experience from person to person, occasionally, education may be substituted with additional experience, or experience may be substituted with additional education. Acceptable qualification substitutions are described in the chart below:

**GSA Multiple Award Schedule  
Labor Qualification Chart**

Cat #	Labor Category Title	Standard Requirement		Acceptable Substitutions (Degree and Year's Experience)			
		Min Required Education (Degree)	Min Required Experience (Years)	Associate's Degree	Bachelor's Degree	Master's Degree	PhD
	<b><u>Program/Project Management</u></b>						
1	Program Manager	Bachelor's	20	22	-	18	16
	<b><u>Engineering</u></b>						
11	Consulting Engineer	Bachelor's	20	22	-	18	16
12	Principal Engineer	Bachelor's	18	20	-	16	14
13	Senior Engineer	Bachelor's	13	15	-	11	9
14	Intermediate Engineer/Field Service Eng.	Bachelor's	8	10	-	6	4
15	Engineer / Field Service Engineer	Bachelor's	4	6	-	2	0
16	Assistant Engineer/Field Service Eng.	Bachelor's	0	2	-	0	0
	<b><u>Subject Matter Expertise</u></b>						
53	Subject Matter Expert III	Master's	11	15	13	-	9
	<b><u>Business Operations</u></b>						
61	Business Manager	Bachelor's	6	8	-	4	2
