26. Registration in the System for Award Management (SAM): Parsifal Corporation is registered in the System for Award Management (SAM).
Service Contract Labor Standards: The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA) is applicable to this contract as it applies to the entire Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories/employees to the contract through the modification process, the contractor must inform the CO and establish an SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
Service Category Descriptions

Parsifal provides an investigative approach to transportation audits. The auditor is confirming (or adjusting) invoices with relation to government policy, tariffs and regulations, as well as confirming weights, shipment volumes, transportation law, etc. If applicable, we verify that a specific charged service did, in fact, occur and was charged appropriately. Auditors and managers are required to go through Parsifal's training program, and to have gained expert knowledge in transportation audits.

Parsifal’s Services are currently classified under 5 Service Categories:

**Fee-Based Transportation Audit Services – 1st Invoice**

Services consist of auditing of transportation invoices. Functional responsibilities include reviewing all main invoices with regard to HTOS/RFO, tariffs, transportation law, weight/inventory, etc., ensuring all elements of the invoice are accurate. Services are performed by auditors who have gone through Parsifal's training program, and have gained expert knowledge in this field. This service pertains to the first invoice, as there is often only one invoice associated with the service.

Minimum Education = High School Diploma  
Minimum Years of Experience = 1 year + Audit Training

**Fee-Based Transportation Audit Services – Supplemental Invoice(s)**

Services consist of auditing of transportation invoices. Functional responsibilities include reviewing all supplemental invoices with regard to HTOS/RFO, tariffs, transportation law, weight/inventory, etc., ensuring all elements of the invoice are accurate. Services are performed by auditors who have gone through Parsifal's training program, and have gained expert knowledge in this field. This service pertains to the second invoice or additional invoices, related to the same shipment of goods that applied to the first invoice. Parsifal’s fees for supplemental invoices are charged for processing the additional invoice(s) and to audit the supplemental charges that were not billed on the first invoice. Furthermore, Parsifal confirms that no charges were duplicated.

Minimum Education = High School Diploma  
Minimum Years of Experience = 1 year + Audit Training

**Percentage-Based Transportation Audit Services - % Recovery Fee**

Services consist of auditing of transportation invoices. Functional responsibilities include reviewing all invoices, with regards to HTOS/RFO, tariffs, transportation law, weight/inventory, etc. Services are performed by auditors who have gone through Parsifal's training program, and have gained expert knowledge in this field. Transportation services are audited in the same way as described in Parsifal’s other auditing service categories, however the fee is based on a percentage of adjustment (NOC) discovered.

Minimum Education = High School Diploma  
Minimum Years of Experience = 1 year + Audit Training
Service Category Descriptions (cont’d)

**Consulting – Transportation Audit Services**

Services consist of customized consulting, primarily for audit analysis projects outside the scope of basic invoice auditing, specific to transportation shipments, including both pre and post payment. Functional responsibilities include gleaning data from data sources and analyzing data respective to the project. Services are performed by auditors who have gone through Parsifal’s training program and have gained expert knowledge in this field. These services are charged on an hourly basis.

**Minimum Education = Associates Degree**  
**Minimum Years of Experience = 1 year**

**Consulting Manager – Transportation Audit Services**

Services consist of customized consulting, primarily for audit analysis projects outside the scope of basic invoice auditing, specific to transportation shipments, including both pre and post payment. Functional responsibilities include effective collation/analysis of the consultant's work. Services are performed by managers who have a thorough knowledge of auditing as well as relocation in general, based on Parsifal's training program and years of experience in relocation. These services are charged on an hourly basis.

**Minimum Education = Bachelor’s Degree**  
**Minimum Years of Experience = 5 years**
