CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

SINs	Recovery	SIN Title
541611	541611RC	Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services
541990	541990RC	All Other Professional, Scientific, and Technical Services (Non-IT)
541930	541930RC	Translation and Interpretation Services
OLM	OLMRC	Order-Level Materials (OLM's)

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Page 4

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility, and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. See Page 4

2. Maximum order: \$1,000,000

3. Minimum order: \$350

4. Geographic coverage (delivery area). Worldwide

5. Point(s) of production (city, county, and State or foreign country). Same as Company Address

6. Discount from list prices or statement of net price. Government Net Prices (discounts already deducted.)

7. Quantity discounts. None

8. Prompt payment terms. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions. Net 30 days

9. Foreign items (list items by country of origin). None

10a. Time of delivery. (Contractor insert number of days.) To Be Determined at the Task Order level

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. Contact Contractor

- 10c. Overnight and 2-day delivery. Contact Contractor
- 10d. Urgent Requirements. Contact Contractor
- 11. F.O.B. point(s). Destination
- 12a. Ordering address(es). Same as Contract Address
- 12b. Ordering procedures: See Federal Acquisition Regulation (FAR) 8.405-3
- 13. Payment address(es). Same as Contractor Address
- 14. Warranty provision. Standard Commercial Warranty Terms & Conditions
- 15. Export packing charges, if applicable. Not Applicable
- 16. Terms and conditions of rental, maintenance, and repair (if applicable). Not Applicable
- 17. Terms and conditions of installation (if applicable). Not Applicable
- 18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable). Not Applicable
- 18b. Terms and conditions for any other services (if applicable). Not Applicable
- 19. List of service and distribution points (if applicable). Not Applicable
- 20. List of participating dealers (if applicable). Not Applicable
- 21. Preventive maintenance (if applicable). Not Applicable
- 22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). Not Applicable
- 22b. If applicable, indicate that Section 508 compliance information is available on Information and Communication Technology (ICT) within Customer Information Item 22b per I-FSS-600.supplies and services and show where full details can be found (e.g. contractor's website or other location.) The ICT standards can be found at: www.Section508.gov/. Not Applicable
- 23. Unique Entity Identifier (UEI). K72BN7KDZUN4
- 24. Notification regarding registration in System for Award Management (SAM) database. Contractor registered and active in SAM

CORPORATE CAPABILITIES

From our beginning in 1994 supporting the Department of Justice and industry partners, to becoming a trusted partner of the intelligence community, LIS Solutions has provided our customers with advanced solutions in language services, cyber security, intelligence analysis and Information Technology in all Combatant Commands (COCOM). LIS provides this support through disciplined methodologies based on balanced, sustainable integrations of technology and human talent. Leveraging our capabilities, resources and deep experience, we deliver customized results based on an in-depth understanding of each customer’s need and each project’s unique requirements. We strive to help stakeholders make better, faster decisions at critical junctures. Most importantly, we strive to ensure safety and security in the United States and around the world.

LIS Solutions was established to bring equality and opportunity to the citizens of America. Recognizing the extensive challenges present by communication barriers, LIS brought innovative solutions to bridge the gap while creating a safe and secure environment in which individuals could defend themselves and freely pursue their dreams, regardless of background or origin.

By providing a voice to the individual, our message resonated throughout our communities and resulted in the opportunity to support the many. Today, LIS proudly supports missions around the globe for customers throughout the Intelligence Community (IC), Department of Defense (DoD), Civilian Agencies, and Law Enforcement Community, as well as State and Local Municipalities and Private and Commercial sector clients. Through organic growth and continued performance our core capabilities now include Language Support Services, Cybersecurity, Intelligence Analysis and Information Technology.

What started as a commitment to one, has grown into an incredible honor and a relentless pursuit towards giving opportunity and security to every citizen of the United States and our allies.

Our reward is supporting those we serve and the freedom and security we honorably and humbly help provide.

Our Competitive Advantage is our Experience

Since 1994, LIS has developed a strong core of contract-based clients ranging from federal, state and local government agencies to Fortune 500 companies. Some of our federal clients include:

Bureau of Public Debt	Document and Website Translation, American Sign Language, Onsite Interpretation, Cultural Consulting, Language Training
Centers of Medicare and Medicaid Services	Over the Phone Interpretation, Translation, DTP, 508 Compliance, Website and Document Localization, Consulting/Analysis
Defense Intelligence Agency	Translation, Transcription, DOCEX, DOMEX, OSINT, Counterintelligence, Counterespionage, Intel Analysis, Cybersecurity, Information Technology, Program Management, Screening, Triage, Workflow Coordination, QC
Executive Office for Immigration Review	Immigration Court Interpretation
Federal Bureau of Investigation	Document Translation, Interpretation, Cleared Linguistic Support Services and Title III Monitoring
Federal Department of Education	Document Translation, Onsite Interpretation
Federal Emergency Management Agency	Translation, Transcription, Interpretation, 508 Compliance, DTP

Immigration and Customs Enforcement	Title III Monitoring, Translation, Transcription, Interpretation, Telephonic Interpretation, Analysis, Logistics
INSCOM	CONUS and OCONUS Translation, Transcription and Interpretation Support, OCONUS Intelligence Analysis
Internal Revenue Services	American Sign Language
National Endowment for the Humanities	Document Translation, Onsite Interpretation
National Labor Relations Board	Document Translation, Onsite Interpretation
National Virtual Translation Center	Document Translation, DOCEX, DOMEX, Intelligence Analysis, Linguistic Support, QC Management
Securities and Exchange Commission	Document Translation, Onsite Interpretation, Transcription
Social Security Administration	Interpretation and Translation Services
U.S. Air Force	OCONUS Interpretation, Program Management and Cultural Consulting
U.S. Attorney's Office	Document Translation, Onsite Interpretation, Transcription
U.S. Bureau of Prisons	Onsite Interpretation, translation, transcription, and monitoring
U.S. Citizenship and Immigration Services	Document and Website Translation, American Sign Language Services
U.S. Coast Guard	OCONUS Linguistic Support, Analytical Support, Cultural Consulting, Onsite Interpretation, Telephonic Interpretation
U.S. Customs and Border Patrol	Translation, Telephonic Interpretation, American Sign Language, Audio Equipment Management and Support
U.S. Fish and Wildlife Services	Document Translation, Desktop Publishing
U.S. Marine Corp Forces Special Operations Command	Language Instruction, Cultural Training, Role Player Support
U.S. Military Academy	Strategic Role Playing, Cultural Consulting, Language Training, Onsite Interpretation
U.S. Small Business Administration	Document Translation, Transcription
U.S. Special Operations Command	Language Instruction, Cultural Training
U.S. Navy (SEAPORT NxG)	Engineering and Program Management

PROFESSIONAL SERVICES - BUSINESS ADMINISTRATIVE SERVICES

LIS supports our customers with Management Consulting, as well as Business Program and Project Management Services. We provide operating solutions on administrative and management issues. This includes supporting our customers with relevant and effective multi-disciplined intelligence information encompassing the full spectrum of the intelligence life cycle—Planning and Direction, Collection, Processing and Exploitation, Analysis and Production and Dissemination and Integration.

LANGUAGE SERVICES

With more than 25 years of experience as an advanced and innovative language services provider, LIS Solutions supports a broad range of organizations. Our clients include federal, state and local government agencies, international organizations, small to midsize businesses and Fortune 500 companies. In all 50 states and around the world, we have more than 10,000 professional linguists skilled in over 250 languages and dialects.

Our customers have come to depend on our quality, flexibility, and timely support services uniquely solutioned to their needs. We develop integrated, seamless workflows by combining the latest industry-specific technologies with experienced and talented language professionals.

Our integrated ISO 9001 and 17100 certified quality control processes and procedures ensure we deliver accurate, consistent, and timely products, as well as precise solutions designed to exceed customer expectations. Our Project Managers, each SDL Trados Certified, leverage industry-best tools such as Plunet and SDL Trados to maximize efficiencies and accuracy.

Language Services Include:

American Sign Language (ASL)
 Conference Equipment Sales and Rental (Audio and Video)
 Consecutive and Simultaneous Interpretation
 Cultural Consulting Desktop
 Publishing (DTP) Document and Media Translation
 Language Analysis (OSINT, DOCEX, DOMEX)
 Language Instruction

Localization
 Over the Phone Interpretation (OPI)
 Role Play and Military Exercise Support
 Title III Monitoring
 Transcription
 Translation Memory Management and Glossary Development
 Video Remote Interpreting (VRI)
 Voice over and Subtitling

PRICING AND SERVICE DESCRIPTIONS

SIN 541611 and 541990 LABOR CATEGORY DESCRIPTIONS

LABOR CATEGORY	DESCRIPTION	MINIMUM EDUCATION	MINIMUM YEARS EXPERIENCE
All Source Analyst-Junior	Conducts analysis using intelligence and information from multiple sources to assess, interpret, forecast, and explain a range of national security issues and developments that are regional or functional in nature. Provides all-source analytic support to collections, operations, investigations, and other defense intelligence analytic requirements.	Bachelors	3
All Source Analyst-Mid	Demonstrate comprehensive mission knowledge and skills that affirms completion of all developmental training and experiences for the labor category. Demonstrates ability to structure analysis based on trends in reporting and a range of analytic perspectives from other analysts, organizations, and intelligence disciplines. Demonstrates ability to lead teams in researching multifaceted or critical problems. Conducts analysis using intelligence and information from multiple sources to assess, interpret, forecast, and explain a range of national security issues and developments that are regional or functional in nature. Provides all-source analytic support to collections, operations, investigations, and other defense intelligence analytic requirements.	Bachelors	8
All Source Analyst-Senior	Conducts analysis using intelligence and information from multiple sources to assess, interpret, forecast, and explain a range of national security issues and developments that are regional or functional in nature. Provides all-source analytic support to collections, operations, investigations, and other defense intelligence analytic requirements. Demonstrate mastery of qualitative and quantitative analytic methodologies and pursue developments in academia or other fields that affect tradecraft methodology. Demonstrates	Masters	12

	ability to review analytic products for cogent arguments, tradecraft standards, and adequate support for conclusions routinely tests analytic rigor of analytic products.		
All Source Analyst-Expert	Conducts analysis using intelligence and information from multiple sources to assess, interpret, forecast, and explain a range of national security issues and developments that are regional or functional in nature. Provides all-source analytic support to collections, operations, investigations, and other defense intelligence analytic requirements. Demonstrates ability to define problems, supervise studies and lead surveys to collect and analyze data to provide advice and recommend solutions. Demonstrates ability to define problems, supervise studies and lead surveys to collect and analyze data to provide advice and recommend solutions. Demonstrates extensive ability to provide strategic advice, technical guidance and expertise to Defense planners and policymakers (e.g. Undersecretary level or higher).	Masters	20
Counterterrorism / Insurgency Analyst-Junior	Produces IC-coordinated all-source intelligence analytic products on non-state actors such as terrorist and insurgency groups and their activities worldwide. Analysis includes, but is not limited to, identifying, exposing, and exploiting terrorist / insurgent planning, operations, vulnerabilities; chemical, biological, radiological, nuclear, and explosives (CBRNE) terrorist tactics, techniques and procedures (TTPs); provide warning; and pattern of life and network development analysis. Provides analytic support to counterterrorism and counter insurgency operations to include operating 24 / 7 warning activities and Document and Media Exploitation (DOMEX). Supports the tracking, identifying, entering, and management of identify information on known or suspected terrorists as well as nominating identities as terrorist threats.	Bachelors	3
Counterterrorism / Insurgency Analyst Mid	Demonstrate comprehensive mission knowledge and skills that affirms completion of all developmental training and experiences for the labor category. Demonstrates ability to structure analysis based on trends in reporting and a range of analytic perspectives from other analysts, organizations, and intelligence disciplines. Demonstrates ability to lead teams in researching multifaceted or critical problems. Threat Finance Analyst - Junior	Conducts all-source forensic accounting analysis and production, by fusing financial/transactional data from formal banking systems, financial reports, and other forms of reporting. Analyzes specific foreign financial activities including threat financiers, facilitators, and financial networks / operations associated with, but not limited to, terrorism, CD, narco-terrorism, counterintelligence, insurgency, proliferation, and operational activity which threatens US national security interests. Aggregates and fuses multi-modal transactional data and identity. Maps and performs analysis of financial data from formal banking systems, financial reports, and informal transfer means. Prepares and integrates financial data from all available sources including,	Bachelors	3

	<p>but not limited to, SIGINT intercepts; HUMINT; Law Enforcement Foreign Intelligence Surveillance Act (FISA), search warrants and subpoenas; DOMEX, and shared data such as Bank Secrecy Act, formal banking system, Suspicious Activities Reports, and informal systems. Understands payment relationships, revenue-generation, and money-laundering methods. Applies statistical techniques including flows analysis, visualizations, and geospatial analysis tools to bulk and raw transactional data. Applies pattern analysis to large data sets. Applies intelligence collection requirements, essential elements of information, priority intelligence requirements, and search terms to DOMEX triage processes. Applies data engineering to interface with structured data and data forensics tools.</p>		
Threat Finance Analyst - Mid	<p>Demonstrate comprehensive mission knowledge and skills that affirms completion of all developmental training and experiences for the labor category. Demonstrates ability to structure analysis based on trends in reporting and a range of analytic perspectives from other analysts, organizations, and intelligence disciplines. Demonstrates ability to lead teams in researching multifaceted or critical problems. Conducts all-source forensic accounting analysis and production, by fusing financial/transactional data from formal banking systems, financial reports, and other forms of reporting. Analyzes specific foreign financial actives including threat financiers, facilitators, and financial networks / operations associated with, but not limited to, terrorism, CD, narco-terrorism, counterintelligence, insurgency, proliferation, and operational activity which threatens US national security interests. Aggregates and fuses multi-modal transactional data and identity. Maps and performs analysis of financial data from formal banking systems, financial reports, and informal transfer means. Prepares and integrates financial data from all available sources including, but not limited to, SIGINT intercepts; HUMINT; Law Enforcement Foreign Intelligence Surveillance Act (FISA), search warrants and subpoenas; DOMEX, and shared data such as Bank Secrecy Act, formal banking system, Suspicious Activities Reports, and informal systems. Understands payment relationships, revenue-generation, and money-laundering methods. Applies statistical techniques including flows analysis, visualizations, and geospatial analysis tools to bulk and raw transactional data. Applies pattern analysis to large data sets. Applies intelligence collection requirements, essential elements of information, priority intelligence requirements, and search terms to DOMEX triage processes. Applies data engineering to interface with structured data and data forensics tools.</p>	Bachelors	8

Collection Manager- Junior	Applies intelligence collection systems and capabilities to inform intelligence consumers of collection developments and relevancy through a range of products. Collaborates across the IC to understand customer intelligence needs and gaps to optimize developing and validating collection requirements for the customer. Evaluates the efficiency and effectiveness of multi-INT collection against requirements and the execution of collection plans and strategies to generate reliable and valid intelligence to customers. Assesses the value of collected intelligence, versus the customers' need(s) and decision making. Uses statistical, algorithmic, mining and visualization techniques to find and interpret ISR data sources. Manages large amounts of data, ensures data consistency, produces visualizations and develops models to report findings. Assists developing methods and criteria to evaluate whether collection requirements been satisfied, using Measures of Effectiveness (MOEs), Measures of Performance (MOPs), response to collection plans and strategies, and other, and procures feedback of findings. Identifies collection gaps, related trends and opportunities; assesses collection options, tests assumptions. And produces judgements, recommendations and solutions to refine collection. Produces analyses identifying gaps in collections methods, and models future intelligence collection scenarios for Collection Strategists, Intelligence Planers, and Collection Enterprise Architects. Demonstrates proficiency conducting statistic and using statistical packages such as, but not limited to, MATLAB, SPSS, SAS, SPLUS, or R. Graduate of an in-residence DoD / IC collection management course.	Bachelors	3

	concepts, and may lead other individuals assisting in the work.		
General Consultant-Expert	Applies skills in such areas as systems development, knowledge of business processes, technical background or supervisory capacity to implement business solutions. For example, Consultants may perform tasks such as develop functional and technical information system designs; supervise business integration analysts in the development of software designs, computer programming, system testing or training curricula; lead business process redesign teams in the development of new business process architectures; design training programs for information systems users; participate in quality reviews to ensure work complies with specified standards; develop teamwork plans; perform workflow analyses; design and manage databases; define information systems requirements; or assist in project budget preparation. The highest level of expertise, potentially with a doctoral education or commensurate years of experience, and able to lead/guide teams of other Consultants.	Masters	20
Subject Matter Expert-Junior	Demonstrates technical industry experience in the relevant subject matter. This individual will use related technical expertise and/or industry focus expertise in fulfilling the interpreted customer specifications or requirements. Highly experienced in the industry with regard to the technical knowledge, capability, and experience required in their field of study. Provides thought leadership related to current and future customer plans with regard to the stated technical requirements. Has commensurate education and/or certifications relevant to the technical subject. Significant years of experience may offset formal education. Performs more routine aspects of the position and is supervised by higher levels.	Associates	4
Subject Matter Expert-Mid	Demonstrates technical industry experience in the relevant subject matter. This individual will use related technical expertise and/or industry focus expertise in fulfilling the interpreted customer specifications or requirements. Highly experienced in the industry with regard to the technical knowledge, capability, and experience required in their field of study. Provides thought leadership related to current and future customer plans with regard to the stated technical requirements. Has commensurate education and/or certifications relevant to the technical subject. Significant years of experience may offset formal education. This level performs more varied and difficult tasks compared to the Junior level, yet has less autonomy than the Senior level.	Bachelors	8
Subject Matter Expert-Senior	Demonstrates technical industry experience in the relevant subject matter. This individual will use related technical expertise and/or industry focus expertise in fulfilling the interpreted customer specifications or requirements. Highly experienced in the industry with regard to the technical knowledge, capability, and experience required in their field of study. Provides thought leadership related to current and future customer plans with regard to the stated technical requirements. Has commensurate education and/or certifications relevant to the technical subject. Significant years of experience may offset formal education. High School or Equivalent	2

* **SERVICE CONTRACT LABOR STANDARDS:** *The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.*

SIN 541930 LABOR RATES
