Company Information

INTRODUCTION
By leveraging diverse and multi-disciplinary backgrounds, we provide innovative solutions and a broad range of environmental consulting services. From contaminated sites characterization to third-party technical review and oversight, our consultants are here to help.

COMPANY HISTORY
Geotic Solutions LLC began as a sole proprietorship in early 2014 and incorporated in 2015. Since our inception we have provided environmental consulting support to government clients either directly or as a subcontractor through prime contracts. Our company motto is “innovative approaches to environmental science.” As a company, we specialize in providing solutions to novel and complex environmental problems.

Our President and founder, Preston Sowell has over 20 years of experience as an environmental scientist and consultant. Mr. Sowell began his career supporting projects for the U.S. Navy and the U.S. Environmental Protection Agency (USEPA) and has continued to support both state and federal public agencies throughout his career at both the field and programmatic levels. Having worked on a wide variety of novel and complex projects, he is a versatile and resourceful professional with a diversity of experience and training within the environmental industry.

OUR PRIMARY SERVICES INCLUDE:

- Hazardous waste site characterization and Conceptual Site Model (CSM) development
- Environmental program development
- Data research, analysis, and synthesis
- Oversight of third-party environmental sampling
- Sampling and Analysis Plan (SAP) development and environmental sampling
- Risk Assessment
- Environmental Management System (EMS), Sustainability, and Compliance Auditing
- Environmental Impact Analysis
- Review of Phase I and II Environmental Site Assessments (ESA)

TECHNICAL EXCELLENCE • RESOURCEFUL PROFESSIONALS • CREATIVE THINKING
