MULTIPLE AWARD SCHEDULE (MAS)

Category: Professional Services
Subcategory: H01. Business Administrative Services Subcategory

SIN 541611 Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services
Provide operating advice and assistance on administrative and management issues. Examples include: strategic and organizational planning, business process improvement, acquisition and grants management support, facilitation, surveys, assessment and improvement of financial management systems, financial reporting and analysis, due diligence in validating an agency's portfolio of assets and related support services, strategic financial planning, financial policy formulation and development, special cost studies, actuarial services, economic and regulatory analysis, benchmarking and program metrics, and business program and project management.

FSC/PSC Code: R408

Category: Professional Services
Subcategory: H03. Financial Services Subcategory

SIN 541219 Budget and Financial Management Services
Services include accounting, budgeting, and complementary financial services such as: transaction analysis, transaction processing, data analysis and summarization, technical assistance in devising new or revised accounting policies and procedures, classifying accounting transactions, special studies to improve accounting operations, assessment and improvement of budget formulation and execution processes, special reviews to resolve budget formulation or budget execution issues, and technical assistance to improve budget preparation or execution processes.

FSC/PSC Code: R703

Category: Office Management
Subcategory: A08. Office Services Subcategory

SIN 561110 Office Administrative Services
Includes a range of turnkey day-to-day office administrative support services, such as clerical/secretarial functions, data entry, payroll administration, recordkeeping, travel preparation, scheduling, notetaking, meeting management, drafting memos/notes/letters, purchasing/requisitioning supplies, and logistics.

FSC/PSC Code: R699
SIN OLM     Order-Level Materials (OLM)

OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:
- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering

Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not To Exceed (NTE) ceiling price

OLMs are not:
- "Open Market Items"
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:
- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against a FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

NOTE: When used in conjunction with a Cooperative Purchasing eligible SIN, this SIN is Cooperative Purchasing Eligible.

FSC/PSC Code: 0000

Special Item Number 541611, 541219, 561110

Labor Category Descriptions

Acquisition Specialist II
Develops repeatable acquisition processes and acquisition artifacts (e.g., requirements documents, statements of work, requests for proposals, source selection plans, risk management plans, engineering plans, and other documents as necessary). Provides acquisition support, including market analysis, comparative data, cost analysis, performance requirements, and rough orders of magnitude. Participates and assists in source selection, recommending evaluation factors, evaluations, and analyzing proposal-provided data/information. Knowledge of the Federal Acquisition Regulation (FAR). Excellent written and verbal communication skills.
Minimum Education – Bachelor’s Degree
Minimum/General Experience – 7 years

Acquisition Specialist III
Develops repeatable acquisition processes and acquisition artifacts (e.g., requirements documents, statements of work, requests for proposals, source selection plans, risk management plans, engineering plans, and other documents as necessary). Provides acquisition support, including market analysis, comparative data, cost analysis, performance requirements, and rough orders of magnitude. Participates and assists in source selection, recommending evaluation factors, evaluations, and analyzing proposal-provided data/information. Extensive knowledge of the Federal Acquisition Regulation (FAR). Excellent written and verbal communication skills. Will perform almost all work independently in a senior level role that will likely include management, oversight, and training responsibilities. Will provide formal briefings and/or training to others. Will be responsible for exercising much latitude over the approach and implementation of taskings, developing original solutions, prioritizing workload, and making recommendations on overall strategies.
Minimum Education – Bachelor’s Degree
Minimum/General Experience – 10 years

Compliance Specialist
Ensures that organizations comply with already established industry specifications, standards, regulations, and laws. Reviews operational practices and creates and enforces compliance plans. Develops, implements, and enforces policies and procedures that keep a company's products, processes, and physical sites operating in a legal and ethical manner.
Minimum Education – Bachelor’s Degree
Minimum/General Experience – 5 years
**Administrator**

Experienced and proficient with a wide variety of graphic and office automation tools and produces documents without errors. Knowledgeable about typical organizational support and staff management tasks. Schedules and coordinates taskings and appointments, manages documents and files, reviews documents, and may provide specialized event support and planning.

Minimum Education – High School Diploma
Minimum/General Experience – 2 years

**Executive Administrator**

Provides multi-faceted administrative support and assistance to ensure effective use of an executive's time and productive interactions with staff and the public. Handles a wide range of administrative and support tasks and independently initiates and implements processes to manage projects, information, and people. Manages the executive's schedule, meeting preparations, follow-up tasks, and complex travel arrangements. Conducts research and information gathering on behalf of the executive and prepares summaries and reports. Develops positive and strategic relationships at all levels of the organization. Uses discretion, judgement, and knowledge of the organization to facilitate the executive's activities and maintain confidentiality. May be responsible for directing and deploying support staff or other resources. Typically reports to an executive. Occasionally directs several aspects of the work and gains exposure to some of the complex tasks within the job function.

Minimum Education – Associate’s Degree
Minimum/General Experience – 5 years

**Financial Analyst I**

Assists in preparing, coordinating, and documenting financial analysis projects. Provides analytical support for forward-looking financial and business-related projects. Assists in preparing forecasts and analysis of trends in manufacturing, sales, finance, general business conditions, and other related areas. Assists in financial forecasting and reconciliation of internal accounts.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 1 year

**Financial Analyst II**

Prepares, coordinates, and documents financial analysis projects, such as financial and expense performance, rate of return, depreciation, working capital, and investments. Provides analysis for forward-looking financial and business-related projects. Prepares forecasts and analysis of trends in manufacturing, sales, finance, general business conditions, and other related areas. Reconciles internal accounts. Identifies trends and developments in competitive environments and presents findings to senior management. Gains exposure to some of the complex tasks within the job function.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 3 years
Financial Analyst III

Prepares, coordinates, and documents financial analysis projects, such as financial and expense performance, rate of return, depreciation, working capital, and investments. Provides analysis for forward-looking financial and business-related projects. Prepares forecasts and analysis of trends in manufacturing, sales, finance, general business conditions, and other related areas. Identifies trends and developments in competitive environments and presents findings to senior management. Creates and analyzes monthly, quarterly, and annual reports, and ensures financial information has been recorded accurately. May conduct special financial and business-related studies and cooperates with other departments in the preparation of analyses. Contributes to moderately complex aspects of a project.

Minimum Education – Bachelor’s Degree.
Minimum/General Experience – 6 years

Program Manager

Coordinates and monitors the scheduling, pricing, and technical performance of programs. Negotiates and prepares contracts by considering financial conditions, resources, and contractual requirements. Ensures adherence to master plans and schedules, develops solutions to program problems, and directs work of incumbents assigned to program from various departments. Ensures projects are completed on time and within budget. Acts as advisor to program team regarding projects, tasks, and operations.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 8 years

Project Analyst I

Collects data and prepares organization-wide project status analysis and reporting. Supports the Program Management Office (PMO) that oversees the program and project control of an organization. Coordinates efforts to optimize cross-project resources. Assists individual project participants with resources and guidance for documentation, training, and best practices. Works on projects/matters of limited complexity in a support role.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 2 years

Project Analyst II

Collects data and prepares organization-wide project status analysis and reporting. Supports the Program Management Office (PMO) that oversees the program and project control of an organization. Coordinates efforts to optimize cross-project resources. Assists individual project participants with resources and guidance for documentation, training, and best practices. Participates in the financial auditing and assessment of completed projects and the development of future project roadmaps. Works complex project tasks within the job function.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 4 years
Project Analyst III
Collects data and prepares organization-wide project status analysis and reporting. Supports the Program Management Office (PMO) that oversees the program and project control of an organization. Coordinates efforts to optimize cross-project resources. Assists individual project participants with resources and guidance for documentation, training, and best practices. Participates in the financial auditing and assessment of completed projects and the development of future project roadmaps. Support is generally independent and collaborative in nature. Contributes to moderately complex aspects of a project.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 5 years

Project Manager
Manages a project from planning through delivery. Liaises between project members, cross-functional teams, external vendors, and other stakeholders to ensure deliverables, requirements, schedules, cost, and meeting plans are communicated. Utilizes appropriate tools to plan project timelines, tasks, milestones, and deadlines. Communicates schedule and changes to all stakeholders. Plans and facilitates project meetings to align the project team to methods and goals and to track project tasks. Prepares agendas, meeting notes, and project summaries. Monitors task completion status to identify at risk project tasks and to develop mitigation plans. Allocates resources, budgets, and hours to the project and adjusts allocations when necessary.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 6 years

Senior Human Resources (HR) Specialist
Manages recruiting efforts, develops and delivers employee on-boarding, conducts benefits enrollment and tracking, and works with leadership to develop and cultivate an energetic and engaging employee experience. Creates, implements, and evaluates all HR department policies, procedures, and structures. Manages health and life insurance programs, designs, and implements effective training and development plans, ensures that all employee records are maintained and updated with new hire information or changes in employment status, identifies the company's hiring needs and manages the recruitment process to ensure it runs smoothly, responds to employee queries, and resolves issues in a timely and professional manner.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 7 years

SharePoint Administrator
Plans, designs, implements, and supports information sharing and document collaboration processes utilizing Microsoft SharePoint and SharePoint-related technologies. Provides subject matter expertise in implementing the technical infrastructure and business rules and governance for enterprise deployments of SharePoint. Facilitates or conducts envisioning sessions by identifying candidate business processes and data for conversion to SharePoint. May design and develop custom SharePoint applications and integrations using Microsoft design and development tools and third-party applications.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 10 years
Subject Matter Expert I

Initiates, supervises, and/or develops requirements from a project’s inception to conclusion for complex to extremely complex programs. Provides strategic advice, technical guidance, and expertise to program and project staff. Provides detailed analysis, evaluation, and recommendations for improvements, optimization development, and/or maintenance efforts for client-specific or mission critical challenges/issues. Consults with client to define need or problem, supervises studies, and leads surveys to collect and analyze data to provide advice and recommend solutions.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 8 years

Subject Matter Expert II

Consults on highly specialized, leading-edge technologies and methodologies. Initiates, supervises, and/or develops requirements from a project’s inception to conclusion for complex to extremely complex programs. Provides strategic advice, technical guidance, and expertise to program and project staff. Provides detailed analysis, evaluation, and recommendations for improvements, optimization development, and/or maintenance efforts for client-specific or mission critical challenges/issues. Consults with client to define need or problem, supervises studies, and leads surveys to collect and analyze data to provide advice and recommend solutions. Performs cost/benefit analysis and provides recommendations.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 10 years

**Technical Writer I

Collects and interprets technical data or information and coordinates layout for publication. Creates and publishes technical documents and manuals. Additional administrative responsibilities include document tracking, filing, and knowledge management. Ensures correct grammar, format, style, and logic while using a variety of word processing, spreadsheet, and graphics tools. Edits narratives and graphic products to identify and correct typographical and grammatical errors, and to identify logical inconsistencies that may require author attention.

Minimum Education – Associate’s Degree
Minimum/General Experience – 2 years

**Technical Writer II

Able to understand engineering and business information and communicate the information in standard documents for coordinated reviews and approval. Additional administrative responsibilities include document tracking, filing, and knowledge management. Explains technical data and information in styles that are tailored for specific audiences (non-technical and technical). Ensures correct grammar, format, style, and logic while using a variety of word processing, spreadsheet, and graphics tools. Gathers and converts data into a written narrative. Elicits, defines, refines, and traces documentation requirements of a business and technical nature. Edits narratives and graphic products to identify and correct typographical and grammatical errors, and to identify logical inconsistencies that may require author attention.

Minimum Education – Bachelor’s Degree
Minimum/General Experience – 6 years
CRITERIA FOR EXPERIENCE/EDUCATION SUBSTITUTIONS

Due to the availability or limitation of education, occasionally, substitution of experience (as referenced below) for a professional labor type with additional years of experience will be provided to the Federal Agency when responding to their requirements. It is solely the acquiring agency’s determination if the substitution is considered acceptable prior to an award. Additional education over the minimum required in any labor category may be substituted for required experience as follows:

<table>
<thead>
<tr>
<th>Required Education</th>
<th>Actual Education</th>
<th>Credit for Additional Experience (Years)</th>
</tr>
</thead>
<tbody>
<tr>

</table>

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), apply to this contract and it includes SCLS-applicable labor categories. Labor categories and fixed price services marked with a (***) in this pricelist are based on the U.S. Department of Labor Wage Determination Number(s) identified in the SCLS/SCA matrix. The prices awarded are in line with the geographic scope of the contract (i.e., nationwide).
