Company Overview

Acclaim Technical Service’s (ATS) corporate headquarters is in Reston, VA and has been in business since January 2000. Most of our staff have active top-secret security clearances that enable ATS to provide services within secured facilities where special access is required (SAR).

ATS’s mission is to further the most specialized national security objectives through the delivery of high-quality and responsive CONUS & OCONUS operational support solutions to the defense and intelligence communities. This is made possible by our motivated employee-owner specialists and experienced leaders, who are experts in the areas of Technology, Intelligence, Language, Operations and Training.

Our country’s vital defense and intelligence missions may evolve, but they never cease. The systems that ensure mission successes must always operate at peak efficiency. That’s why at ATS, our engineering and development expertise spans every phase of the system life cycle, from requirements, design, build, testing, integration, and installation to operation and maintenance in live mission environments dealing with complex, interconnected threats and challenges. ATS analysts and linguists work around the clock pursuing the nation’s most critical targets. We are trained experts in a host of critical disciplines including targeting methodologies, tactical and strategic guidance, counterterrorism, counter proliferation, and geolocation analysis.

At ATS, a true sense of ethics and integrity informs all we do. These rock-solid values find their expression in our brand, our people, our product, and the services we deliver to our clients.

The Service Contract Labor Standards, formerly the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories/employees to the contract through a modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in the cancellation of the contract.
