Not Applicable

24b. Section 508 compliance information for EIT is available:
www.resicuminternational.com

25. Data Universal Number System (DUNS) number:
079761936

26. Notification regarding registration in System for Award Management (SAM) database.
611512 – Flight Training

Resicum provides flight training (611512) for multiple advanced aircraft platforms that include the UH60 A/L/M, AH64 D/E, OH58D/R, CH47F and multiple fixed wing platforms. We provide all personnel, equipment, supplies, facilities, transportation, tools, materials, supervision, and other items and non-personal services necessary to deploy Mobile Training Teams around the world to provide Aviation Training to our customers. Additionally, Resicum also provides Aviation Training and mentorship to members of the Military, United States Government Agencies and civilians on helicopter operations, employment, maintenance, and organization. Resicum conducts appropriate testing and evaluations required to monitor student performance. We provide flight training (both flight and academic) on all military rotary wing platforms.

Resicum provides Department of Defense approved training/mentorship normally performed by U.S. Army Instructor Pilots, Examiners, Technicians, and NCOs within TRADOC units. Formal military flight training courses of instruction include:

**Aircraft Qualification Course (AQC)**
**Pilot-in-Command Course**
**Software Upgrade and Differences Training**
**Collective Training**
**Maintenance Test Pilot (MTP) Progression**
**Instructor Pilot (IP) Progression**
**Overwater Operations Training**

**Curriculum Development:** Resicum provides subject matter experts to develop all curriculum and associated course material and Program of Instruction (POI) for each Aircraft Qualification Course and the Aerial Gunnery Course.
Resicum provides qualified personnel to ensure quality pilot training to include Program Management, Lead Flight Instructor/TAFT Chief, Standardization Instructor Pilots, Flight Instructors and Maintenance Examiners and Maintenance Test Pilots. Resicum instructs and advises and advising students in becoming trained instructor pilots.

Resicum provides military flight training in the following pilot training courses:

**Aircraft Academic Instruction**
- Currency and Basic Skills Flight Training
- LCT Instruction services
- Day Basic Overwater Flight and Navigation Training
- Night/NVD Basic Overwater Flight and Navigation Training
- Tactical Employment Methods (LCT)
- Day/NVD Gunnery
- Advanced Flight Training Course
- NVG/Night/Instrument Flight Course
- NVG/Night/Instrument Flight Course
- Urban Operations Course
- Gunnery Training Flight Course
- Door Gunnery Training and Qualifications

**FAA Part 61 Flight training:** Located in Gulf Shores, AL, Resicum International provides FAA Part 61 flight training for PPL (ASEL, AMEL), CPL (ASEL, AMEL), Instrument, CFI/II/MEI, and ATP ratings. We have our own single and multi-engine trainers and can also provide instruction in student owned aircraft.
Resicum provides qualified and military trained Maintenance Examiner Pilots, Maintenance Standardization Instructors, Maintainers, Back shops, and Quality Control personnel to train, teach, mentor, advise and assist in the development of maintenance procedures, SOP’s, and policies as well as Maintenance Test Flights. We also provide DoD approved Maintenance Test Pilot courses (U.S. Army approved POI) and ground maintenance operations courses.

Resicum Training Assistance Field Teams (TAFT) provide training and maintenance augmentation and assistance to support requirements for our customers entire fleet of aircraft. This includes production control, non-destructive testing support, Aviation Ground Support Equipment (AGSE) maintenance and repair, armament and electronics maintenance augmentation, powertrain and powerplant maintenance augmentation, logistics and parts ordering support, inventory support, flight and repair scheduling, repair and return support, and unscheduled maintenance actions augmentation.

Maintenance Training
Resicum provides Aviation Maintenance and Maintenance Training to our customers in helicopter maintenance and organizational procedures. Resicum conducts appropriate testing and evaluations required to monitor student/customer performance. We provide training and mentorship while conducting both formal and informal training on AH-64E/D, UH60A/L/M, CH47F, OH58D aircraft procedures, mission training tasks, tactical employment techniques, and weapons engagement procedures. Resicum conducts the training/mentorship with fully trained and qualified U.S. Army Instructor Pilots, Examiners, Technicians, and NCOs. Formal courses instruction include:

- AH-64D to AH-64E Version Training
- UH60A/L to UH60M Differences Training
- Aircraft Qualification Course (AQC) and Executive AQC for QAF General Officers
- Version 2 and 4 to Version 6 Training
- AH-64E and UH60A/L/M Maintenance Test Pilot (MTP) Courses
Resicum can inspect, repair, maintain, rebuild, and install specialized equipment on complex U.S. Government helicopters to support Department of Defense operations at our DCMA Inst. 8210 1C and AS9100/9110 inspected and approved facilities. Under Part 145 and 91, Resicum currently provides maintenance, repair, and installation services to rotary and fixed wing aircraft to include the Bell products.

Our Part 145 repair station includes certified Airframe and Powerplant (A&P) mechanics with documented experience on Bell helicopters and a combined 25 years of experience on helicopters to perform the inspections, maintenance, and repairs of all work ordered under the contract. In addition, our staff has experience and is certified for installation and repair of various helicopter avionics equipment. Resicum International’s Maintenance Manager has successfully completed training at an accredited Bell 206 helicopter maintenance school and has served as an inspector for Bell Helicopters.

Resicum International LLC has the people, processes, tools, and certificates to properly inspect, repair, maintain Department of Defense Helicopters, civilian helicopters (Bell and MD models), and multiple fixed wing aircraft. We have specialized equipment at our Part 145 Repair Station in Gulf Shores, AL.
Resicum International complies with all state and federal statutes that pertain to aircraft repair facilities and services in the state of Alabama. All maintenance is performed under Resicum International Federal Aviation Administration (FAA) authorized repair station (Part 145) certificate (7RUR268D) and will be maintained and repaired in accordance with applicable federal aviation regulations. Resicum International has established a Quality Management System (QMS) which is evaluated and certified on an ongoing basis by an independent 3rd party under the guidelines of ISO 9001:2015 and AS9100/9110C. This ensures adherence to our prescribed quality management system and continual improvement. To assure customer satisfaction, Resicum International strives to provide, and continually improve, safe and reliable products and services that meet or exceed customer and applicable statutory and regulatory requirements.
