TRIKKE TECH, INC. designs and manufactures Personal Electric Vehicles in the USA since 2009, featuring proprietary 3-wheel drive and cambering technology with enhanced stability and maneuverability. The unique TRIKKE vehicles are engineered specially for the professional market, with rugged construction for continuous on/off-road use, all-weather reliability and endurance.

TRIKKE Vehicles provide a mounted solution for covering large areas more efficiently than on foot, at less environmental impact and operational cost than driving an automobile, with added capability for transporting cargo.

Personal Electric Vehicles (PEV) for:
- Personnel Mobility
- Physical Security
- Perimeter Surveillance
- Mounted Patrol
- Maintenance Support
- Emergency Response
- Materiel Mobility (w/ trailer attachment)
- VIP Escort/Security
- Veterans’ Mobility

CURRENTLY IN USE AT:
- Norfolk, VA Police Department
- San Diego Airport and Harbor Police
- Sacramento County Sheriff
- Bay Area Rapid Transit Police
- UC Berkeley Police Department
- Department of Commerce
- D.C. Housing Authority
- Madigan Army Medical Center
- More than 100 additional domestic and international clients.

SUPPORT
TRIKKE offers on-site operational training and certification, 24/7 Tech Support, and warranty services.

Government Credit Card Accepted

GSA Contract # 47QSMA21D08NY
Utility can be added to the vehicle in multiple ways, without compromising the personal mobility aspect. A cargo box, a toolbox, an EMS kit or a trailer that can be quickly connected to the Trikke vehicle to move supplies, tools, parts, packages, rescue and medical gear.

The trailer allows for a multitude of cart configurations: a generic type like the flatbed or container models.

TRIKKE Cargo System is smart and modular and can be extremely competitive when compared to ATV or golf cart solutions.
