On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order are available through [GSAAdvantage!](#)[®], a menu-driven database system.

The INTERNET address [GSAAdvantage!](#)[®] is: [GSAAdvantage.gov](#).

- Schedule Title:** Multiple Award Schedule
- Contract number:** MAS
- FSC/PSC:** R425
- Contract period:** March 1, 2019 through February 29, 2024
- Contractor:** Peregrine Technical Solutions, LLC.
114 Ballard Street, Yorktown
Virginia 23690-0520
York County
Phone: 757-234-6664
www.gbpts.com
DUNS: 96-6658028

- Contract Administration:** Sheila Fetherlin, Senior Contract Administrator
Phone: 757-272-9098
sfetherlin@gbpts.com

Business size: Small

CUSTOMER INFORMATION

1a. Table of awarded special item numbers:

SIN 334512 Professional Security/Facility Management Services
SIN 34133OL Security System Integration, Design, Management, and Life Cycle Support
See pages 5 -10 for Peregrine Pricelist

1b. Lowest priced model number:

N/A See pages 6 – 10 for Labor Category Pricing

1c. Peregrine Hourly Rates and Labor Category Descriptions:

See pages 6 - 10

2. Maximum order:

\$200,000

3. Minimum order:

None

4. Geographic coverage:

Domestic

5. Point(s) of production:

N/A

6. Discount from list prices or statement of net price:

All prices listed are net

7. Quantity discounts:

Additional 3% for task orders greater than \$150,000

8. Prompt payment terms:

Net 30 days.

Information for Ordering Offices: payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9a. Notification that Government purchase cards are accepted at or below the micro-purchase threshold:

Yes

9b. Notification whether Government purchase cards are accepted or not accepted above the micro-purchase threshold:

Yes

10. Foreign items:

N/A

11a. Time of delivery:

TBD at Task Order Level

11b. Expedited Delivery:

N/A

11c. Overnight and 2-day delivery.

N/A

11d. Urgent Requirements:

Call Contractor

12. F.O.B. point(s):

Destination

13a. Ordering address:

114 Ballard Street, Yorktown, VA 23690-0520

13b. Ordering procedures: Send orders to Peregrine@gbpts.com with cc to larmistead@gbpts.com and sfeatherlin@gbpts.com.

14. Payment address(es):

Accounts receivable
603 Pilot House Drive, Suite 400
Newport News, VA 23606

15. Warranty provision:

N/A

16. Export packing charges:

N/A

17. Terms and conditions of Government purchase card acceptance:

N/A

18. Terms and conditions of rental, maintenance, and repair:

N/A

19. Terms and conditions of installation:

N/A

20. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices:

N/A

20a. Terms and conditions for any other services:

N/A

21. List of service and distribution points:

N/A

22. List of participating dealers:

N/A

23. Preventive maintenance:

N/A

24a. Special attributes such as environmental attributes:

N/A

24b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information:

N/A

25. Data Universal Number System (DUNS) number:

966658028

26. Notification regarding registration in System for Award Management (SAM) Database:

Contractor has an active registration in the SAM database.

Project Manager II/IA Expert	\$140.30
Cyber Security Validator	\$136.02
Technical Writer	\$63.24

LABOR CATEGORY DESCRIPTIONS

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
334512 34133OL	Senior Applications SME	\$133.53	Provides conceptual and final designs and analyzes systems, products and components. May serve as a company representative in meetings and conferences and interacts and maintains a relationship with customers to resolve significant technical issues.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. Master's degree preferred. IAT Level III certification preferred.	7
334512 34133OL	Sr. Information Systems Security Manager	\$137.03	Oversees contamination management in the event of classified data spills, ensures auditing requirements are completed, and assists with media control, virus scanning, hardware and software control, and computer security briefings. Assures all system security procedures are being followed and audit files are being maintained and reviewed in accordance with multiple client requirements. Interact with internal and external customers or government security officials to perform security duties and address information security matters with employees regarding issues and prepare reports, system security access briefings, and other related duties.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. CISSP or CISM certification preferred. IAM Level III certification preferred.	5
334512 34133OL	Network /Systems Security Engineer	\$87.81	Responsible for implementation and administration of network security hardware and software, enforcing the network security policy and complying with requirements of external security audits and recommendations.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level II certification preferred.	5
334512 34133OL	Systems Administrator	\$91.56	Responsible for effective provisioning, installation /configuration, operation, and maintenance of systems hardware and software and related	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level I certification preferred.	2

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
334512 341330L	Chief Security Officer	\$162.42	<p>infrastructure. Repairs and recovers from hardware or software failures. Coordinates and communicates with impacted constituencies.</p> <p>Works and advocates for all disciplines within the security program while ensuring business needs are met. Manages web environment design, deployment, development and maintenance activities. Performs testing and quality assurance of web sites and web applications. Collaborates with development teams to discuss, analyze, or resolve usability issues. Meets with clients, when necessary, regarding high level cyber security and other security needs.</p>	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAM Level III certification preferred. CISSP or CISM preferred.	8
334512 341330L	Energy Analyst	\$78.84	<p>Applies skills in the use of applicable research technologies and computer programs to support the development of sound analytical products. Applies relevant experience in science, energy, market, or technology analysis, with focused attention to energy efficiency practices, techniques, and problem-solving methodologies. Performs complex design, development, testing and modifications of solutions. Completes recommendations for new designs, new processes, or design changes to meet energy requirements.</p>	Master's Degree in energy policy, engineering or related science with relevant technical experience in the subject matter area.	5

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
334512 34133OL	QC Workflow Analyst	\$67.71	Provides technical delivery of Professional Services solutions. Responsible for resolving application, software and connectivity problems requiring on-site or virtual customer support. Performs workflow analysis for application development and functional analysis to assure quality controls regarding interaction / dependencies between software application data, security controls and environment infrastructure.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level I certification preferred.	3
334512 34133OL	Software Security Systems Analyst	\$90.68	Analyzes information security systems and applications and recommends and develops security measures to protect information against unauthorized modification or loss. Responsible for IT security policy enforcement and maintenance.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level II certification preferred	5
334512 34133OL	Information Assurance Engineer	\$115.87	Performs independent assessments (system and software security vulnerability, threat, and risk assessments) and penetration tests on development and large-scale operational environments. Performs full-lifecycle (i.e., Concept to Deployment) Information Assurance (IA) security analyses to ensure the logical and systematic conversion of customer or product requirements into total secure systems solutions that acknowledge technical constraints.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level III certification preferred. CISSP or CISA preferred.	7
334512 34133OL	Cyber Security Support Technician	\$83.07	Provides cyber security technical support in accordance with established or approved organizational process components.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level I certification preferred.	2

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
334512 34133OL	Cyber Security/RMF Specialist	\$90.42	Responsible for the security of all information systems and its integrity authentication, and confidentiality. Assists with the development, documentation, implementation, and maintenance of security accrediting paperwork and documentation using the Risk Management Framework (RMF), as applicable.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level II preferred. CISSP preferred.	4
334512 34133OL	Senior Cyber Forensics Analyst	\$125.94	Performs threat and vulnerability assessments and provides subject matter expertise on appropriate threat mitigation. Performs in-depth analysis in support of network monitoring and incident response operations. Collaborates with other Information Security and IT team members to develop and implement innovative strategies for monitoring and preventing attacks.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. Master's degree preferred. IAT Level III certification preferred. CDFE required.	6
334512 34133OL	Senior Cyber Forensics Scanner	\$60.45	Supports cyber forensics/incident investigations and analysis. Performs electronic discovery and recovery as directed.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. IAT Level II certification preferred. CDFE preferred.	3
334512 34133OL	Project Manager II	\$100.76	Responsible for the coordination and completion of one or more projects. Oversees all aspects of projects. Sets deadlines, assigns responsibilities, and monitors and summarizes progress of project. Prepares reports for upper management. May manage multiple projects concurrently.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. Master's degree preferred. IAM Level I certification preferred. PMP certification preferred.	5

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
334512 34133OL	Project Manager III/IA Expert	\$140.30	Provides senior-level management of project life-cycle: analysis, project planning, implementation, and project close-out and other project management best practices. Applies specific experience in developing and implementing government and/or private sector multiyear technical assistance projects involving numerous task teams and task assignments dealing with strategic planning for technical programs; analysis of program mission, goals, and objectives, and direction of specific technical studies and analyses.	Minimum of Bachelor's Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. Master's degree preferred. IAM Level III certification preferred. PMP required.	8
334512 34133OL	Cyber Security Validator	\$136.02	Provides Cybersecurity support, analysis, documentation, and validation services in accordance with DoD, DON, NIST and local command policies. Applies knowledge of design and policy to discovering network and device vulnerabilities as a means of improving the security posture and analyzing network and system ACAS vulnerability scans to validate the implementation of security controls in accordance with National Institute of Standards and Technology (NIST) publications. Performs validator functions in government-mandated tracking tools and performs risk assessment of data and systems based on DoD compliance instructions and directives, including submission of completed validation specific artifacts. Provides expert technical and policy assessments regarding system hardening for Authorization to Operate submissions. Provides timely, accurate, and efficient Cybersecurity services to support program	Minimum of Bachelor's Degree in Computer Science, Info Systems, Engineering or other related discipline. Master's degree preferred. CISSP certification preferred. PMP certification preferred. DoD 8570/8140 IAM Level III or IAT Level III certification. Experience with ACAS and other vulnerability scanners, Enterprise Mission Assurance Support Service (eMASS), and System Tech Implementation Guides (STIGs). Experience with intrusion detection technologies, intrusion prevention technologies, Host Based Security System, and ACAS.	5

SIN	Labor Category	Hourly Rate	Functional Responsibilities	Education	Yrs. of Exp
			objectives and milestone requirements. Provides validation of security controls in compliance with the DoD, DON, FISMA, and other mandated policies and procedures as well as system life-cycle support within PMRF Navy programs.		
334512 341330L	Technical Writer	\$63.24	Independently manages all project-related documentation and assists with the authoring, proofing and quality control of project documentation, technical reports, research publications and presentations.	Minimum of Bachelor's Degree in Technical Writing and Communication, Computer Science, Information Systems, Engineering, Business, or other related discipline. CPTC certification preferred.	2
