</table>
| 334511| **Search, Detection, Navigation, Guidance, Aeronautical and Nautical Systems and Instruments**  
Includes telecommunications equipment and accessories, such as radar (except airborne), underwater, light, and laser equipment. |
| 336612| **Marine Craft**  
Includes all marine crafts and related services, such as boats (all types), repair and maintenance, floating marine barriers, etc. |
| OLM   | **Order Level Materials (OLM)**  
OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. |

**Contact for Contract Administration:**  
Alex Puskar, National Sales Director  
apuskar@sirenmarine.com

On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!, a menu-driven database system. The INTERNET address for GSA Advantage! is http://www.gsaadvantage.gov

For more information on ordering from Federal Supply Schedules click on the GSA Schedules link at fss.gsa.gov

<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-MTC-A</td>
<td>Siren Marine MTC Device</td>
<td>The Siren Marine MTC is ushering in the future of the Connected Boat™. Now offering a brand new easy-to-use app, global 3G connectivity, the choice of wired and wireless sensors, and more inputs than ever before, the MTC is the most versatile and reliable system on the market. Monitor bilge level, high water, temperature, and engine to make sure systems are functioning properly. Track GPS position and set geo-fences to know where your boat is at all times. Control your lights, A/C, and countless other systems from anywhere. Secure your boat by connecting to entry alarms and motion sensors. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$392.29</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-BDL-MTC2</td>
<td>MTC+2 Starter Kit</td>
<td>The MTC+2 is the perfect starter kit for the boater looking to build a complete remote monitoring system. The starter kit includes the MTC, two Wireless Sensor modules, and three interchangeable attachments to monitor battery, high water, and an entry hatch or door. Additional wired or wireless sensors can be added to expand the system: Monitor bilge level, high water, temperature, and engine to make sure systems are functioning properly. Track GPS position and set geo-fences to know where your boat is at all times. Control your lights, A/C, and countless other systems from anywhere. Secure your boat by connecting to entry alarms and motion sensors. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$523.27</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-TEMP</td>
<td>Temperature Probe</td>
<td>The temperature sensor allows you to monitor the temperature of the cabin, engine room, bait locker or fridge. Alarms can be sent if the temperature exceeds or drops below a preset level, and temperature history reports can be viewed on the app. The Temperature Sensor is especially critical for boaters relying on heating and cooling systems in extreme climates. Dimensions: 10ft (wire) 33mm (probe). Supply Voltage: 12V DC. Stainless Steel Probe. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$29.47</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-ACRE</td>
<td>120V AC Shore Power Relay</td>
<td>The 120V AC Shore Power Relay is used to detect presence and loss of AC shore power. The relay is meant to be hardwired directly to your AC distribution panel. This relay is the hard wired alternative to the Siren Marine Shore Power Sensor Plug: Dimensions. 1.5x0.7x1.19 (box) 11.3 (wire). Relay may be energized by one of three input voltages: 240VAC, 24VAC, or 120VAC. Input voltages are polarity-sensitive and diode-protected. Relay contains a red LED which indicates when the relay coil is energized. Relay is required to monitor shore power off of your AC panel. We strongly recommend that a certified marine electrician be hired for any VAC installations or maintenance. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$13.03</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-SHOR</td>
<td>Shore Power Sensor Plug</td>
<td>The Shore Power Sensor Plug allows boaters to monitor system-critical shore power from anywhere. Receive an alert in the event that shore power is lost and avoid costly system shutdown. The Shore Power Sensor Plug is ideal for larger vessels relying on external power sources to run critical systems while on the dock. Dimensions: 2.5x1.5in (body). Standard AC to DC adapter, 3V DC output. Plugs into AC outlet. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$32.09</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-DCRE</td>
<td>DC Accessory Relay</td>
<td>The Siren Marine DC Accessory Relay allows users to control any 12v onboard devices, such as A/C, deck or spreader lights, sirens, or strob lights. Dimensions: 1.5x0.75x1.19 (box) 11.3 (wire). Relay may be energized across a wide voltage range from 9VDC to 32VDC. Ideal for 12VDC and 24VDC circuits. 20mA operating current is constant across the operating range. Input voltages are polarity-sensitive and diode-protected. Relay is required to power or switch 12V systems that draw more than 1.5amp.</td>
<td>$13.03</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-SNAP</td>
<td>Canvas Snap Sensor</td>
<td>The canvas snap sensor is ideal for boats that have a canvas cover or part cover, and replaces a canvas snap for entry alert. When the normally closed alarm circuit is opened, it triggers an entry alert to the boat owner and can also be rigged to sound an audible alarm. A snap cover sensor is a perfect solution for stopping unwanted access to the boat and expensive parts. Dimensions: 1.25in (body) 12in (wire). Bronze snap body. Includes 1 magnet for existing canvas snap. Grounds directly to security input. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$18.99</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-REED</td>
<td>Magnetic Reed Switch</td>
<td>Magnetic reed switches are used to report unauthorized entry into a main cabin through a door or external hatch. Reed switches can be connected in series to monitor multiple entry points, providing secure protection against theft. In the event of unauthorized entry, the switches will trigger an entry alert to the boat owner, and can also be configured to sound an audible alarm on the boat. Dimensions: 1x1in (2-part body, 0.5x1in each) 12in (wire). Screw mount and adhesive mount included. Grounds directly to security input. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$9.82</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-BPOW</td>
<td>Battery Power Cable</td>
<td>The Battery Power Cable allows you to connect your MTC to an additional battery. Includes inline 5 amp fuse to defend against battery shortage. 7 foot power cable. 5 amp inline fuse. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$6.54</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-EPIR</td>
<td>Micro ePIR Motion Sensor</td>
<td>The Micro ePIR motion sensor provides similar functionality as the Visionic 360 Ceiling Dualtech in the most compact and hard to detect package available. An ideal solution for monitoring a boat’s main entryway or corridor. Install on any wall or bulkhead for a well concealed layer of security. The sensor will push an alert to the boat owner upon unauthorized entry and can be programmed to sound an audible alarm. Dimensions: 1.75in (diameter) 2.5in (depth) 6in (wire). Flush mount (2.5in depth behind mounting point). Adjustable backing plate. Supply Voltage: 9-12V. Not recommended for use on weather/exposed decks. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$64.84</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-ACC-INF</td>
<td>Infrared Motion Sensor</td>
<td>The Visionic 360 Ceiling Dualtech motion sensor offers robust protection against theft. Simply mount this sensor in a cabin or above the main entryway, and receive notification in the event of unauthorized entry. The sensor can also be programmed to sound an audible alarm. Featuring a sleek, compact, and elegant design, the sensor blends seamlessly into any décor. Visionic technology assures high reliability, false alarm immunity, and 360-degree coverage. Ideal for monitoring unexposed areas such as pilothouse, galley, cabin, etc. Dimensions: 3.37in (diameter) 3in (depth). Coverage up to 38 ft. Ceiling mount. Supply Voltage: 9-12V. Not recommended for use on weather/exposed decks. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$64.84</td>
</tr>
<tr>
<td>334511</td>
<td>Siren Marine, LLC</td>
<td>SM-BAT-LION</td>
<td>Lithium-Ion Battery (Pixo &amp; Sprite)</td>
<td>Each unit comes with its own 1800 Milliamper Rechargeable Battery, which provides back-up power in the event that a main battery goes dead. Should the owner ever happen, the Siren Marine MTC unit will continue to monitor the vital systems for between 48 and 72 hours (55 hour average) independent of the main boat battery. <em>A Siren Marine Service Plan is required to use the Connected Boat™</em>. Please contact Siren Marine at 401.619.4774 for assistance.</td>

<tr>
<td>334511</td>
<td>Siren Marine, LLC.</td>
<td>SM-ACC-BEAM-400</td>
<td>Beam Motion Sensor</td>
<td>With a range of 33 inches (800mm) and without the need to use a reflector, these sensors can be mounted near entry points, engines, or at the helm/console and are an excellent choice to use on exposed decks. These sensors use a true photoelectric beam, not an infrared field of view like our ePIR or Infrared Motion Sensor, which ensures protection against false alarms due to shadows, sunlight, etc. The sensor will push an alert to the boat owner upon unauthorized entry and can be programmed to sound an audible alarm. Sensors cannot be wired in series or parallel - only one sensor per security input. *A Siren Marine Service Plan is required to use the Connected Boat™. Please contact Siren Marine at 401.619.4774 for assistance.</td>
<td>$77.93</td>
</tr>
<tr>
<td>334511</td>
