Labor Category Descriptions

**JOB TITLE:** Program Manager

Minimum/General Experience: 10 years.

**Functional Responsibility:** Responsible for all phases of contract management, workflow, and resource management; and for the quality of the program and deliverables, timeliness, minimization of problems, risk assessment and program performance.

**Minimum Education:** Professional Engineer

**JOB TITLE:** Project Manager

Minimum/General Experience: 5 years

**Functional Responsibility:** Overall responsibility for company performance on specific programs or projects. Functions as the leader, manager, and coordinator of all contributing disciplines and resources in the completion of projects or management of the program. Engages in such activities as: assigning tasks; establishing and maintaining task schedules; maintaining liaison between appropriate engineering personnel and the customer to ensure effective coordination of all projects or program efforts; prepares and adheres to project cost and staffing plans; prepares plans, proposals, and briefings. Also provides management of contract negotiations and company representation with customers and subcontractors as required.
Minimum Education: Bachelor’s Degree

**JOB TITLE:** Security Electronic Superintendent  
**Minimum/General Experience:** 5 years.

**Functional Responsibility:** Include device configuration, programming, installation and maintenance of IP based electronic security systems, including cable, access control card readers and data gathering panels, video management software and network video recording platforms, connected desktop computers, network interface cards, and other network peripherals as well as design and initial implementation. Functions with periodic direction and little guidance from supervisor; may be required to supervise lower grades.

Minimum Education: Associate’s Degree

**JOB TITLE:** Security Electronic Technician  
**Minimum/General Experience:** 1 year

**Functional Responsibility:** Assisting with or performing at the basic level, a variety of tasks with installation, troubleshooting, configuration, administration of IP based electronic security systems, including access control, video systems, intrusion detection, and other network peripherals. Work assignments would be of minimal complexity and would work under immediate supervision.

Minimum Education: Associate’s Degree

**JOB TITLE:** Detention Equipment Superintendent  
**Minimum/General Experience:** 5 years.

**Functional Responsibility:** Includes installation and maintenance of IP based electronic security systems, including cable, access control card readers and data gathering panels, video management software and network video recording platforms, connected desktop computers, network interface cards, and other network peripherals as well as design and initial implementation. Functions with periodic direction and little guidance from supervisor; may be required to supervise lower grades.

Minimum Education: Associate’s Degree or minimum of 10 years of experience.

**JOB TITLE:** Detention Equipment Installer  
**Minimum/General Experience:** 1 year.

**Functional Responsibility:** Assisting with or performing at the basic level, a variety of tasks with installation, troubleshooting, configuration, administration of IP based electronic security systems,
including access control, video systems, intrusion detection, and other network peripherals. Work assignments would be of minimal complexity and would work under immediate supervision.

**Minimum Education:** Associate’s Degree or minimum of 5 years of experience.

**JOB TITLE:** Project Engineer  
**Minimum/General Experience:** 2 years.

**Functional Responsibility:** Responsible for design, implementation and management of hardware and software based solutions; including, system configuration, system programming, and user administration. Knowledgeable of IP based security management systems including access control, video systems, identity management, intrusion detection, and logical security.

**Minimum Education:** Associate’s Degree or minimum of 5 years of experience.

**JOB TITLE:** Computer-Aided Design & Drafting (CADD)  
**Minimum/General Experience:** 2 years.

**Functional Responsibility:** Prepares design layouts using computer-aided design (CAD) equipment or standard hand-drafting techniques, and/or applies standard technical or engineering practices and techniques in support of engineering, networking, or telecommunication functions.

**Minimum Education:** Associate’s Degree or minimum of 5 years of experience.
