TERMS AND CONDITIONS

<p style="text-align: center;"><i>TERMS AND CONDITIONS APPLICABLE TO EARTH OBSERVATION SOLUTIONS (EOS) SIN 541370GEO</i></p>

1. ORGANIZATIONAL CONFLICTS OF INTEREST

- a. Definitions.
 - i. "Contractor" means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.
 - ii. "Contractor and its affiliates" and "Contractor or its affiliates" refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.
 - iii. An "Organizational conflict of interest" exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor's or its affiliates' objectivity in performing contract work.
- b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508

2. SERVICES PERFORMED

- a. All services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.
- b. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- c. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

3. TRAVEL

- a. Any contractor travel required in the performance of services must comply with the Pub. L.99-234 and FAR Part 31.205-46, as applicable, in effect on the date(s) the travel is

performed. Established Federal Government per diem rates will apply to all Contractor travel.

4. WARRANTY

- a. Unless otherwise specified in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.
- b. The Contractor's commercial guarantee/warranty shall be included in the Commercial Supplier Agreement to include Enterprise User License Agreements or Terms of Service (TOS) agreements, if applicable.
- c. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.

5. OFFERINGS

Shall comply with cited Department of Defense (DoD) standards, Intelligence Community (IC) standards, Open Geospatial Consortium (OGC) standards (<http://www.opengeospatial.org/standards>), and other standards such as <https://nationalmap.gov/standards> as specified by the ordering activity.

6. INFORMATION ASSURANCE/SECURITY REQUIREMENTS

- a. Unless otherwise specified in this contract, the Contractor's standard commercial warranty as stated in the contract's commercial pricelist will apply to this contract.
- b. The Contractor's commercial guarantee/warranty shall be included in the Commercial Supplier Agreement to include Enterprise User License Agreements or Terms of Service (TOS) agreements, if applicable.

7. TECHNICAL SUPPORT:

- a. Without additional charge to the ordering activity, shall provide a hot line technical support number for the purpose of providing user assistance and guidance in the implementation of the software. The technical support number is available shall be available during specified hours.
- b. At the task or delivery order level, provide a telephone number and hours of operation for technical support hotline; indicate applicable time zone for the hours of operation—i.e., Eastern time, Central, Mountain or Pacific time.

8. THE FOLLOWING APPLIES TO ANY IT SOLUTIONS SIN THAT INCLUDES IT PROFESSIONAL SERVICES:

- a. Only IT Professional Services or Labor Categories shall be offered.
- b. Resumes shall be provided to the GSA contracting officer or the user ordering activity upon request.
- c. The below is a list of Professional Service/Labor Categories being offered: (Please see page 9 of 9 for a list of the pricing):

LABOR CATEGORIES

ADS personnel may be utilized in more than one labor category, depending on the tasks required under contract. In these circumstances, employees may be assigned and charged under labor categories differing from the labor category listed for the employee in the contract schedule or under the company Human Resources position.

Due to the availability or limitation of education, occasionally substitution of experience as referenced below for a professional labor type with additional years of experience will be provided to the Federal Agency when responding to their IT requirements and it is solely the acquiring agency's determination, if the substitution is considered acceptable prior to an award.

Educational Equivalences:

- Bachelor's Degree (BS) = AS +2yrs experience, HS +4yrs experience
- Associate's Degree (AS) = HS +2yrs experience
- High School Degree (HS) or General Equivalency Diploma (GED) = Must Hold

Note: MAS Category F, IT Solutions Schedule is not to be used as a means to procure services which fall under the Brooks Act. The services offered under the EOS SIN shall not include construction, alteration of real property or Architect-Engineering (A-E) services as set forth in FAR Part 36. FAR 36.6 distinguishes between mapping services of an A-E nature and mapping services which are not connected nor incidental to the traditionally accepted A-E Services that are allowable on the MAS Category F, IT Solutions Schedule.

Labor Category	Description
Cartographer/Geospatial Analyst 1	<p>Experience: 3 months-2 years Education: Bachelor's Degree Under close supervision performs duties of moderate complexity. Experienced in the capture, spatial control, validation, and finishing of various source information required for cartographic products. Produces and maintains cartographic databases, updates cartographic data from intelligence databases, and produces mission specific data sets (MSDS). May be required to research, collect, analyze, evaluate, integrate and recommend sources for the production of geospatial data and products.</p>
Cartographer/Geospatial Analyst 2	<p>Experience: 2-4 years Education: Bachelor's Degree Under general supervision performs duties of moderate to considerable complexity similar to those of the Cartographer/Geospatial Analyst 1.</p>
Cartographer/Geospatial Analyst 3	<p>Experience: 5+ years Education: Bachelor's Degree Under minimal supervision performs duties of considerable complexity similar to those of the Cartographer/Geospatial Analyst 1 & 2.</p>
GIS Analyst	<p>Experience: 5+ years Education: Bachelor's Degree Experience in the capture, validation, and finishing of remotely sensed data, producing and maintaining cartographic databases, updating cartographic data from intelligence databases, and producing missions specific data sets (MSDS). Plans, develops, enhances and supports GIS software, database and web applications, interfaces, productivity tools, desktop tools and client utilities in the context of production GIS.</p>
GIS Application Engineer	<p>Experience: 5+ years Education: Bachelor's Degree GIS professional capable of analyzing functional business applications and design specifications for functional activities. Translates detailed design into computer software. Tests, debugs and refines the computer software to produce the required product.</p>
CADD Technician 1	<p>Experience: 3 months -4 years Education: Bachelor's Degree Under close supervision performs duties of moderate complexity. Familiar in CAD software and methodology. Creates and maintains electronic files. Works with engineers to create requested designs. Manages project-related field work. Performs quality assurance and quality control checks on output.</p>
CADD Technician 2	<p>Experience: 4+ years Education: Bachelor's Degree Under minimal supervision performs duties of considerable complexity. Proficient in CAD software and methodology. Creates and maintains electronic files. Works with engineers to create requested designs. Manages project-related field work. Performs quality assurance and quality control checks on output.</p>

Stereo Compiler	<p>Experience: 2+ years Education: Bachelor's Degree Under general supervision performs duties of moderate complexity. Responsible for making measurements from photographs, especially for extracting the exact positions of surface features.</p>
Aerotriangulation Specialist	<p>Experience: 2+ years Education: Bachelor's Degree Under general supervision performs duties of moderate to considerable complexity similar to Stereo Compiler. Responsible for densifying a geodetic network in order to provide photographs with the control points that are necessary for the compilation of topographic maps.</p>
Certified Photogrammetrist	<p>Experience: 5+ years Education: Bachelor's Degree Certification: American Society of Photogrammetry and Remote Sensing Responsible for the supervision and QA/QC of work performed by the Aerotriangulation Specialists and Stereo Compilers.</p>
Image Processor	<p>Experience: 3 months -4 years Education: Bachelor's Degree Under general supervision performs duties of moderate to considerable complexity. Experienced in photogrammetric processing techniques on data gathered by various sensor platforms and preparing data for analysis.</p>
Imagery Analyst	<p>Experience: 4+ years Education: Bachelor's Degree Under minimal supervision performs duties of considerable complexity. Experienced in photogrammetric interpretation and analysis techniques utilized to develop digital orthophotography.</p>
LiDAR Technician	<p>Experience: 3 months -5 years Education: Bachelor's Degree Collects and processes hydrographic/topographic/aerial LiDAR datasets. Processes, manages, manipulates and archives LiDAR Data.</p>
Production Manager	<p>Experience: 2+ years Education: Bachelor's Degree Manager in charge of production processes. Oversees personnel responsible for the production process and serves as the single point of control. Responsible for ensuring compliance with the governing directives of a project. Prepares documentation associated with the production process.</p>
Program Manager	<p>Experience: 5+ years Education: Bachelor's Degree Manager who is in overall charge of all production programs. Prepares program plans; manages and organizes personnel assignments for program; leads, plans and organizes schedules and evaluates completed tasks; leads program reviews; insures proper communication with customer representatives and contract personnel; prepares manpower and budget estimates for program; does the final review of all deliverable documents and reports.</p>

Project Manager	Experience: 5+ years Education: Bachelor's Degree Manager who is in charge of a single production program. Responsible for all aspects of project performance; manages and supervises personnel; oversees the successful completion of assigned tasks; assists the Program Manager in working with the Government Contracting Officer and COR. Under the guidance of the Program Manager, responsible for the overall management of specific tasks.
Quality Assurance Manager	Experience: 5+ years Education: Bachelor's Degree Manager who performs detailed analysis of error propagation and maintain quality assurance statistics. Determines resources required for quality control. Conducts formal and informal reviews.
Quality Assurance Specialist	Experience: 2-5 years Education: Bachelor's Degree Reviews work products for correctness, reviews program documentation to assure government standards/requirements are adhered to. Coordinates with the Project Manager and the Quality Assurance Manager to ensure user satisfaction.
Database Developer	Experience: 2-5 years Education: Bachelor's Degree Develops database libraries, queries, and Access procedures.
