## TERMS AND CONDITIONS APPLICABLE TO INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 518210C, 54151S)

### 1. SCOPE

- a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Services within the scope of this Multiple Award Schedule.
- b. The Contractor shall provide services at the Contractor's facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

### 2. PERFORMANCE INCENTIVES

- a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.
- b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.
- c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity's mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

### 3. ORDER

- a. Agencies may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 (Deviation – May 2003) Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.
- b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

### 4. PERFORMANCE OF SERVICES

- a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.
- b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.
- c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.

#### **5. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)**

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

#### **6. INSPECTION OF SERVICES**

The Inspection of Services—Fixed Price (AUG 1996) (Deviation – May 2003) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection—Time-and-Materials and Labor-Hour (JAN 1986) (Deviation – May 2003) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

#### **7. RESPONSIBILITIES OF THE CONTRACTOR**

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 (Deviation – May 2003) Rights in Data – General, may apply.

## **8. RESPONSIBILITIES OF THE ORDERING ACTIVITY**

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

## **9. INDEPENDENT CONTRACTOR**

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.

## **10. ORGANIZATIONAL CONFLICTS OF INTEREST**

a. Definitions.

“Contractor” means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a party to this contract.

“Contractor and its affiliates” and “Contractor or its affiliates” refers to the Contractor, its chief executives, directors, officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or assignee of the Contractor.

An “Organizational conflict of interest” exists when the nature of the work to be performed under a proposed ordering activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i) result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor’s or its affiliates’ objectivity in performing contract work.

b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors, subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of situations, which may require restrictions, are provided at FAR 9.508.

## **11. INVOICES**

The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the preceding month.

## **12. PAYMENTS**

For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to time-and-materials orders placed under this contract. For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.212-4 (MAR 2009) (ALTERNATE I – OCT 2008) (DEVIATION I – FEB 2007) applies to labor-hour orders placed under this contract. 52.216-31(Feb 2007) Time-and-Materials/Labor-Hour Proposal Requirements—Commercial Item Acquisition As prescribed in 16.601(e)(3), insert the following provision:

Solicitation Number: 47QSMD20R001: Refresh 01\_SES Pricelist Revised with Updated Terms and Conditions\_06/08/2020

- (a) The Government contemplates award of a Time-and-Materials or Labor-Hour type of contract resulting from this solicitation.
- (b) The offeror must specify fixed hourly rates in its offer that include wages, overhead, general and administrative expenses, and profit. The offeror must specify whether the fixed hourly rate for each labor category applies to labor performed by—
  - (1) The offeror;
  - (2) Subcontractors; and/or
  - (3) Divisions, subsidiaries, or affiliates of the offeror under a common control.

**13. RESUMES**

Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

**14. INCIDENTAL SUPPORT COSTS**

Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the ordering activity in accordance with the guidelines set forth in the FAR.

**15. APPROVAL OF SUBCONTRACTS**

The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written consent before placing any subcontract for furnishing any of the work called for in a task order.

# LABOR CATEGORY DESCRIPTIONS FOR CLOUD COMPUTING PRODUCTS AND CLOUD RELATED IT PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 518210C)

## 1. Title: Cloud Architect

**Functional Duties/Responsibilities:** Designs and develops of Cloud-based solutions, Proofs of Concept, feasibility studies, roadmap development and strategies.

**Minimum Experience Requirements:** 7 years technical experience across multiple IT infrastructure technologies.

**Minimum Education:** Bachelor's Degree in Computer Science, Engineering, or Information Technology or 5 years of technical experience with a Master's degree.

**Required/Supplemental Certifications:** AWS Architect Associate Certification

## 2. Title: Senior Cloud Architect

**Functional Duties/Responsibilities:** Leads design and development of Cloud-based solutions, Proofs of Concept, feasibility studies, roadmap development and strategies.

**Minimum Experience Requirements:** 10 years of overall technology design and delivery experience.

**Minimum Education:** Master's degree or equivalent in Information Technology, Computer Science, Engineering or related field.

**Required/Supplemental Certifications:** AWS Architect Associate Certification

## LABOR CATEGORY DESCRIPTIONS FOR INFORMATION TECHNOLOGY (IT) PROFESSIONAL SERVICES (SPECIAL ITEM NUMBER 54151S)

### 1. Title: Configuration Manager

**Functional Duties/Responsibilities:** Provide configuration management. Demonstrated comprehensive knowledge of principles, methods, and techniques used in configuration management support including formal change control processes including Class I Class II changes.

**Minimum Experience Requirements:** 7+years of full-time professional experience working in Configuration Management (CM) including two years of full-time experience in Configuration Management of modern (within the last 10 years), large-scale computer systems.

**Minimum Education:** A Bachelor of Science (BS) degree from an accredited college or university in an engineering, scientific, or technical discipline.

**Required/Supplemental Certifications:** N/A

### 2. Title: Consultant

**Functional Duties/Responsibilities:** Provide consulting services.

**Minimum Experience Requirements:** 10 or more years experience as an IT consultant.

**Minimum Education:** Master's degree or equivalent experience.

**Required/Supplemental Certifications:** N/A

### 3. Title: Database Administrator

**Functional Duties/Responsibilities:** Provides operational support of computer hardware, system software, applications software, and system and user data files as configured within the associated database system.

**Minimum Experience Requirements:** 10 years of experience providing database and associated database systems administration support, similar to that described under functional responsibility, and having knowledge and understanding of applicable technical concepts and practices.

**Minimum Education:** Master's Degree, or a related Technical Certificate from a Technical School or recognized Vocational Program.

**Required/Supplemental Certifications:** N/A

#### **4. Title: Infrastructure Engineer**

**Functional Duties/Responsibilities:** Installing and maintaining operating environments.

**Minimum Experience Requirements:** Minimum of seven years with knowledge of database systems management software, enterprise resource planning software, and web platform development software.

**Minimum Education:** Bachelor's degree in computer science or engineering or Master's degree with 5 years of experience.

**Required/Supplemental Certifications:** N/A

#### **5. Title: Java Architect**

**Functional Duties/Responsibilities:** Maintains expertise as SME in a one architecture technical disciplines and define architectural standards and best practices within those disciplines.

**Minimum Experience Requirements:** 7 years of Java or Object Oriented programming language experience.

**Minimum Education:** Bachelor's degree or Master's degree with 5+ years experience with relational databases and SQL.

**Required/Supplemental Certifications:** N/A

#### **6. Title: Network Engineer**

**Functional Duties/Responsibilities:** Designing and implementing functional network infrastructure.

**Minimum Experience Requirements:** 7 years of hands-on network engineering experience including planning, administering, configuring, securing and supporting enterprise-level networks.

**Minimum Education:** Bachelor's Degree or Master's degree with 5 years experience.

**Required/Supplemental Certifications:** Cisco Network-CCNP or higher (Required)

#### **7. Title: Program Manager**

**Functional Duties/Responsibilities:** Provide program management and support, typically managing several related projects.

**Minimum Experience Requirements:** Minimum of 10 years experience is required, of which four years must be specialized.

Solicitation Number: 47QSMD20R001: Refresh 01\_SES Pricelist Revised with Updated Terms and Conditions\_06/08/2020

**Minimum Education:** Master's degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline.

**Required/Supplemental Certifications:** PMI PMP preferred

#### **8. Title: Project Manager**

**Functional Duties/Responsibilities:** Provide project management. Provide resource scheduling, management of milestones, and customer support.

**Minimum Experience Requirements:** Minimum of 7 years experience is required, of which four years must be specialized.

**Minimum Education:** Bachelor's degree in Computer Science, Information Systems, Engineering, Business, or other related scientific or technical discipline or Master's degree with 5 years experience.

**Required/Supplemental Certifications:** PMI PMP preferred

#### **9. Title: Scrum Master**

**Functional Duties/Responsibilities:** Knowledge of Agile software development process (e.g. XP, Kanban, Scrum, etc.).

**Minimum Experience Requirements:** 7 years experience. At least 3 successfully delivered technical projects with experience in software development and/or project management.

**Minimum Education:** Bachelors degree in Business or Master's degree with 5 years of experience

**Required/Supplemental Certifications:** Certified Scrum Master is a must

#### **10. Title: Senior Java Architect**

**Functional Duties/Responsibilities:** Provide architectural direction over Java/Spring/Hibernate and assist in managing and driving an agile development process.

**Minimum Experience Requirements:** 10 years of enterprise software development and leading complex software development projects.

**Minimum Education:** Master's degree with 6+ years experience in Java, Hibernate, Spring.

**Required/Supplemental Certifications:** N/A

### **11. Title: Senior Network Engineer**

**Functional Duties/Responsibilities:** Apply expert-level knowledge and understanding of installing/configuring/securing/ troubleshooting/monitoring all firewall appliances and networking switches/routers, wireless controllers/access points and all other applicable networking equipment

**Minimum Experience Requirements:** 10 years of hands-on network engineering experience including planning, administering, configuring, securing and supporting enterprise-level networks

**Minimum Education:** Master's Degree

**Required/Supplemental Certifications:** Cisco Network-CCNP or higher (Required)

### **12. Title: Senior Software Engineer**

**Functional Duties/Responsibilities:** Determines operational feasibility by evaluating analysis, problem definition, requirements, solution development, and proposed solutions.

**Minimum Experience Requirements:** 10 years of expert knowledge of computer languages, computer logic and flow-charting techniques. They must be familiar with software design methods and techniques.

**Minimum Education:** Master's degree in computer science, software engineering or mathematics is essential.

**Required/Supplemental Certifications:** N/A

### **13. Title: Senior Web Application Developer**

**Functional Duties/Responsibilities:** Defines site objectives by analyzing user requirements; envisioning system features and functionality.

**Minimum Experience Requirements:** 10 years relevant experience or equivalent combination of education and experience.

**Minimum Education:** Master's degree in a relevant field such as computer science or computer languages.

**Required/Supplemental Certifications:** N/A

### **14. Title: SharePoint Administrator**

**Functional Duties/Responsibilities:** Provide SharePoint administration. Provide recommendations based on internal hosting policies with architecture, performance, and cost effective solutions.

**Minimum Experience Requirements:** Highly experienced in technical management with 5 years of SharePoint expertise.

Solicitation Number: 47QSMD20R001: Refresh 01\_SES Pricelist Revised with Updated Terms and Conditions\_06/08/2020

**Minimum Education:** Bachelor's degree or Master's Degree with 5 years of experience required.

**Required/Supplemental Certifications:** N/A

**15. Title: SharePoint Developer**

**Functional Duties/Responsibilities:** Provide SharePoint development.

**Minimum Experience Requirements:** 7 years experience installing, configuring or supporting business applications.

**Minimum Education:** Bachelor's degree in Software Engineering or Master's degree with 5 years of experience.

**Required/Supplemental Certifications:** N/A

**16. Title: Subject Matter Expert**

**Functional Duties/Responsibilities:** Serve as a subject matter expert.

**Minimum Experience Requirements:** 10 years in a lead role.

**Minimum Education:** Master's Degree required.

**Required/Supplemental Certifications:** N/A

**17. Title: System Administrator**

**Functional Duties/Responsibilities:** Provide systems administration. Experience monitoring and implementing backup procedures and upgrades, migrations and integration.

**Minimum Experience Requirements:** 7 years of Experience with Linux Operating systems. Experience with Department of Defense Security Technical Implementation Guidelines (STIG).

**Minimum Education:** Bachelor's Degree or Master's degree with 5 years. Security + and Linux+ or Microsoft certification.

**Required/Supplemental Certifications:** N/A

**18. Title: Technical Lead**

**Functional Duties/Responsibilities:** Lead a team of technical resources and collaborate with technical leads and developers from other teams.

**Minimum Experience Requirements:** 10 years overall software development experience and 5+ years leading teams of developers.

**Minimum Education:** Master's degree in an IT related discipline.

Solicitation Number: 47QSMD20R001: Refresh 01\_SES Pricelist Revised with Updated Terms and Conditions\_06/08/2020

**Required/Supplemental Certifications:** N/A

**19. Title: Web Application Developer**

**Functional Duties/Responsibilities:** Develop and maintain organization's automation- and web-related tools.

**Minimum Experience Requirements:** 7 years relevant experience or equivalent combination of education and experience.

**Minimum Education:** Bachelor's degree in a relevant field such as computer science or computer languages or Master's degree with 5 years of experience.

**Required/Supplemental Certifications:** N/A
