54151S Information Technology Professional Services
OLM Order-Level Materials (OLM)

Note 1: All non-professional labor categories must be incidental to and used solely to support hardware, software and/or professional services, and cannot be purchased separately.

Note 2: Offerors and Agencies are advised that the Group 70 Information Technology Schedule is not to be used as a means to procure services which properly fall under the Brooks Act. These services include, but are not limited to, architectural, engineering, mapping, cartographic production, remote sensing, geographic information systems, and related services. FAR 36.6 distinguishes between mapping services of an A/E nature and mapping services which are not connected nor incidental to the traditionally accepted A/E Services.

Note 3: This solicitation is not intended to solicit for the reselling of IT Professional Services, except for the provision of implementation, maintenance, integration, or training services in direct support of a product. Under such circumstances the services must be performance by the publisher or manufacturer or one of their authorized agents.

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Supply Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micropurchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage! on-line shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage! and the Federal Supply Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micropurchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.
1. GEOGRAPHIC SCOPE OF CONTRACT

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

Overseas delivery is delivery to points outside of the 48 contiguous states, Washington, DC, Alaska, Hawaii, Puerto Rico, and U.S. Territories.

Offerors are requested to check one of the following boxes:

[X ] The Geographic Scope of Contract will be domestic and overseas delivery.
[ ] The Geographic Scope of Contract will be overseas delivery only.
[ ] The Geographic Scope of Contract will be domestic delivery only.

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION

Global Accounting
1629 K Street, NW Ste 300
Washington, DC 20006

Contractors are required to accept credit cards for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Credit cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number can be used by ordering activities to obtain technical and/or ordering assistance: (571) 200-6052.

3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279

Block 9: G. Order/Modification Under Federal Schedule
Block 16: Data Universal Numbering System (DUNS) Number: 116-701-018
Block 30: Type of Contractor - B. Small Business, HUBZone, Service-Disabled Veteran Owned (SDVOSB)
Block 31: Woman-Owned Small Business - NO
Block 36: Contractor's Taxpayer Identification Number (TIN): 83 1845054

4a. CAGE Code: 86HY5

4b. Contractor has registered with the Central Contractor Registration Database.

5. FOB DESTINATION

6. DELIVERY SCHEDULE

a. TIME OF DELIVERY: The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

<table>
<thead>
<tr>
<th>SPECIAL ITEM NUMBER</th>
<th>DELIVERY TIME (Days ARO)</th>
</tr>
</thead>
<tbody>
<tr>
<td>54151S</td>
<td>As negotiated between the Contractor and the Ordering Agency</td>
</tr>
</tbody>
</table>

1629 K Street, NW Ste 300, Washington, DC 20006 | GlobalAccounting.com
b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS: PRICES SHOWN ARE NET PRICES; BASIC DISCOUNTS HAVE BEEN DEDUCTED
   a. Prompt Payment: 0% -20 days NET 30 days from receipt of invoice or date of acceptance, whichever is later.
   b. Quantity: 1% -20 days NET 30 days from receipt of invoice or date of acceptance, whichever is later.
   c. Dollar Volume: 5% over $250k, NET 20 days
   d. Government Educational Institutions: SAME AS ALL OTHER GOVERNMENT CUSTOMERS.
   e. Other: NONE

8. TRADE AGREEMENTS ACT OF 1979, AS AMENDED
   All items are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. STATEMENT CONCERNING AVAILABILITY OF EXPORT PACKING
   Not applicable

10. SMALL REQUIREMENTS
    The minimum dollar value of orders to be issued is $1.00.

11. MAXIMUM ORDER (ALL DOLLAR AMOUNTS ARE EXCLUSIVE OF ANY DISCOUNT FOR PROMPT PAYMENT.)
    The Maximum Order value for the following Special Item Numbers (SINs) is $250,000:

    Special Item Number 54151S - Information Technology (IT) Professional Services

12. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS
    Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

    a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

    b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

13. FEDERAL INFORMATION TECHNOLOGY/TELECOMMUNICATION STANDARDS REQUIREMENTS
    Ordering activities acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED-STDS), which are cited by ordering activities, shall be responded to promptly by the Contractor.
13.1 FEDERAL INFORMATION PROCESSING STANDARDS PUBLICATIONS (FIPS PUBS)

Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.

13.2 FEDERAL TELECOMMUNICATION STANDARDS (FED-STDs)

Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDs) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDs should be obtained from the GSA, Federal Supply Service, Specification Section, 470 East L Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2001)

(a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub.L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. The Industrial Funding Fee does NOT apply to travel and per diem charges.

NOTE: Refer to FAR Part 31.205-46 Travel Costs, for allowable costs that pertain to official company business travel in regard to this contract.

(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor’s participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency’s order.
(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency's order.

(i) Government-Furnished Property: As specified by the agency's order, the Government may provide property, equipment, materials or resources as necessary.

(j) Availability of Funds: Many Government agencies operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government's obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

15. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES

Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity's convenience, and (m) Termination for Cause (See C.1.)

16. GSA Advantage!

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. GSA Advantage! will allow the user to perform various searches across all contracts including, but not limited to:

1. Manufacturer;
2. Manufacturer's Part Number; and
3. Product categories.

Agencies can browse GSA Advantage! by accessing the Internet World Wide Web utilizing a browser (ex.: NetScape). The Internet address is http://www.gsaadvantage.gov.

17. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. ODCs (Other Direct Costs) are not part of this contract and should be treated as open market purchases. Ordering Activities procuring open market items must follow FAR 8.401(d). For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if:

1. All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));

2. The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;

3. The items are clearly labeled on the order as items not on the Federal Supply Schedule; and

4. All clauses applicable to items not on the Federal Supply Schedule are included in the order.
18. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS
   a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:

      (1) Time of delivery/installation quotations for individual orders;

      (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.

      (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.

   b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. OVERSEAS ACTIVITIES
   The terms and conditions of this contract shall apply to all orders for installation, maintenance and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia, except as indicated below: N/A

   Upon request of the Contractor, the ordering activity may provide the Contractor with logistics support, as available, in accordance with all applicable ordering activity regulations. Such ordering activity support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. BLANKET PURCHASE AGREEMENTS (BPAs)
   The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

21. CONTRACTOR TEAM ARRANGEMENTS
   Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Industrial Funding Fee and Sales Reporting, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. INSTALLATION, DEINSTALLATION, REINSTALLATION
   The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of $2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is segregable and exceeds $2,000, then the requirements of the Davis-Bacon Act applies. The ordering activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.
23. **SECTION 508 COMPLIANCE**

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following: www.advancedav.com

The EIT standard can be found at: www.Section508.gov/.

24. **PRIME CONTRACTOR ORDERING FROM FEDERAL SUPPLY SCHEDULES**

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Supply Schedules, on behalf of an ordering activity, shall follow the terms of the applicable schedule and authorization and include with each order

(a) A copy of the authorization from the ordering activity with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Supply Schedule contractor); and

(b) The following statement:

This order is placed under written authorization from ______ dated _______. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Supply Schedule contract, the latter will govern.

25. **INSURANCE WORK ON A GOVERNMENT INSTALLATION (JAN 1997)(FAR 52.228-5)**

(a) The Contractor shall, at its own expense, provide and maintain during the entire performance of this contract, at least the kinds and minimum amounts of insurance required in the Schedule or elsewhere in the contract.

(b) Before commencing work under this contract, the Contractor shall notify the Contracting Officer in writing that the required insurance has been obtained. The policies evidencing required insurance shall contain an endorsement to the effect that any cancellation or any material change adversely affecting the Government's interest shall not be effective

(1) For such period as the laws of the State in which this contract is to be performed prescribe; or

(2) Until 30 days after the insurer or the Contractor gives written notice to the Contracting Officer, whichever period is longer.

(c) The Contractor shall insert the substance of this clause, including this paragraph (c), in subcontracts under this contract that require work on a Government installation and shall require subcontractors to provide and maintain the insurance required in the Schedule or elsewhere in the contract. The Contractor shall maintain a copy of all subcontractors' proofs of required insurance and shall make copies available to the Contracting Officer upon request.

26. **SOFTWARE INTEROPERABILITY.**

Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item's interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

27. **ADVANCE PAYMENTS**

A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324).
1. SCOPE
   a. The prices, terms and conditions stated under Special Item Number 54151S Information Technology Professional Services apply exclusively to IT Services within the scope of this Information Technology Schedule.

   b. The Contractor shall provide services at the Contractor’s facility and/or at the ordering activity location, as agreed to by the Contractor and the ordering activity.

2. PERFORMANCE INCENTIVES
   a. Performance incentives may be agreed upon between the Contractor and the ordering activity on individual fixed price orders or Blanket Purchase Agreements under this contract in accordance with this clause.

   b. The ordering activity must establish a maximum performance incentive price for these services and/or total solutions on individual orders or Blanket Purchase Agreements.

   c. Incentives should be designed to relate results achieved by the contractor to specified targets. To the maximum extent practicable, ordering activities shall consider establishing incentives where performance is critical to the ordering activity’s mission and incentives are likely to motivate the contractor. Incentives shall be based on objectively measurable tasks.

3. ORDERING PROCEDURES FOR SERVICES (REQUIRING A STATEMENT OF WORK) (G-FCI-920) (MAR 2003)
   FAR 8.402 contemplates that GSA may occasionally find it necessary to establish special ordering procedures for individual Federal Supply Schedules or for some Special Item Numbers (SINs) within a Schedule. GSA has established special ordering procedures for services that require a Statement of Work. These special ordering procedures take precedence over the procedures in FAR 8.404 (b)(2) through (b)(3). When ordering services over $100,000, Department of Defense (DOD) ordering offices and non-DOD agencies placing orders on behalf of the DOD must follow the policies and procedures in the Defense Federal Acquisition Regulation Supplement (DFARS) 208.404-70 Additional ordering procedures for services. When DFARS 208.404-70 is applicable and there is a conflict between the ordering procedures contained in this clause and the additional ordering procedures for services in DFARS 208.404-70, the DFARS procedures take precedence. GSA has determined that the prices for services contained in the contractor’s price list applicable to this Schedule are fair and reasonable. However, the ordering activity using this contract is responsible for considering the level of effort and mix of labor proposed to perform a specific task being ordered and for making a determination that the total firm-fixed price or ceiling price is fair and reasonable.

   (a) When ordering services, ordering activities shall
      (1) Prepare a Request (Request for Quote or other communication tool):
         (i) A statement of work (a performance-based statement of work is preferred) that outlines, at a minimum, the work to be performed, location of work, period of performance, deliverable schedule, applicable standards, acceptance criteria, and any special requirements (i.e., security clearances, travel, special knowledge, etc.) should be prepared.

         (ii) The request should include the statement of work and request the contractors to submit either a firm-fixed price or a ceiling price to provide the services outlined in the statement of work. A firm-fixed price order shall be requested, unless the ordering activity makes a determination that it is not possible at the time of placing the order to estimate accurately the extent or duration of the work or to anticipate cost with any reasonable degree of confidence. When such a determination is made, a labor hour or time-and-materials proposal may be requested. The firm-fixed price shall be based on the rates in the schedule contract and shall consider the mix of labor categories and level of effort required to perform the services described in the statement of work. The firm-fixed price of the order should also include
any travel costs or other incidental costs related to performance of the services ordered, unless the
order provides for reimbursement of travel costs at the rates provided in the Federal Travel or Joint
Travel Regulations. A ceiling price must be established for labor-hour and time-and-materials
orders.

(iii) The request may ask the contractors, if necessary or appropriate, to submit a project plan for
performing the task, and information on the contractor’s experience and/or past performance
performing similar tasks.

(iv) The request shall notify the contractors what basis will be used for selecting the contractor to receive
the order. The notice shall include the basis for determining whether the contractors are technically
qualified and provide an explanation regarding the intended use of any experience and/or past
performance information in determining technical qualification of responses. If consideration will be
limited to schedule contractors who are small business concerns as permitted by paragraph (2) below,
the request shall notify the contractors that will be the case.

(2) Transmit the Request to Contractors
Based upon an initial evaluation of catalogs and price lists, the ordering activity should identify the
contractors that appear to offer the best value (considering the scope of services offered, pricing and other
factors such as contractors locations, as appropriate) and transmit the request as follows:

NOTE: When buying IT professional services under SIN 132 51 ONLY, the ordering office, at its
discretion, may limit consideration to those schedule contractors that are small business concerns. This
limitation is not applicable when buying supplies and/or services under other SINs as well as SIN 54151S.
The limitation may only be used when at least three (3) small businesses that appear to offer services that
will meet the agency’s needs are available, if the order is estimated to exceed the micro-purchase threshold.

(i) The request should be provided to at least three (3) contractors if the proposed order is estimated to
exceed the micro-purchase threshold, but not exceed the maximum order threshold.
(ii) For proposed orders exceeding the maximum order threshold, the request should be provided to
additional contractors that offer services that will meet the ordering activity’s needs.

(iii) In addition, the request shall be provided to any contractor who specifically requests a copy of the
request for the proposed order.

(iv) Ordering activities should strive to minimize the contractors costs associated with responding to
requests for quotes for specific orders. Requests should be tailored to the minimum level necessary for
adequate evaluation and selection for order placement. Oral presentations should be considered, when
possible.

(3) Evaluate Responses and Select the Contractor to Receive the Order:
After responses have been evaluated against the factors identified in the request, the order should be placed
with the schedule contractor that represents the best value. (See FAR 8.404)

(4) The establishment of Federal Supply Schedule Blanket Purchase Agreements (BPAs) for recurring services
is permitted when the procedures outlined herein are followed. All BPAs for services must define the
services that may be ordered under the BPA, along with delivery or performance time frames, billing
procedures, etc. The potential volume of orders under BPAs, regardless of the size of individual orders,
may offer the ordering activity the opportunity to secure volume discounts. When establishing BPAs,
ordering activities shall Inform contractors in the request (based on the ordering activity’s requirement) if a
single BPA or multiple BPAs will be established, and indicate the basis that will be used for selecting the
contractors to be awarded the BPAs.
(b) SINGLE BPA: Generally, a single BPA should be established when the ordering activity can define the tasks to be ordered under the BPA and establish a firm-fixed price or ceiling price for individual tasks or services to be ordered. When this occurs, authorized users may place the order directly under the established BPA when the need for service arises. The schedule contractor that represents the best value should be awarded the BPA. (See FAR 8.404)

(c) MULTIPLE BPAs: When the ordering activity determines multiple BPAs are needed to meet its requirements, the ordering activity should determine which contractors can meet any technical qualifications before establishing the BPAs. When establishing the BPAs, the procedures in (a)(2) above must be followed. The procedures at (a)(2) do not apply to orders issued under multiple BPAs. Authorized users must transmit the request for quote for an order to all BPA holders and then place the order with the Schedule contractor that represents the best value.

(d) Review BPAs Periodically: Such reviews shall be conducted at least annually. The purpose of the review is to determine whether the BPA still represents the best value. (See FAR 8.404)

(e) The ordering activity should give preference to small business concerns when two or more contractors can provide the services at the same firm-fixed price or ceiling price.

(f) When the ordering activity s requirement involves both products as well as executive, administrative and/or professional, services, the ordering activity should total the prices for the products and the firm-fixed price for the services and select the contractor that represents the best value. (See FAR 8.404)

(g) The ordering activity, at a minimum, should document orders by identifying the contractor from which the services were purchased, the services purchased, and the amount paid. If other than a firm-fixed price order is placed, such documentation should include the basis for the determination to use a labor-hour or time-and-materials order. For ordering activity requirements in excess of the micro-purchase threshold, the order file should document the evaluation of Schedule contractors quotes that formed the basis for the selection of the contractor that received the order and the rationale for any trade-offs made in making the selection.

4. ORDER
   a. Ordering activities may use written orders, EDI orders, blanket purchase agreements, individual purchase orders, or task orders for ordering services under this contract. Blanket Purchase Agreements shall not extend beyond the end of the contract period; all services and delivery shall be made and the contract terms and conditions shall continue in effect until the completion of the order. Orders for tasks which extend beyond the fiscal year for which funds are available shall include FAR 52.232-19 Availability of Funds for the Next Fiscal Year. The purchase order shall specify the availability of funds and the period for which funds are available.

   b. All task orders are subject to the terms and conditions of the contract. In the event of conflict between a task order and the contract, the contract will take precedence.

5. PERFORMANCE OF SERVICES
   a. The Contractor shall commence performance of services on the date agreed to by the Contractor and the ordering activity.

   b. The Contractor agrees to render services only during normal working hours, unless otherwise agreed to by the Contractor and the ordering activity.

   c. The ordering activity should include the criteria for satisfactory completion for each task in the Statement of Work or Delivery Order. Services shall be completed in a good and workmanlike manner.

   d. Any Contractor travel required in the performance of IT Services must comply with the Federal Travel Regulation or Joint Travel Regulations, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel. Contractors cannot use GSA city pair contracts.
6. STOP-WORK ORDER (FAR 52.242-15) (AUG 1989)

(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either-

(b) Cancel the stop-work order; or

(c) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience of the Government, clause of this contract.

(d) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule or contract price, or both, and the contract shall be modified, in writing, accordingly, if-

(e) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(f) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that, if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(g) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.

(h) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

7. INSPECTION OF SERVICES

The Inspection of Services Fixed Price (AUG 1996) clause at FAR 52.246-4 applies to firm-fixed price orders placed under this contract. The Inspection Time-and-Materials and Labor-Hour (JAN 1986) clause at FAR 52.246-6 applies to time-and-materials and labor-hour orders placed under this contract.

8. RESPONSIBILITIES OF THE CONTRACTOR

The Contractor shall comply with all laws, ordinances, and regulations (Federal, State, City, or otherwise) covering work of this character. If the end product of a task order is software, then FAR 52.227-14 Rights in Data General, may apply.

9. RESPONSIBILITIES OF THE ORDERING ACTIVITY

Subject to security regulations, the ordering activity shall permit Contractor access to all facilities necessary to perform the requisite IT Services.

10. INDEPENDENT CONTRACTOR

All IT Services performed by the Contractor under the terms of this contract shall be as an independent Contractor, and not as an agent or employee of the ordering activity.
11. ORGANIZATIONAL CONFLICTS OF INTEREST
   a. Definitions.
      Contractor means the person, firm, unincorporated association, joint venture, partnership, or corporation that is a
      party to this contract.

      Contractor and its affiliates and Contractor or its affiliates refers to the Contractor, its chief executives, directors,
      officers, subsidiaries, affiliates, subcontractors at any tier, and consultants and any joint venture involving the
      Contractor, any entity into or with which the Contractor subsequently merges or affiliates, or any other successor or
      assignee of the Contractor.

      An Organizational conflict of interest exists when the nature of the work to be performed under a proposed ordering
      activity contract, without some restriction on ordering activities by the Contractor and its affiliates, may either (i)
      result in an unfair competitive advantage to the Contractor or its affiliates or (ii) impair the Contractor s or its
      affiliates objectivity in performing contract work.

   b. To avoid an organizational or financial conflict of interest and to avoid prejudicing the best interests of the ordering
      activity, ordering activities may place restrictions on the Contractors, its affiliates, chief executives, directors,
      subsidiaries and subcontractors at any tier when placing orders against schedule contracts. Such restrictions shall be
      consistent with FAR 9.505 and shall be designed to avoid, neutralize, or mitigate organizational conflicts of interest
      that might otherwise exist in situations related to individual orders placed against the schedule contract. Examples of
      situations, which may require restrictions, are provided at FAR 9.508.

12. INVOICES
    The Contractor, upon completion of the work ordered, shall submit invoices for IT services. Progress payments may be
    authorized by the ordering activity on individual orders if appropriate. Progress payments shall be based upon completion of
    defined milestones or interim products. Invoices shall be submitted monthly for recurring services performed during the
    preceding month.

13. PAYMENTS
    For firm-fixed price orders the ordering activity shall pay the Contractor, upon submission of proper invoices or vouchers, the
    prices stipulated in this contract for service rendered and accepted. Progress payments shall be made only when authorized by
    the order. For time-and-materials orders, the Payments under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-
    7 (DEC 2002), (Alternate II Feb 2002) (Deviation May 2003) applies to time-and-materials orders placed under this contract.
    For labor-hour orders, the Payment under Time-and-Materials and Labor-Hour Contracts at FAR 52.232-7 (DEC 2002),
    (Alternate II Feb 2002) (Deviation May 2003)) applies to labor-hour orders placed under this contract.

14. RESUMES
    Resumes shall be provided to the GSA Contracting Officer or the user ordering activity upon request.

15. INCIDENTAL SUPPORT COSTS
    Incidental support costs are available outside the scope of this contract. The costs will be negotiated separately with the
    ordering activity in accordance with the guidelines set forth in the FAR.

16. APPROVAL OF SUBCONTRACTS
    The ordering activity may require that the Contractor receive, from the ordering activity's Contracting Officer, written
    consent before placing any subcontract for furnishing any of the work called for in a task order.

17. DESCRIPTION OF IT SERVICES AND PRICING
    Please refer to the labor category descriptions and pricing incorporated into this GSA Pricelist.
1. **Commercial Job Title:** Computer Security Systems Specialist  
   Minimum/General Experience: 8 Years  
   Functional Responsibility: Designs, analyzes and programs hardware and software tools to provide innovative solutions to complex systems security issues. Also applies high analytical skills and techniques in the examination of various digital and analog signals. Analyze and define security requirements for Multilevel Security (MLS) issues. Design, develop, engineer, and implement solutions to MLS requirements and Shares responsibility for the implementation and development of the MLS. Gather and organize technical information about an organization's mission goals and needs, existing security products, and ongoing programs in the MLS arena. Performs risk analysis and risk assessment. Provide training and daily supervision and direction to staff. Also may be required to serve as task leader.  
   Minimum Education: Bachelor's Degree

2. **Commercial Job Title:** Computer Specialist  
   Minimum/General Experience: 4 Years  
   Functional Responsibility: Provide daily help desk support for stores and end users with a focus on providing outstanding customer service. Troubleshoot and repair issues with PC hardware and software, printers/copiers, and phones. Setup and configure new computers and new users. Provide phone support for Store POS, Water Test PC, WAN, and phone line issues. Handle escalated issues quickly and effectively to get down stores back up and running as quickly as possible.  
   Minimum Education: Bachelor's Degree

3. **Commercial Job Title:** Cybersecurity Administrator  
   Minimum/General Experience: 4 Years  
   Functional Responsibility: Day to day operations and maintenance which include but not limited to; review of audit logs, creating backups of the data files, maintaining network equipment inventory  
   - Server/Workstation Security and maintenance updates  
   - Maintain system configuration documentation  
   - Maintain system process and procedure documentation  
   - Maintain virus definitions, patch versions and Department of Defense (DoD) Security Technical Implementation Guides (STIG) levels on all network Servers, workstations and laptops  
   - Provide technical support and implementation for PBM network workstations and Virtual terminals  
   - Work with other team members to analyze and resolve user problems and perform preventative maintenance  
   - Provide installation support for network systems applications  
   - Monitor and maintain What's Up Gold network monitoring software
- Support as needed DoD Information Assurance Risk Management Framework (DIARMF)
- Create and maintain images for workstations and laptops within SCCM
- Manage Active Directory, DHCP, and DNS
- Reset user account passwords within Active Directory Users and Computers
- Unlock user accounts within Active Directory Users and Computers
- Create user accounts for PBMN within Active Directory Users and Computers
- Run AD Janitor - Weekly - Disable any accounts which have not been logged into

Minimum Education: Bachelor's Degree

4. **Commercial Job Title:** Cybersecurity Associate

Minimum/General Experience: 2 Years

- Functional Responsibility: Invite and provide evidence-based feedback in a timely and constructive manner.
- Share and collaborate effectively with others.
- Work with existing processes/systems whilst making constructive suggestions for improvements.
- Validate data and analysis for accuracy and relevance.
- Follow risk management and compliance procedures.
- Keep up-to-date with technical developments for business area.
- Communicate confidently in a clear, concise and articulate manner - verbally and in written form.
- Seek opportunities to learn about other cultures and other parts of the business across the Network of PwC firms.
- Uphold the firm’s code of ethics and business conduct.

Minimum Education: Associates’ Degree

5. **Commercial Job Title:** Cybersecurity Engineer- Midlevel

Minimum/General Experience: 2 Years

- Functional Responsibility: Lead IOS upgrade project and GEMX remote management as tasked by management.
- Manage the Enterprise Network for resource availability.
- Interface with vendors to ensure proper performance of tools and software packages.
- Process Authorized Service Interruptions (ASIs) as directed by management.
- Provide After Action Reports (AARs) for problem management resolution.
- Responsible for the analysis, administration and support of voice, video, and/or data communications networks.
Analyzes, administers and maintains voice, video, and/or data communications networks.

Manages the usage and performance of voice, video and/or data communications networks.

Maintains network security and ensures compliance with security policies and procedures.

Ensure compliance with network security policies and procedures.

Evaluates hardware and software, including peripheral, output, and related equipment.

Participates in the development and implementation of network-related procedures and standards.

Participates in and may lead aspects of major network installations and upgrades.

Interfaces with vendors to ensure appropriate resolution during network outages or periods of reduced performance.

Develops and implements testing strategies and document results.

Provides advice and training to end-users.

Troubleshoots and resolves complex problems.

May provide work leadership to less-experienced network personnel.

Maintains current knowledge of relevant hardware and software applications as assigned. Participates in special projects as required.

Minimum Education: Associates’ Degree

6. Commercial Job Title: Cybersecurity Engineer- Senior

Minimum/General Experience: 4 Years

- Functional Responsibility: Partner with Scrum Masters, Product Owners, and peers to create state of the art solutions to meet business and technical opportunities

- Mentor and coach junior team members

- Completes project work or other tasks as assigned

- Assist in development of automated incident response capabilities for Liberty Mutual’s Cloud Ecosystems

- Work with Technologist and Architects to engineer and implement cloud native cybersecurity technologies

- Utilize cloud-based APIs when appropriate to integrate tools for securing cloud environments.

- Provides guidance and assistance to ensure IT controls are designed to mitigate intended risks and operating effectively; ensures cloud engineering best practices are followed.

- Provides technical expertise and support to clients, IT management and staff in risk assessment and the implementation of appropriate information security procedures and products.

- Researches and assesses new threats to cloud environments and recommends remedial action. Minimum
Education: Bachelor's Degree

❖ Functional Responsibility: Outstanding grasp of information technology concepts and processes.

❖ Experience in implementing I.T. projects around mobile applications development and deployment on mobile devices (Android, iOS Etc.) for external and internal users.

❖ Understanding and managing the security risk of mobile deployment.

Minimum Education: Bachelor's Degree

8. **Commercial Job Title:** Data Security Specialist

Minimum/General Experience: 8 Years

Functional Responsibility: Designs, analyzes and programs hardware and software tools to provide innovative solutions to complex systems security issues. Also applies high analytical skills and techniques in the examination of various digital and analog signals. Analyze and define security requirements for Multilevel Security (MLS) issues. Design, develop, engineer, and implement solutions to MLS requirements and Shares responsibility for the implementation and development of the MLS. Gather and organize technical information about an organization's mission goals and needs, existing security products, and ongoing programs in the MLS arena. Performs risk analysis and risk assessment. Provide training and daily supervision and direction to staff. Also may be required to serve as task leader.

Minimum Education: Bachelor's Degree

9. **Commercial Job Title:** Database Manager

Minimum/General Experience: 5 Years

Functional Responsibility: Performs the design, development, implementation, and maintenance of large relational and/or distributed databases. Develops database requirements from operational documentation and user inputs. Provides technical guidance in the selection, implementation, and deployment of databases and their architecture. Manages the development of database projects. Provides highly technical expertise in the use of relational databases. Evaluates and recommends available database technologies and products to support validated user requirements. Defines file organization, indexing methods, and security procedures for specific user applications.

Minimum Education: Bachelor's Degree

**Commercial Job Title:** Project Manager Minimum/General Experience: 12 Years

Functional Responsibility: Responsible for the planning and execution of all activities related to a contract delivery order in functional areas such as IT project management, earned value management, systems design, development, implementation and operations, independent validation and verification, human resources management and operations, contract administration or finance and budget. Ensures that all personnel assigned to projects meet government qualification standards and receive necessary training.

Minimum Education: Bachelor's Degree
10. **Commercial Job Title:** Senior Computer Specialist

Minimum/General Experience: 8 Years

Functional Responsibility: Provide daily help desk support for stores and end users with a focus on providing outstanding customer service. Troubleshoot and repair issues with PC hardware and software, printers/copiers, and phones. Setup and configure new computers and new users. Provide phone support for Store POS, Water Test PC, WAN, and phone line issues. Handle escalated issues quickly and effectively to get down stores back up and running as quickly as possible.

Minimum Education: Master's Degree

11. **Commercial Job Title:** Senior Computer Systems Analyst

Minimum/General Experience: 8 Years

Functional Responsibility: Provide daily help desk support for stores and end users with a focus on providing outstanding customer service. Troubleshoot and repair issues with PC hardware and software, printers/copiers, and phones. Setup and configure new computers and new users. Provide phone support for Store POS, Water Test PC, WAN, and phone line issues. Handle escalated issues quickly and effectively to get down stores back up and running as quickly as possible.

Minimum Education: Master's Degree

12. **Commercial Job Title:** Senior Information Technology Architect

Minimum/General Experience: 8 Years

Functional Responsibility: An individual very knowledgeable in all aspects of IT; evaluates and assesses information technology systems and provides information technology solutions/recommendations. Provides analytical and technical support in the assessment of employed or proposed systems. Provides highly technical and specialized guidance, and leads the actual development of technology solutions. Performs elaborate analyses and studies. Works independently or as a member of a team. May serve as Project Manager providing technical and administrative direction for personnel performing software development tasks. Demonstrates very good oral and written communications skills.

Minimum Education: Bachelor's Degree

13. **Commercial Job Title:** Senior Information Technology Planner

Minimum/General Experience: 8 Years

Functional Responsibility: Apply various engineering design, build processes, and network operations and support processes as needed; map processes and inter-linkages. Coordinate with operations, sales and other departments in the company. Vendor management and integrating vendor support into technical and process functions of the engineering organization. Provides overview of telecom networks (Ethernet, IP, SONET, switching, fiber optic, microwave, satellite and other access networks including GPON), the technologies, process and systems used to engineer, design, build and operate such networks. Evaluates new technology, analyzes trends, identifies resource needs, and develops the integration of technical activities.

Minimum Education: Bachelor's Degree
14. **Commercial Job Title:** Senior IT Professional  
Minimum/General Experience: 10 Years  
Functional Responsibility: Responsible for the development of program and system specifications based on requirements obtained from end-users. Supervises Software Developers and manages other deliverables for system and subsystem development.  
Minimum Education: Bachelor's Degree

15. **Commercial Job Title:** Senior Systems Analyst  
Minimum/General Experience: 6 Years  
Functional Responsibility: Uses sound software engineering principles to ensure that developed code is modifiable efficient, reliable, understandable, and fault tolerant. Codes, and tests software based upon software specifications and designs. Provides software process management and control throughout the coding portion of the software development process.  
Minimum Education: Bachelor's Degree

16. **Commercial Job Title:** Senior Systems Architect  
Minimum/General Experience: 10 Years  
Functional Responsibility: Oversees systems Architect to determine cost-effective development solutions. Communicates with offshore and on-shore development resources to ensure all business requirements and client needs are met.  
Minimum Education: Master's Degree

17. **Commercial Job Title:** Senior Systems Engineer  
Minimum/General Experience: 8 Years  
Functional Responsibility: Managing all aspects of server migrations to implement a complete IP based address management solution. Designing, installing, configuring, maintaining, and upgrading office(s), client office(s), or technology cluster local area networks. Ensuring servers are designed, implemented, and configured in the most efficient method. Analyzing requirements and producing detailed project plans for the implementation of LAN based applications. Managing technical tasks and resources assigned to specific projects.  
Minimum Education: Bachelor's Degree

18. **Commercial Job Title:** Subject Matter Expert  
Minimum/General Experience: 6 Years  
Functional Responsibility: Defines the problem and analyzes and develops plans and requirements in the subject matter area for moderately complex to complex systems. Coordinates and manages the preparation of analysis, evaluations, and recommendations for proper implementation of programs and systems specifications in the following specialties: information systems architecture, networking, telecommunications, automation, communications protocols, risk management/electronic analysis, software, lifecycle management, software development methodologies, and modeling and simulation.  
Minimum Education: Master's Degree
19. **Commercial Job Title:** Systems Administrator  
   Minimum/General Experience: 4 Years  
   Functional Responsibility: Maintain and continually improve wired and wireless networks. OSX Server, Windows Server and Linux Server maintenance and installation. Use a customer-centric approach to managing desktop support while delivering projects on time and on budget.  
   Minimum Education: Bachelor's Degree

20. **Commercial Job Title:** Systems Engineer  
   Minimum/General Experience: 2 Years  
   Functional Responsibility: Managing all aspects of server migrations to implement a complete IP based address management solution. Designing, installing, configuring, maintaining, and upgrading office(s), client office(s), or technology cluster local area networks. Ensuring servers are designed, implemented, and configured in the most efficient method. Analyzing requirements and producing detailed project plans for the implementation of LAN based applications. Managing technical tasks and resources assigned to specific projects.  
   Minimum Education: Bachelor's Degree

21. **Commercial Job Title:** Systems Security Specialist  
   Minimum/General Experience: 8 Years  
   Functional Responsibility: Designs, analyzes and programs hardware and software tools to provide innovative solutions to complex systems security issues. Also applies high analytical skills and techniques in the examination of various digital and analog signals. Analyze and define security requirements for Multilevel Security (MLS) issues. Design, develop, engineer, and implement solutions to MLS requirements and Shares responsibility for the implementation and development of the MLS. Gather and organize technical information about an organization's mission goals and needs, existing security products, and ongoing programs in the MLS arena. Performs risk analysis and risk assessment. Provide training and daily supervision and direction to staff. Also may be required to serve as task leader.  
   Minimum Education: Bachelor's Degree

PREAMBLE

Global Accounting, Inc. provides commercial products and services to ordering activities. We are committed to promoting participation of small, small disadvantaged, HUBZone, and Service Disable Veteran small businesses in our contracts. We pledge to provide opportunities to the small business community through reselling opportunities, mentor-protégé programs, joint ventures, teaming arrangements, and subcontracting.

COMMITMENT

To actively seek and partner with small businesses.

To identify, qualify, mentor and develop small, small disadvantaged and women-owned small businesses by purchasing from these businesses whenever practical.

To develop and promote company policy initiatives that demonstrate our support for awarding contracts and subcontracts to small business concerns.

To undertake significant efforts to determine the potential of small, small disadvantaged and women-owned small business to supply products and services to our company.

To insure procurement opportunities are designed to permit the maximum possible participation of small, small disadvantaged, and women-owned small businesses.

To attend business opportunity workshops, minority business enterprise seminars, trade fairs, procurement conferences, etc., to identify and increase small businesses with whom to partner.

To publicize in our marketing publications our interest in meeting small businesses that may be interested in subcontracting opportunities.

We signify our commitment to work in partnership with small, small disadvantaged and women-owned small businesses to promote and increase their participation in ordering activity contracts. To accelerate potential opportunities please contact Mario West, (571) 2006052, mwest@globalaccounting.com.
THE FOLLOWING IS A SUGGESTED
BLANKET PURCHASE AGREEMENT (BPA) FORMAT

BEST VALUE
BLANKET PURCHASE AGREEMENT
FEDERAL SUPPLY SCHEDULE

(Global Accounting)

In the spirit of the Federal Acquisition Streamlining Act (Ordering Activity) and (Contractor) enter into a cooperative agreement to further reduce the administrative costs of acquiring commercial items from the General Services Administration (GSA) Federal Supply Schedule Contract(s) ________________.

Federal Supply Schedule contract BPAs eliminate contracting and open market costs such as: search for sources; the development of technical documents, solicitations and the evaluation of offers. Teaming Arrangements are permitted with Federal Supply Schedule Contractors in accordance with Federal Acquisition Regulation (FAR) 9.6.

This BPA will further decrease costs, reduce paperwork, and save time by eliminating the need for repetitive, individual purchases from the schedule contract. The end result is to create a purchasing mechanism for the Government that works better and costs less.

Signatures

__________________________________________  

Global Accounting.

Ordering Activity Date  Contractor Date
Pursuant to GSA Federal Supply Schedule Contract Number(s) __________, Blanket Purchase Agreements, the Contractor agrees to the following terms of a Blanket Purchase Agreement (BPA) EXCLUSIVELY WITH (Ordering Agency):

(1) The following contract items can be ordered under this BPA. All orders placed against this BPA are subject to the terms and conditions of the contract, except as noted below:

<table>
<thead>
<tr>
<th>MODEL NUMBER/PART NUMBER</th>
<th>*SPECIAL BPA DISCOUNT/PRICE</th>
</tr>
</thead>
<tbody>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
</tbody>
</table>

(2) Delivery:

<table>
<thead>
<tr>
<th>DESTINATION</th>
<th>DELIVERY SCHEDULES / DATES</th>
</tr>
</thead>
<tbody>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
<tr>
<td>________________________</td>
<td>__________________________</td>
</tr>
</tbody>
</table>

(3) The Government estimates, but does not guarantee, that the volume of purchases through this agreement will be ____________.

(4) This BPA does not obligate any funds.

(5) This BPA expires on ____________ or at the end of the contract period, whichever is earlier.

(6) The following office(s) is hereby authorized to place orders under this BPA:

<table>
<thead>
<tr>
<th>OFFICE</th>
<th>POINT OF CONTACT</th>
</tr>
</thead>
<tbody>
<tr>
<td>Global Accounting</td>
<td>____________________</td>
</tr>
<tr>
<td>1629 K Street NW Ste 300</td>
<td>____________________</td>
</tr>
<tr>
<td>Washington, DC 20006</td>
<td>____________________</td>
</tr>
</tbody>
</table>

(7) Orders will be placed against this BPA via Electronic Data Interchange (EDI), FAX, or paper.

(8) Unless otherwise agreed to, all deliveries under this BPA must be accompanied by delivery tickets or sales slips that must contain the following information as a minimum:
(a) Name of Contractor;

(b) Contract Number;

(c) BPA Number;

(d) Model Number or National Stock Number (NSN);

(e) Purchase Order Number;

(f) Date of Purchase;

(g) Quantity, Unit Price, and Extension of Each Item (unit prices and extensions need not be shown when incompatible with the use of automated systems; provided, that the invoice is itemized to show the information); and

(h) Date of Shipment.

(9) The requirements of a proper invoice are specified in the Federal Supply Schedule contract. Invoices will be submitted to the address specified within the purchase order transmission issued against this BPA.

(10) The terms and conditions included in this BPA apply to all purchases made pursuant to it. In the event of an inconsistency between the provisions of this BPA and the Contractor’s invoice, the provisions of this BPA will take precedence.
Federal Supply Schedule Contractors may use Contractor Team Arrangements (see FAR 9.6) to provide solutions when responding to ordering activity requirements.

These Team Arrangements can be included under a Blanket Purchase Agreement (BPA). BPAs are permitted under all Federal Supply Schedule contracts.

Orders under a Team Arrangement are subject to terms and conditions or the Federal Supply Schedule Contract.

Participation in a Team Arrangement is limited to Federal Supply Schedule Contractors.

Customers should refer to FAR 9.6 for specific details on Team Arrangements.

Here is a general outline on how it works:

The customer identifies their requirements.

Federal Supply Schedule Contractors may individually meet the customers needs, or -

Federal Supply Schedule Contractors may individually submit a Schedules Team Solution to meet the customer’s requirement.

Customers make a best value selection.
