Rob Pierce
Ops Manager
1240 Thomasville Rd.
Suite 200
Tallahassee, FL 32303
Tel: (850) 656-7050
E-mail: Rob@ContextualCode.com

BUSINESS SIZE: Small Business
INFORMATION FOR ORDERING ACTIVITIES APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation
SBA strongly supports the participation of small business concerns in the Federal Acquisition Service. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Supply Schedules, and to report accomplishments against these goals.

For orders exceeding the micro-purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA Advantage™ online shopping service (www.gsaadvantage.gov). The catalogs/pricelists, GSA Advantage™ and the Federal Acquisition Service Home Page (www.gsa.gov/fas) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro-purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. GEOGRAPHIC SCOPE OF CONTRACT:

Domestic delivery is delivery within the 48 contiguous states, Alaska, Hawaii, Puerto Rico, Washington, DC, and U.S. Territories. Domestic delivery also includes a port or consolidation point, within the aforementioned areas, for orders received from overseas activities.

The Geographic Scope of Contract: 50 States, DC, All U.S. Territories

2. CONTRACTOR'S ORDERING ADDRESS AND PAYMENT INFORMATION:

Contractor must accept the credit card for payments equal to or less than the micro-purchase for oral or written orders under this contract. The Contractor and the ordering agency may agree to use the credit card for dollar amounts over the micro-purchase threshold (See GSAR 552.232-79 Payment by Credit Card). In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number(s) can be used by ordering activities to obtain technical and/or ordering assistance:

Phone: 850-656-7050
Mail: Contextual Code
       1240 Thomasville Rd.
       Suite 200
       Tallahassee, FL 32303
Email: Rob@ContextualCode.com
3. LIABILITY FOR INJURY OR DAMAGE

The Contractor shall not be liable for any injury to ordering activity personnel or damage to ordering activity property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

4. STATISTICAL DATA FOR GOVERNMENT ORDERING OFFICE COMPLETION OF STANDARD FORM 279:

Block 9: G. Order/Modification Under Federal Schedule Contract
Block 16: Data Universal Numbering System (DUNS) Number: 962420303
Block 30: Type of Contractor: B. Small Business
Block 37: Contractor's Taxpayer Identification Number (TIN): 59-3342833

4a. CAGE Code: 7UAC3
4b. Contractor has registered with the Central Contractor Registration Database.

5. FOB: DESTINATION

6. DELIVERY SCHEDULE

<table>

</thead>
<tbody>
<tr>
<td>518210C</td>
<td>Determined at task level</td>
</tr>
</tbody>
</table>

b. URGENT REQUIREMENTS: When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering activity, ordering activities are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering activity, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. DISCOUNTS: Prices shown are NET Prices; Basic Discounts have been deducted.

PAYMENT TERMS: Net 30
PROMPT PAYMENT DISCOUNT: 1% if payment is made within 10 days
VOLUME DISCOUNTS: 2% for orders over $300,000

8. Small Requirements: The minimum dollar value of orders to be issued is $100.

9. MAXIMUM ORDER (All dollar amounts are exclusive of any discount for prompt payment.)

The Maximum Order value for the following Special Item Numbers (SINs) is $500,000:

518210C - Cloud and Cloud-Related IT Professional Services
10. ORDERING PROCEDURES FOR FEDERAL SUPPLY SCHEDULE CONTRACTS

Ordering activities shall use the ordering procedures of Federal Acquisition Regulation (FAR) 8.405 when placing an order or establishing a BPA for supplies or services. These procedures apply to all schedules.

a. FAR 8.405-1 Ordering procedures for supplies, and services not requiring a statement of work.

b. FAR 8.405-2 Ordering procedures for services requiring a statement of work.

11. CONTRACTOR TASKS / SPECIAL REQUIREMENTS (C-FSS-370) (NOV 2003)

(a) Security Clearances: The Contractor may be required to obtain/possess varying levels of security clearances in the performance of orders issued under this contract. All costs associated with obtaining/possessing such security clearances should be factored into the price offered under the Multiple Award Schedule.

(b) Travel: The Contractor may be required to travel in performance of orders issued under this contract. Allowable travel and per diem charges are governed by Pub. L. 99-234 and FAR Part 31, and are reimbursable by the ordering agency or can be priced as a fixed price item on orders placed under the Multiple Award Schedule. Travel in performance of a task order will only be reimbursable to the extent authorized by the ordering agency. The Industrial Funding Fee does NOT apply to travel and per diem charges.

(c) Certifications, Licenses and Accreditations: As a commercial practice, the Contractor may be required to obtain/possess any variety of certifications, licenses and accreditations for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such certifications, licenses and accreditations should be factored into the price offered under the Multiple Award Schedule program.

(d) Insurance: As a commercial practice, the Contractor may be required to obtain/possess insurance coverage for specific FSC/service code classifications offered. All costs associated with obtaining/possessing such insurance should be factored into the price offered under the Multiple Award Schedule program.

(e) Personnel: The Contractor may be required to provide key personnel, resumes or skill category descriptions in the performance of orders issued under this contract. Ordering activities may require agency approval of additions or replacements to key personnel.

(f) Organizational Conflicts of Interest: Where there may be an organizational conflict of interest as determined by the ordering agency, the Contractor’s participation in such order may be restricted in accordance with FAR Part 9.5.

(g) Documentation/Standards: The Contractor may be requested to provide products or services in accordance with rules, regulations, OMB orders, standards and documentation as specified by the agency’s order.

(h) Data/Deliverable Requirements: Any required data/deliverables at the ordering level will be as specified or negotiated in the agency’s order.
Government-Furnished Property: As specified by the agency’s order, the Government may provide property, equipment, materials or resources as necessary.

Availability of Funds: Many Government agencies’ operating funds are appropriated for a specific fiscal year. Funds may not be presently available for any orders placed under the contract or any option year. The Government’s obligation on orders placed under this contract is contingent upon the availability of appropriated funds from which payment for ordering purposes can be made. No legal liability on the part of the Government for any payment may arise until funds are available to the ordering Contracting Officer.

Overtime: For professional services, the labor rates in the Schedule should not vary by virtue of the Contractor having worked overtime. For services applicable to the Service Contract Act (as identified in the Schedule), the labor rates in the Schedule will vary as governed by labor laws (usually assessed a time and a half of the labor rate).

12. CONTRACT ADMINISTRATION FOR ORDERING ACTIVITIES: Any ordering activity, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the ordering activity’s convenience, and (m) Termination for Cause (See 52.212-4)

13. PURCHASE OF OPEN MARKET ITEMS

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Supply Schedule contract. Ordering Activities procuring open market items must follow FAR 8.402(f).

For administrative convenience, an ordering activity contracting officer may add items not on the Federal Supply Multiple Award Schedule (MAS) -- referred to as open market items -- to a Federal Supply Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if:

1. All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Supply Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
2. The ordering activity contracting officer has determined the price for the items not on the Federal Supply Schedule is fair and reasonable;
3. The items are clearly labeled on the order as items not on the Federal Supply Schedule; and
4. All clauses applicable to items not on the Federal Supply Schedule are included in the order.
14. CONTRACTOR COMMITMENTS, WARRANTIES AND REPRESENTATIONS
   a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
      (1) Time of delivery/installation quotations for individual orders;
      (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/service/software package submitted in response to requirements which result in orders under this schedule contract.
      (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
   b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.
   c. The maintenance/repair service provided is the standard commercial terms and conditions for the type of products and/or services awarded.

15. BLANKET PURCHASE AGREEMENTS (BPAs)
The use of BPAs under any schedule contract to fill repetitive needs for supplies or services is allowable. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPA and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). Ordering activities shall follow FAR 8.405-3 when creating and implementing BPA(s).

16. SECTION 508 COMPLIANCE.
I certify that in accordance with 508 of the Rehabilitation Act of 1973, as amended (29 U.S.C. 794d), FAR 39.2, and the Architectural and Transportation Barriers Compliance Board Electronic and Information Technology (EIT) Accessibility Standards (36 CFR 1194) General Services Administration (GSA), that all IT hardware/software/services are 508 compliant:
   Yes ___X______ No _________

The offeror is required to submit with its offer a designated area on its website that outlines the Voluntary Product Accessibility Template (VPAT) or equivalent qualification, which ultimately becomes the Government Product Accessibility Template (GPAT). Section 508 compliance information on the supplies and services in this contract are available at the following website address (URL):
www.visiondataspaces.com

The EIT standard can be found at: www.Section508.gov/.

17. ADVANCE PAYMENTS
A payment under this contract to provide a service or deliver an article for the United States Government may not be more than the value of the service already provided or the article already delivered. Advance or pre-payment is not authorized or allowed under this contract. (31 U.S.C. 3324)
DESCRIPTION OF PROFESSIONAL SERVICES AND PRICING

518210C - Cloud and Cloud-Related IT Professional Services Labor Categories

Project Manager - Cloud
Experience: At least seven years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

Education: A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years' experience may be substituted for the Bachelor's Degree.

Job duties: Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Responsible for overall coordination, status reporting and stability of project oriented work efforts. Establishes and implements project management processes and methodologies for the IT community to ensure projects are delivered on time, within budget, adhere to high quality standards and meet customer expectations. Responsible for assembling project plans and teamwork assignments, directing and monitoring work efforts on a daily basis, identifying resource needs, performing quality review; and escalating functional, quality, timeline issues appropriately. Responsible for tracking key project milestones and adjusting project plans and/or resources to meet the needs of customers. Coordinates communication with all areas of the enterprise that impacts the scope, budget, risk and resources of the work effort being managed. Must possess extensive knowledge and expertise in the use of project management methodologies and tools, resource management practices and change management techniques. Manages one or more cross-functional projects of medium to high complexity.

Senior Project Manager - Cloud
Experience: At least eight years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

Education: A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years' experience may be substituted for the Bachelor's Degree.

Job duties: Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Assists senior management to identify and prioritize opportunities for utilizing IT to achieve the goals of the enterprise. Manages and appropriately escalates delivery impediments, risks, issues, and changes associated to the product/software development initiatives. This is a management role with human resource management responsibilities (e.g., hiring, performance management). Responsible for overall coordination, status reporting and stability of project oriented work efforts. Establishes and implements project management processes and methodologies for the IT community to ensure projects are delivered on time, within budget, adhere to high quality standards and meet customer expectations. Responsible for assembling project plans and teamwork assignments, directing and monitoring work efforts on a daily basis, identifying resource needs, performing quality review; and escalating functional, quality, timeline issues appropriately. Responsible for tracking key project milestones and adjusting project plans and/or resources to meet the needs of customers. Coordinates communication with all areas of the enterprise that impacts the scope, budget, risk and resources of the work effort being managed. Must possess extensive knowledge and expertise in the use of project management methodologies and tools, resource management practices and change management techniques. Manages one or more cross-functional projects of medium to high complexity.
**Junior Developer - Cloud**

**Experience:** At least seven years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

**Education:** A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years' experience may be substituted for the Bachelor's Degree.

**Job duties:** Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Works closely with customers, project managers, and team members to understand business requirements that drive the analysis and design of quality technical solutions. These solutions must be aligned with business and IT strategies and comply with the organization’s architectural standards. Involved in the full systems life cycle and is responsible for designing, coding, testing, implementing, maintaining and supporting applications software that is delivered on time and within budget. Makes recommendations towards the development of new code or reuse of existing code. Responsibilities may also include participation in component and data architecture design, performance monitoring, product evaluation and buy vs. build recommendations. Has experience in systems analysis, design and a solid understanding of development, quality assurance and integration methodologies.

**Developer - Cloud**

**Experience:** At least ten years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

**Education:** A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years' experience may be substituted for the Bachelor's Degree.

**Senior Product Architect - Cloud**

**Experience:** At least twelve years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

**Education:** A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years' experience may be substituted for the Bachelor's Degree.

**Job duties:** Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Develops enterprise level application and custom integration solutions including major enhancements and interfaces, functions and features. Uses a variety of platforms to provide automated systems applications to customers. Provides expertise regarding the integration of applications across the business. Determines specifications, then plans, designs, and develops the most complex and business critical software solutions, utilizing appropriate software engineering processes—either individually or in concert with project team. Will assist in the most difficult support problems. Develops programming and development standards and procedures as well as programming architectures for code reuse. Has in-depth knowledge of state-of-the art programming languages and object-oriented approaches in designing, coding, testing and debugging programs. Understands and consistently applies the attributes and processes of current application development methodologies. Researches and maintains knowledge in emerging technologies and possible application to the business. Viewed both internally and externally as a technical expert and critical technical resource across multiple disciplines. Acts as an internal consultant, advocate, mentor and change agent.
**IT Director - Cloud**

**Experience:** At least twelve years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

**Education:** A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years’ experience may be substituted for the Bachelor's Degree.

**Job duties:** Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Manages and appropriately escalates delivery impediments, risks, issues, and changes associated to the product/software development initiatives. Assigns and monitors work of technical personnel, ensuring that application development and deployment is done in the best possible way, and implements quality control and review systems throughout the development and deployment processes. Manages operational aspect of production and development servers including developing, training in, and validating compliance with procedures and checklists related to disk space usage, monitoring solutions, deployment, conventions, access to the production and development sources, source control access and usage, performance monitoring, code modifications validation, scheduling, and more. Works within IT, cross-functionally and with other entities, in order to successfully identify, prioritize, and resolve issues and provide subject matter expertise for enhancements, developments, and operational improvements. Maintains issue tracking and documentation systems and provides reporting that ensures proper tracking and visibility of issues and projects. Identifies technical and process improvement opportunities and socialize/advocate to get them implemented. Possesses expert technical understanding of the intersection of development and operations (DevOps), monitoring and management tools, and deployment processes and tools. Possesses high level understanding in the areas of web application programming, content management systems, API, databases, cloud provider’s services and tools and system design.

**Quality Assurance Manager - Cloud**

**Experience:** At least seven years of related hands-on experience with the specific equipment, software or other requirements specified by an actual Statement of Work or Statement of Need.

**Education:** A Bachelor’s Degree in Computer Science, Information Systems, Engineering, Business, or other related discipline. An additional 2 years’ experience may be substituted for the Bachelor's Degree.

**Job duties:** Has a deep understanding of system development in cloud environments, including Software as Service (SaaS), Platform as Service (PaaS), or Infrastructure as a Service (IaaS). Responsible for developing and executing formal test plans to ensure the delivery of quality software applications. Involved in test planning, writing test cases/scripts, test case automation and test execution. Defines and tracks quality assurance metrics such as defects, defect counts, test results and test status. Collects and analyzes data for software process evaluation and improvements, and integrates them into business processes to address the business needs. Documents all problems and assists in their resolution. Delivers quality process training to technical staff and acts as an internal quality consultant to advise or influence business or technical partners. Performs quality audits across the various IT functions to ensure quality standards, procedures and methodologies are being followed.
