Business Size:
Small Business

For more information on ordering from Federal Supply Schedule click on the FSS Schedules button at fss.gsa.gov. On-line access to contract ordering information, terms and conditions, up-to-date pricing, and the option to create an electronic delivery order is available through GSA Advantage!™, a menu-driven database system. The INTERNET address for GSA Advantage!™ is: http://www.GSAAdvantage.gov.
CUSTOMER INFORMATION

1a. Table of Awarded Special Item Numbers with appropriate cross-reference to page numbers:

<table>
<thead>
<tr>
<th>SIN</th>
<th>SIN Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>54151S/RC/STLOC</td>
<td>Information Technology Professional Services</td>
</tr>
<tr>
<td>511210/RC/STLOC</td>
<td>Software Licenses</td>
</tr>
<tr>
<td>OLM/RC/STLOC</td>
<td>Order-Level Materials (OLM)</td>
</tr>
</tbody>
</table>

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See below.

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item. See below.

2. Maximum Order: 54151S & 511210: $500,000.00
   OLM: $250,000

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic

5. Point(s) of production (city, county, and state or foreign country): Same as Contractor

6. Discount from list prices or statement of net price: Government net prices

7. Quantity discounts: Additional 6% on single task orders over $400,000 for SIN 511210

8. Prompt payment terms: Net 30 Days. Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Foreign items (list items by country of origin): None

10a. Time of Delivery (Contractor insert number of days): Specified on Task Order

10b. Expedited Delivery. The Contractor will insert the sentence “Items available for expedited delivery are noted in this price list.” under this heading. The Contractor may use a symbol of its choosing to highlight items in its price list that have expedited delivery: Contact Contractor

10c. Overnight and 2-day delivery. The Contractor will indicate whether overnight and 2-day delivery is available. Also, the Contractor will indicate that the schedule customer may contact the Contractor for rates for overnight and 2-day delivery: Contact Contractor
10d. Urgent Requirements. The Contractor will note in its price list the “Urgent Requirements” clause of its contract and advise agencies that they can also contact the Contractor’s representative to affect a faster delivery: Contact Contractor

11. F.O.B Points: Destination

12a. Ordering Address: Same as Contractor

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA’s), are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address: Same as Contractor

14. Warranty provision: Contractor’s standard commercial warranty.

15. Export Packing Charges (if applicable): N/A

16. Terms and conditions of rental, maintenance, and repair (if applicable): N/A

17. Terms and conditions of installation (if applicable): N/A

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable): N/A

18b. Terms and conditions for any other services (if applicable): N/A

19. List of service and distribution points (if applicable): N/A

20. List of participating dealers (if applicable): N/A

21. Preventive maintenance (if applicable): N/A

22a. Special attributes such as environmental attributes: N/A

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contactor’s website or other location.) The EIT standards can be found at: www.Section508.gov./

23. Data Universal Numbering System (DUNS) number: 849048918

24. Notification regarding registration in System of Award (SAM) database: Registered 84T14

**Service Contract Labor Standards (SCLS)**

The Service Contract Labor Standards (SCLS), also referred to as the Service Contract Act (SCA) is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories/services have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCA eligible labor categories. If and / or when the contractor adds SCA labor categories / employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCA matrix identifying the GSA labor category titles, the occupational code, SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
LABOR CATEGORY DESCRIPTIONS

CTO
Responsibility: Has overall accountability for business solution programs. A CTO performs independent quality assurance reviews of program performance and deliverables. They lend thought leadership to engagement teams in developing creative solutions to client business problems. The CTO architects work with stakeholders, both leadership and subject matter experts, to build a holistic view of the organization's strategy, processes, information, and information technology assets to keep the business and IT in alignment. The CTO links the business mission, strategy, and processes of an organization to its IT strategy, and documents this using multiple architectural models or views that show how the current and future needs of an organization will be met in an efficient, sustainable, agile, and adaptable manner.
Minimum Education: Master’s Degree
Minimum Experience: 12 years of experience

Jr Front End Developer
Responsibility: Provides support related to all components of user interaction, including graphic user interface, text, colors, buttons, etc. Develops in multiple software languages (Unity, HTML, CSS, Java). Deploys pre-defined methods, techniques, and tools to perform the job more effectively. Utilizes pre-defined software diagnostics and debugging tools. Develops and documents software, applications and other code using Agile development and other industry best practices.
Minimum Education: Associate’s degree
Minimum Experience: 2 years of experience

Sr Front End Developer
Responsibility: Provides thought leadership related to all components of user interaction, including graphic user interface, text, colors, buttons, etc. Develops in multiple software languages. Deploys pre-defined methods, techniques, and tools to perform the job more effectively but also develops new, innovative approaches when required. Utilizes pre-defined software diagnostics and debugging tools but also deploys novel testing tools and practices when required. Responsible for integrating code from multiple sources. Reviews software documentation, applications and other code using Agile development and other industry best practices.
Minimum Education: Bachelor’s Degree
Minimum Experience: 6 years of experience

Project Manager
Responsibility: Manages contract support operations for complex, mission-critical, and strategic programs which may involve multiple projects and groups of personnel at multiple locations. Utilizes proven leadership skills to organize, direct, and deploy resources with broad technical, business, and industry expertise. Oversees program budget, schedules and all aspect of financial management of the program. Effectively manages funds, personnel, production standards, and resources (equipment and facilities) and ensures quality and timely delivery of all contractual items. Serves as focal point of contract with client regarding all program activities. In general, work complexity and responsibility will be greater at higher levels.
The Project Manager has overall accountability for business solution programs. Project Manager may be responsible for product delivery and/or financial management of client engagements. A Project Manager performs independent quality assurance reviews of program performance and deliverables. They lend thought leadership to engagement teams in developing creative solutions to client business problems.
Minimum Education: Master’s Degree
Minimum Experience: 10 years of experience
**Jr Back End Developer**

*Responsibility:* Supports projects and activities related to all components of the back end of IT architecture, including the aggregation and storing of data, computer processing, artificial intelligence, and machine learning, among others. Develops in multiple software languages (Java, PHP, Ruby, Python). Deploys pre-defined methods, techniques, and tools to perform the job more effectively. Utilizes pre-defined software diagnostics and debugging tools. Develops and documents software, applications and other code using Agile development and other industry best practices.

*Minimum Education:* Associate’s degree

*Minimum Experience:* 2 years of experience

---

**Sr Back End Developer**

*Responsibility:* Leads projects and activities related to all components of the back end of IT architecture, including the aggregation and storing of data, computer processing, artificial intelligence, and machine learning, among others. Develops in multiple software languages (Java, PHP, Ruby, Python). Both deploys pre-defined and develops new methods, techniques, and tools to perform the job more effectively. Utilizes pre-defined software diagnostics and debugging tools and when appropriate seeks innovative new tools or creates new diagnostics. Reviews software documentation, develops and documents software, applications and other code using Agile development and other industry best practices.

*Minimum Education:* Bachelor’s Degree

*Minimum Experience:* 6 years of experience

---

**UX / UI Designer**

*Responsibility:* UX / UI Designer is responsible for gathering and evaluating user requirements in collaboration with product managers and engineers, illustrating design ideas using storyboards, process flows and sitemaps, designing graphic user interface elements, like menus, tabs and widgets, building page navigation buttons and search fields, and developing UI mockups and prototypes that clearly illustrate how sites function and look like. The Designer is able to create original graphic designs (e.g. images, sketches and tables), prepare and present rough drafts to internal teams and key stakeholders, identify and troubleshoot UX problems (e.g. responsiveness), conduct layout adjustments based on user feedback, and adhere to style standards on fonts, colors and images.

*Minimum Education:* Associate’s degree

*Minimum Experience:* 2 years of experience

---

**3D Modeler**

*Responsibility:* 3D modeler is responsible for creating virtual worlds and characters. 3D modeler is well versed with industry standard 3D modeling programs and tools, has superb spatial skills and a well honed sense of color and design. 3D modeler interprets concept art and sketches to create virtual characters, environment and props, follows design guidelines, asset naming conventions and other technical constraints, prototypes and iterates on models and characters based on client feedback, create textures and UV maps, optimizes, refines and corrects model geometry; rigs models and characters for animation; and work with artists, animators and programmers to execute projects on time.

*Minimum Education:* Associate’s degree

*Minimum Experience:* 2 years of experience
### Substitution - Education / Experience Trade-off
