*Telecommunications Specialist	23931 - Telecommunications Mechanic I	2015-4281

### Labor Category Descriptions

SIN	Labor Title	Description	Minimum Education Level	Minimum Years of Experience
54151S	Program Manager	Directs the performance of a variety of highly technical Information Technology (IT) projects, which may be organized by technology, program, or client. Oversees the technology development and/or application enterprise and multi-agency geospatial project design, marketing, and resource allocation within the program client base. Program areas typically include engineering, integration, test, systems analysis, and quality assurance, etc. Responsible for the effective management of funds and personnel and accountable for the quality and timely delivery of all contractual items. Operates within client guidance, contractual limitations, and Company business and policy directives. Serves as focal point-of-contact with the client regarding program activities. Ensures that all required resources are available for program implementation. Maintains the development and execution of business opportunities based on broad, general guidance.	Bachelor's Degree or Equivalent	5 Years
54151S	IT Engineer	May perform any or all of the following: specialized software and/or program analysis, design, development, engineering, support, operations, administration, management, monitoring, security, and training related to IT services, cognitive computing, conversion and implementation support, database planning and design, Internet of Things (IoT), IT project management, migration services, network services, programming, resources and facilities management, systems analysis, design, and implementation, ITIL process and practice areas, and other computer related services.	Bachelor's Degree or Equivalent	5 Years
54151S	Subject Matter Expert	Serves as experienced consultant with experience in supporting large IT projects related to the individual subject matter expertise. Assures the proper use of current or requested programming, testing, and documentation techniques. Produces, reviews and documents reflecting knowledge of areas as identified in the statement of work. Performs research, collection, collation and compilation of data, and preparation of inputs. Evaluates and interprets findings. Prepares finished products for review by team leader or higher-level analysts. Interfaces with external entities to collect data. Uses and/or develops computer tools to facilitate analysis tasks. May prepare and present briefings.	Bachelor's Degree or Equivalent	5 Years

SIN	Labor Title	Description	Minimum Education Level	Minimum Years of Experience
54151S	Functional Analyst	May perform any or all of the following: specialized support, guidance, consultation, and thought leadership to the client and/or project team based on specialized experience in support of similar services, products or client missions related to cloud services, cognitive computing, conversion and implementation support, database planning and design, Internet of Things (IoT), IT project management, migration services, network services, programming, resources and facilities management, systems analysis, design, and implementation, ITIL process and practice areas, and other computer related services. This may include, but is not limited to fields such as: engineering and technology; policy and administration; planning; analysis; service operations, mission support, training and development; facilities; communications; visual design; human capital; business; finance/accounting; and management.	Bachelor's Degree or Equivalent	3 Years
54151S	Graphic Web Designer	Creates graphic designs, artwork, and documentation layout, for online, interactive, and Internet documents. Communicates and presents ideas to their clients or managers about the project through a combination of art and technology to create visually communicative designs. Traditional forms of art such as painting and sketching may be employed in creating designs, but much of the work in modern graphic design is performed using computers and image editing software.	Associates Degree or Equivalent	3 Years
54151S	Help Desk Technician	Responsible for providing support to end-user community on hardware, software , web applications and network related problems, questions, and use. Provides resolutions to out of the ordinary issues for users. Works with other tiers of support, internal groups, or third parties to resolve more complex issues. Ensures problem ownership and promotes end-user satisfaction. Closes activities of tickets assigned. Responsible for providing in-depth support to enduser community on hardware, software, web applications and network related problems, questions, and use. Provides problem resolution to users. Confers with user to determine problem. Ensures problem ownership and promotes end-user satisfaction.	High School	1 Year
54151S	Technical Trainer	Prepares for and conducts training on Information Systems or IT certifications needed to obtain necessary certification to perform duties. Training may be classroom, virtual, both on-site or on-line.	Bachelor's Degree or Equivalent	3 Years

SIN	Labor Title	Description	Minimum Education Level	Minimum Years of Experience
54151S	Telecommunications Specialist	Perform the daily operations & maintenance of telecommunication systems. Assist personnel in the utilization of telecommunication equipment. May provide training to personnel on the utilization of telecommunication equipment. Monitor ticketing system for telecommunication related support request tickets. Respond to telecommunication tickets/work orders. Ability to correct malfunctions by testing, analyzing, and restoring telecommunication systems to full capacity.
