Labor Category Descriptions

All our teams consist of three basic roles; we structure this way as we typically interface with a lot of other teams in the delivery of our projects and we need to ensure information can be disseminated team wide with minimal friction. Most projects will have the following 3 roles:

Senior Technology Architect
RATE: $177.35 per hour (INCLUDES IFF)
Minimum of 15 Years of experience.
Minimum of BA/BS Bachelor’s Degree
Advanced Training, actual representative certs include: Oracle Certified Professional, Cisco Certified Network Architect, Certified Ethical Hacker, Drupal Enterprise Engineer, and Scaled Agile Framework Portfolio Management. Our Senior Architects have one or more of these advanced certifications and have undergone specialized OJT training to be able to oversee multiple engagements. This is the terminal role in the organization.

Senior Principal Architect is responsible for managing multiple engagements from inception to completion. By having a vast array of experience at all levels of the Technology delivery process the Senior Architect will be able to ensure that risk is closely managed and engagements conform to the highest possible standards for cost/quality/time. The SPC has a track record of successful delivery of large technology services and programs.

Technology Architect
RATE: $144.63 per hour (INCLUDES IFF)
Minimum 10 to 15 Years
Minimum BA/BS, Advanced Training across various IT disciplines.

Advanced Training, actual representative certs include: Oracle Certified Professional, Cisco Certified Network Architect, Certified Ethical Hacker, Drupal Enterprise Engineer, and Scaled Agile Framework Portfolio Management. Our Technology Architects have one or more of these advanced certifications and have undergone specialized OJT training to be able to handle all aspects of a single engagement.

Principal Consultant is responsible for no more than one engagement as a hands-on senior design and implementation consultant. Provides technical leadership and management of assigned resources and deploys expertise and knowledge to reduce implementation risk.

Technology Consultant
RATE: $110 per hour (INCLUDES IFF)
Between 5 to 9 Years
Minimum BA/BS, Advanced Training across various IT disciplines.

Advanced Training, actual representative certs include: Oracle Certified Associate, Cisco Certified Network Associate, Certified Ethical Hacker, Drupal Enterprise Programmer, and Scaled Agile Framework Portfolio Management. Our Technology Consultants have one or more of these advanced certifications and have undergone specialized OJT training. We have access to a pool of available consultants and will build our team’s specific to the project need.

Technology Consultants are the hands-on engineers that will execute the design and perform the operations and maintenance tasks. This role will be selected from our subcontractor pool which is a proprietary, managed pool of resources that we pull from based on specific project needs.
