## Labor Categories and Descriptions

<table>
<thead>
<tr>
<th>Senior Architect</th>
<th>IT Project Manager</th>
</tr>
</thead>
<tbody>
<tr>
<td>The Senior Architect is someone who has been certified for demonstrating the capabilities to build and design solutions across Salesforce platforms. This individual would be the principal designer in the respective build and designate which staff resources would be most suitable to build the design. This individual would either report to the CTO or be the CTO.</td>
<td>The IT Project Manager acts as the primary interface with the customer and its Project Management. Provides day-to-day management of the Project including overall performance and contract compliance, management, and direction of resources assigned to the Project. Establishes and maintains regular communications with the customer. Maintains reporting, budget/cost reporting, and issue reporting, tracking, escalation, and resolution procedures. Practices change management controls and procedures and monitors and maintains the development and implementation schedules.</td>
</tr>

<table>
<thead>
<tr>
<th>IT Consultant II</th>
<th>IT Consultant I</th>
</tr>
</thead>
<tbody>
<tr>
<td>IT Consultant II performs a variety of assigned engineering duties, including analysis, design and development, evaluation, specifications, procedures, troubleshooting, and documentation related to a specific engineering discipline. May be called upon to deliver presentations.</td>
<td>The IT Consultant I provides expertise in providing consulting services across a range of areas. Performs a variety of tasks that require both practical experience and theoretical, and technical knowledge in specialty areas. This person would also be responsible for compiling training materials and training the staff acquiring the new build.</td>
</tr>

Terms and Conditions

Services.
Abelian shall provide services to Customer as set forth in writing in a Statement of Work and a Master Services Agreement that both parties must sign.

Invoices and Payment.
Unless otherwise specified in the Statement of Work, Abelian shall invoice Customer in arrears for Fees and expenses chargeable monthly. For Statements of Work specifying a Sprint-based or other project-based fixed fee, Abelian shall invoice Customer in accordance with the payment schedule listed on the applicable Statement of Work. Customer shall pay each invoice via check or wire transfer within thirty (30) days of receipt of invoice. Any payment amount remaining unpaid when due will be subject to a late payment fee of 10% per annum of the outstanding amount or the maximum permissible by law.

Confidentiality Use and Disclosure.
Each Party may be granted access to Confidential Information of the other Party during the contract. The Receiving Party shall strictly preserve and protect the confidentiality of the Disclosing Party’s Confidential Information and not disclose such Confidential Information to any third party other than the Receiving Party’s employees, subcontractors and agents who have a need to receive such Confidential Information and who are subject to nondisclosure obligations.

Mutual Representations and Warranties.
Each Party represents and warrants as of the Effective Date of the Statement of Work and Master Services Agreement and at all times throughout the Term of the agreement that it has the full corporate right, power and authority to enter into this Agreement and to perform its obligations. Abelian warrants that the Services will be performed in a professional and competent manner in accordance with the applicable Statement of Work and generally accepted industry standards by appropriately qualified and trained Abelian Personnel.

Insurance.
Each party will obtain and/or maintain during the Term of this Agreement general liability and other insurance with such coverage and in such amounts as is substantially in accordance with general industry standards (for its industry, as applicable). Each party will provide evidence to the other party of all insurance that it maintains upon reasonable request.

Proprietary Rights.
Customer shall own the tangible embodiment of deliverables (but not any intellectual property embodied or embedded).
