FOB: Destination
### 28. LABOR CATEGORY DESCRIPTION WITH EDUCATION AND YEARS OF EXPERIENCE

**SIN 518210C – Cloud and Cloud Related Information Technology Services**

| **Cloud Architect** | Cloud Architect brings subject matter expertise with deep knowledge of cloud technologies involving any of the major cloud providers (AWS, Azure). Cloud Architect is experienced in designing/developing cloud-native applications or micro-services and migrating from legacy to micro-services architecture. He or she makes recommendations of infrastructure strategy, disaster recovery and monitoring, and back-up. Architect has a good understanding of development process, CI/CD, and solutions involving API Gateway. | 10 | Bachelors |

**SIN 54151S – Professional Information Technology Services**
<table>
<thead>
<tr>
<th>Role</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Principal Software Architect</strong></td>
<td>The Principal Software Architect works with stakeholders, both leadership and subject matter experts, to build a holistic view of the organization's strategy, processes, information, and information technology assets to keep the business and IT in alignment. The Principal Software Architect links the business mission, strategy, and processes of an organization to its IT strategy, and documents this using multiple architectural models or views that show how the current and future needs of an organization will be met in an efficient, sustainable, agile, and adaptable manner.</td>
</tr>
<tr>
<td><strong>Subject Matter Specialist</strong></td>
<td>The Subject Matter Specialist performs as a consultant in highly specialized subject areas such as health records management, HIPAA regulations, or healthcare outcomes performance analysis, which are required by specific task orders. Provides highly technical and/or specialized guidance concerning IT solutions to complex information processing problems related to the subject matter field; performs analyses and studies; prepares reports and gives presentations; works independently or as a member of a team. Has deep knowledge and experience in the health field(s) applicable to an actual Task Order proposal and so recognized in the professional community as an expert in the field. The Skillset includes Content Management Specialist, WorkFlow Management Specialist, Cloud Computing Specialist, and User Experience Specialist.</td>
