OVERVIEW
Directus Consulting LLC provides strategic consulting technology services and managed services to commercial, not-for-profit, and government organizations. Our team can mobilize the right people, skills, and technologies to help organizations improve their performance.

What sets DIRECTUS apart from the competition?
- Excellent Talent
- Performance-Based Processes
- Integrated Solutions Teams
- Client Relationship Management
- Strategic Mix of Technology and Business Management

CORE CAPABILITIES
Our technology experts and business professionals analyze research, design and implement solutions in the areas of:
- Data Science / Data Visualization
- Full Cycle Agile Software Development
- Procurement Management
- Contract Lifecycle Management
- User Training (Tableau, SharePoint, O365)

DATA VISUALIZATION AND DATA SCIENCE
Our consulting services focus on integrated solutions designed to enhance the performance of your business. Our solutions are designed to bridge the gap between what Tableau and PowerBI can do out of the box and the needs of our Federal and Fortune 500 Clients need. We offer fixed-priced starter solutions to our customers.
- We can augment your team to provide operations support to your team (managing and tuning your Tableau cluster)
- Our team has the expertise to guide you through any cloud deployment and optimization scenario with Tableau or PowerBI
- We can integrate Tableau or PowerBI into your existing application or BI environment.
- We are experts in optimizing Tableau workbooks and dashboards to be fast and responsive.
- We are the only small business in the North East Certified by Tableau as a Training Provider

TECHNOLOGY
Our Technology Services focus on developing robust, secure, and stable technology solutions for your business. By incorporating common-sense solutions into seemingly daunting deliverables, we can ensure at the start of the project that we will safely deliver the product to completion. Our services include:
- Application & Web, Design & Development
- Commercial Off the Shelf (COTS) Integration
- Data Cleansing & Conversion
- Database Design, Development, & Maintenance
- Verification & Validation Service

PROCUREMENT MANAGEMENT
We believe that contract management should look and feel simple, your contracts should be easy to find and trace to invoices, deliverables, without significant effort. We can manage your entire buy-side procurement process electronically, without paper and email, security in a cloud-based solution. In fact, we think you should be able to search for data in your contracts as easily as doing a Google search or create a contract report as simply as filtering products on Amazon. This is what we deliver on a SharePoint-based solution.
- Role-Based Security
- Electronic Contract Submission Acceptance
- Management of all Pre-Award, Evaluation and Post-Award processes.
- FAR Compliant Processes
- Browser-Based Collaboration
- Seamless Integration with your security environment (SSO)
