**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and/or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

## Labor Categories

### Principle Subject Matter Expert (SME)

**Minimum Experience:** 15 Years

**Functional Responsibility:** Responsible for highly complex Information Technology projects and tools. Uses high-level functional systems analysis, design, integration, documentation and implementation methodologies on complex problems that require in-depth knowledge of the subject matter for effective implementation.
