Table of Contents for Wireless Offers

The following is not a complete list of plans offered by T-Mobile. Other discounted rates and equipment may be available for purchase outside the GSA Schedule under other purchasing authority. Actual billed pricing can vary slightly from the price list. (T-Mobile billing relies on a six decimal pricing system, whereas the two decimal pricing in the price list is rounded according to the standard rounding rule.) The offers listed in T-Mobile's accompanying price list are available to any agency and activity that falls within the SCOPE OF CONTRACT (ELIGIBLE ORDERING ACTIVITIES) (GSAR 552.238-78) under the T-Mobile 47QTCA22D008N agreement. This proposal includes data that shall not be disclosed outside the Government and shall not be duplicated, used, or disclosed—in whole or in part—for any purpose other than to evaluate this proposal. If, however, a contract is awarded to this offeror as a result of—or in connection with—the submission of this data, the Government shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract until T-Mobile provides the approved posting date. This restriction does not limit the Government's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in the contents below.

Executive office/tribal governments, critical manufacturing, chemicals and comms, utilities (electric, gas). Each category has a specific list of eligible NAICS codes. Use for Wireless Router
0152	T-Priority Laptop Plan	Unlimited data, messaging and domestic roaming. Requires a T-Priority compatible device	Cost of new required T-Priority network slice SOC to use with these new HSI plans depends on which type of agency you are: Primary (\$0)– Federal, state & local law enforcement, fire services, Emergency Medical Services, Emergency Mgmt + 911 dispatch, DHS, and DoD. Extended (\$7.50)- Government utility (e.g. public transport), healthcare & public health, courts and

			legal, air transport. Executive office/tribal governments, critical manufacturing, chemicals and comms, utilities (electric, gas). Each category has a specific list of eligible NAICS codes. Use for Wireless Laptop
0153	T-Priority SLICE Primary	The T-Mobile T-Priority add-on feature is intended for use on a T-Mobile SIM based smartphone to provide connectivity to the Internet with the benefits of Priority Access, Preemption, Highest Data Priority and Enhanced Downlink Baseline.	SLICE only available on compatible T-Priority rate plans.
0154	T-Priority SLICE Extended Primary	Add-on feature intended for use on a compatible device to provide connectivity with the benefits of Highest Data Priority and Enhanced Downlink Baseline. For Extended Primary First Responder organizations on eligible rate plans.	SLICE only available on compatible T-Priority rate plans.
0155	T-Satellite for Government Add-On Plan	T-Satellite add on feature GSM/Voice Only No T-Satellite coverage is available off the U.S. Coast. Limited to specific device models	T-Satellite: Texting & select satellite optimized apps with compatible device in most outdoor areas in the U.S. where you can see the sky. Satellite service, including text to 911, may be delayed, limited, or unavailable.
0156	SuperMobile for Government, 301GB Hotspot (without Threat Protect)	Unlimited talk, text, and data on our advanced network 301GB of high-speed mobile hotspot data (with unlimited 3G hotspot speeds thereafter) with no annual service contracts or data overages. Unlimited data roaming (speeds may vary) and stream up to 4K UHD video on capable device when feature is activated, or video typically streams on device in SD quality. Call, text, and use up to 5GB of 4G LTE data in Mexico and Canada at no extra charge. Unlimited international texting, low-rate calling, and up to 5GB of high-speed data in more than 215+ countries and destinations (and then up to 256kbps speeds). Unlimited in-flight Wi-Fi with streaming and texting where available. Free Scam Shield Includes T-Satellite coverage for areas without cell service, connecting you almost anywhere you can see the sky (compatible device required). Network prioritization in times of extreme congestion utilizing 2x relative priority scheduling, the slice improves the order in which your data is processed during high-traffic times (does not affect network access).	Coverage not available in some areas.

Comments for: CLINs 138, 139 & 140; Unlimited talk and text; Unlimited data on our 5G & 4G LTE network; 5G access with compatible device & coverage area; Unlimited domestic data roaming; Optimized video streaming at 480p; 11GB of high-speed smartphone mobile hotspot; Unlimited 3G speed Smartphone Mobile Hotspot after 11GB is used (up to 600 kbps);

Mobile Without Borders; Simple Global; Stateside International Unlimited Texting; T-Mobile In-Flight Connection

Open Market: For products and services identified in any T-Mobile quote/proposal as "Open Market" associated with the rate plans listed in the accompanying price list, T-Mobile is offering such products and services pursuant to the terms of this GSA Schedule Contract, as well as the T-Mobile Terms and Conditions and the applicable product-specific terms and conditions as posted at <https://www.t-mobile.com/business/terms-and-conditions>.

T-Priority Terms and Conditions: For emergency response organizations determined by organization NAICS code. Coverage not available in some areas; check your response area. WPS enrollment with USDHS required for enhanced network functionality (including priority access, preemption, basic performance baseline, and T-Priority Slice features if added). Features available on our network; not available while roaming. T-Priority Slice features (data prioritization and enhanced downlink baseline) available in areas of Ultra Capacity 5G coverage with capable device and 5G Standalone settings; see [T-Mobile.com/5Glayers](https://www.t-mobile.com/5Glayers). Baseline commits available network resources to help maintain threshold throughput; does not guarantee threshold speeds in all network conditions. Customer's use and/or purchase of T-Priority rate plans will be subject to, and shall be deemed acceptance by Customer of, the terms and conditions of the T-Mobile for Government ("TfG") T-Priority Service Addendum located at <https://www.t-mobile.com/business/terms-and-conditions> which is hereby incorporated by reference and made a part of Customer's Master Agreement. The terms and conditions of the T-Priority Service Addendum may be updated by T-Mobile at any time, without notice.

T-Satellite: Texting & select satellite optimized apps with compatible device in most outdoor areas in the U.S. where you can see the sky. Satellite service, including text to 911, may be delayed, limited, or unavailable.

T-Priority Ultimate General Terms: Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Unlimited high-speed data US only. In Canada/Mexico, unlimited data at up to 128kbps on all plans with up to 5GB high-speed data for Amp, Advanced, & Ultimate plans. Activation required to deliver video streams at speeds that provide up to 4K UHD video capability; some content providers may not stream their services in UHD. May affect speed of video downloads; does not apply to video uploads. Tethering: After plan allotment of high-speed data then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on device. Smartphone usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on device. Int'l Roaming: Calls, including over Wi-Fi, are \$.20/min. (no charge for Wi-Fi calls to US, Mexico, and Canada). In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 256kbps. In 215+ countries and destinations, up to 5GB high-speed data, then unlimited at up to 256 Kbps. Video typically streams at up to 2.5 Mbps (SD), where available. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. Coverage not available in some areas; we are not responsible for our partners' networks.

T-Priority Advanced General Terms: Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. Unlimited high-speed data US only. In Canada/Mexico, unlimited data at up to 128kbps on all plans with up to 5GB high-speed data for Amp, Advanced, & Ultimate plans. Activation required to deliver video streams at speeds that provide up to HD video capability; some content providers may not stream their services in HD. May affect speed of video downloads; does not apply to video uploads. Tethering: After plan allotment of high-speed data then unlimited on our network at max 3G speeds. For the small fraction of customers using >50GB/mo., primary data usage must be on device. Smartphone usage is prioritized over Mobile Hotspot (tethering) usage, which may result in higher speeds for data used on device. Int'l Roaming: Calls, including over Wi-Fi, are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). In Canada/Mexico, up to 5GB high-speed data then unlimited at up to 128kbps. Up to 5GB high-speed data in select Central European countries; otherwise, standard speeds approx. 256 Kbps. Video typically streams at up to 2.5 Mbps (SD), where available. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. Service may be terminated or restricted for excessive roaming. Coverage not available in some areas; we are not responsible for our partners' networks.

T-Priority Tablet Unlimited 16GB Hotspot for Tablets: Includes unlimited texting and 4G LTE data on our advanced network with no annual service contracts or data overages. You also get 16GB of high-speed hotspot data (with unlimited max 3G hotspot speeds thereafter), as well as texting and up to 5GB of 4G LTE data in Mexico and Canada. Plus, you get unlimited international texting, and up to 5GB of high-speed data in Austria, Croatia, Czech Republic, Germany, Hungary, Poland, Slovakia, Macedonia, Montenegro, Romania, and Greece, along with unlimited data up to 256kbps speeds in 215+ countries and destinations all at no extra charge. Video typically streams on tablet in SD quality (480p) unless you add an HD Day Pass. Coverage not available in some areas.

T-Priority Tablet Unlimited for Tablets: You get the great benefits of Government First Responder Unlimited for Tablets Plus, you get unlimited international texting, and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds. Video typically streams on tablet in SD quality (480p) unless you enable HD Video (1080p). Coverage not available in some areas. T-Priority Government Internet for Mobile Routers includes unlimited data and domestic roaming on our 4G LTE & 5G network with no overages. Security and productivity filtering blocks select content. See Sales Rep or [T-Mobile.com/filtering](https://www.t-mobile.com/filtering) for content filtering options and details. Coverage not available in some areas.

T-Priority Government Unlimited Plus for Laptops: Includes unlimited international texting, and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds. Video typically streams on device in SD quality (480p) unless you enable HD Video (1080p). Coverage not available in some areas.

CLIN	Plan/Offer Name	Data Stash	Comments
159	Simple Choice Unlimited Talk & Text	No	2GB High-Speed Data Add-On for Simple Choice
161	6GB High Speed Data Add-On for Simple Choice	Yes	Once data threshold is reached speeds may be prioritized
163	Unlimited Data Add-On for Simple Choice 14GB tethering	No	Once data threshold is reached speeds may be prioritized

Additional Comments for CLIN 159: Unlimited talk and text with no overages. Include unlimited calling to any number in Mexico and Canada from the U.S. PLUS unlimited calling, texting and data while traveling in Canada and Mexico (use your High-Speed data up to 2GB) at no extra charge. Starting with up to 2GB High-Speed data per month. Your choice of additional High-Speed data. After monthly allotment, data at 256Kbps with no overages. Includes 5G access with capable device. Unlimited data at 256Kbps and texting when you travel to any of 210+ countries and destinations so you can stay connected when you're abroad Includes Binge On optimized video streaming that saves your data. Music Freedom with unlimited music streaming on our network from top services such as Pandora and iHeart Radio without using your data. Coverage not available in some areas. Detectable video typically streams at 480p; disable any time. During congestion, customers on this plan using >50GB/mo. may notice reduced speeds until next bill cycle due to data prioritization.

Open Market: For products and services identified in any T-Mobile quote/proposal as "Open Market" associated with the rate plans listed in the accompanying price list, T-Mobile is offering such products and services pursuant to the terms of this GSA Schedule Contract, as well as the T-Mobile Terms and Conditions and the applicable product-specific terms and conditions as posted at <https://www.t-mobile.com/business/terms-and-conditions>.

Unlimited texting and High-Speed data on our advanced network with no data overages. 41GB of High-Speed hotspot data (with unlimited max 3G hotspot speeds thereafter) Texting and up to 5GB of High-Speed data in Mexico and Canada. Unlimited texting and 2G data roaming in 210+ countries and destinations and unlimited video streaming in SD quality
617	High-Speed Mobile Internet for Connected Laptop 80GB	Includes 80GB of High-Speed data, then 600kbps thereafter Includes 200MB of domestic roaming data Includes 5GB of High-Speed data in Canada and Mexico and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds thereafter.	Includes 80GB of High-Speed data, then 600kbps thereafter Includes 200MB of domestic roaming data Includes 5GB of High-Speed data in Canada and Mexico and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds thereafter. Video typically streams on laptop at SD quality. During congestion, customers on this plan may notice speeds lower than other customers.
618	High-Speed Mobile Internet for Connected Laptop 130GB	Includes 130GB of High-Speed data, then 600kbps thereafter Includes 200MB of domestic roaming data Includes 5GB of High-Speed data in Canada and Mexico and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds thereafter.	Includes 130GB of High-Speed data, then 600kbps thereafter Includes 200MB of domestic roaming data Includes 5GB of High-Speed data in Canada and Mexico and up to 5GB of high-speed data in 215+ countries and destinations, then unlimited data up to 256kbps speeds thereafter. Video typically streams on laptop at SD quality. During congestion, customers on this plan may notice speeds lower than other customers.
619	Government Mobile Internet (School Bus) Plan	Unlimited High-Speed Internet No Data Caps	Unlimited High-Speed Internet No Data Caps Static IP Allowed (\$2 buy-up) Education-grade content filtering not included; optional Education-grade filtering feature available at \$0 cost Voice barred During congestion, customers on this plan may notice speeds lower than other customers due to data prioritization. Plan restricted to k-12 education customers only 200 Megabytes of domestic roaming

620	Government Mobile Internet (School Bus) Plan Low-cost Installation		Professional Installation Low-cost package, One time-Fee
621	First Responder Unlimited for Fixed Routers (Government Only)	N/A	Unlimited data on our 4G LTE & 5G network with no overages. Up to 5GB LTE data in Canada and Mexico, then unlimited at 2G speeds.

First Responder Plans (excluding Connecting Heroes) are restricted to qualifying state government, local government and tribal government fire, police, and EMS agencies who verify eligibility. Minimum qualification is meeting one of the following NAICS Codes [(i) Police Protection 922120, (ii) Fire Protection 922160, (iii) Ambulance Services 621910). Final eligibility determinations are in T-Mobile's discretion.

High-Speed Mobile Internet for Connected Laptop: During congestion, customers on this plan may notice speeds lower than other customers due to data prioritization. Qualifying government account, credit approval, deposit, and \$20 SIM starter kit or, in stores, \$35 device connection charge may be required. Compatible device may be required for certain features. Data: High-speed data on our network up to allotment then max 600Kbps speeds. We notify you of approaching use thresholds via email. See account for usage. Roaming: U.S. roaming and on-network data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. International Roaming: Up to 5GB high-speed data in select Central European countries; otherwise, standard speeds approx. 256 Kbps in 210+ countries and destinations; see www.t-mobile.com for included destinations (subject to change at our discretion). In Canada/Mexico, high-speed data up to 5GB, then unlimited at max 128Kbps speeds. Not for extended international use; you must reside in the U.S. and primary usage must occur on our U.S. network. Device must register on our network before international use. Coverage not available in some areas; we are not responsible for our partners' networks. Service may be terminated or restricted for excessive roaming. Video streaming at up to 2.5Mbps (SD); may affect speed of video downloads. For best performance, leave video streaming applications at default automatic resolution setting. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See contract or T-Mobile.com/OpenInternet for details.

Government Fixed Wireless Unlimited High Speed Internet (Router Plan) Not available in all areas; addresses ineligible for 5G may be eligible for 4G LTE or other fixed wireless options. During congestion, customers on this plan may notice speeds lower than other customers due to data prioritization. Credit approval required. For use only at location provided at activation. Video streaming resolution depends on available speeds. For best performance, leave video streaming applications at their default resolution setting. Not compatible with some live TV streaming services. Coverage not available in some areas. Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users. See contract for additional information.

Open Market: For products and services identified in any T-Mobile quote/proposal as "Open Market" associated with the rate plans listed in the accompanying price list, T-Mobile is offering such products and services pursuant to the terms of this GSA Schedule Contract, as well as the T-Mobile Terms and Conditions and the applicable product-specific terms and conditions as posted at <https://www.t-mobile.com/business/terms-and-conditions>.

CLIN - International Data Add-ons*

International Data Add-Ons*		
CLIN	Plan/Offer Name	Comments
555	International Flat rate 200MB	High-Speed data and tethering in Simple Global countries only. Tethering stops after data threshold is met. Data speed threshold slows to 256 kbps when data threshold is met. As an add-on these offers are not eligible for a discount. However, the base plans are eligible for discount.
556	International Flat rate 500MB	
557	International Flat rate 1.5GB	
558	International Flat rate 5GB	
604	International Flat Rate 10GB	
605	Global Elite Government Unlimited	International feature that includes access to email, online documents, messages, maps, videos, and voicemail. Includes the following while traveling in 215+ countries or destinations: Unlimited high-speed data for your mobile device Unlimited calling to and from your mobile device Unlimited messaging to and from your mobile device. 15 GB of high-speed tethering. Speeds may vary by country.
606	Global Elite Simple Choice	International feature that includes access to email, online documents, messages, maps, videos, and voicemail. Includes the following while traveling in 215+ countries or destinations: Unlimited high-speed data for your mobile device Unlimited calling to and from your mobile device Unlimited messaging to and from your mobile device. 15 GB of high-speed tethering. Speeds may vary by country. 100+ lines minimum on account. Approval required.
607	International Voice 1-Day Pass	24 hours of increased international features, with up to 512MB of high-speed data plus Smartphone Mobile Hotspot and unlimited calling in more than 210 Simple Global countries. Speeds & coverage vary based on device and country. If all high-speed data is used during the 24-hour period, you will experience slower data speeds but continue to have unlimited calling for the rest of the period. Authorized users may purchase 10 passes per line to use within 30 days. Once high-speed data is used on the first pass, the second pass will begin, and the 24-hour period will restart.
608	5GB International Pass up to 10 days	Up to 5GB of high-speed data, including Mobile Hotspot, PLUS unlimited calling for up to 10 days in over 210 Simple Global countries. Speeds & coverage vary based on device and country. Once all high-speed data is used, unlimited calling and data will continue for the full 10 days but you may experience slower data speeds. If all high-speed data is used, and a NEW pass is purchased before the expiration of the first one, the second pass will begin immediately. The original pass and any remaining benefits will expire when the new pass activate is activated.
609	15GB International Pass up to 30 days	Up to 15GB of high-speed data, including Mobile Hotspot, PLUS unlimited calling for up to 30 days in over 210 destinations. Speeds & coverage vary based on device and country. Once all high-speed data is used, unlimited calling and data will continue for the full 30 days but you may experience slower data speeds. If all high-speed data is used, and a NEW pass is purchased before the expiration of the first one, the second pass will begin immediately. The original pass and any remaining benefits will expire when the new pass activate is activated.

6010	International Data Pass Auto Deploy (Smartphone) - 1 Day 3GB	Includes 24 hours of up to 3GB high speed data plus Smartphone Mobile Hotspot and unlimited calling in more than 215+ countries and destinations. If all high-speed data is used during the 24-hour period, slower data speeds are experienced but will continue to have unlimited calling for the rest of the period.
6011	International Data Pass Auto Deploy (MI) 1 Day 3GB	Includes 24 hours of up to 3GB high speed data plus Mobile Hotspot and unlimited calling in more than 215+ countries and destinations. If all high-speed data (5G) is used during the 24-hour period, slower data speeds are experienced but will continue to have unlimited calling for the rest of the period.
6012	Government International MI Data Feature Add-On 50GB	50GB high-speed data while roaming in International Roaming countries (including Canada and Mexico). Data bucket includes Mobile Hotspot usage.
6013	Government International MI Data Feature Add-on 100GB	100GB high-speed data while roaming in International Roaming countries (including Canada and Mexico). Data bucket includes Mobile Hotspot usage.

Global Plans Terms & Conditions:

Capable device and qualifying postpaid service required. Voice and text features for direct communications between 2 people. Communications with premium-rate (e.g., 900, entertainment, high-rate helpline) numbers not included. Coverage not available in some areas; we are not responsible for our partners' networks. Additional charges apply in excluded destinations; check www.t-mobile.com for included destinations (subject to change at T-Mobile's discretion). Usage is taxed in some countries. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our U.S. network.** Device must register on our U.S. network before international use. Service may be terminated or restricted for excessive roaming. Visit t-mo.co/roamdetails to read important info about our roaming policy.

General Rate Plan Terms and Conditions: On all T-Mobile plans, for the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. Not all features available on all devices. Unlimited talk & text features for direct communications between 2 people. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use.

Tethering: Tethering at max 3G. Service may be terminated or restricted for excessive roaming.

Simple Global: Usage may be taxed in some countries. Calls from Simple Global countries over Wi-Fi are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). Standard speeds approx. 128Kbps without Plus; with Plus approx. 256 Kbps. See <http://www.t-mobile.com/optional-services/roaming.html> for included countries and destinations. The list is subject to change at T-Mobile's discretion.

Stateside Int'l Talk: Calls must originate on T-Mobile's U.S. network or in Canada/Mexico. Rates and included countries vary and may change. On-network and U.S. roaming data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. Select companion smartphone and separate qualifying service on each device required.

Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details.

Open Market: For products and services identified in any T-Mobile quote/proposal as "Open Market" associated with the rate plans listed in the accompanying price list, T-Mobile is offering such products and services pursuant to the terms of this GSA Schedule Contract, as well as the T-Mobile Terms and Conditions and the applicable product-specific terms and conditions as posted at <https://www.t-mobile.com/business/terms-and-conditions>.

CLIN – International Country Rates*

*International Country Rates

As the non-participating Simple Choice countries rates are subject to change, to ascertain the latest, and most accurate, rates on international destinations please go to: [T-Mobile International-Roaming-Plans](#). Here you will be able to determine if the country you are traveling to is or is not covered under the T-Mobile Simple Global feature (over 210 countries). It will show what is the most current per minute voice rate as well as text and data cost for countries not covered. If the country you are traveling to is covered under the Simple Global feature it will include No Cost Unlimited Data: MAX and Plus plans up to 5GB high-speed On Us, then up to 256Kbps. Other Simple Global Plans Up to 256Kbps On Us. Text: Unlimited at no cost. Voice Calls: \$0.20 per minute (sending and receiving).

CLIN – Other Plans/Features*

Global Plans Terms & Conditions:

Capable device and qualifying postpaid service required. Voice and text features for direct communications between 2 people. Communications with premium-rate (e.g., 900, entertainment, high-rate helpline) numbers not included. Coverage not available in some areas; we are not responsible for our partners' networks. Additional charges apply in excluded destinations; check www.t-mobile.com for included destinations (subject to change at T-Mobile's discretion). Usage is taxed in some countries. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our U.S. network.** Device must register on our U.S. network before international use. Service may be terminated or restricted for excessive roaming. Visit t-mo.co/roamdetails to read important info about our roaming policy.

General Rate Plan Terms and Conditions: On all T-Mobile plans, for the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. Not all features available on all devices. Unlimited talk & text features for direct communications between 2 people. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use.

Tethering: Tethering at max 3G. Service may be terminated or restricted for excessive roaming.

Simple Global: Usage may be taxed in some countries. Calls from Simple Global countries over Wi-Fi are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). Standard speeds approx. 128Kbps without Plus; with Plus approx. 256 Kbps. See <http://www.t-mobile.com/optional-services/roaming.html> for included countries and destinations. The list is subject to change at T-Mobile's discretion.

Stateside Int'l Talk: Calls must originate on T-Mobile's U.S. network or in Canada/Mexico. Rates and included countries vary and may change. On-network and U.S. roaming data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. Select companion smartphone and separate qualifying service on each device required.

Network Management: Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details.

Message Archiving: T-Mobile's "open market" 3rd Eye Mystic Message Archiving (\$4 per line) offering consists of a license for the customer to use the 3rd Eye product and T-Mobile enabling an API that allows SMS to be "pushed" to 3rd Eye. iMessage and other formats may not be supported and device configuration may be required to utilize the service. By placing an order with T-Mobile including 3rd Eye Mystic Message Archiving, Customer is providing authorization for 3rd Eye to retrieve Customer Information, to include data such as text messages from T-Mobile's network. T-Mobile does not control how 3rd Eye transmits, accesses, stores, or uses data, and makes no representations regarding the status of specific Agency Authorities to Operate (ATO) regarding the service. Customer's use of Mystic Message Archival will be subject to acceptance of 3rd Eye Technologies, Inc's End User License Agreement ("EULA") presented to Customer prior to downloading, installing, or using the solution (the "Third-Party Terms"), a copy of which is attached for reference. The Third-Party Terms may be updated by the third-party provider from time to time.

Ooma Airdial Terms and Conditions

AirDial is a subscription-based service with a term for each license (month-to-month) as detailed in the above pricing table. Each AirDial Subscription begins on the date of Customer's AirDial activation. Customer's use and purchase of the Ooma AirDial solution ("AirDial") will be subject to, and shall be deemed acceptance by Customer of, the terms and conditions of T-Mobile for Government's Ooma AirDial Addendum located at <https://www.t-mobile.com/business/terms-and-conditions> which is hereby incorporated by reference and made a part of Customer's Agreement. T-Mobile is solely providing Customer with access to, and connectivity for, AirDial, a product of Ooma, Inc., a third-party provider ("Ooma" or "Third-Party Provider"). Customer's use of AirDial is subject to acceptance of the Ooma's terms and conditions which can be found here, <https://www.ooma.com/legal/terms> (the "Third-Party Terms"). The Third-Party Terms are solely between Ooma and Customer. T-Mobile does not control and is not responsible or liable for how Ooma transmits, accesses, stores, or uses data. The Third-Party Terms may be updated by Ooma at any time, without notice. Monthly recurring charge is net of all discounts. No other service discounts will apply. Monthly Recurring Charge(s) ("MRC") and setup charges do not include taxes, fees, or surcharges. AirDial hardware must be purchased directly from, and billed by Ooma. Customer acknowledges that: (i) T-Mobile is not the manufacturer of the hardware and is not in a position to offer its own independent warranties on the hardware; (ii) T-Mobile takes no responsibility for, and makes no warranty regarding, and does not endorse any third-party equipment or associated installation of the equipment; and (iii) Customer's use of the third-party equipment is completely at Customer's own risk and subject only to any warranties provided by Ooma, Inc. and/or the applicable equipment manufacturer. T-Mobile does not control or establish device or accessory pricing. All prices are set by Ooma and are subject to change without notice. Devices and accessories are also subject to inventory availability.

Geotab Terms and Conditions: Customer's use and purchase of the Geotab Products will be subject to, and shall be deemed acceptance by Customer of, the terms and conditions of the T-Mobile for Government ("TfG") Geotab Products Addendum located at <https://www.t-mobile.com/business/terms-and-conditions> which is hereby incorporated by reference and made a part of Customer's Agreement. T-Mobile is solely providing Customer with access to the Geotab Products, a product of Geotab Inc., a third-party provider ("Geotab" or "Third-Party"). Customer's use of the product is subject to acceptance of the Geotab End User Agreement (the "Third-Party Terms") in the manner required by Geotab. The Third-Party Terms may be updated by Geotab at any time, without notice. Monthly recurring charge is net of all discounts. No other service discounts will apply. Monthly Recurring Charge(s) ("MRC") and setup charges do not include taxes, fees, or surcharges.

Open Market: For products and services identified in any T-Mobile quote/proposal as "Open Market" associated with the rate plans listed in the accompanying price list, T-Mobile is offering such products and services pursuant to the terms of this GSA Schedule Contract, as well as the T-Mobile Terms and Conditions and the applicable product-specific terms and conditions as posted at <https://www.t-mobile.com/business/terms-and-conditions>.

Updated International Info

Calls over Wi-Fi are \$.20/min (no charge for Wi-Fi calls to U.S.). Coverage not available in some areas; we are not responsible for the performance of our roaming partners' networks. Activate no-cost upgrade for approx. 256kbps speeds; **standard speeds approx. 256 Kbps.** No tethering.

***T-Mobile GSA Pricing Notes applicable to accompanying Rate Plans:**

Note - These Rate Plans and Customers' use of T-Mobile devices or services are subject to the additional terms and conditions set forth in T-Mobile's Authorized Federal Supply Schedule / Multiple Award Schedule (MAS) Price List, which include, but are not limited to, the following: (i) T-Mobile's GSA Pricing Notes, (ii) T-Mobile's Standard Terms and Conditions; (iii) T-Mobile Additional Terms and Conditions for Wireless Services, other Terms of Service (TOS) and EULAs as required by third party service providers and vendor, subject to FAR 52.212-4 CONTRACT TERMS AND CONDITIONS-COMMERCIAL ITEMS (OCT 2018), (Section(u) Unauthorized Obligations and GSAR 552.212-4 - Contract Terms and Conditions-Commercial Items (FAR DEVIATION), Section (w) Commercial supplier agreements – unenforceable clauses.

*Applicable taxes and surcharges not included in the prices listed above.

*Requirements for the Government Unlimited Rate Plan with Subsidy Allowance and First Responder Government Rate Plan with Subsidy Allowance - Smartphones.

- 1) For the Subsidy to be effective, Customer will activate a line of Service under its Master Account. Each line of Service must be activated and maintained for at least 24 months from the date of activation without any suspension or termination of any line of Service (the "**Subsidy Term**");
- 2) Each line of Service must remain active, without suspension, for a 90-day period following the activation ("**Minimum Activations Period**");
- 3) Each line of Service must be activated in accordance with the terms of the Agreement;
- 4) Each line of Service which is activated under the Master Account can only qualify once for a device Subsidy during the Initial Term;
- 5) The Subsidy cannot be combined with any other discounts, credits or promotional offers; and
- 6) Customer's account with T-Mobile must be in good standing to receive the subsidy.

Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) For applicable plans:

Voice: Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$4.49 per voice line (\$0.50 for RPF & \$3.99 for TRF) currently applies and are subject to change upon notice. The form of T-Mobile's notice may include without limitation, providing written notice to any address listed in the Agreement for Customer or any address T-Mobile uses for billing or as set forth in an Order. Customer agrees that such notice is reasonable and sufficient notice of T-Mobile's pending action.

Data: Monthly Regulatory Programs (RPF) & Telco Recovery Fee (TRF) totaling \$2.10 per data only line (\$0.12 for RPF and \$1.98 for TRF) currently applies and are subject to change upon notice. The form of T-Mobile's notice may include without limitation, providing written notice to any address listed in the Agreement for Customer or any address T-Mobile uses for billing or as set forth in an Order. Customer agrees that such notice is reasonable and sufficient notice of T-Mobile's pending action.

Minimum Activation Period/Termination. If any line of Service that received a Subsidy or any other future credit that T-Mobile may agree to provide to Customer is terminated prior to the end of the Subsidy Term, then Customer agrees to pay or reimburse T-Mobile the pro rata portion of the Subsidy that has been credited by T-Mobile to the Customer for each terminated line of Service (for purposes of illustration only, if Customer terminates the applicable line 12 months following activation, and if T-Mobile has issued a subsidy of \$150 for such line, then Customer will reimburse T-Mobile \$75 (i.e. 50% [12/24 months] X \$150) for such terminated line). Customer may either (i) pay T-Mobile the aggregate amount of issued subsidy for terminated lines of Service which are terminated before the end of the Subsidy Term within 30 days of termination of the affected lines of Service; or (ii) T-Mobile may charge Customer for the Activation Credits issued for each terminated lines of Service and Customer agrees to pay T-Mobile for the Subsidy issued to Customer for the terminated lines within 30 days of issuance of notice by T-Mobile.

*** EmpowerED Program Plans** are available to domestic U.S. elementary, middle and high schools and districts. The eligibility criteria and EmpowerED Program offers are posted here: <https://www.t-mobile.com/business/education/empowered2>. Requirements to qualify for Subsidy allowance under EmpowerED Program:

- For the Device Discount/Subsidy to be effective, Customer must purchase a Device from T-Mobile with an activated line of Service based on the EmpowerED rate plan listed under its Master Account. Each line of Service must be activated and maintained for at least the Term without any suspension or termination of any line of Service that received the Device Discount/Subsidy (the "**Device Discount/Subsidy Term**");
- Customer agrees that it cannot change or move the lines of Service with a Device Discount/Subsidy to a rate plan with a different or lower Rate Plan during the Device Discount/Subsidy Term and if it does, Customer will reimburse T-Mobile for a pro rata portion of the Device Discount/Subsidy received for each month remaining in the Device Discount/Subsidy Term;
- Each line of Service and each Device purchased must be activated in accordance with the terms of the Master Agreement;
- This Device Discount/Subsidy cannot be combined with any other discount or promo offers;

- Customer's account must remain in good standing with T-Mobile to receive the Device Discount/Subsidy; and
- Lines of Service that are terminated or suspended (without reactivation) within the Device Discount/Subsidy Term will be subject to repayment of the Device Discount/Subsidy. Customer may suspend lines during the summer months while Customer is not in session; however, the terms for those lines will be extended to qualify for the Device Discount/Subsidy Term, and the months while the lines are suspended will not qualify to meet the Device Discount/Subsidy Term.

***First Responder plans** (excluding Connecting Heroes) are restricted to qualifying federal government, state government, local government and tribal government fire, police, and EMS agencies who verify eligibility. Minimum qualification is meeting one of the following NAICS Codes [(i) Police Protection 922120, (ii) Fire Protection 922160, (iii) Ambulance Services 621910). Final eligibility determinations are in T-Mobile's discretion.

General Rate Plan Terms and Conditions

On all T-Mobile plans, for the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. Not all features available on all devices. Unlimited talk & text features for direct communications between 2 people. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. **T-Mobile One General Terms:** Capable device required for some features. U.S. roaming and on-network data allotments differ: includes 200MB roaming. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. T-Mobile ONE not available for hotspots and some other data-first devices. Video streams at up to 1.5Mbps unless you have an HD Day Pass. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **Tethering:** Tethering at max 3G. Service may be terminated or restricted for excessive roaming. **Simple Global:** Usage may be taxed in some countries. Calls from Simple Global countries over Wi-Fi are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). Standard speeds approx. 256Kbps without Plus; with Plus approx. 256 Kbps. See <http://www.t-mobile.com/optional-services/roaming.html> for included countries and destinations. The list is subject to change at T-Mobile's discretion. **Stateside Int'l Talk:** Calls must originate on T-Mobile's U.S. network or in Canada/Mexico. Rates and included countries vary and may change. On-network and U.S. roaming data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. Select companion smartphone and separate qualifying service on each device required. **Simple Choice North America General Terms:** Additional usage taxed in some countries. Charges apply for calls to other countries. Call forwarding only to U.S. numbers. Partial minutes/megabytes rounded up. Full speeds available up to monthly allotment, including tethering (Unlimited on-smartphone 4G LTE data option includes 14 GB of tethering); then, slowed to up to 2G speeds through bill cycle. Certain uses, e.g., some speed test apps, may not count against high-speed data allotment or have speeds reduced after allotment reached. U.S. roaming and on-network data allotments differ; see your selected service for details. **Data Stash:** Up to 20 GB of on-network data from past 12 months carries over to next billing cycle for as long as you maintain qualifying service. Coverage not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details.

11b	Expedited Delivery	See 11d
11c	Overnight & 2-day delivery	See 11d
11d	Urgent Requirements	When the Federal Acquisition Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

INFORMATION FOR ORDERING OFFICES APPLICABLE TO ALL SPECIAL ITEM NUMBERS

SPECIAL NOTICE TO AGENCIES: Small Business Participation

SBA strongly supports the participation of small business concerns in the Federal Acquisition Schedules Program. To enhance Small Business Participation SBA policy allows agencies to include in their procurement base and goals, the dollar value of orders expected to be placed against the Federal Acquisition Schedules, and to report accomplishments against these goals.

For orders exceeding the micro purchase threshold, FAR 8.404 requires agencies to consider the catalogs/pricelists of at least three schedule contractors or consider reasonably available information by using the GSA *Advantage!*[™] on-line shopping service (www.fss.gsa.gov). The catalogs/pricelists, GSA *Advantage!*[™] and the Federal Acquisition Service Home Page (www.fss.gsa.gov) contain information on a broad array of products and services offered by small business concerns.

This information should be used as a tool to assist ordering activities in meeting or exceeding established small business goals. It should also be used as a tool to assist in including small, small disadvantaged, and women-owned small businesses among those considered when selecting pricelists for a best value determination.

For orders exceeding the micro purchase threshold, customers are to give preference to small business concerns when two or more items at the same delivered price will satisfy their requirement.

1. Geographic Scope of Contract

The geographic scope of contract is domestic.

Contractor's Service Area

All Government locations within the scope of the contract.

2. Contractor's Ordering Address

Contractor's Payment Address:

T-Mobile USA, Inc.

Government Solutions

601 Pennsylvania Ave., Ste. 800

Washington, DC 20004

T-Mobile

P.O. Box 742596

Cincinnati, OH 45274-2596

Contractor's Legal Notice Address

T-Mobile USA, Inc.

Legal Department

12920 SE 38th Street

Bellevue, WA 98006

Contractors are required to accept the Government purchase card for payments equal to or less than the micro-purchase threshold for oral or written delivery orders. Government purchase cards will be acceptable for payment above the micro-purchase threshold. In addition, bank account information for wire transfer payments will be shown on the invoice.

The following telephone number can be used by ordering agencies to obtain technical and/or ordering assistance: Phone: Denise Young ➔ 678-690-3569

3. Liability for Injury or Damage

The Contractor shall not be liable for any injury to Government personnel or damage to Government property arising from the use of equipment maintained by the Contractor, unless such injury or damage is due to the fault or negligence of the Contractor.

6. Delivery Schedule

a. **Time of Delivery:** The Contractor shall deliver to destination within the number of calendar days after receipt of order (ARO), as set forth below:

SPECIAL ITEM NUMBER

517312

DELIVERY TIME (Days ARO)

4 Business Days

b. **Urgent Requirements:** When the Federal Acquisition Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

7. Discounts

Prices shown are NET Prices; Basic Discounts have been deducted.

a. Prompt Payment: None

b. Quantity: None

c. Dollar Volume: None

d. Government Educational Institutions are offered the same discounts as all other Government customers.

e. Other: None

8. Trade Agreements Act of 1979, as amended

All items listed in the Authorized IT Pricelist are U.S. made end products, designated country end products, Caribbean Basin country end products, Canadian end products, or Mexican end products as defined in the Trade Agreements Act of 1979, as amended.

9. Statement Concerning Availability of Export Packing

N/A

10. Small Requirements

The minimum dollar value of orders to be issued is \$100.

11. Maximum Order

(The dollar amount is exclusive of any discount for prompt payment.)

The Maximum Order value for Special Item Number 517312– Wireless Mobility Services is \$500,000.

12. Use of Federal Acquisition Service Information Technology Schedule Contracts in Accordance with FAR 8.404 [NOTE: Special ordering procedures have been established for Special Item Numbers (SINs) 132-51 IT Professional Services and 132-52 EC Services; refer to the terms and conditions for those SINs.]

Orders placed pursuant to a Multiple Award Schedule (MAS), using the procedures in FAR 8.404, are considered to be issued pursuant to full and open competition. Therefore, when placing orders under Federal Acquisition Schedules, ordering offices need not seek further competition, synopsise the requirement, make a separate determination of fair and reasonable pricing, or consider small business set-asides in accordance with subpart 19.5. GSA has already determined the prices of items under schedule contracts to be fair and reasonable. By placing an order against a schedule using the procedures outlined below, the ordering office has concluded that the order represents the best value and results in the lowest overall cost alternative (considering price, special features, administrative costs, etc.) to meet the Government's needs.

- a. **Orders placed at or below the micro-purchase threshold.** Ordering offices can place orders at or below the micro-purchase threshold with any Federal Acquisition Schedule Contractor.
- b. **Orders exceeding the micro-purchase threshold but not exceeding the maximum order threshold.** Orders should be placed with the Schedule Contractor that can provide the supply or service that represents the best value. Before placing an order, ordering offices should consider reasonably available information about the supply or service offered under MAS contracts by using the "GSA Advantage!" on-line shopping service, or by reviewing the catalogs/pricelists of at least three Schedule Contractors and selecting the delivery and other options available under the schedule that meets the agency's needs. In selecting the supply or service representing the best value, the ordering office may consider--
 - (1) Special features of the supply or service that are required in effective program performance and that are not provided by a comparable supply or service;
 - (2) Trade-in considerations;
 - (3) Probable life of the item selected as compared with that of a comparable item;
 - (4) Warranty considerations;
 - (5) Maintenance availability;
 - (6) Past performance; and
 - (7) Environmental and energy efficiency considerations.
- c. **Orders exceeding the maximum order threshold.** Each schedule contract has an established maximum order threshold. This threshold represents the point where it is advantageous for the ordering office to seek a price reduction. In addition to following the procedures in paragraph b, above, and before placing an order that exceeds the maximum order threshold, ordering offices shall—

Review additional Schedule Contractors'

- (1) catalogs/pricelists or use the "GSA Advantage!" on-line shopping service;
- (2) Based upon the initial evaluation, generally seek price reductions from the Schedule Contractor(s) appearing to provide the best value (considering price and other factors); and
- (3) After price reductions have been sought, place the order with the Schedule Contractor that provides the best value and results in the lowest overall cost alternative. If further price reductions are not offered, an order may still be placed, if the ordering office determines that it is appropriate.

NOTE: For orders exceeding the maximum order threshold, the Contractor may:

- (1) Offer a new lower price for this requirement (the Price Reductions clause is not applicable to orders placed over the maximum order in FAR 52.216-19 Order Limitations);
 - (2) Offer the lowest price available under the contract; or
 - (3) Decline the order (orders must be returned in accordance with FAR 52.216-19).
 - d. **Blanket purchase agreements (BPAs).** The establishment of Federal Acquisition Schedule BPAs is permitted when following the ordering procedures in FAR 8.404. All schedule contracts contain BPA provisions. Ordering offices may use BPAs to establish accounts with Contractors to fill recurring requirements. BPAs should address the frequency of ordering and invoicing, discounts, and delivery locations and times.
 - e. **Price reductions.** In addition to the circumstances outlined in paragraph c, above, there may be instances when ordering offices will find it advantageous to request a price reduction. For example, when the ordering office finds a schedule supply or service elsewhere at a lower price or when a BPA is being established to fill recurring requirements, requesting a price reduction could be advantageous. The potential volume of orders under these agreements, regardless of the size of the individual order, may offer the ordering office the opportunity to secure greater discounts. Schedule Contractors are not required to pass on to all schedule users a price reduction extended only to an individual agency for a specific order.
 - f. **Small business.** For orders exceeding the micro-purchase threshold, ordering offices should give preference to the items of small business concerns when two or more items at the same delivered price will satisfy the requirement.
 - g. **Documentation.** Orders should be documented, at a minimum, by identifying the Contractor the item was purchased from, the item purchased, and the amount paid. If an agency requirement in excess of the micro- purchase threshold is defined so as to require a particular brand name, product, or feature of a product peculiar to one manufacturer, thereby precluding consideration of a product manufactured by another company, the ordering office shall include an explanation in the file as to why the particular brand name, product, or feature is essential to satisfy the agency's needs.
13. Federal Information Technology/Telecommunication Standards Requirements: Federal departments and agencies acquiring products from this Schedule must comply with the provisions of the Federal Standards Program, as appropriate (reference: NIST Federal Standards Index). Inquiries to determine whether or not specific products listed herein comply with Federal Information Processing Standards (FIPS) or Federal Telecommunication Standards (FED- STDS), which are cited by ordering offices, shall be responded to promptly by the Contractor.
- 13.1 Federal Information Processing Standards Publications (FIPS Pubs): Information Technology products under this Schedule that do not conform to Federal Information Processing Standards (FIPS) should not be acquired unless a waiver has been granted in accordance with the applicable "FIPS Publication." Federal Information Processing Standards Publications (FIPS PUBS) are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Information concerning their availability and applicability should be obtained from the National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, Virginia 22161. FIPS PUBS include voluntary standards when these are adopted for Federal use. Individual orders for FIPS PUBS should be referred to the NTIS Sales Office, and orders for subscription service should be referred to the NTIS Subscription Officer, both at the above address, or telephone number (703) 487-4650.
- 13.2 Federal Telecommunication Standards (FED-STDS): Telecommunication products under this Schedule that do not conform to Federal Telecommunication Standards (FED-STDS) should not be acquired unless a waiver has been granted in accordance with the applicable "FED-STD." Federal Telecommunication Standards are issued by the U.S. Department of Commerce, National Institute of Standards and Technology (NIST), pursuant to National Security Act. Ordering information and information concerning the availability of FED-STDS should be obtained from the GSA, Federal Acquisition Service, Specification Section, 470 East

L'Enfant Plaza, Suite 8100, SW, Washington, DC 20407, telephone number (202)619-8925. Please include a self-addressed mailing label when requesting information by mail. Information concerning their applicability can be obtained by writing or calling the U.S. Department of Commerce, National Institute of Standards and Technology, Gaithersburg, MD 20899, telephone number (301)975-2833.

14. Security Requirements. In the event security requirements are necessary, the ordering activities may incorporate, in their delivery orders, a security clause in accordance with current laws, regulations, and individual agency policy; however, the burden of administering the security requirements shall be with the ordering agency. If any costs are incurred as a result of the inclusion of security requirements, such costs will not exceed ten percent (10%) or \$100,000, of the total dollar value of the order, whichever is less.
15. Contract Administration for Ordering Offices: Any ordering office, with respect to any one or more delivery orders placed by it under this contract, may exercise the same rights of termination as might the GSA Contracting Officer under provisions of FAR 52.212-4, paragraphs (l) Termination for the Government's convenience, and (m) Termination for Cause -.

An ordering office will be in default if it does not pay a sum when due or otherwise breaches the Contract. In case of default, the ordering office shall remain responsible for payment of all charges and fees due, and the Contractor shall have the right to discontinue service. In an effort to avoid service interruptions on past due accounts, the Contractor will notify a GSA-authorized point of contact of an account's past due status. For a period of up to 60 days after such notification, the Contractor and GSA will attempt to resolve the past due issue by working to identify any unapplied or misapplied payments or by encouraging the past due ordering office to make required payments, such as the case may be. After the 60-day period, the Contractor shall have the right to terminate service. Nothing herein shall alter the rights and obligations of the parties under the Prompt Payment Act. (T-Mobile's primary point of contact for escalations on payment resolution will be Denise Young (denise.young@T-Mobile.com).)

16. *GSA Advantage!*

GSA Advantage! is an on-line, interactive electronic information and ordering system that provides on-line access to vendors' schedule prices with ordering information. *GSA Advantage!* will allow the user to perform various searches across all contracts including, but not limited to:

- (1) Manufacturer;
- (2) Manufacturer's Part Number; and
- (3) Product categories.

Agencies can browse *GSA Advantage!* by accessing the Internet World Wide Web utilizing a browser (ex.: Netscape). The Internet address is www.fss.gsa.gov/.

17. Purchase of Open Market Items

NOTE: Open Market Items are also known as incidental items, noncontract items, non-Schedule items, and items not on a Federal Acquisition Schedule contract.

For administrative convenience, an ordering office contracting officer may add items not on the Federal Acquisition Multiple Award Schedule (MAS)—referred to as open market items—to a Federal Acquisition Schedule blanket purchase agreement (BPA) or an individual task or delivery order, only if—

- (1) All applicable acquisition regulations pertaining to the purchase of the items not on the Federal Acquisition Schedule have been followed (e.g., publicizing (Part 5), competition requirements (Part 6), acquisition of commercial items (Part 12), contracting methods (Parts 13, 14, and 15), and small business programs (Part 19));
- (2) The ordering office contracting officer has determined the price for the items not on the Federal Acquisition Schedule is fair and reasonable;
- (3) The items are clearly labeled on the order as items not on the Federal Acquisition Schedule; and

- (4) All clauses applicable to items not on the Federal Acquisition Schedule are included in the order.
18. Contractor Commitments, Warranties and Representations
- a. For the purpose of this contract, commitments, warranties and representations include, in addition to those agreed to for the entire schedule contract:
- (1) Time of delivery/installation quotations for individual orders;
 - (2) Technical representations and/or warranties of products concerning performance, total system performance and/or configuration, physical, design and/or functional characteristics and capabilities of a product/equipment/ service/software package submitted in response to requirements which result in orders under this schedule contract.
 - (3) Any representations and/or warranties concerning the products made in any literature, description, drawings and/or specifications furnished by the Contractor.
- b. The above is not intended to encompass items not currently covered by the GSA Schedule contract.

19. Overseas Activities

The terms and conditions of this contract shall apply to all orders for installation, maintenance, and repair of equipment in areas listed in the pricelist outside the 48 contiguous states and the District of Columbia.

Upon request of the Contractor, the Government may provide the Contractor with logistics support, as available, in accordance with all applicable Government regulations. Such Government support will be provided on a reimbursable basis, and will only be provided to the Contractor's technical personnel whose services are exclusively required for the fulfillment of the terms and conditions of this contract.

20. Blanket Purchase Agreements (BPAs)

Federal Acquisition Regulation (FAR) 13.303-1(a) defines Blanket Purchase Agreements (BPAs) as "a simplified method of filling anticipated repetitive needs for supplies or services by establishing 'charge accounts' with qualified sources of supply." The use of Blanket Purchase Agreements under the Federal Acquisition Schedule Program is authorized in accordance with FAR 13.303-2(c) (3), which reads, in part, as follows: "BPAs may be established with Federal Acquisition Schedule Contractors, if not inconsistent with the terms of the applicable schedule contract."

Federal Acquisition Schedule contracts contain BPA provisions to enable schedule users to maximize their administrative and purchasing savings. This feature permits schedule users to set up "accounts" with Schedule Contractors to fill recurring requirements. These accounts establish a period for the BPA and generally address issues such as the frequency of ordering and invoicing, authorized callers, discounts, delivery locations and times. Agencies may qualify for the best quantity/volume discounts available under the contract, based on the potential volume of business that may be generated through such an agreement, regardless of the size of the individual orders. In addition, agencies may be able to secure a discount higher than that available in the contract based on the aggregate volume of business possible under a BPA. Finally, Contractors may be open to a progressive type of discounting where the discount would increase once the sales accumulated under the BPA reach certain prescribed levels. Use of a BPA may be particularly useful with the new Maximum Order feature. See the Suggested Format, contained in this Schedule Pricelist, for customers to consider when using this purchasing tool.

21. Contractor Team Arrangements

Contractors participating in contractor team arrangements must abide by all terms and conditions of their respective contracts. This includes compliance with Clauses 552.238-74, Contractor's Reports of Sales and 552.238-76, Industrial Funding Fee, i.e., each contractor (team member) must report sales and remit the IFF for all products and services provided under its individual contract.

22. Installation, Deinstallation, Reinstallation

The Davis-Bacon Act (40 U.S.C. 276a-276a-7) provides that contracts in excess of \$2,000 to which the United States or the District of Columbia is a party for construction, alteration, or repair (including painting and decorating) of public buildings or public works with the United States, shall contain a clause that no laborer or mechanic employed directly upon the site of the work shall receive less than the prevailing wage rates as determined by the Secretary of Labor. The requirements of the Davis-Bacon Act do not apply if the construction work is incidental to the furnishing of supplies, equipment, or services. For example, the requirements do not apply to simple installation or alteration of a public building or public work that is incidental to furnishing supplies or equipment under a supply contract. However, if the construction, alteration or repair is aggregable and exceeds \$2,000, then the requirements of the Davis- Bacon Act apply.

The requisitioning activity issuing the task order against this contract will be responsible for proper administration and enforcement of the Federal labor standards covered by the Davis-Bacon Act. The proper Davis-Bacon wage determination will be issued by the ordering activity at the time a request for quotations is made for applicable construction classified installation, deinstallation, and reinstallation services under SIN 132-8.

23. Section 508 Compliance.

If applicable, Section 508 compliance information on the supplies and services in this contract are available in Electronic and Information Technology (EIT) at the following: www.t-mobile.com.

The EIT standard can be found at www.Section508.gov.

24. Prime Contractor Ordering from Federal Acquisition Schedules.

Prime Contractors (on cost reimbursement contracts) placing orders under Federal Acquisition Schedules, on behalf of a Federal Agency, shall follow the terms of the applicable schedule and authorization and include with each order –

- (a) A copy of the authorization from the Agency with whom the contractor has the prime contract (unless a copy was previously furnished to the Federal Acquisition Schedule contractor); and
- (b) The following statement:

This order is placed under written authorization from____dated_____. In the event of any inconsistency between the terms and conditions of this order and those of your Federal Acquisition Schedule contract, the latter will govern.

TERMS AND CONDITIONS APPLICABLE TO WIRELESS SERVICES (SPECIAL ITEM NUMBER 517312)

1. Acceptance Testing

Once the Government has activated a line of service, the Government has 14 days to conduct testing to ensure that the service (and equipment, if applicable) are satisfactory. After 14 days of active service, the service and equipment are deemed accepted.

2. Equipment

The Contractor shall make available cellular voice and data devices via Open Market. The cellular devices offered shall be compatible with the cellular access standards employed within the domestic geographical scope of contract.

The Contractor shall provide programming of any cellular telephone device, including Contractor-provided via Open Market and Government-furnished devices that conform to the cellular service furnished by the Contractor.

3. Warranty

For Devices/Products acquired Open Market, the Contractor shall provide a warranty covering each Contractor-provided device. The minimum duration of the warranty shall be the duration of the manufacturer's commercial warranty for the item listed below:

T-Mobile USA Inc. Limited Warranty

- A. Limited Warranty. *This warranty is a limited warranty only and is subject to the limitations contained herein.*
- B. Parties Who Can Enforce the Warranty. *This limited warranty extends only to the Agency listed as the initial Agency on the initial T-Mobile wireless service account associated with the Unit (the Service Account). This limited warranty is not assignable or transferable to any subsequent purchaser or user. Only Agency and no other person or entity, shall have the right to enforce this limited warranty.*
- C. Identification of Covered Parts and Products. *This limited warranty covers all parts of the Unit, except any housing and cosmetic parts which shall not be covered under this limited warranty. Unit, as used in this limited warranty, means the phone receiving and transmitting equipment provided to Agency by T-Mobile USA, Inc. (Warrantor), either (A) new, or (B) as a replacement pursuant to the terms of any warranty by Warrantor, but excluding any replacement equipment or repaired equipment provided to Agency at Agency's additional cost or otherwise provided to Agency outside the scope of this limited warranty (Excluded Equipment), even if such Excluded Equipment is provided by Warrantor. Any and all Excluded Equipment is excluded from this limited warranty and may or may not be covered by a separate warranty.*
- D. Warranty Duration. *The limited warranty for the Unit extends for one (1) year (the limited warranty period) beginning on the date the Service Account was established or the date on which Agency receives the Unit, whichever is earlier. The limited warranty only covers the Unit until the end of the limited warranty period, no matter when or in what condition the Unit is provided to Agency, and does not cover any Unit provided after the termination of the limited warranty period.*
- E. Warrantors Performance Obligations. *During the limited warranty period, Warrantor will repair or replace, at Warrantors option, any defective parts of the Unit that will not operate properly*

for their intended use, unless the defect or damage is caused by or is the result of abnormal use or conditions, improper storage, unauthorized modifications, connections, or repair, misuse, neglect, accident, alteration, improper installation, or other acts which are not the fault of Warrantor or the manufacturer of the Unit or which are not covered by the manufacturer's warranty for the Unit, including damage caused by shipping. No charge will be made to Agency for any such parts so repaired or replaced. Warrantor also will pay for the labor charges incurred by Warrantor in repairing or replacing the defective parts and shall pay for the cost of shipping any replacement parts or Unit to Agency. Warrantor will not pay the cost of rental or alternative equipment or any other expenses other than as expressly indicated above. Parts not covered by this limited warranty will be repaired or replaced by Warrantor only at Agency expense.

F. Agency Duties. If a problem with the Unit develops during the limited warranty period, Agency shall take the following steps:

(1) Agency shall promptly notify Warrantor of such problem before the expiration of the limited warranty period by telephone at T-Mobile Customer Care, 1-800-937-8997.

(2) Agency shall provide all information requested by Warrantors representatives during such telephone call, including Agency's name, address, telephone number, and proof of purchase;

(3) Agency shall agree to pay for the costs of the repair or replacement of any part of a Unit if such repair or replacement is not covered by this limited warranty, and if Agency so agrees, (a) Warrantor will ship Agency with a replacement Unit at Warrantors expense, (b) Agency will follow the instructions included with the replacement Unit, including instructions for replacing the Smart Card, and (c) following receipt of the replacement Unit, Agency shall ship the problem Unit as instructed by Warrantor via U.S. Postal Service to: T- Mobile Return Center 840 West Sandy Lake Road, Coppell, TX 75019.

(4) If Agency does not agree to pay for the costs of the repair or replacement of any part or Unit if such repair or replacement is not covered by this limited warranty, Agency shall ship the problem Unit pre-paid and insured via U.S. Postal Service to T-Mobile Return Center 840 West Sandy Lake Road, Coppell, TX 75019. Agency shall include a return address, daytime telephone number and/or fax number, and a complete description of the problem. Warrantor shall ship a replacement Unit to Agency only if the defective part or unit is covered by this limited warranty, and Agency will follow the instructions included with the replacement Unit, including instructions for replacing the Smart Card. Otherwise, any part or Unit sent to Warrantor and not covered by this limited warranty shall be returned freight collect without repair or replacement to Agency.

(5) Agency shall have no coverage or benefits under this limited warranty if agency fails to notify Warrantor of any problems during the limited warranty period or fails to follow the instructions provided to Agency by Warrantor.

G. Limitations on Implied Warranties. Any implied warranty of merchantability, or fitness for a particular purpose or use, shall be limited to the duration of the foregoing written limited warranty. Otherwise, the foregoing warranty is Agency's sole and exclusive remedy against warrantor and is in lieu of all other warranties by warrantor express or implied. At the expiration of the limited warranty period, warrantor hereby disclaims any and all implied warranties for the equipment, including the warranties of merchantability and fitness for a particular purpose, and Agency agrees to thereafter accept the equipment in an as is condition with all faults.

H. Limitations of Damages and Agency Remedies. Warrantor shall not be liable for incidental, consequential, special, punitive or other damages or a loss of anticipated benefits or profits, resulting from, related to or arising out of the purchase or use of the unit or from the breach of this limited warranty even if warrantor knew the likelihood of such damages; provided, however, that nothing herein shall preclude any Government right to recover compensatory

damages for any personal injury associated with personal use of the equipment during the limited warranty period. Government shall have the right to recover any damages for any injury or claim or arising of or related to Agency's use of the equipment after the expiration of this limited warranty.

- I. Warranty Registration Cards. No warranty registration card need be returned as a condition for coverage under this limited warranty.*
- J. Manufacturers Warranties. The manufacturer of the equipment may provide a limited warranty for the Unit. A copy of such warranty is available upon request at no cost to Agency. Agency may wish to elect the remedies provided by such manufacturers limited warranty in lieu of the remedies provided by this limited warranty.*
- K. Warranty Inquiries. Questions concerning this limited warranty or the manufacturer's warranty may be directed to: T-Mobile USA, Inc., T-Mobile Customer Relations, P.O. Box 37380, Albuquerque, NM 87176-7380.*

The warranty shall commence upon the later of the following:

- a. Activation of the user's service
- b. Installation/delivery of the equipment

The Contractor, by repair or replacement of the defective item, shall complete all warranty services within ten (10) business days of notification of the defect. Warranty service shall be deemed complete when the user has possession of the repaired or replaced item. If the Contractor renders warranty service by replacement, the user shall return the defective item(s) to the Contractor as soon as possible but not later than ten (10) business days after notification.

4. Management and Operations Pricing

The Offeror shall provide management and operations pricing on a uniform basis. All management and operations requirements for which pricing elements are not specified shall be provided as part of the basic service.

5. Training

The Contractor shall provide normal commercial installation, operation, maintenance, and engineering interface training on the system. If there is a separate charge, indicate below:

Assistance is free of charge via T-Mobile Customer Care at (800) 937-8997.

6. Monthly Reports

In accordance with commercial practices, the Contractor may furnish the Agency/User with a monthly summary activity report.

7. Wireless Service Plan

- (a) Describe the wireless service plan and eligibility requirements, including, but not limited to, service area, monthly service charge, minutes included, etc.

There are many T-Mobile wireless plans available. The applicable service areas, number and type of minutes included, activation fees, and monthly recurring charges for each plan are described in detail in our GSA Authorized IT Pricelist.

- (b) Describe charges, if any, for additional minutes, domestic wireless long distance, roaming, nights and weekends, etc.

The charges for additional minutes, additional text messages, additional lines, long distance, voice mail retrieval, roaming, and additional browsing vary per plan. Each plan is described in detail in our GSA Authorized IT Pricelist.

- (c) Describe corporate volume discounts and eligibility requirements.
All volume discounts are built into T-Mobile's pricing.

**T-MOBILE STANDARD TERMS AND CONDITIONS (REV 7-15-2020) (rev12-17-2020) –
SPECIAL ITEM NUMBER 517312**

These Standard Terms and Conditions contain general provisions that apply to Customer's purchase and use of all Devices and Services. "Agreement" refers to the written service agreement signed by Customer for the purchase of Products and Services and all attachments, documents incorporated by reference (subject to the terms of the Schedule contract and task or purchase order) and related Order(s). To the extent the terms of this Agreement conflict with the terms of the GSA Multiple Award Schedule contract (the "Contract") the terms of the GSA Multiple Award Schedule contract will prevail.

T-Mobile and Customer are collectively referred to in this Agreement as the "**Parties**," and individually as a "**Party**."

1. Definitions

1.1 "Charges" means any charges, taxes, fees, surcharges and other amounts T-Mobile bills Customer applicable to Services, Products and third-party services and products invoiced under a Master Account.

1.2 "Confidential Information" means information, technology, materials and know-how of the other Party disclosed or acquired by the receiving Party pursuant to or in connection with this Agreement and which is either designated as proprietary and/or confidential or, by the nature of the circumstances surrounding disclosure, ought to be reasonably treated as proprietary and/or confidential. The pricing terms, rate plans, discounts and credits are T-Mobile's Confidential Information.

1.3 "Master Account" means Customer's government master account(s) for the purchase and use of Services and Products. A Master Account may be used by Users.

1.4 "Order" means a written order, including an order submitted electronically and a purchase order, submitted or confirmed by Customer's authorized representatives and accepted by T-Mobile that identifies the Services and Products purchased by Customer.

1.5 "Product" means any equipment, devices, hardware, cabling or other materials used by Customer in connection with Services or which T-Mobile provides to Customer under this Agreement, and excludes third-party products that are not billed through the Master Account.

1.6 "Rate Plan" means Customer's Service allotments, such as minutes, messages or data, rates, and other terms.

1.7 "Service(s)" means any and all services T-Mobile provides to Customer under this Agreement, and excludes third-party services that are not billed under a Master Account.

1.8 "User(s)" means Customer, Ordering Activity (an entity entitled to order under the GSA Schedule contracts as defined in GSA Order ADM 4800.21, as may be revised from time to time), and, as applicable, its employees who utilize or receive Services and devices under a Master Account. User does not include individuals who purchase T-Mobile's products or services under accounts other than a Master Account.

2. Master Accounts.

2.1 Eligibility. The terms and conditions of this Agreement are customized for federal, state, and local government entities and agencies. T-Mobile defines "government entities and agencies" as those entities that receive their primary funding support through the allocation of appropriated public funds and are entitled to exercise sovereign rights and privileges. T-Mobile recognizes that under certain circumstances, non-governmental entities may be permitted to purchase Products and Services under this Agreement. For non-governmental entities, T-Mobile may limit the applicability of any contractual provisions specifically based on governmental rights and privileges.

2.2 Pricing. Prices for Services and Products are identified in the GSA Schedule Price List.

2.3 Restrictions. Customer agrees not to (i) resell any aspect of the Service, or (ii) bundle any aspect of the Service with any product or device not directly provided to Customer by T-Mobile, whether for profit or otherwise. Customer has no proprietary or ownership rights to a specific number, IP address, or e-mail address assigned to Customer or Customer's device as part of a Service

or Product. Customer and its Users will not use the Service or Products to send any harassing, threatening, obscene, fraudulent, unlawful, abusive or unsolicited commercial text, e-mail or other messages, or in such a way as to create damage, harm or risk to T-Mobile's business, reputation, employees, subscribers, facilities, third parties or to the public generally. Customer and its Users will not use the Services or Products in a manner that (a) accesses the accounts of others without authority; (b) tampers with, reprograms, alters, or otherwise modifies the Services or Products to circumvent any of T-Mobile's policies; (c) violates intellectual property rights; (d) conflicts with applicable laws; or (e) is not in accordance with this Agreement. The Services or Products that Customer purchases may have additional restrictions, and Customers and its Users agree to comply.

2.4 Additional Terms. Orders placed under Customer's Master Account are subject to the additional terms set forth in the attached exhibits as applicable to the Customer's Orders. If Customer purchases services or features that are not specifically identified in this Agreement, the T-Mobile terms and conditions applicable to that service or feature will apply.

3. Security. Customer will protect usernames and passwords for Customer's Master Accounts. Customer will immediately notify T-Mobile of any unauthorized use of Customer's Master Account or other security breach of Master Account information or credentials, or any fraudulent use of the Master Account, where Customer has knowledge. Customer is responsible for all Master Account usage. Customer will cooperate with T-Mobile in investigating all unauthorized use and suspected unlawful or fraudulent use associated with its Master Accounts.

4. Billing and Payment of Charges.

See GSA Schedule contract for payment terms and conditions.

5. Taxes, Fees and Surcharges.

5.1 Taxes, Fees and Surcharges. T-Mobile's rates and charges for Products and Services do not include taxes, nor do the rates and charges contemplate that taxes will be deducted or withheld by Customer from the payments Customer makes to T-Mobile. **Customer will not be responsible for payment of T-Mobile's direct income taxes, employment taxes, and any other tax to the extent that Customer demonstrates a legitimate exemption under applicable law.** To the extent that Customer does not demonstrate an exemption, T-Mobile will invoice Customer's Master Account for taxes (e.g., sales, use, excise, gross receipts, business activity, margin, value added, environmental and other taxes, except as otherwise specified in this paragraph), and regulatory fees and charges (e.g., E911 and public utility fees) levied by or to be remitted directly to federal, state or local authorities, or foreign governments or foreign service providers imposed on Customer or T-Mobile as a result of providing the Service or Product (collectively "**Taxes and Fees**"). Subject to the terms of the Schedule contract, T-Mobile may also invoice Customer for T-Mobile surcharges that are determined, collected and retained by T-Mobile and include charges, costs, fees and certain taxes T-Mobile incurs to provide Services that are not government taxes or fees imposed directly on its customers.

5.2 Tax Situs. Customer will provide accurate information to T-Mobile regarding Customer's place(s) of primary use ("**PPU**") of the Services and Products purchased under this Agreement and will notify T-Mobile of any changes to its PPU. In the absence of such information, T-Mobile, in its sole discretion, will use the best information available to determine the correct situs for Taxes and Fees and Charges applicable to the Services and Products purchased by Customer under this Agreement.

6. Term; Termination.

6.1 The Initial Term and all applicable Renewal Terms, if any, will be referred to collectively herein as the "**Term**." Termination shall be in accordance with GSA Schedule contract terms and conditions.

7. Disclaimer of Warranties. T-MOBILE, ITS AFFILIATES, AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS (COLLECTIVELY, "**T-MOBILE PARTIES**") MAKE NO REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF TITLE OR NON-INFRINGEMENT. ALL SERVICES AND PRODUCTS ARE PROVIDED "AS IS" AND "WITH ALL FAULTS," AND CUSTOMER ASSUMES ALL RESPONSIBILITY AND RISK FOR USE OF THE SERVICE AND PRODUCTS, EXCEPT FOR ANY WRITTEN LIMITED WARRANTY THAT MAY BE PROVIDED BY THE MANUFACTURER WITH THE PRODUCTS OR IF CUSTOMER RECEIVED A WRITTEN "T-MOBILE LIMITED WARRANTY" WITH A PRODUCT. ANY STATEMENTS MADE IN PACKAGING, MANUALS OR OTHER DOCUMENTS, OR BY ANY OF T-MOBILE'S AGENTS (EXCEPT FOR THE "T-MOBILE LIMITED WARRANTY"), ARE PROVIDED FOR INFORMATIONAL PURPOSES ONLY AND NOT AS WARRANTIES BY T-MOBILE PARTIES. T-MOBILE PARTIES DO NOT AUTHORIZE ANYONE TO MAKE A WARRANTY OF ANY KIND ON THEIR BEHALF AND CUSTOMER WILL NOT RELY ON ANY SUCH STATEMENT. T-MOBILE PARTIES DO NOT WARRANT THAT THE INFORMATION,

PRODUCTS, PROCESSES, AND SERVICES AVAILABLE THROUGH THE SERVICE OR PRODUCT WILL BE UNINTERRUPTED, ACCURATE, COMPLETE, USEFUL, FUNCTIONAL OR ERROR FREE. T-MOBILE PARTIES DO NOT GUARANTEE THAT CUSTOMER'S COMMUNICATIONS WILL BE PRIVATE OR SECURE; IT IS ILLEGAL FOR UNAUTHORIZED PEOPLE TO INTERCEPT CUSTOMER COMMUNICATIONS, BUT SUCH INTERCEPTIONS CAN OCCUR. CUSTOMER IS SOLELY RESPONSIBLE FOR MAINTAINING VIRUS AND OTHER INTERNET SECURITY PROTECTIONS WHEN ACCESSING THE INTERNET, SERVICES AND THIRD PARTY PRODUCTS AND SERVICES. SOME STATES MAY LIMIT THE DISCLAIMER OF CERTAIN REMEDIES AND THE FOREGOING APPLIES TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. This clause does not limit or disclaim any of the warranties specified in the GSA Schedule 70 contract under FAR 52.212-4(o). In the event of a breach of warranty, the U.S. Government reserves all rights and remedies under the contract, the Federal Acquisition Regulation, and the Contract Disputes Act, 41 USC 7101-7109.

8. INTENTIONALLY OMITTED

9. Disclaimers and Limitation of Liability.

9.1 Disclaimers.

9.1.1 T-Mobile Parties are not liable to Customer, Customer's Affiliates, Users, agents or any third parties for any damages arising from or related to (i) Customer's or its User's use of the Service, the Products, the network, including without limitation damages for loss of privacy, security, personal injury or property damage, interruption or failure of Service, malfunctioning Services or Products, loss of data, cost of replacement products and services, lost profits, or inability to use the Service or Product; (ii) any act or omission of a third party, including an underlying carrier, service provider or a dealer, or provider of third-party products and services, or (iii) any causes beyond the reasonable control of the T-Mobile Parties, including network failures or outages, failures to make or receive 9-1-1 calls or receive 9-1-1 location services, lack of coverage, acts of God, natural disasters and government actions, even if T-Mobile Parties have been advised of the possibility of damages. T-Mobile Parties are not responsible for any download, installation, use, transmission failure, interruption, or delay related to any third party services, products, content, advertisements, or websites a Customer or its Users may be able to access by using the Services or Products, even if Charges for the third party products appear on the T-Mobile invoice.

9.1.2 IN NO EVENT WILL EITHER PARTY, OR ITS AFFILIATES AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS, HAVE ANY LIABILITY TO THE OTHER PARTY, ITS AFFILIATES AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS FOR ANY INDIRECT, SPECIAL, INCIDENTAL, PUNITIVE, OR CONSEQUENTIAL DAMAGES (INCLUDING WITHOUT LIMITATION LOSS OF PROFITS, LOSS OF SALES, LOSS OF INVESTMENT OR OTHER EXPENDITURES, INVESTMENTS, OR COMMITMENTS) HOWEVER CAUSED AND, WHETHER IN CONTRACT, TORT OR UNDER ANY OTHER THEORY OF LIABILITY, WHETHER OR NOT EITHER PARTY OR ITS AFFILIATES AND THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS HAVE BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. This clause shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31 USC 3729-3733. Furthermore, this clause shall not impair nor prejudice the U.S. Government's right to express remedies provided in the GSA Schedule contract (e.g., clause 552.238-75 – Price Reductions, clause 52.212-4(h) – Patent Indemnification, and GSAR 552.215-72 – Price Adjustment – Failure to Provide Accurate Information.

10. Privacy. T-Mobile receives limited personal information necessary to allow T-Mobile to manage the relationship with Customer under Customer's Master Account, such as the business contact information of the employee Customer designates to manage the Master Account. T-Mobile also generates personal information through operation of the services provided, for example details of calling history and call locations, which are considered Customer Proprietary Network Information ("**CPNI**") under FCC rules, and other important information related to use of data services, which is not CPNI. T-Mobile will collect, use, disclose, or otherwise process such information, and will protect the security, integrity, and confidentiality of such information, in accordance with its privacy policy at www.t-mobile.com/privacy, as amended from time to time, and Section 11 (Confidentiality) hereto, as applicable.

11. Confidentiality. During the Term and for two (2) years after the expiration or termination of the Agreement, each Party receiving information (the "**Receiving Party**") will retain in confidence the other Party's Confidential Information. Customer acknowledges and agrees as of the Effective Date, Customer has not provided T-Mobile any Confidential Information that is not specifically designated as such. Neither Party will use any Confidential Information disclosed under this Agreement for any purpose other than the fulfillment of this Agreement. Each Party will protect Confidential Information of the other Party and take precautions at least as great as those taken to protect its own confidential information of a similar nature. Each Party will also notify the other promptly in writing in the event such Party learns of any unauthorized use or disclosure of any Confidential Information that it has received from the other Party and will cooperate in good faith to remedy such occurrence to the extent reasonably possible. The restrictions set forth in this Section will not apply to any

information that: (a) was known by the Receiving Party without obligation of confidentiality prior to disclosure thereof by the other Party; (b) was in or entered the public domain through no fault of the Receiving Party; (c) is disclosed to the Receiving Party by a third party legally entitled to make such disclosure without violation of any obligation of confidentiality; (d) is required to be disclosed by applicable laws or regulations (but in such event, only to the extent required to be disclosed); or (e) is independently developed by the Receiving Party without reference to any Confidential Information of the other Party. The Receiving Party may disclose the other Party's Confidential Information to the Receiving Party's directors, officers, members, managers, employees, auditors, consultants, financial advisors, lenders, attorneys and existing and potential third-party financial investors. Such disclosures will only be made on a need-to-know basis, and in the case of third-parties, subject to a non-disclosure agreement between the relevant Party and such third party. Each Party will return or destroy to the other all materials, in any medium, which contain or reveal all or any part of any Confidential Information of the other Party upon request, provided however that the Receiving Party may retain copies of Confidential Information to the extent required for legal or regulatory purposes and will not be required to delete electronic Confidential Information stored in any disaster recovery or archival storage in accordance with its policies and provided that any such retained Confidential Information will continue to be subject to the terms of this Agreement.

11.1 FOIA. T-Mobile acknowledges that the Agreement and the Confidential Information may be subject to disclosure under Federal law, in whole or in part, including under applicable Freedom of Information, Open Records, or Sunshine laws and regulations (collectively "FOIA"). Customer will provide T-Mobile with prompt notice of any FOIA requests or intended disclosures, citations to or copies of applicable FOIA for review, and an appropriate opportunity to seek protection of T-Mobile Confidential Information.

12. Assignment. This Agreement may be transferred or assigned only in accordance with the procedures of FAR Part 42.12.

13. Notices. Unless expressly stated otherwise herein, all notices will be given in writing and will be deemed to have been duly given and effective: (a) upon receipt if delivered in person; (b) one day after deposit prepaid with a national overnight express delivery service; or (c) three days after deposit in the United States mail. Either Party may change the following contact information upon written notice to the other Party. Notices will be delivered or transmitted to:

If to Customer:
See GSA Schedule
or
Task Order (as applicable)

If to T-Mobile:

T-Mobile USA, Inc.
12920 S.E. 38th Street
Bellevue, WA 98006
ATTN: Vice President, T-Mobile for Government

With an email copy to:
Legal_Government_Contracts@t-mobile.com

14. Severability. If any provision of this Agreement is held to be inapplicable or unenforceable, then such provision will be construed, as nearly as possible, to reflect the intentions of the Parties with the other provisions remaining in full force and effect, and the balance of the provisions will remain unaffected.

15. Governing Law. The laws of the United States of America, without regard to the conflict of laws or choice of law provisions thereof.

16. Account Access Authorization. Customer authorizes T-Mobile's authorized support staff to access Customer's Master Accounts to perform maintenance, service, or security functions where warranted by T-Mobile business or security procedures, even in the absence of a direct request from the Customer. For example, such access includes but is not limited to: change of address where T-Mobile receives notice of such a change from the US Postal Service, or the of security passwords where we detect a password compromise.

17. Account Management (Customer Authorization). Customer may authorize a third party to act as Customer's agent ("Customer Agent") for purposes of procuring necessary support services related to this Agreement, subject to the following conditions. This

authorization is valid for the Term of this Agreement and may not be modified except pursuant to a written amendment signed by Customer and T-Mobile.

17.1 Customer remains fully responsible for any obligations incurred under this Agreement, whether due to changes Customer or its Customer Agent requests for Customer's account;

17.2 Customer will ensure that its Customer Agent has agreed to confidentiality and/or non-disclosure terms that are at least as protective of T-Mobile's Confidential Information as contained in this Agreement;

17.3 Customer consents to T-Mobile's disclosure of Customer's Confidential Information (as this term is defined herein) and Customer Proprietary Network Information, as defined in the Communications Act of 1934, as amended, 47 U.S.C. § 222, (1996) to its Customer Agent, and waives any claim against T-Mobile for any damages, expenses, costs, or liabilities arising from such disclosure;

17.4 Customer fully acknowledges, understands and accepts that there may be foreseeable and unforeseeable risks, including, but not limited to, increased risks of fraud to Customer's account or improper disclosure of Customer's account information, related to Customer's request that Customer Agent personnel be granted access to Customer's accounts. Accordingly, Customer releases T-Mobile from liability arising out of or related to the acts or omissions of Customer Agent. This shall not impair the U.S. Government's right to recover for fraud or crimes arising out of or related to this Contract under any federal fraud statute, including the False Claims Act, 31 USC 3729-3733. Furthermore, this clause shall not impair nor prejudice the U.S. Government's right to express remedies provided in the GSA Schedule Contract;

17.5 Activations of new lines of Service under this Agreement will continue to be activated through the T-Mobile Government Account Team assigned to Customer's Master Account; provided that such activation requests may be made by Customer or its Customer Agent; and

17.6 Customer agrees to be bound by the terms of any and all T-Mobile's Equipment Installment Program ("EIP") or lease agreements signed by a Customer Agent on behalf of Customer.

18. Technology Evolution.

18.1 In the normal course of technology evolution and enhancement, T-Mobile continually updates and upgrades its Services, Products and networks. In some instances, these efforts will result in the need to ultimately replace or discontinue certain offerings or technologies. In such event, T-Mobile will undertake such efforts in a customer-focused and commercially reasonable manner. Accordingly and notwithstanding anything in the Agreement to the contrary, subject to the terms and conditions of the Schedule contract, T-Mobile reserves the right, in its sole discretion, after providing the notice set forth in subsection 18.2 below, to: (a) migrate Customer to a replacement technology; or (b) discontinue any Service, Product, network standard, or technology without either party being in breach of the Agreement or incurring early termination liability relating to the discontinuance of the affected Service, Product, network standard, or technology.

18.2 If T-Mobile takes any action set forth in subsection 18.1 above, T-Mobile will provide advance notice reasonably designed to inform Customer (if affected) of such pending action. The form of T-Mobile's notice may include providing written notice to any address (a) listed in the Agreement for Customer, (b) T-Mobile uses for billing, or (c) set forth in an Order. Customer agrees that such notice is reasonable and sufficient notice of T-Mobile's pending action.

19. Use of Name, Service Marks, Trademarks. Neither Party will use any trade name, trademark, service mark, trade dress or logo of the other Party or its Affiliates in any advertising, promotions or otherwise unless authorized by a separate written agreement.

20. Entire Agreement. These T-Mobile Standard Terms and Conditions constitute an addendum to a solicitation or contract, as defined in Federal Acquisition Regulation 52.212-4(s). The Agreement and any exhibits, addenda and documents incorporated by reference (subject to the terms of the Schedule contract and task/purchase order) are intended to be consistent with and supplementary to each other. To the extent this Agreement conflicts with the terms of the Schedule contract, the terms of the Schedule contract will prevail. Order of precedence will be determined consistent with FAR 52.212-4(s). Any amendments to this Agreement must be in writing and signed by a

warranted contracting officer and by a Vice President of Sales for T-Mobile, unless otherwise set forth in this Agreement. Any amendments signed by someone other than a Vice President of Sales for T-Mobile or a Divisional Director of Sales under an express delegation of authority will be null and void. A Party's failure at any time to require strict performance by the other or any User of any of the provisions herein will not waive or reduce a Party's right to thereafter require strict compliance with any provision of this Agreement. References to Uniform Resource Locators ("**URLs**") in the Agreement include any successor URLs designated by T-Mobile.

21. Survival. The following provisions, and any other provisions that may reasonably be construed as surviving, and all others that by their sense and context are intended to survive, will survive any termination of this Agreement for any reason: Sections 4 (Billing and Payment of Charges), 5 (Taxes, Fees and Surcharges), 6 (Term; Termination), 7 (Disclaimer of Warranties), 8 (Indemnification); 9 (Disclaimers and Limitation of Liability), 11 (Confidentiality), 12 (Assignment), 14 (Severability), 15 (Governing Law)), 18 (Technology Evolution), 21 (Survival), and the terms and conditions related to Customer's use of other T-Mobile services.

**Attachment A - T-Mobile Additional Terms for Wireless Services –
SPECIAL ITEM NUMBER 517312**

1. **Definitions.** For purposes of Wireless Services, the following defined terms apply to this Attachment A to the T-Mobile Standard Terms and Conditions.

1.1 **“Services”** means wireless services provided under a Master Account.

1.2 **“Devices”** or **“Products”** means any equipment, for which T-Mobile provides Service, such as a phone handset, tablet, or SIM card.

1.4 **“Network”** means T-Mobile’s owned wireless network.

2. **Pricing.** Pricing is set forth in the GSA Schedule contract. T-Mobile Rate Plans have month-to-month Service terms and Customer may terminate a Master Account line of Service at any time. Customer remains responsible for all Charges incurred through the end of such Master Account line’s Service term. Customer’s use of the Service will be in accordance with the terms and conditions of the Schedule contract and Schedule Price List. To the extent this Agreement conflicts with the Schedule contract, the terms of the Schedule contract will prevail.

3. **Orders.** Orders will be processed pursuant to T-Mobile’s standard activation procedures and must be approved by a warranted contracting officer. By placing an Order for Devices, Customer agrees that Devices are intended to be activated on T-Mobile’s Service for use only by Customer and its employees, and Customer will not materially modify the Devices’ hardware or preloaded software, or assist any third party in doing so, in a way that would lead to security risks. For the avoidance of doubt, the foregoing restriction does not prohibit Customer from adding applications or third party services to Devices in accordance with the Agreement. Devices are subject to availability. The delivery address must fall within T-Mobile’s licensed Service area. If Customer has a Device or accessory under T-Mobile’s Equipment Installment Program (**“EIP”**) or lease, then Customer will refer to the terms and conditions of that agreement.

4. **Activation Fees. Intentionally Omitted.**

5. **Changes.**

Except as described for Rate Plans with a price-lock guarantee, T-Mobile may change Rate Plans and their terms made available to lines of Service or Devices at any time. If the change to Customer’s Service or Rate Plan is material, and is likely to have a material adverse effect on Customer, T-Mobile will provide Customer with a minimum of fourteen (14) days’ notice prior to the change. Material changes must be incorporated into the contract using a bilateral modification. Rate Plan changes will be effective as of Customer’s next billing cycle

6. **Service Availability, Service Coverage.**

6.1 Service is available to a Device only when it is within the operating range of T-Mobile’s Network or the network of an operator with which T-Mobile has an applicable roaming agreement. Coverage maps are available at www.t-mobile.com and are only estimates of our anticipated coverage area outdoors. Customer’s actual Service area, network availability, coverage, and quality may vary and change without notice based upon a number of factors, including network capacity, terrain, weather, if Customer’s Users are on a private or public Wi-Fi network, using a non-T-Mobile Device, or if a Device no longer supports network technologies compatible with or available on T-Mobile’s network. Outages and interruptions in Service may occur, and speed of Service varies. Devices also have varying speed capabilities and may connect to different networks depending on technology. Even within coverage areas and with broadband-capable Devices, network changes, traffic volume, outages, technical limitations, signal strength, obstructions, weather, and other conditions may impact speeds and Service availability.

6.2 T-Mobile engineers its Network to provide consistent high-speed data service, but at times and at locations where the number of customers using the network exceeds available network resources, customers will experience reduced data speeds. In those cases, customers who choose certain rate plans may notice speeds lower than customers on other T-Mobile branded rate plans, which are prioritized higher on T-Mobile’s network. Further, to provide the best possible on-device experience for the most possible customers on T-Mobile branded rate plans and to minimize capacity issues and degradation in network performance, T-Mobile may, without advance notice, take any actions necessary to manage its network on a content-agnostic basis, including prioritizing all on-device data over Smartphone Mobile HotSpot (tethering) data and further prioritizing the data usage of a small percentage of heavy data users, specifically those using more than 50GB of data in a billing cycle, below that of all other customers in times and locations where there are competing customer demands for network resources, for the remainder of the billing cycle.

6.3 Devices must be used predominantly within the T-Mobile-owned Network coverage area. Devices may connect to another provider's network ("**Off-Net**") even when Users are within the T-Mobile coverage area. Customer and its Users should check Customer's Device(s) to determine if Customer is Off-Net. Customer should not abuse Off-Net usage or T-Mobile may limit or terminate Customer's Service. T-Mobile may limit or terminate the affected line of Service in T-Mobile's discretion if (a) more than 50% of a User's voice and/or data usage is Off-Net for any two billing cycles within any twelve (12) month period; (b) a User's Off-Net usage makes it unreasonable for T-Mobile to provide Service to such User; or (c) related to T-Mobile's arrangements with an Off-Net provider. If a User's Off-Net voice usage, data usage or messaging usage exceeds its associated rate plan allotment, such Users will be alerted and access to Off-Net coverage may be suspended or denied Location services, including 9-1-1 location services, may not be available in Customer's area and are subject to the Service limitations set forth in Section 6 of this Attachment A.

6.4 Compatibility of Wireless Products and Services. Products may not be compatible with services provided by other wireless carriers, except for services provided in connection with roaming agreements. T-Mobile Devices may have a software programming lock that protects certain of the phone's operating parameters against unauthorized reprogramming. T-Mobile does not guarantee current or future compatibility of wireless Products or Services with third party products, features or applications. Apparent compatibility or notice from T-Mobile of compatibility is not a T-Mobile endorsement of a third party product, feature or application. Unless otherwise stated in the Agreement, T-Mobile may, in its sole discretion and at any time, disable or discontinue use of any third party product, feature or application with the Services or Products, and Customer may not receive a refund for any unused portion of the data content.

7. Portability.

7.1 Customer has no proprietary or ownership rights to a specific number ("**Number**"), IP address, or e-mail address assigned to Customer or Customer's Device. Customer may be able to transfer a Master Account User's Number to or from another provider with whom T-Mobile has a porting relationship in accordance with T-Mobile internal business policies and procedures. For additional information about local number portability, please contact Corporate Customer Care at (800) 375-1126 or email T-Mobile at Businesscare@t-mobilesupport.com. Customer acknowledges that the Device may not be compatible with the network and services provided by another service provider. Customer may buy Devices from T-Mobile, or from someone else, however, all existing account transfers will be handled in accordance with the terms of this Section 7. Unless authorized by T-Mobile in writing, Customer will not use a Number on the Network for any purpose other than access to the public switched telephone network.

7.2 Upon submitting a change of responsibility ("**COR**") request, Customer consents to change both the billing and legal responsibility for the applicable Customer's corporate liable lines ("**CL**") from Customer's responsibility for the CL lines to Customer's employee(s)' responsibility, and Customer agrees to accept both the billing and legal responsibility for the employee(s)' individual liable line(s) ("**IL**"), once released by the employee(s).

8. Billing and Payment of Charges.

8.1 iBilling and iAnalyst Billing Service.

8.2 Unused minutes or other allocated Services (e.g., text messages, data transmission) expire at the end of the billing cycle unless otherwise expressly stated by such Rate Plan's terms and conditions. Airtime usage is measured from the time the Network begins to process a call (before the call rings or is answered) through its termination of the call, or if applicable, any fraction of a minute of usage is rounded up to the next full minute. Depending on the Rate Plan, data usage may be rounded up at the end of each data session, at the end of Customer's billing cycle, and/or at the time Customer switches data plans. See www.t-mobile.com/business for Rate Plan details. T-Mobile may change Customer's billing cycle at any time, subject to the terms of the Schedule Contract and task/purchase order.

9. International Roaming and Dialing. All countries may not be available for roaming and available countries may change from time to time. See www.t-mobile.com for information on international access, rates, Services and coverage. Different rates and rounding increments apply in different countries. See www.t-mobile.com for information on international access, rates, Services and coverage. While roaming internationally, User data throughput may be reduced, and User Service may be otherwise limited or terminated at any time without notice. Except in the case of fraudulent or suspicious activity, or activity posing imminent risk to T-Mobile or Customer, T-Mobile will make reasonable efforts to notify Customer prior to termination of User Service. Customer is responsible for complying with U.S. Export Control laws and regulations, and the import laws and regulations of foreign countries when traveling internationally with User Devices. Billing of roaming charges, data usage and minutes of use or Services may be delayed or applied against included data allotments, minutes or Services in a subsequent billing cycle. Customer may request that T-Mobile block a Master Account line of Service from placing international calls ("**International Dialing Block**") by calling Business Customer Care or by Email at Businesscare@t-mobilesupport.com. The availability of, and access to, emergency calling services (e.g., 911 in the U.S.), may vary by country. Customer and its Users must familiarize themselves with how to access these services before using the Devices for international roaming.

10. Lost/Stolen Devices. If Customer's Device is lost or stolen ("**Lost Device**"), Customer must (a) promptly notify T-Mobile and T-Mobile will suspend Service for the Lost Device; and (b) provide T-Mobile with reasonable documentation T-Mobile requests (such as a copy of a filed police report if the Device is stolen) within fourteen (14) days. Once Customer notifies T-Mobile that Customer's Device is lost or stolen ("**Lost Device**"), T-Mobile will suspend Customer's Service and Customer will not be responsible for additional usage Charges incurred in excess of Customer's Rate Plan Charges, applicable taxes, fees, and surcharges. If Customer completes the above requirements, Customer will not be liable for additional usage Charges incurred in excess of Customer's Rate Plan Charges, applicable taxes, fees, and surcharges. If Customer purchased a Device through T-Mobile's EIP Program, Customer remains obligated for the total payments due on the Device. If Charges are incurred before Customer notifies T-Mobile, Customer is not liable for unauthorized Charges. However, the fact that Customer's Device was used is some evidence of authorization. Customer may request that T-Mobile investigate Charges Customer believes to be unauthorized. T-Mobile may ask Customer to provide information to support Customer's request. If T-Mobile determines the Charges were unauthorized, T-Mobile will credit Customer's account. If T-Mobile determines the Charges were authorized, T-Mobile will inform Customer within thirty (30) days and Customer will be responsible for all Charges incurred. If Customer requests that the Service not be suspended on the Lost Device, Customer will remain responsible for all Charges incurred under that specific line of Service. T-Mobile may prevent a lost or stolen Device from registering on T-Mobile's and other networks.

11. Service Cancellation, Exchange, and Returns. Customer may cancel a new line of Service within thirty (30) days of activation ("**Cancellation Period**") by contacting T-Mobile and returning any Device(s) Customer purchased with Service in Like New condition (defined below). Customer may exchange or return a Device within 30-days from the Device or accessory purchase date ("**Return Period**"). Only Like New Devices returned with proof of purchase to Customer's T-Mobile account representative or team, or the location from which the Device was purchased within the Cancellation or Return Period are eligible for a refund of the purchase price. Refunds and exchanges will be less any rebates received and shipping costs. Certain promotional offers may require Customer to return all items received with the Device and could cause Customer to become ineligible for promotional discounts. Certain accessories, such as earpieces, may not be refunded or exchanged in some jurisdictions. A "**Like New Device**" is a Device purchased from T-Mobile, in its original packaging with all contents, undamaged, and in good working condition with no material alterations to the Device's hardware or software, as determined by T-Mobile in its sole discretion. Except for the 30-calendar day Return Period, the cancellation and return policies in this Section 11 will not apply to Customers who purchase Device(s) through T-Mobile's EIP or a T-Mobile leasing program and the terms of that program's agreement will supersede and control the purchase or lease of those Devices.

12. Third Party Equipment. If Customer uses third party equipment, handsets or devices that are not provided to Customer directly by T-Mobile ("**Third-Party Equipment**") with the Service, Customer acknowledges and agrees: (a) T-Mobile will not accept any returns of the Third Party Equipment; (b) Customer and its Users use the Third-Party Equipment at Customer's own risk and T-Mobile provides no warranty of any kind on the Third-Party Equipment; (c) T-Mobile will not offer or provide Customer Care services for the Third-Party Equipment; (d) the Third-Party Equipment may not function properly with the Service or applicable network; and (e) Customer will be responsible for monthly service charges accrued from the date T-Mobile fulfills an order for a Subscriber Identity Module ("**SIM**"). T-Mobile disclaims all liability for Use of Third-Party Equipment in accordance with Section 9 of the Agreement. In the event that T-Mobile certifies or endorses the use of certain Third-Party Equipment with the Service, the above provisions will still apply. Customer is responsible for any impairment, interference, or harm caused by Third-Party Equipment.

13. Third Party Products. Customer can purchase services and products ("**Third Party Products**") using its Devices, and charges for these purchases may be included in Customer's Master Account invoice. Customer may block purchases of Third Party Products by emailing T-Mobile at businesscare@t-mobilesupport.com, or contacting Customer Care at (800) 375-1126. Customer's download of Third Party Products is at its own risk. Unless otherwise stated, any support questions for Third Party Products should be directed to the third-party seller identified at the point of purchase. Some Third Party Products may require Customer's agreement to a license or other terms with the third party. Some Devices or Third Party Products may contact the Network without Customer's knowledge, which may result in additional Charges, such as while roaming internationally. To use, download, or install Third Party Products that Customer purchases from T-Mobile, the Third Party Products are licensed to Customer by T-Mobile and may be subject to additional license terms between Customer and the creator/owner of the Third Party Products. Whether purchased from T-Mobile or a third-party seller, any Third Party Products Customer purchases are licensed for personal, lawful, non-commercial use on User's Device only. Customer may not transfer, copy, or reverse engineer any Third Party Products, or alter, disable or circumvent any digital rights management security features embedded in the Third Party Products. Customer may refer to T-Mobile's Privacy Policy as well as the Third Party Products creator or owner's privacy policy for information regarding the collection, use and retention of information collected when a User downloads, installs, or uses any Third Party Products. If Customer or Customer's End Users choose to download, access, or otherwise use Location Based Services ("**LBS**"), including Third Party Products, Customer agrees that any access, use, or disclosure of location information of Customer or Customer's End Users is governed by the terms and conditions set forth by the LBS provider, including the LBS provider's privacy policy, subject to the terms and conditions of the Schedule Contract and task/purchase order. Customer is solely responsible for determining its obligations under and ensuring its compliance with applicable laws and regulations governing the use of LBS or requiring notice or consent, including but not

limited to requirements under the Children's Online Privacy Protection Act (15 U.S.C. § 6501 et seq.). Customer further acknowledges that (i) T-Mobile is not responsible for notifying End Users using Customer lines upon which Customer or Customer's End Users has enabled LBS that end-user location information may be accessed, used or disclosed in connection with LBS and (ii) such use may require notification by Customer to its End Users.

14. 911 calls. Calls to 911 from a TTY will not work when using Wi-Fi Calling or Voice over LTE ("VoLTE"). If Users cannot make a voice call to 911, T-Mobile recommends that Users use an internet-based Telecommunications Relay Service such as Video Relay Service, IP Relay Service, or IP Captioned Telephone Service. T-Mobile Real-Time Text ("RTT") technology is available on T-Mobile's network and can be used on select devices to contact 911. For more information, see www.t-mobile.com/accessibilitypolicy.

15. Additional Terms for Plans and Other Features. The following terms apply to Customer's Master Account data plans. To the extent any data plan terms expressly conflict with the terms in this Agreement, the Schedule contract terms will govern.

15.1 Permissible and Prohibited Uses. Customer's data plan is intended for Web browsing, messaging, and similar activities. Certain activities and uses of the Services and Devices are permitted and others are not. If Customer buys, leases, or finances a Device manufactured for use on the Network, Customer agrees that it intends it to be activated on our Service and Customer will not resell or modify the Device, or assist anyone doing so. Examples of permitted uses include but are not limited to: (a) voice calls; (b) web browsing; (c) messaging; (d) email; (e) streaming music; and (f) Tethering a Device to other non-harmful devices pursuant to the terms and conditions and allotments the associated Rate Plan. Examples of prohibited uses include but are not limited to: (aa) except for a T-Mobile provided equipment, using a repeater or signal booster; (bb) compromising Network security or capacity, degrading Network performance, use of malicious software or "malware", hindering other customers' access to the Network, or otherwise adversely impacting Network service levels or legitimate data flows; (cc) using applications which automatically consume unreasonable amounts of available Network capacity; (dd) using applications which degrade network capacity or functionality; (ee) misuse of the Service, including "spamming" or sending abusive, unsolicited, or other mass automated communications; (ff) monitoring services, transmission of broadcasts, transmission of recorded material, telemarketing, autodialed calls, or other connections that do not consist of uninterrupted live dialogue between individuals; (gg) unauthorized reprogramming or "unlocking" of a Device's software programming lock; (hh) tampering with, reprogramming, altering, or otherwise modifying Customer's Devices to circumvent any of T-Mobile's policies or violate anyone's intellectual property rights; (ii) causing harm or adversely affects T-Mobile, the Network, T-Mobile customers, employees, business, or any other person; and (jj) causing T-Mobile to violate applicable laws and regulations.

15.2 Protective Measures. T-Mobile engineers our network to provide consistent high-speed data service, but at times and at locations where the number of customers using the network exceeds available network resources, customers will experience reduced data speeds. To provide the best possible experience for the most possible T-Mobile customers and to minimize capacity issues and degradation in Network performance, T-Mobile may, without advance notice, take any actions necessary to manage the Network on a content-agnostic basis, including, prioritizing the data usage of a small percentage of unlimited high-speed data customers who use the highest amount of data below that of other customers in times and locations where there are competing customer demands for Network resources, for the remainder of the billing cycle. Where the Network is lightly loaded in relation to available capacity, a customer whose data is de-prioritized will notice little, if any, effect from having lower priority. This will be the case in a vast majority of times and locations. At times and locations where the Network is heavily loaded in relation to available capacity, however, these customers will likely see significant reductions in data speeds, especially if they are engaged in data-intensive activities. T-Mobile constantly works to improve Network performance and capacity, but there are physical and technical limits on how much capacity is available, and in constrained locations the frequency of heavy loading in relation to available capacity may be greater than in other locations. When Network loading goes down or the customer moves to a location that is less heavily loaded in relation to available capacity, the customer's speeds will likely improve. See www.T-Mobile.com/OpenInternet for details and for current data amount subject to this practice

15.3 Service Limitations, Connectivity and International Use. Customer acknowledges and agrees that a User's use of any Wi-Fi network is permissible and that Customer (and not T-Mobile) is solely responsible for all charges associated with a Master Account User's use of the Service. Cell Broadcasts (alerts that go to certain customers) and Wireless Priority Service (WPS) may not be available with Wi-Fi Calling. Calls from certain designated countries and destinations* over Wi-Fi are \$.25/min (no charge for Wi-Fi calls to US, Mexico and Canada). Calls made over Wi-Fi outside of designated countries and destinations* will be charged standard international roaming rates. Customer will pay for all internet access charges incurred by Master Account Users. (*Except as indicated in this Agreement, T-Mobile offers travel without limits with unlimited data and texting in 210+ countries and destinations at no extra charge. The list of 210+ countries and destinations is subject to change at T-Mobile's sole discretion. Visit www.t-mobile.com/coverage/roaming.)

15.4 9-1-1 and Emergency Alerts Service and Wi-Fi Calling. Customer agrees and will inform all Master Account Users as follows:

Services or Software provided by third parties (including voice applications), 911 or E911, text to 911, or other calling or messaging functionality, may work differently than services offered by T-Mobile, or may not work at all. **T-Mobile is not responsible for failures to**

connect or complete 911 calls or text to 911 messages or if inaccurate location information is provided. 911 service may not be available or reliable and Customer's ability to receive emergency services may be impeded. T-Mobile cannot assure Customer that if Customer places a 911 call or text Customer will be found.

15.5 Emergency Alerts. T-Mobile has chosen to offer wireless emergency alerts, within portions of our coverage area, on wireless alert capable Devices. There is no additional charge for these wireless emergency alerts. For details visit: www.t-mobile.com/responsibility/consumer-info/safety/wireless-emergency-alerts.

T-Mobile may use a variety of information and methods to determine the location of a 9-1-1 call, including T-Mobile's GSM wireless Network if available in a User's location, or the location of a User's Primary Address. Even with this information, Customer acknowledges that an emergency operator may not be able to receive or use the address information (or a User's phone number) to locate the User in order to provide emergency services. If a User dials 9-1-1 while outside the U.S., 9-1-1 services may not be available. Customer is required to provide T-Mobile with a valid address for the location at which Customer's Master Account Users primarily use Wi-Fi Calling ("**Primary Address**"). If Customer does not provide T-Mobile with a Primary Address, T-Mobile may block Users' usage of certain Wi-Fi networks. If such address changes, either temporarily or permanently, Customer will register the new address with T-Mobile. T-Mobile assumes no responsibility for securing the Primary Address. When Users use Wi-Fi Calling Service away from the Primary Address, T-Mobile may have no or very limited information about the User's location, which could result in (i) a 9-1-1 call being routed to an out-of-area public safety agency; (ii) the public safety agency receiving incomplete information about the User's call and the User's location; or (iii) a User's 9-1-1 call being routed to an emergency response center, which will ask the User for the User's location and use that information to route the call to a public safety agency.

15.6 Text-to-911: Text to 9-1-1 may be available in some locations where T-Mobile Service is provided and is dependent on the public safety agency's ability to receive text messaging. T-Mobile recommends that Customer uses voice communications as its primary method of contacting 9-1-1.

Calls to 911 from a TTY will not work when using Wi-Fi Calling or Voice over LTE ("**VoLTE**"). If Users cannot make a voice call to 911, T-Mobile recommends that Users use an internet-based Telecommunications Relay Service such as Video Relay Service, IP Relay Service, or IP Captioned Telephone Service. T-Mobile Real-Time Text ("**RTT**") technology is available on T-Mobile's network and can be used on select devices to contact 911. For more information, see www.t-mobile.com/accessibilitypolicy.

15.7 911 Access: 911 services are made possible by state and local governments. T-Mobile handsets are capable of making calls to 911 in the United States, and 911 access is available to customers regardless of rate plan. The handset must have battery power and connectivity to complete a 911 call. When making 911 calls, Customer's Users must be prepared to provide information about where the User(s) are located. In some cases, 911 communications center operators may not know the User's phone number or have information about that User's location. Other third-party entities are involved in connecting a 911 call and T-Mobile does not determine the public safety agency to which the 911 call is routed. If Customer is porting a phone number to or from T-Mobile, T-Mobile may not be able to provide Customer with some Services, such as 911 location services, while the port is in process. If any User is outside the U.S., such User may have to dial a different number than 911 to call emergency services.

15.8 Wi-Fi Calling. Wi-Fi Calling services use an internet connection to make calls, ("**Wi-Fi Calling**"), including 911 calls, and calls to 911 using Wi-Fi calling operate differently than traditional 911. When enabling Wi-Fi Calling, Customer must provide T-Mobile with the primary street address at which the Wi-Fi Calling service will be used ("**Registered Location**"). If Customer's Users call 911 over Wi-Fi, T-Mobile will provide Customer's Registered Location to the public service entity that answers the call, and it may be used to help emergency responders locate a User. Customer agrees to update its Registered Location if Customer's Users use Wi-Fi service at a different location. Customer can update its Registered Location by contacting T-Mobile Customer Care.

15.9 Location Based Services. If Customer downloads or accesses location based services through wireless Services and Products ("**Location Based Services**"), Customer agrees that the Location Based Service provider may access, use and disclose as necessary the geographic location of Customer's Products pursuant to the terms and policies of the Location Based Service purchased by Customer, including the Location Based Service provider's privacy policy. Customer must clearly, conspicuously and regularly notify all of its Users using Customer lines upon which Customer has enabled Location Based Services that end-user location information may be accessed, used or disclosed in connection with the Location Based Service. In addition, if Customer will be using Location Based Services to track or collect the location of end users that Customer knows, or reasonably should know, are under 13 years of age, Customer will be responsible for complying with all applicable notice and consent requirements in accordance with the Children's Online Privacy Protection Act (15 U.S.C. § 6501 et seq.) and any other applicable laws. CUSTOMER WILL INDEMNIFY, DEFEND AND HOLD HARMLESS T-MOBILE PARTIES AGAINST ANY AND ALL THIRD PARTY CLAIMS, LOSSES, EXPENSES, DEMANDS, ACTIONS OR CAUSES OF ACTION ARISING OUT OF CUSTOMER'S USE OF

LOCATION BASED SERVICES AND CUSTOMER'S FAILURE TO NOTIFY USERS OF CUSTOMER'S ELECTION TO USE ANY LOCATION BASED SERVICE OR LOCATION INFORMATION ON CUSTOMER LINES.

16. Network Security. T-Mobile has the right, but not the obligation, to monitor and inspect all network traffic to and from Customer to protect Customer, T-Mobile's network, and others using the Service from communications that pose a security threat. Customer agrees that T-Mobile's exercise or non-exercise of this right will not result in a breach of this contract and that Customer will not initiate any legal action related to the exercise or non-exercise of this right, or any action or inaction by T-Mobile based on that monitoring and inspection activity.
