24. Contractor HAS registered and is active in the System for Award
    Management (SAM). Registration is valid to June 24, 2023.
2. Terms and Conditions for All Large Category IT Contractors

1. Organizational Conflicts of Interest
   a. Definitions.

      "Contractor" means the person, firm, unincorporated association, joint
      venture, partnership, or corporation that is a party to this contract.

      "Contractor and its affiliates" and "Contractor or its affiliates" refer to the
      Contractor, its chief executives, directors, officers, subsidiaries, affiliates,
      subcontractors at any tier, and consultants and any joint venture involving
      the Contractor, any entity into or with which the Contractor subsequently
      merges or affiliates, or any other successor or assignee of the Contractor.

      An "Organizational conflict of interest" exists when the nature of the work to
      be performed under a proposed ordering activity contract, without some
      restriction on ordering activities by the Contractor and its affiliates, may
      either (i) result in an unfair competitive advantage to the Contractor or its
      affiliates or (ii) impair the Contractor's or its affiliates' objectivity in
      performing contract work.

   b. To avoid an organizational or financial conflict of interest and to avoid
      prejudicing the best interests of the ordering activity, ordering activities may
      place restrictions on the Contractors, its affiliates, chief executives, directors,
      subsidiaries and subcontractors at any tier when placing orders against
      schedule contracts. Such restrictions shall be consistent with FAR 9.505 and
      shall be designed to avoid, neutralize, or mitigate organizational conflicts of
      interest that might otherwise exist in situations related to individual orders
      placed against the schedule contract. Examples of situations, which may
      require restrictions, are provided at FAR 9.508.

2. Services Performed
   a. All services performed by the Contractor under the terms of this contract
      shall be as an independent Contractor, and not as an agent or employee of
      the ordering activity.

   b. The Contractor shall commence performance of services on the date agreed
      to by the Contractor and the ordering activity.

   c. The contractor agrees to render services only during normal working hours,
      unless otherwise agreed to by the Contractor and the ordering activity.
3. **Travel**

Any Contractor travel required in the performance of services must comply with the Pub. L. 99-234 and FAR Part 31.205-46, as applicable, in effect on the date(s) the travel is performed. Established Federal Government per diem rates will apply to all Contractor travel.

4. **Warranty**

   a. Unless otherwise specified in this contract, the Contractor’s standard commercial warranty as stated in the contract’s commercial pricelist will apply to this contract.

   b. **Note:** No equipment is being offered for sale. Any hardware involved in delivering the services is covered by the corresponding manufacturer’s warranty.

   c. The Contractor’s commercial guarantee/warranty shall be included in the Commercial Supplier Agreement to include Enterprise User License Agreements or Terms of Service (TOS) agreements, if applicable.

   d. Except as otherwise provided by an express or implied warranty, the Contractor will not be liable to the ordering activity for consequential damages resulting from any defect or deficiencies in accepted items.
