Price list current as of Modification #PA-0010 effective April 30, 2025

Prices Shown Herein are Net (discount deducted)

CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

SINs	Recovery	SIN Title
54151S	54151SRC	Information Technology Professional Services
54151HACS	54151HACSRC	Highly Adaptive Cybersecurity Services (HACS)
OLM	OLMRC	Order-Level Materials (OLM)

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. See Page 4

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. See Page 4

2. Maximum order:

SINs	Maximum order
54151HACS	\$500,000.00
54151S	\$500,000.00
OLM	\$250,000.00

3. Minimum order: \$100

4. Geographic coverage (delivery area). Domestic

5. Point(s) of production (city, county, and State or foreign country). 5520 Research Park Drive, Ste 100 Baltimore, MD 21228

6. Discount from list prices or statement of net price. Government Net Prices (discounts already deducted.)

7. Quantity discounts. None

8. Prompt payment terms. Net 30 Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Foreign items (list items by country of origin). Not Applicable

10a. Time of delivery. (Contractor insert number of days.) Contact Contractor or To Be Determined at the Task Order level

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. Not Applicable

10c. Overnight and 2-day delivery. Contact Contractor or To Be Determined at the Task Order level

10d. Urgent Requirements. Contact Contractor or To Be Determined at the Task Order level

11. F.O.B. point(s). Not Applicable

12a. Ordering address(es). 5520 Research Park Drive, Ste 100. Baltimore, MD 21228

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address(es). Ordering Address

14. Warranty provision. Not Applicable

15. Export packing charges, if applicable. Not Applicable

16. Terms and conditions of rental, maintenance, and repair (if applicable). Not Applicable

17. Terms and conditions of installation (if applicable). Not Applicable

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable). Not Applicable

18b. Terms and conditions for any other services (if applicable). Not Applicable

19. List of service and distribution points (if applicable). Not Applicable

20. List of participating dealers (if applicable). Not Applicable

21. Preventive maintenance (if applicable). Not Applicable

22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). Not Applicable

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: www.Section508.gov/.
Not Applicable

23. Unique Entity Identifier (UEI) number. HGDJZMMJKCM3

24. Notification regarding registration in System for Award Management (SAM) database. Contractor registered and active in SAM.

Labor Category	Service Description	Minimum Education	Minimum Experience Years
Subject Matter Expert II - IT	Serve as subject matter expert, processing in-depth knowledge on subjects relating to the conduct, activities, governance, business practices, or operations of host command; provide technical solutions to a wide range of complex problems; possess understanding in the application of technical principles, theories, and concepts in the required technical field. Works on projects of limited to medium complexity in a support role. Work is overseen and quality checked.	Bachelors	15
Subject Matter Expert III - IT	Serve as subject matter expert, processing in-depth knowledge on subjects relating to the conduct, activities, governance, business practices, or operations of host command; provide technical solutions to a wide range of complex problems; possess understanding in the application of technical principles, theories, and concepts in the required technical field. Works on projects of medium to higher complexity in a support or leadership role. Work is independent.	Bachelors	20
Defensive Cyberspace Operations Planner	Conduct Defensive Cyberspace Operations planning support; support operational planning team events; author various military operational orders. Is a full-service systems integrator focused on giving the ability to make timely decisions by providing secure access to information throughout their operating environment.	Bachelors	10
Offensive Cyberspace Operations Fires Planner	Conduct Offensive Cyberspace Operations Fires planning support; support operational planning team events; author various military operational orders. Leverage expertise in coordinating Joint strategic and operational planning and execution of Joint fires, targeting, capability pairing, and threat mitigation in support of cyber mission forces or other military operations.	Bachelors	8
Offensive Cyberspace Operations Requirements Planner	Conduct Offensive Cyberspace Operations Requirements planning support; support operational planning team events; author various military operational orders. Develops detailed plans for the conduct or support of the applicable range of cyber operations through collaboration with other planners, operators and/or analysts.	Bachelors	5
Computer Network Defense / Incident Response Specialist	Conduct cyber incident response; analyze cyber threat intelligence and make recommendations; support cyber hunt operations. Identify, diagnose, mitigate, and report any service interruptions, including mitigation of identified cyber incidents/ vulnerabilities/ network attacks.	Bachelors	5
Information Network Operations Planner-HACS	Conduct DoD Information Network Operations planning support; support operational planning team events; author various military operational orders. Develops detailed plans for the conduct or support of the applicable range of cyber operations through collaboration with other planners, operators and/or analysts.	Bachelors	10

Cyber Policy Analyst II	Conduct research, analysis, development, and coordination of strategy, policy, and doctrine for cyberspace operations; develop future strategies, policies, and doctrines governing cyberspace operations; maintain awareness of significant cyber-related policy issues.	Bachelors	10
Cyber Intelligence Analyst II	Produce all-source intelligence products pertaining to cyberspace operations and planning activities; monitor, assess, and report on cyberspace operations, capabilities, vulnerabilities, and personalities; advise stakeholders on key developments in their assigned area.	Bachelors	6
Subject Matter Expert II - HACS	Understands, articulates, and implements best practices related to area of expertise that are recognized and documented depicting experience in those roles and responsibilities. Depending on the work environment, the subject matter expert may lead or be an active participant of a workgroup with the need for specialized knowledge. The subject matter expert provides guidance on how area of capability can resolve an organizational need and actively participates in all phases of the product development life cycle. Expertise includes but is not limited to Cybersecurity, Information Assurance, Software Engineering, Modeling & Simulation, Knowledge Management/Information Sharing, and emerging technologies (IoT, Big Data, Artificial Intelligence, Cloud, BlockChain). Works on projects of limited to medium complexity in a support role. Work is overseen and quality checked.	Bachelors	15
Subject Matter Expert III - HACS	Understands, articulates, and implements best practices related to area of expertise that are recognized and documented depicting experience in those roles and responsibilities. Depending on the work environment, the subject matter expert may lead or be an active participant of a workgroup with the need for specialized knowledge. The subject matter expert provides guidance on how area of capability can resolve an organizational need and actively participates in all phases of the product development life cycle. Expertise includes but is not limited to Cybersecurity, Information Assurance, Software Engineering, Modeling & Simulation, Knowledge Management/Information Sharing, and emerging technologies (IoT, Big Data, Artificial Intelligence, Cloud, BlockChain). Works on projects of medium to higher complexity in a support or leadership role. Work is independent.	Bachelors	20
Cyber Software Engineer II	Conduct software development using Python, Node JS, C C++, and/or Assembly; work in an agile team environment; conduct static code analysis. Typically reports to a manager. Work is overseen and quality checked.	Bachelors	2
Cyber Software Engineer III	Conduct software development using Python, Node JS, C C++, and/or Assembly; work in an agile team environment; conduct static code analysis. Works on projects of medium to higher complexity. Work is independent.	Bachelors	5
Sr. Multi-Source Support Specialist	Perform intelligence analysis across all sources; create summarized reports to disseminate information; discover, characterize, affiliate, and report new cyber activity and actors.	Bachelors	8
Sr. Digital Network Intelligence Analyst	Conduct digital network intelligence analysis for specified target sets; create reports to disseminate summarized information; perform technical metadata and content analysis	Bachelors	8

	of threat adversary automated information systems. Works on projects of medium to higher complexity in a support or leadership role. Work is independent.		
Mid Digital Network Intelligence Analyst	Conduct digital network intelligence analysis for specified target sets; create reports to disseminate summarized information; perform technical metadata and content analysis of threat adversary automated information systems. Work is closely managed.	Bachelors	5
Sr. Cyber Analysis Support Specialist	Research, analyze, and report on computer network probes/attacks, trends, and hacker tools and techniques; produce indications and warnings on impending network attacks; analyze network nodes to characterize linkages.	Bachelors	8
Sr. Network & Threat Support Specialist	Analyze, map, protect or discover vulnerabilities, intrusions, and threats in computer network systems; perform in-depth analysis of computer and network intrusion incident data; analyze malicious code and develop defensive countermeasures. Works on projects of limited to medium complexity in a support role. Work is overseen and quality checked.	Bachelors	8
Principal Network & Threat Support Specialist	Analyze, map, protect or discover vulnerabilities, intrusions, and threats in computer network systems; perform in-depth analysis of computer and network intrusion incident data; analyze malicious code and develop defensive countermeasures. Works on projects of medium to higher complexity in a support or leadership role. Work is independent.	Bachelors	10
Senior Technical Expert	Develop new analytic processes; track advanced tactics, techniques, and procedures of cyber adversaries; optimize mitigation strategies; write technical issue papers.	Bachelors	16

Service Contract Labor Standards: The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
