Prices Shown Herein are Net (discount deducted)

## CUSTOMER INFORMATION

1a. Table of awarded special item number(s) with appropriate cross-reference to item descriptions and awarded price(s).

| SINs   | Cooperative Purchasing Program | Recovery | SIN Title                                    |
|--------|--------------------------------|----------|----------------------------------------------|
| 54151S | 54151SSTL                      | 54151SRC | Information Technology Professional Services |

1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply. **Refer to GSA Pricing Section.**

1c. If the Contractor is proposing hourly rates, a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate "Not applicable" for this item. **Refer to GSA Labor Category Descriptions Section.**

2. Maximum order:

| SINs   | Maximum Order |
|--------|---------------|
| 54151S | \$500,000     |

3. Minimum order: **\$100.00**

4. Geographic coverage (delivery area). **Domestic Delivery**

5. Point(s) of production (city, county, and State or foreign country).

**Trendsic Corporation**  
**4000 S Sherwood Forest Blvd #304**  
**Baton Rouge, LA 70816 USA**

6. Discount from list prices or statement of net price. **Government Net Prices (discounts already deducted.)**

7. Quantity discounts. **None.**

8. Prompt payment terms: **Net 30 days.** Information for Ordering Offices: Prompt payment terms cannot be negotiated out of the contractual agreement in exchange for other concessions.

9. Foreign items (list items by country of origin). **Not Applicable**

10a. Time of delivery. (Contractor insert number of days.) **Negotiated at Task Order Level**

10b. Expedited Delivery. Items available for expedited delivery are noted in this price list. **Negotiated at Task Order Level**

10c. Overnight and 2-day delivery. **Negotiated at Task Order Level**

10d. Urgent Requirements. **Negotiated at Task Order Level**

11. F.O.B. point(s). **Destination**

12a. Ordering address(es).

**Trendsic Corporation  
4000 S Sherwood Forest Blvd #304  
Baton Rouge, LA 70816 USA**

12b. Ordering procedures: For supplies and services, the ordering procedures, information on Blanket Purchase Agreements (BPA's) are found in Federal Acquisition Regulation (FAR) 8.405-3.

13. Payment address(es).

**Trendsic Corporation  
4000 S Sherwood Forest Blvd #304  
Baton Rouge, LA 70816 USA**

14. Warranty provision. **Not applicable.**

15. Export packing charges, if applicable. **Not Applicable**

16. Terms and conditions of rental, maintenance, and repair (if applicable). **Not Applicable**

17. Terms and conditions of installation (if applicable). **Not Applicable**

18a. Terms and conditions of repair parts indicating date of parts price lists and any discounts from list prices (if applicable). **Not Applicable**

18b. Terms and conditions for any other services (if applicable). **Not Applicable**

19. List of service and distribution points (if applicable). **Not Applicable**

20. List of participating dealers (if applicable). **Not Applicable**

21. Preventive maintenance (if applicable). **Not Applicable**

22a. Special attributes such as environmental attributes (e.g., recycled content, energy efficiency, and/or reduced pollutants). **Not Applicable**

22b. If applicable, indicate that Section 508 compliance information is available on Electronic and Information Technology (EIT) supplies and services and show where full details can be found (e.g. contractor's website or other location.) The EIT standards can be found at: [www.Section508.gov/](http://www.Section508.gov/).

**Not Applicable**

23. Unique Entity Identifier (UEI) number. **R8QLPM79PSM5**

24. Notification regarding registration in System for Award Management (SAM) database. **Contractor is registered and active in SAM.gov**

**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CFR 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and / or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

## GSA LABOR CATEGORY DESCRIPTIONS

| ITEM NO. | GSA Schedule Labor Category            | Minimum Education | Minimum Experience | Labor Category Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                    | Education Substitution                                                             |
|----------|----------------------------------------|-------------------|--------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| 1        | Software Developer                     | Bachelors         | 6                  | Develop, create, and modify general computer applications software or specialized utility programs. Analyze user needs and develop software solutions. Design software or customize software for client use with the aim of optimizing operational efficiency. May analyze and design databases within an application area, working individually or coordinating database development as part of a team. May supervise others.                                                                | Bachelors Degree equals to High School degree and three years relevant experience. |
| 2        | Database Architect                     | Bachelors         | 5                  | Design strategies for enterprise database systems and set standards for operations, programming, and security. Design and construct large relational databases. Integrate new systems with existing warehouse structure and refine system performance and functionality. Administer, test, and implement computer databases, applying knowledge of database management systems. Coordinate changes to computer databases. May plan, coordinate, and implement security. May supervise others. | Bachelors Degree equals to High School degree and three years relevant experience. |
| 3        | Information Technology Project Manager | Bachelors         | 5                  | Plan, initiate, and manage information technology (IT) projects. Lead and guide the work of technical staff. Serve as liaison between business and technical aspects of projects. Plan project stages and assess business implications for each stage. Monitor progress to assure deadlines, standards, and cost targets are met.                                                                                                                                                             | Bachelors Degree equals to High School degree and three years relevant experience. |
| 4        | Web Designer                           | Bachelors         | 3                  | Design, create, and modify Web sites. Analyze user needs to implement Web site content, graphics, performance, and capacity. May integrate Web sites with other computer applications. May convert written, graphic, audio, and video components to compatible Web formats by using software designed to facilitate the creation of Web and multimedia content.                                                                                                                               | Bachelors Degree equals to High School degree and three years relevant experience. |

| ITEM NO. | GSA Schedule Labor Category | Minimum Education | Minimum Experience | Labor Category Description                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | Education Substitution                                                             |
|----------|-----------------------------|-------------------|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
| 5        | Scrum Master                | Bachelors         | 5                  | Proven experience coaching scrum teams and stakeholders to enact agile principles and scrum values in IT projects during the agile process life cycle. The scrum master demonstrates solid scrum knowledge while creating an environment for the development team's success. Facilitates scrum events, including sprint planning, daily scrum, sprint review and sprint retrospective. Collaborates with other scrum masters and functional management to ensure the organization structurally provides tools, environment and processes that enable agility. Enables product owners to be decisive and accessible for priority and clarification. Strategically prevents impediments. Facilitation of both intra-team and external stakeholder interactions while maintaining consensus and enabling successful software delivery. | Bachelors Degree equals to High School degree and three years relevant experience. |
