Firm Experience

FIRM EXPERIENCE

McBride, Lock & Associates, LLC formulated a business plan in 1980 to specialize in one area...and to do it well. This plan has resulted in a firm who has quietly built a reputation to serve the Federal, State and local governmental markets and not-for-profit entities with audit and consulting services...and doing it well.

We have served a large number of Federal agencies on a variety of audit and consulting services since 1980. As a firm located in Kansas City, the heart of America, we have been able to reach out to perform audits throughout the county. Many of our Federal audit clients have taken us to State agencies, State universities, City governments, as well as private for profit and non-profit organizations receiving Federal Funds or who are regulated by Federal requirements. We are quite adept in learning the regulations and other requirements and applying our auditing and accounting skills in a fair basis in that service for the Federal agency and the entity being audited. This balanced and skillful approach has contributed to a growing and long lasting firm.

OUR TEAM

We are also blessed to have a very affordable life style and high ethics in Kansas City. While our personnel are used to traveling throughout the country, we keep the Midwestern attitude. This attitude includes honesty and treating those we audit and serve with respect. We take the time to do it the right way.

Our staff all have accounting degrees, most with Masters' degrees and a high percentage with the CPA license. All of our team members have the same directive of respect and diligence in their efforts.

Our audit team consists of:
