## We are Strategic

*Our four-step process elicits an in-depth understanding of our clients and their goals and objectives, to develop strong strategic plans that deliver results.*

1. **Plan** – We pride ourselves on scrupulous research to uncover industry and market trends, competitors, and target audience to best understand your business, identify appropriate messaging and develop a strong communication plan complete with evaluation metrics.
2. **Design** – An essential piece of our process, we first develop objectives based on your identified goals. Once objectives are outlined, a strategic plan details specific tactics designed to acquire intended results.
3. **Execute** – Implementation and persistent follow-up of your well-developed plan is the key to its success. We ensure milestones are met and provide you with status updates throughout the project.
4. **Measure** – A critical step, we evaluate the success of the plan at multiple intervals to ensure that objectives are being met.

### Contract Use

This contract is available for use by all federal government agencies, as a source for Multiple Award Schedule (MAS) services, for worldwide use. Executive agencies, other Federal agencies, mixed-ownership Government corporations, and the District of Columbia; government contractors authorized in writing by a Federal agency pursuant to 48 CFR 51.1; and other activities and organizations authorized by statute or regulation to use GSA as a source of supply may use this contract. Additionally, contractors are encouraged to accept orders received from activities within the Executive Branch of the Federal Government.

### Contract Scope

The contractor shall provide all resources including personnel, management, supplies, services, materials, equipment, facilities, and transportation necessary to provide a wide range of professional services as specified in each task order.

Services specified in a task order may be performed at the contractor's facilities or the ordering agencies' facilities. The government will determine the contractor's compensation by any of several different methods (to be specified at the task order level) e.g., a firm-fixed price for services with or without incentives, labor hours or time- and-material.

The Special Item Numbers (SINs) available under this contract provide services across the full life cycle of a project. When task orders are placed, they must identify the SIN or SINs under which the task is being executed. Guardians of Honor, LLC has been awarded a contract by GSA to provide services under the following SINs:

- 512110 Video/Film Production
- 541430 Graphic Design Services
- 541511 Web Based Marketing
- 541611 Management and Financial Consulting, Acquisition and Grants Management Support, and Business Program and Project Management Services
- 541810 Marketing and Public Relations
- 541810 ODC Other Direct Costs for Marketing and Public Relations Services
- 541820 Public Relations Services
- 541850 Exhibit Design and Advertising Services
- 561920 Conference, Meeting, Event and Trade Show Planning Services
- SIN OLM: Order-Level Materials (OLM)

## SIN OLM – Order-Level Materials (OLM)

OLM OLMs are supplies and/or services acquired in direct support of an individual task or delivery order placed against a Schedule contract or BPA. OLM pricing is not established at the Schedule contract or BPA level, but at the order level. Since OLMs are identified and acquired at the order level, the ordering contracting officer (OCO) is responsible for making a fair and reasonable price determination for all OLMs.

OLMs are procured under a special ordering procedure that simplifies the process for acquiring supplies and services necessary to support individual task or delivery orders placed against a Schedule contract or BPA. Using this new procedure, ancillary supplies and services not known at the time of the Schedule award may be included and priced at the order level.

OLM SIN-Level Requirements/Ordering Instructions:

OLMs are:

- Purchased under the authority of the FSS Program
- Unknown until an order is placed
- Defined and priced at the ordering activity level in accordance with GSAR clause 552.238-115 Special Ordering Procedures for the Acquisition of Order-Level Materials. (Price analysis for OLMs is not conducted when awarding the FSS contract or FSS BPA; therefore, GSAR 538.270 and 538.271 do not apply to OLMs)
- Only authorized for use in direct support of another awarded SIN.
- Only authorized for inclusion at the order level under a Time-and-Materials (T&M) or Labor-Hour (LH) Contract Line Item Number (CLIN)
- Subject to a Not to Exceed (NTE) ceiling price

OLMs are not:

- "Open Market Items."
- Items awarded under ancillary supplies/services or other direct cost (ODC) SINs (these items are defined, priced, and awarded at the FSS contract level)

OLM Pricing:

- Prices for items provided under the Order-Level Materials SIN must be inclusive of the Industrial Funding Fee (IFF).
- The value of OLMs in a task or delivery order, or the cumulative value of OLMs in orders against a FSS BPA awarded under an FSS contract, cannot exceed 33.33%.

# Instructions for Placing Orders

## FOR SERVICES BASED ON GSA SCHEDULE HOURLY RATES

GSA provides a streamlined, efficient process for ordering the services you need. GSA has already determined that Guardians of Honor, LLC meets the technical requirements and that our prices offered are fair and reasonable. Agencies may use written orders, facsimile orders, credit card orders, blanket purchase agreement orders or individual purchase orders under this contract.

If it is determined that your agency needs an outside source to provide MAS services, follow these simple steps:

### *Step 1. Develop a Statement of Work (SOW)*

In the SOW, include the following information:

- Work to be performed
- Location of work
- Period of performance
- Deliverable schedule
- Special standards and any special requirements, where applicable.

### *Step 2. Select Contractor and Place Order*

- If the order is at or below the micro-purchase threshold, select the contractor best suited for your needs and place the order
- If the order is in excess of the micro-purchase threshold, but less than the simplified acquisition threshold (SAT), prepare an RFQ
- If the order is in excess of the SAT, prepare an RFQ. Consider expansion of competition and seek price reductions

### *Step 3. Prepare a Request for Quote (RFQ)*

- Include the SOW and evaluation criteria
- Request fixed price, ceiling price, or, if not possible, labor hour or time and materials order
- If preferred, request a performance plan from contractors and information on past experience include information on the basis for selection
- May be posted on GSA's electronic RFQ system, e-Buy

### *Step 4. Provide RFQ to at least Three Firms*

### *Step 5. Evaluate Offers, Select Best Value Firm, and Place Order*

# Blanket Purchase Agreement

Ordering activities may establish BPAs under any schedule contract to fill repetitive needs for supplies or services. BPAs may be established with one or more schedule contractors. The number of BPAs to be established is within the discretion of the ordering activity establishing the BPAs and should be based on a strategy that is expected to maximize the effectiveness of the BPA(s). In determining how many BPAs to establish, consider:

- The scope and complexity of the requirement(s)
- The need to periodically compare multiple technical approaches or prices
- The administrative costs of BPAs
- The technical qualifications of the schedule contractor(s)

Establishment of a single BPA, or multiple BPAs, shall be made using the same procedures outlined in 8.405-1 or 8.405-2. BPAs shall address the frequency of ordering, invoicing, discounts, requirements (*e.g.* estimated quantities, work to be performed), delivery locations, and time.

When establishing multiple BPAs, the ordering activity shall specify the procedures for placing orders under the BPAs. Establishment of a multi-agency BPA against a Federal Supply Schedule contract is permitted if the multi-agency BPA identifies the participating agencies and their estimated requirements at the time the BPA is established.

## ORDERING FROM BPAS

- Single BPA. If the ordering activity establishes one BPA, authorized users may place the order directly under the established BPA when the need for the supply or service arises.
- Multiple BPAs. If the ordering activity establishes multiple BPAs, before placing an order exceeding the micro-purchase threshold, the ordering activity shall:
  - Forward the requirement, or statement of work and the evaluation criteria, to an appropriate number of BPA holders, as established in the BPA ordering procedures; and
  - Evaluate the responses received, make a best value determination (see 8.404(d)), and place the order with the BPA holder that represents the best value.
- BPAs for hourly rate services. If the BPA is for hourly rate services, the ordering activity shall develop a statement of work for requirements covered by the BPA. All orders under the BPA shall specify a price for the performance of the tasks identified in the statement of work.
- Duration of BPAs. BPAs generally should not exceed five years in length, but may do so to meet program requirements. Contractors may be awarded BPAs that extend beyond the current term of their GSA Schedule contract, so long as there are option periods in their GSA Schedule contract that, if exercised, will cover the BPA's period of performance.

## REVIEW OF BPAS

The ordering activity that established the BPA shall review it at least once a year to determine whether:

- The schedule contract, upon which the BPA was established, is still in effect
- The BPA still represents the best value (see 8.404(d))
- Estimated quantities/amounts have been exceeded and additional price reductions can be obtained
- The ordering activity shall document the results of its review
