**Service Contract Labor Standards:** The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and/or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.
TERMS AND CONDITIONS

1.) Specific Instructions for SIN 511210 - Software Licenses

a.) Offerors are encouraged to identify within their software items any component interfaces that support open standard interoperability. An item’s interface may be identified as interoperable on the basis of participation in a Government agency-sponsored program or in an independent organization program. Interfaces may be identified by reference to an interface registered in the component registry located at http://www.core.gov.

b.) The words “term software” or “perpetual software” shall be the first word in the product title/name for: 1) the price proposal template and 2) the SIP file for GSA Advantage. The word “term software” or “perpetual software” shall be the first word in the product title/name for the GSA Pricelist pricing charts (I-FSS-600 CONTRACT PRICE LISTS (OCT 2020). The words “term software” or “perpetual software” shall be in each product title in any response to a customer Request for Quote (RFQ) or Request for Information (RFI).

c.) Contractors are encouraged to offer SIN 54151 Software Maintenance Services in conjunction with SIN 511210 - Software Licenses.

d.) Conversion From Term License To Perpetual License

i.) When standard commercial practice offers conversions of term licenses to perpetual licenses, and an ordering activity requests such a conversion, the contractor shall provide the total amount of conversion credits available for the subject software within ten (10) calendar days after placing the order.

ii.) When conversion credits are provided, they shall continue to accrue from one contract period to the next, provided the software has been continually licensed without interruption.

iii.) The term license for each software product shall be discontinued on the day immediately preceding the effective date of conversion from a term license to a perpetual license.

iv.) When conversion from term licenses to perpetual licenses is offered, the price the ordering activity shall pay will be the perpetual license price that prevailed at the time such software was initially ordered under a term license, or the perpetual license price prevailing at the time of conversion from a term license to a perpetual license, whichever is the less, minus an amount equal to a percentage of all term license payments during the period that the software was under a term license within the ordering activity.

e.) Term License Cessation

i.) After a software product has been on a continuous term license for a period of 60 months, a fully paid-up, non-exclusive, perpetual license for the software product shall automatically accrue to the ordering activity. The period of continuous term license for automatic accrual of a fully paid-up perpetual license does not have to be achieved during a particular fiscal year; it is a written Contractor commitment which continues to be available for software that is initially ordered under this contract, until a fully paid-up perpetual license accrues to the ordering activity. However, should the term license of the software be discontinued before the specified period of the continuous term license has been satisfied, the perpetual license accrual shall be forfeited. Contractors who do not commercially offer conversions of term licenses to perpetual licenses shall indicate that their term licenses are not eligible for conversion at any time.

ii.) Each separately priced software product shall be individually enumerated, if different accrual periods apply for the purpose of perpetual license attainment.

iii.) Fill-in data and specific terms shall be attached to the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2020)).

iv.) The Contractor agrees to provide updates and software maintenance services for the software after a perpetual license has accrued, at the prices and terms of SIN 54151 - Software Maintenance Services, if the licensee elects to order such services. Title to the software shall remain with the Contractor.
f.) Utilization Limitations for Perpetual Licenses

i.) Software Asset Identification Tags (SWID) (Option 1 Perpetual License)

1.) Option 1 is applicable when the Offeror agrees to include the International Organization for Standardization/International Electrotechnical Commission 19770-2 (ISO/IEC 19770-2:2015) standard identification tag (SWID Tag) as an embedded element in the software. An ISO/IEC 19970-2 tag is a discoverable identification element in software that provides licensees enhanced asset visibility. Enhance visibility supports both the goals of better software asset management and license compliance. Offerors may use the National Institute of Standards and Technology (NIST) document “NISTIR 8060: Guidelines for Creation of Interoperable Software Identification (SWID) Tags,” December 2015 to determine if they are in compliance with the ISO/IEC 19770-2 standard.

2.) Section 837 of The Federal Information Technology Acquisition Reform Act (FITARA) of 2014, requires GSA to seek agreements with software vendors that enhance government-wide acquisition, shared use, and dissemination of software, as well as compliance with end user license agreements. The Megabyte Act of 2016 requires agencies to inventory software assets and to make informed decisions prior to new software acquisitions. In June of 2016, the Office of Management and Budget issued guidance on software asset management requiring each CFO Act (Public Law 101-576 – 11/15/1990) agency to begin software inventory management (M-16-12). To support these requirements, Offerors may elect to include the terms of Option 1 and/or Option 2, which support software asset management and government-wide reallocation or transferability of perpetually licensed software.

ii.) Reallocation of Perpetual Software (Option 2 Perpetual License)

1.) The purpose of SIN 511210 OPTION 2 is to allow ordering activities to transfer software assets for a pre-negotiated charge to other ordering activities.

2.) When an ordering activity becomes aware that a reusable software asset may be available for transfer, it shall contact the Contractor, identify the software license or licenses in question, and request that these licenses be reallocated or otherwise made available to the new ordering activity.

3.) Contractors shall release the original ordering activity from all future obligations under the original license agreement and shall present the new ordering activity with an equivalent license agreement. When the new ordering activity agrees to the license terms, henceforth any subsequent infringement or breach of licensing obligations by the new ordering activity shall be a matter exclusively between the new ordering activity and the Contractor.

4.) The original ordering activity shall de-install, and/or make unusable all of the software assets that are to be transferred. It shall have no continuing right to use the software and any usage shall be considered a breach of the Contractor’s intellectual property and a matter of dispute between the original ordering activity/original license grantee and the licensor.

5.) As a matter of convenience, once the original licenses are deactivated, di-installed, or made otherwise unusable by the original ordering activity or license grantee, the Contractor may elect to issue new licenses to the new ordering activity to replace the old licenses. When new licenses are not issued, the Contractor shall provide technical advice on how best to achieve the functional transfer of the software assets.

6.) Software assets that are eligible for transfer that have lapsed Software Maintenance Services (SIN 54151) may require a maintenance reinstatement fee, chargeable to the new ordering activity or license grantee. When such a fee is paid, the new ordering activity shall receive all the rights and benefits of Software Maintenance Services.

7.) When software assets are eligible for transfer, and are fully covered under pre-paid Software Maintenance Services (SIN 54151), the new ordering activity shall not be required to pay
maintenance for those license assets prior to the natural termination of the paid for maintenance period. The rights associated with paid for current Software Maintenance Services shall automatically transfer with the software licenses without fee. When the maintenance period expires, the new ordering activity or license grantee shall have the option to renew maintenance.

8.) The administrative fee to support the transfer of licenses, exclusive of any new incremental licensing or maintenance costs shall be 10% percentage (%) of the original license fee. The fee shall be paid only at the time of transfer. In applying the transfer fee, the Software Contractor shall provide transactional data that supports the original costs of the licenses.

9.) Fill-in data and specific terms shall be attached to the GSA Price List (I-FSS-600 CONTRACT PRICE LISTS (OCT 2020)).

g.) Software Conversions: Full monetary credit will be allowed to the ordering activity when conversion from one version of the software to another is made as a result of a change in operating system, or from one computer system to another. Under a perpetual license, the purchase price of the new software shall be reduced by the amount that was paid to purchase the earlier version. Under a term license, if conversion credits had accrued while the earlier version was under a term license, those credits shall carry forward and remain available as conversion credits which may be applied towards the perpetual license price of the new version.

CBEYONDATA MASTER LICENSE AND SERVICES AGREEMENT

This Master License and Services Agreement (this “Agreement”) is entered into as of the date set forth in the Purchase Order, Statement of Work, or similar document, between cBEYONDATA Inc., a Delaware corporation (“cBEYONDATA”), and the Ordering Activity under GSA Schedule contracts identified in the Purchase Order, Statement of Work, or similar document (“Customer” or “Ordering Activity”). cBEYONDATA and Customer are also referred to herein each as a “Party” and collectively as the “Parties.”

1. Definitions
For the purposes of this Agreement, the following terms have the following meanings:

1.1 “cBEYONDATA Software” means the software identified in the Order entered into connection with this Agreement.

1.2 “Customer User” means an employee, contractor, or agent of Customer who is permitted by Customer to use the cBEYONDATA Software.

1.3 “Documentation” means the manuals, documentation, and other supporting materials generally provided to cBEYONDATA’s customers in connection with the cBEYONDATA Software.

1.4 “Order” means a quote issued by cBEYONDATA in connection with this Agreement and accepted by Customer, pursuant to which cBEYONDATA provides the cBEYONDATA Software to Customer.

1.5 “Third Party Products” means software or services made available by a Party other than cBEYONDATA that may be used in connection with the cBEYONDATA Software, including software or services that are necessary or advisable in order for Customer to exploit the functionality of the cBEYONDATA Software.

2. Service and License Terms
2.1 cBEYONDATA Software.

(a) Subject to the terms and conditions of this Agreement, if cBEYONDATA makes the cBEYONDATA Software available to Customer as a hosted service solution (as designated in the applicable Order) (“Cloud Deployment”), cBEYONDATA agrees to permit Customer Users to access and use the cBEYONDATA Software during the applicable Order Term solely for Customer’s internal business purposes. cBEYONDATA will provide access to such cBEYONDATA Software to Customer Users in accordance with the availability requirement set forth in Exhibit A.

(b) Subject to the terms and conditions of this Agreement, if cBEYONDATA makes the cBEYONDATA Software available to Customer as an on premises installable software solution (as designated in the applicable Order) (“On Premises Deployment”), cBEYONDATA hereby grants Customer a non-exclusive, non-transferable (except as otherwise set forth in Section 10.3), non-sublicensable license during the applicable Order Term to download, install, and use the cBEYONDATA Software solely for Customer’s internal business purposes.

(c) Except as expressly set forth in this Agreement, no other right or license of any kind is granted by cBEYONDATA to Customer hereunder with respect to the cBEYONDATA Software.

2.2 Documentation License. Subject to the terms and conditions of this Agreement, cBEYONDATA hereby grants Customer a non-exclusive, non-transferable (except as otherwise set forth in Section 10.3), non-sublicensable license to reproduce, and use the Documentation solely in connection with Customer’s access to or use of the cBEYONDATA Software in accordance with this Agreement. Customer and Customer Users will not remove or modify any copyright notices of cBEYONDATA or its licensors appearing in the Documentation.

2.3 Third Party Products. It is Customer’s responsibility to obtain the right to use any Third Party Products that may be necessary to use the cBEYONDATA Software. Customer will be responsible for all fees incurred from the providers of such Third Party Products (“Third Party Providers”) and will be solely responsible for complying with the terms and conditions of any agreement between Customer and a Third Party Provider. Nothing herein shall bind the Ordering Activity to any Third Party Product or Third Party Provider terms unless the terms are provided for review and agreed to in writing by all parties. Subject to the foregoing, cBEYONDATA may, in its sole discretion, make available to Customers certain Third Party Products in connection with Customer’s use of the cBEYONDATA Software, provided that cBEYONDATA may cancel, suspend, or cease to make available such Third Party Products to Customer at any time. In the event that cBEYONDATA cancels, suspends, or ceases to make available such Third Party Products to Customer that Ordering Activity has contracted for, Ordering Activity shall be entitled to a pro rata refund from cBEYONDATA for any fees paid not used.

2.4 Restrictions. Customer will not (and will not permit any Customer User or other third party to): (a) download or install quantities of the cBEYONDATA Software (for On Premises Deployment) or access and use the cBEYONDATA Software (for Cloud Deployment) in excess of the limitations set forth in the applicable Order; (b) except to the extent that such restriction is prohibited by applicable law, decompile, disassemble, scrape, or otherwise reverse engineer the cBEYONDATA Software or any portion thereof, or determine or attempt to determine any source code, algorithms, methods, or techniques embodied in the cBEYONDATA Software or any portion thereof; (c) modify, translate, or create any derivative works based on the cBEYONDATA Software or the Documentation; (d) distribute, disclose, market, rent, lease, assign, sublicense, pledge, or otherwise transfer the cBEYONDATA Software or the Documentation, in whole or in part, to any third party; (e) remove or alter any copyright, trademark, trade name, or other proprietary notices, legends, symbols, or labels.
appearing on or in copies of the cBEYONDa Data Software or the Documentation; (f) perform, or release the results of, benchmark tests or other comparisons of the cBEYONDa Data Software with other programs; (g) incorporate the cBEYONDa Data Software or any portion thereof into any other program or product, or use the cBEYONDa Data Software to provide similar functionality to third parties; or (h) use the cBEYONDa Data Software for any unlawful or tortious purpose.

2.5 Customer User Compliance. Customer will ensure that all Customer Users comply with the terms and conditions of this Agreement and each Order and will be responsible for all acts and omissions by its Customer Users. Any act or omission by a Customer User that would be a breach of this Agreement, if done by Customer, will be deemed a breach of this Agreement by Customer.

2.6 Usage Data. cBEYONDa Data may collect data and information in connection with Customer’s use of the cBEYONDa Data Software ("Usage Data"). Customer grants to cBEYONDa Data a perpetual, fully paid-up, royalty-free, irrevocable, worldwide, non-exclusive, sublicenseable license to reproduce, prepare derivative works based on, distribute, display, and otherwise use the Usage Data in order to (a) perform its obligations and exercise its rights under this Agreement, (b) improve cBEYONDa Data’s products or services, (c) comply with its obligations or protecting its interests under applicable law; provided, however, that except as required by applicable law or necessary in order to exercise its rights under this Agreement, cBEYONDa Data will not disclose any Usage Data publicly or to third parties (other than its consultants or contractors), except in an aggregated and de-identified form.

2.7 Verification. cBEYONDa Data may, at any time during the term of this Agreement and for two (2) years thereafter, with seven (7) days prior notice, audit (including through a third party auditor) Customer’s records to verify that Customer is and has been in compliance with the terms and conditions of this Agreement. Customer will promptly grant such access in accordance with Government security requirements and cooperate with cBEYONDa Data in such audit; provided, however, the inspection will be conducted in a manner not intended to unreasonably disrupt Customer’s business and will be restricted in scope, manner, and duration to that reasonably necessary to achieve its purpose.

2.8 Government Terms. If Customer is a United States Government agency or otherwise accessing or using any cBEYONDa Data Software or Support Services on behalf of the U.S. Government, including as a higher tier subcontractor or prime contractor, this Agreement is subject to the terms set out in Exhibit C (U.S. Government Terms of Service).

3. Support; Professional Services

3.1 Support; Updates. For Cloud Deployments, cBEYONDa Data will provide support services to Customer as specified in Exhibit B, which may be updated from time to time by cBEYONDa Data with prior, written notice to Customer ("Support Services"). For On Premises Deployments, cBEYONDa Data will provide the Support Services only if contemplated in an Order. Except as set forth in an Order or Exhibit B, cBEYONDa Data has no obligation to provide any modification, error correction, bug fix, new release, or other update to the cBEYONDa Data Software ("Update"). In the event cBEYONDa Data makes an Update available to Customer, the Update will be deemed to be part of the cBEYONDa Data Software and will be subject to the terms and conditions of this Agreement. For the avoidance of doubt, cBEYONDa Data will have no obligation to provide any support for any Third Party Products.

3.2 Onboarding Services. Customer may engage cBEYONDa Data to perform certain professional services in connection with training, installation, and implementation of the cBEYONDa Data Software as set forth in the Order (collectively, "Onboarding Services"). Except as otherwise provided in an Order, the terms and conditions governing cBEYONDa Data’s provision of the Onboarding Services are set forth in this Agreement.

3.3 Additional Services. From time to time, Customer may request that cBEYONDa Data perform certain training and/or professional services related to the cBEYONDa Data Software, which are beyond the scope of the Onboarding Services ("Additional Services" and, collectively with Onboarding Services, the "Professional Services"). Upon Customer’s request, cBEYONDa Data will prepare a Statement of Work that includes the terms and conditions relevant to the Additional Services to be performed. Statements of Work will, to the extent applicable, contain: (i) a description of the Additional Services to be performed; (ii) any applicable assumptions, milestones, deliverables, and timelines for delivery; (iii) applicable fees and payment terms; and (iv) other terms applicable to such Additional Services. Each fully executed Statement of Work will form a part of this Agreement and be subject to the terms and conditions set forth herein.

4. Orders and Payments

4.1 Orders. The initial order for the cBEYONDa Data Software, Support Services, and Onboarding Services (if any) is set forth in the first Order that references this Agreement. During the term of this Agreement, Customer may order additional licenses or subscriptions for the cBEYONDa Data Software or additional Support Services or Onboarding Services in accordance with cBEYONDa Data’s then-current rates and policies in effect when such order is placed. cBEYONDa Data will issue a quote for such additional licenses, Support Services, or Onboarding Services. Once executed by Customer and accepted by cBEYONDa Data, the quote will be deemed an Order, governed by this Agreement. Each Order is deemed incorporated into this Agreement by reference and a part of this Agreement.

4.2 Fees; Payment. Customer will make payments to cBEYONDa Data for the cBEYONDa Data Software, Support Services, and Professional Services (that are not provided free of charge) in accordance with each Order. Ordering Activity agrees to pay any travel expenses in accordance with Federal Travel Regulation (FTR)/Joint Travel Regulations (JTR), as applicable, Ordering Activity shall only be liable for such travel expenses as approved by Ordering Activity and funded under the applicable ordering document. cBEYONDa Data will invoice Customer for all fees (including expense reimbursements) payable under this Agreement and Customer will pay such invoiced amounts within forty-five (45) days of the receipt date.
of the invoice. For all amounts not paid within forty-five (45) days from the receipt date of the invoice, Customer agrees to pay interest at the rate in accordance with the Prompt Payment Act (31 USC 3901 et seq) and Treasury regulations at 5 CFR 1315. All fees payable under this Agreement will be made without recoupment or set-off.

4.3 Taxes. Vendor shall state separately on invoices taxes excluded from the fees, and the Customer agrees either to pay the amount of the taxes (based on the current value of the equipment) or provide evidence necessary to sustain an exemption, in accordance with FAR 52.229-1 and FAR 52.229-3.

5. Limited Warranties; Disclaimer

5.1 Limited Warranties. cBEYONDa warrants that the cBEYONDa Software will perform substantially in accordance with the Documentation therefor. In the event of a breach of the foregoing warranty, cBEYONDa’s sole obligation, and Customer’s sole and exclusive remedy, will be for cBEYONDa to make commercially reasonable efforts to promptly correct the non-conforming functionality of the cBEYONDa Software without charge.

5.2 Disclaimer. EXCEPT AS SET FORTH IN SECTION 5.1, CBEYONDATA MAKES NO WARRANTIES WITH RESPECT TO THE CBEYONDATA SOFTWARE, PROFESSIONAL SERVICES, SUPPORT SERVICES, DOCUMENTATION, OR ANY THIRD PARTY PRODUCTS, EXPRESS OR IMPLIED, RELATING THERETO, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR TITLE AND ALL STATUTORY WARRANTIES ARE EXCLUDED TO THE FULLEST EXTENT POSSIBLE. CBEYONDATA MAKES NO WARRANTIES OR REPRESENTATIONS AND WILL HAVE NO LIABILITY OR RESPONSIBILITY FOR ANY THIRD PARTY PRODUCTS.

6. Term and Termination

6.1 Term of this Agreement. This Agreement will commence on the effective date of the initial Order entered into in connection with this Agreement and, unless sooner terminated pursuant to the terms of this Agreement, will expire upon the expiration of the last Order Term under this Agreement. Upon any termination or expiration of this Agreement, all Order(s) will immediately terminate.

6.2 Order Term. Unless otherwise specified in an Order, the term of each Order will commence on the Effective Date of such Order and, unless sooner terminated pursuant to the terms hereof, will continue in full force and effect for a period of one (1) year following the effective date of such Order and may be renewed for successive one (1) year periods by both parties exercising an option, or executing a new purchase order in writing(each such term, including any renewals thereof, an "Order Term"). Any renewal of an Order pursuant to the preceding sentence will be for the same quantities of licenses or subscriptions for the cBEYONDa Software as set forth in the applicable Order. Purchase of any additional licenses or subscriptions for the cBEYONDa Software or other products and services will require the execution of an amendment to the applicable Order or the execution of a new Order.

6.3 Termination. When the End User is an instrumentality of the U.S., recourse against the United States for any alleged breach of this Agreement must be brought as a dispute under the contract Disputes Clause (Contract Disputes Act).
