1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

Not Applicable

1c. If the Contractor is proposing hourly rates a description of all corresponding commercial job titles, experience, functional responsibility and education for those types of employees or subcontractors who will perform services shall be provided. If hourly rates are not applicable, indicate “Not applicable” for this item.

See GSA Price List for hourly rate details.

2. Maximum Order:

   SIN# 54151S: $500,000

3. Minimum Order: $100.00

4. Geographic Coverage (delivery Area): Domestic only

5. Point of production:
   3000 Spout Run Parkway #C610
   Arlington, VA 22201-4230

6. Discount from list prices or statement of net price: Government net prices (discounts already deducted). See GSA Price List

7. Quantity discounts: None

8. Prompt payment terms: Net 30 days

9. Foreign items: None

10a. Time of Delivery: As negotiated between Contractor and Ordering Activity or as specified on the task order

10b. Expedited Delivery. Contact Contractor for availability.

10c. Overnight and 2-day delivery. Contact Contractor for availability.
10d. **Urgent Requirements.**
When the Federal Supply Schedule contract delivery period does not meet the bona fide urgent delivery requirements of an ordering agency, agencies are encouraged, if time permits, to contact the Contractor for the purpose of obtaining accelerated delivery. The Contractor shall reply to the inquiry within 3 workdays after receipt. (Telephonic replies shall be confirmed by the Contractor in writing.) If the Contractor offers an accelerated delivery time acceptable to the ordering agency, any order(s) placed pursuant to the agreed upon accelerated delivery time frame shall be delivered within this shorter delivery time and in accordance with all other terms and conditions of the contract.

SCLS STATEMENT:

The Service Contract Labor Standards (SCLS), formerly known as the Service Contract Act (SCA), is applicable to this contract as it applies to the entire Multiple Award Schedule (MAS) and all services provided. While no specific labor categories have been identified as being subject to SCLS/SCA due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS/SCA eligible labor categories. If and/or when the contractor adds SCLS/SCA labor categories to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS/SCA matrix identifying the GSA labor category titles, the occupational code, SCLS/SCA labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

GSA LABOR DESCRIPTIONS:

SIN 54151S – Labor Category Title: Data Engineer:

**Functional Responsibilities:**
Executes engineering and scientific tasks in planning, development, production, operations and maintenance environments for data that exists in various levels of software, application, and overall systems. Works under general direction in design development, coding, testing, and debugging the extraction, flow, ingestion, integration, management and treatment of data from various databases, systems and applications. Uses software and applications to develop solutions to these tasks including providing data analytics solutions. Works with functional and technical staff to understand customer business and data needs and/or problems with existing data sets, systems, software and applications. Designs and develops specifications to resolve them.

**Minimum Education/Experience:**
Bachelor’s degree and 3 years of experience. 4 relevant years of experience may be substituted for a Bachelor’s degree.

SIN 54151S – Labor Category Title: Programmer I:

**Functional Responsibilities:**
Under general supervision, develops code, tests, and debugs new software or enhancements to existing software. Has good understanding of business applications. Works with technical staff to understand problems with software and resolve them through programming solutions. Resolves customer complaints with software and responds to suggestions for improvements and enhancements. May assist in development of software user manuals.
Minimum Education/Experience:
Bachelor’s degree and 1 year of experience. 4 relevant years of experience may be substituted for a Bachelor's degree.

SIN 54151S – Labor Category Title: Senior Program Analyst:
Functional Responsibilities:
Identifies or develops and applies various analytical techniques in gathering and analyzing information and data from program stakeholders, defining program problems and issues, and defining strategy and approach, and developing methods and procedures to resolve program problems. Leads and directs program management, technical, or business analysis. Oversees or conducts analysis and has in depth knowledge of program and systems in the clients domain. Analyzes and supports program management requirements: project management, capital planning, financial management, security, schedule management, risk management, and SDLC support requirements, and performs other related analyst/management activities required for successful completion of the program tasks. Leads analyses and tracks/analyze performance measures. Develops recommendations based on results.
Minimum Education/Experience:
Bachelor’s degree and 5 years of experience. 4 years of relevant experience may be substituted for a Bachelor's degree.

SIN 541611 – Labor Category Title: Consultant I:
Functional Responsibilities:
Possess demonstrated knowledge, experience, and ability in the development of solutions, recommendations, or outcomes across multiple complex tasks and/or organizations. Evaluates options in the context of project objectives and contributes to the implementation of strategic direction. Leads research and design activities. Applies complex technical and analytical approaches to address client issues related to business process assessment, strategy and change management for performance management, process improvement, organizational transformation, and/or other related areas. Supports project objectives through activities such as conducting studies, gathering data, analyzing and modeling data, and developing recommendations in support of project objectives.
Minimum Education/Experience:
Bachelor’s degree and 3 years of experience. 4 relevant years of experience may be substituted for a Bachelor's degree.

SIN 541611 – Labor Category Title: Consultant II:
Functional Responsibilities:
Possesses demonstrated knowledge, extensive experience in the development of solutions, recommendations, or outcomes across multiple complex tasks in multiple organizations. Possess demonstrated knowledge, experience, and ability in the development of solutions, recommendations, or outcomes across multiple complex tasks and/or organizations. Leads research and design activities. Applies complex technical and analytical approaches to address client issues related to business process assessment, strategy and change management for performance management, process improvement, organizational transformation, and/or other related areas. Supports project objectives through activities such as conducting studies, gathering data, analyzing and modeling data, and developing recommendations in support of project objectives.
Minimum Education/Experience:
Bachelor’s degree and 5 years of experience. 4 relevant years of experience may be substituted for a Bachelor's degree.
SIN 541611 – Labor Category Title: Senior Analyst I:
Functional Responsibilities:
Possess knowledge of applying analytic methodologies and principles to address client’s needs. Supports analyst functions including data collection, data analysis, data modeling, requirements gathering, and creation of performance measurements to support project objectives. Conducts activities in support of project team’s objectives. Works closely with more senior analysts and Consultants
Minimum Education/Experience:
Associate’s Degree and 0 years of experience.

SIN 541611 – Labor Category Title: Senior Analyst II:
Functional Responsibilities:
Prepares and conducts business analyses and studies, requirements analysis, and cost/benefit analyses in an effort to assess and/or align business systems, processes, solutions and initiatives. Prepares forecasts and analyzes data, trends, business processes and outcomes. Develops and analyzes metrics, performance measurements, requirements, reports and recommendations related to management, organizational structure, policy/procedures and business systems. Identifies potential business and operational risks. Areas of focus include but are not limited to operational performance, business and economic case analysis, internal control and enterprise risk assessment.
Minimum Education/Experience:
Bachelor’s degree and 1 year of experience. 4 relevant years of experience may be substituted for a Bachelor's degree.

SIN 541611 – Labor Category Title: Subject Matter Expert:
Functional Responsibilities:
Expert with extensive, enterprise-wide knowledge and experience in one or more designated functional and/or domain areas. Provides insight and advice concerning operational practices, strategic direction and the applicability of up to date, industry standard solutions. Is responsible for providing assessments and solutions to program/project manager or senior client leadership concerning complex organizational objectives and efforts. The Subject Matter Expert may design, conduct and/or evaluate studies in support of such complex efforts. The Subject Matter Expert is primarily utilized on projects for their specific expertise, not in a managerial capacity, in support of the creation of comprehensive tools and methods for assessing an organization’s current and/or future structure and operational and strategic direction.
Minimum Education/Experience:
Master's Degree and 8 years of experience. 6 relevant years of experience may be substituted for a Master's degree.
