1b. Identification of the lowest priced model number and lowest unit price for that model for each special item number awarded in the contract. This price is the Government price based on a unit of one, exclusive of any quantity/dollar volume, prompt payment, or any other concession affecting price. Those contracts that have unit prices based on the geographic location of the customer, should show the range of the lowest price, and cite the areas to which the prices apply.

Service Contract Labor Standards: The Service Contract Labor Standards (SCLS) is applicable to this contract as it applies to the entire Multiple Award Schedule and all services provided. While no specific labor categories have been identified as being subject to SCLS due to exemptions for professional employees (FAR 22.1101, 22.1102 and 29 CRF 541.300), this contract still maintains the provisions and protections for SCLS eligible labor categories. If and/or when the contractor adds SCLS labor categories/employees to the contract through the modification process, the contractor must inform the Contracting Officer and establish a SCLS matrix identifying the GSA labor category titles, the occupational code, SCLS labor category titles and the applicable WD number. Failure to do so may result in cancellation of the contract.

Labor Category Descriptions

Management Consultant

Uses a wide application of principles, theories, concepts, and techniques to develop innovative solutions to complex problems while providing expert advice, assistance, or guidance in support of programs and projects. Applies expert knowledge to gather facts, research and analyze the data, and develop conclusions and recommendations.

- Minimum Education: Master’s degree in business, information technology, science, finance, or a related field.
- Minimum Experience: At least 20 years’ experience.

Consultant V

Uses a wide application of principles, theories, concepts, and techniques to develop innovative solutions to complex problems. Extensive expertise in at least one area relevant to financial analysis, which may be technical, project management, or business requirements related.

- Minimum Education: Bachelor’s degree.
- Minimum Experience: At least 10 years’ experience.

Consultant IV

Uses principles, theories, concepts, and techniques to develop or implement innovative solutions to complex problems. Significant expertise in at least one area relevant to financial analysis, which may be technical, project management, or business requirements related.

- Minimum Education: Bachelor’s degree.
- Minimum Experience: At least 7 years’ experience.

Consultant III

Uses principles, theories, concepts, and techniques to develop or implement innovative solutions to complex problems. Some expertise in at least one area relevant to financial analysis, which may be technical, project management, or business requirements related.

- Minimum Education: Bachelor’s degree.
- Minimum Experience: At least 5 years’ experience.
Consultant II

Uses principles, theories, concepts, and techniques to develop or implement innovative solutions to complex problems. Limited expertise in at least one area relevant to financial analysis, which may be technical, project management, or business requirements related.

- Minimum Education: Bachelor’s degree.
- Minimum Experience: At least 3 years’ experience.

Consultant I

Assists a team in the use of principles, theories, concepts, and techniques to develop or implement solutions to problems in support of programs and projects.

- Minimum Education: Bachelor’s degree.
- Minimum Experience: At least 1 year experience.
